WHEREAS, the applicant states that the present owner has held title to lot 20 since August 20, 1951; lot 34, June 2, 1945; lot 31, October 13, 1950; that the assessed valuation of land is \$18,600 and of the building \$54,500 making a total of \$73,100; that the building was erected in 1918; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should be granted under certain conditions; and

WHEREAS, it appears that the two gasoline dispensing pumps within the building but available through an opening to the sidewalk was a permitted condition prior to 1916 and that gasoline is supplied from such pumps by portable tanks; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the garage use by the inclusion of the adjoining lots 20 and 31 in conjunction with the garage for open parking with access doors thereto, substantially as proposed as indicated on plans filed with this application marked, "Received June 6, 1955" (8 sheets) and "January 31, 1956" (one sheet) *on condition* that the plots proposed to be added shall be levelled substantially to the grade of the street and shall be surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that there shall be erected on the interior lot lines a woven wire fence not less than five feet six inches in height where walls of adjoining buildings do not occur; that a similar fence shall be erected along the street building lines of Pacific street and Atlantic avenue and with gates not more than ten feet in width of similar construction at each street; that under Section 7i there may be repairing maintained within the garage building of a minor nature for adjustments with hand tools only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by resolution adopted this day under Cal. No. 825-23-A, Vol. II; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

825-23-A—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Louis Shapiro, owner.

SUBJECT—Application reopened June 21, 1955 as Vol. II re Appeal from a decision of the borough superintendent relating to egress.

PREMISES AFFECTED—259-267 Pacific street, north side, 75 ft. west of Smith street and 280 Atlantic avenue, Block 181, Lots 20, 31 and 32, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly... 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated May 19, 1955, on Alt. App. 385/55 reads:

"5. Provide two means of egress in full compliance with Section 270 of the Labor Law from cellar, 1st and 2nd floors."

and

WHEREAS, the applicant states the building is 2 stories, 25 ft. in height, 80 ft. 3 $\frac{3}{4}$ in. front by 100 ft. in depth, of Class 3 construction, erected in 1918 on a lot 105 ft. 3 $\frac{3}{4}$ in. front by 174 ft. 1 in. irregular in depth, in a business use, B area, Class 1 $\frac{1}{2}$ height district, used and occupied as follows: cellar—boiler room; 1st floor—storage garage, minor auto repairs, brake testing, wheel alignment, office and sales, 10 persons; 2nd floor—public garage, parking and storage of motor vehicles; now proposed to be used and occupied as follows: cellar—boiler room; 1st floor—storage garage, minor auto repairs, brake testing, wheel alignment, office and sales; 2nd floor—public garage, open area parking and storage of motor vehicles, 0 persons; that the building is provided with one 3 ft. wide interior steel stairs, enclosed in 4 in. fireproof blocks, equipped with fireproof, self-closing doors leading direct to street and provided with ladder and scuttle to roof, and one fire escape on the front extending to street by ladder; window and doors on course thereof are fireproof, self-closing; and

WHEREAS, Certificate of Occupancy #122705 issued February 11, 1949, upon completion of work under Alt. App. 173/49 classifies the premises as a parking lot (lot 20) and permits its use to the extent of 26 ft. by 75 ft. in area for the parking of more than five motor vehicles; and

WHEREAS, Certificate of Occupancy #4743 issued May 19, 1924, on completion of work under Permit #11580/23 permits the use of premises 259-265 Pacific street, north side, 100 ft. west of Smith street as a public storage garage; and

WHEREAS, Certificate of Occupancy #113398 issued December 4, 1945, upon completion of work under B.N. 1416/45 describes the office building on lot 31 at 267 Pacific street as a vacant lot with an occupancy classification of parking and permits the use of the premises for the parking and storage of not more than five cars; and

WHEREAS, the applicant states the premises are in a business use district; that as of July 25, 1916 that portion of premises within 100 ft. of Smith street and that portion within 100 ft. of Atlantic avenue were in a business use district, and the remainder of premises in an unrestricted use district; that the entire plot obtained its present use designation on June 27, 1919; that the site is developed with a 2-story Class 3 building used as follows: cellar—boiler room; 1st floor—public storage garage, minor auto repairs, brake testing, wheel alignment, car washing, offices and sales; second floor—public garage; that the open area of premises is being used for parking and storage of motor vehicles; that the existing building was erected one story in height under N.B. 1847/18 and Certificate of Occupancy #401 issued for its use as a public garage; that under Alt. App. 16576/22, Permit #11580/23 and conditional variance by the Board of Standards and Appeals under Cal. 1170-22-B7, an 825-23-A permission was granted to add the second floor; that Certificate of Occupancy 4743 was issued March 19, 1924 for use as a public garage; that the open area known as lot 2 and comprising part of the premises now being used for parking and storage of motor vehicles was installed under Alt. App. 173/49 and certificate of occupancy #122705 issued February 19, 1949; that the open area known as lot 3 is now used for parking and storage of motor vehicles under B.N. 1416/45 and certificate of occupancy #113398 issued December 4, 1945; and

WHEREAS, the applicant states it is now proposed to install new openings in the north and east walls of the garage building and enclose the present steel stairs with 4 in. fireproof blocks and install fireproof, self-closing door; that new 3 ft. exit door will be installed at the rear on the first floor and a new 3 ft. exit door at the front; and

WHEREAS, the applicant contends as to Objection 5, that the cellar is only approximately 500 square feet in area and used only as a boiler room and will not have any permanent occupants; that it is provided with a 3 ft. wide concrete stair leading directly to street and has iron doors flush with the sidewalk; that the first floor only will come within the scope of the Labor Law and will have ten occupants; that it will have two 3 ft. wide exits one at front leading to Pacific street and one at the rear leading through the parking lot

MINUTES

ing area and thence direct to Atlantic avenue; that the second floor will be used as a garage and will have no permanent occupants; that the present 3 ft. wide iron stairs leading to the street will be enclosed with 4 in. fireproof blocks, equipped with fireproof self-closing doors; that access can be had to the roof by way of an iron ladder and scuttle; that secondary egress can be had by the present 3 ft. wide iron balcony and drop ladder on the front of the building; that the building is also equipped with an elevator and is completely enclosed with fireproof walls and fireproof doors; and

WHEREAS, the applicant requests that in view of the fact the cellar and second floors will not have any permanent occupancy and in view of the additional egress to be provided the exits will be ample and it is therefore requested that a variance be granted to accept the exit conditions; and

WHEREAS, under Cal. 825-23-A the Board of Appeals on July 31, 1923, reversed objection 1 and modified objections 20 and 21 issued by the borough superintendent June 1, 1923, so as to permit the erection of a second story, to permit the installation of a fixed ladder installed to a scuttle in the roof and the openings in the rear wall to be provided with fixed iron sash glazed with translucent wire glass with not more than one ventilator in each opening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the motor vehicle repair work, constituting a factory under the Labor Law, is proposed on the street floor only.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 385/55, Objection No. 5 and that the appeal be and it hereby is *granted, on condition* that there shall be no additional cellar other than the cellar of the boiler room; that no manufacturing shall be carried on therein; that the engineer's ladder as shown on the plans filed with Cal. No. 1170-22-BZ, Vol. II, shall be maintained for exit; and that the door to such ladder shall be equipped with an easy opening device; that the existing stairs shall be enclosed in fireproof portions as proposed with fireproof self-closing doors; that the iron ladder from balcony at second story level shall be maintained and ladder and scuttle to roof; that the exits proposed for the street floor use constituting a factory shall be as existing and as proposed as shown on such plans; that portable fire fighting appliances shall be maintained as the Fire Commissioner shall require.

206-47-BZ—Vol. II

APPLICANT—Joshua Brown, for Antonino Coppola, owner.

SUBJECT—Application reopened April 27, 1954 as Vol. II —re (decision of the borough superintendent) under section 7e and 7f of the zoning resolution, to permit in a residence and local retail district, the extension to accessory building on existing gasoline service station (previously granted by the Board for a term of years, to expire September 1958).

PREMISES AFFECTED—167 Olympia boulevard and 265 Kensington avenue, northeast corner, Block 3255, Lot 32, South Beach, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 27, 1954 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on December 6 1955 after due notice by publication in the Bulletin; laid over to February 28, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Kensington avenue are in residence and local retail use, D and E-1 area, class 1 height districts; Olympia boulevard is in a local retail use, D area, Class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 5, 1954 acting on Alt. Applic. 46-54, reads:

"2. Proposed extension which is to be used as a service station, garage and auto laundry is an extension of a nonconforming use which is contrary to Article II, Par. 4 & 4A (46) and (52) of the zoning Resolutions. Approved by B. of S. & A. as per 206-47-BZ on 9/28/48."

and

WHEREAS, the applicant states that the premises consist of a plot, 122.65 ft. frontage by 133.62 ft. in depth, on which is located a gasoline service station and also a dwelling, applicant's home, 16 ft. by 33 ft.; that this dwelling is not to be used for the proposed garage extension; that it is proposed to erect a building 25 ft. front by 46 ft. 4 in. in depth on one side, 29 ft. 8 in. in rear with 46 ft. 4 in. in depth on the inner side, one story in height, 14 ft., of class 3 construction, to be used as lubricatorium and auto laundry; that the portion of additional land to be used shall consist of 64 ft. front on Olympia boulevard by 108 ft. and will be enclosed by a fence of the same dimensions; and

WHEREAS, the applicant contends that since 1950, when the original small garage was constructed, more than 400 families have moved into the South Beach project, bringing in about the same number of additional cars into the neighborhood; that these cars spread over the streets and highways in the neighborhood, creating traffic congestion; that the business of car servicing has trebled since 1950 and that this extension will help him service cars and keep them off the street; that this is a summer resort area and the streets are widely used during summer months with vacationist cars, especially on week-ends, when traffic is exceedingly heavy; that there is no other service station in this vicinity; and

WHEREAS, the applicant states that the present owner has held title to lots 25, 26, 27 and 28 since December 12, 1946 and to lots 29, 30 and 31 since March 1, 1926; that the assessed valuation of land is \$2,100 and of the building \$12,900 making a total of \$15,000; that the building was erected in 1947.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 28, 1949, under Volume I, by adding thereto:

"that in the event the owner desires to construct an extension to the accessory building, as indicated on plans filed with this application marked, "Received March 22, 1954" (4 sheets), "March 10, 1955" (one sheet), "June 17, 1955" (2 sheets) and November 23, 1955" (one sheet) such extension may be permitted as proposed *on condition* that the requirements of the resolution above cited shall be complied with where not inconsistent with this amended resolution; that the extension to the accessory building shall be used as proposed; that there shall be no cellar under such building; that the construction shall in all other respects comply with the requirements of the Building Code; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

715-47-BZ

APPLICANT—Gustave Goldman, for Albert Panerallo, owner.

SUBJECT—Application reopened January 10, 1956 for consideration as to extension of term of variance—re (decision of the borough superintendent) previously

MINUTES

granted on condition, under section 7i of the zoning resolution permitting in a business use district, the change of occupancy from private garage to motor vehicle repair shop, with school yard between intersecting streets, for a term of years.

PREMISES AFFECTED—966 4th avenue and 367-369 37th street, northwest corner, Block 696, Lot 39, Borough of Brooklyn.

APPEARANCES—

Applicant: Gustave Goldman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, on October 15, 1947 this application (Vol. I) was granted by the Board on certain conditions under section 7i of the zoning resolution, to permit in a business use district the change in occupancy from private garage to motor vehicle repair shop, for a term of two years; and

WHEREAS, on November 9, 1949 term of variance was extended for a term of two years; and

WHEREAS, on October 20, 1953 this application (Vol. II) was granted under section 7i of the zoning resolution to permit in a business use district the change in occupancy from private garage, to motor vehicle repair shop, for a term of two years; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on October 20, 1955; and

WHEREAS, this application was reopened on January 10, 1956 and set for hearing on February 28, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin and a copy of existing certificate of occupancy in effect to October 20, 1955; and

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated October 26, 1955 acting on Alt. Applic. No. 2370-47, reads:

"1. Extending C.O. is contrary to the resolution of B.S.&A. under Calendar Number 715-47-BZ."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 15, 1947, only so far as it has reference to the term of the variance, which expired on October 20, 1955, so that as amended this portion of the resolution shall read:

"granted under section 7, subdivision i of the zoning resolution for a term of five years from the date of this amended resolution, to permit; and that in all other respects the requirements of the resolution above cited shall be complied with; and that all permits including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this amended resolution." (Alt App. 2370/47 as last disapproved October 26, 1955).

788-49-BZ—Vol. III

APPLICANT—Burke, Green and Groh, for Herman Flyer, owner (Murray M. Garren, lessee).

SUBJECT—Application reopened April 26, 1955 as Vol. III—re (decision of the borough superintendent) under section 7f and 7i of the zoning resolution, to permit in a retail use district, the change of occupancy from auto laundry, to auto laundry, gasoline service station, motor vehicle repair shop, auto safety inspection station, lubrication, wheel alignment, brake testing and lining, electrical system adjustment and repair, and sale of auto accessories.

PREMISES AFFECTED—88-12 to 88-20 Northern

boulevard, southwest corner of 89th street, Block 1436, Lot 6, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None

For Administration Samuel L. Becker, Dep't of Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Kleinert 1

Negative: Chairman Murdock Commissioner Keating and Deputy Chief Connolly 3

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 26, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on January 31, 1956 after due notice by publication in the Bulletin; laid over to February 28, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, B area, class 1½ height district; Northern boulevard and 89th street are in retail and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated March 18, 1955 acting on Alt. Applic. 401-55, reads:

"1. Proposal to construct a new building on a plot now occupied in part as an auto laundry, and to use entire premises as an auto laundry, gasoline service station, auto safety inspection station, motor vehicle repair shop, lubrication, wheel alignment, brake testing and relining, electrical system adjustment and repair, office and sale of auto accessories in a retail use district is contrary to Art. II Sec. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, on which is located an auto laundry, with balance of lot vacant; that it is proposed to construct a one story auto safety inspection station (motor vehicle repair shop) 40 ft. by 54 ft. in size on the vacant portion of the present 100 ft. by 100 ft. sit; that the auto laundry building will remain unchanged; that it is also proposed to install four gasoline pumps and eight 550 gallon gasoline tanks, thus creating a gasoline service station in front of this new building; and

WHEREAS, the applicant states that as of July 25, 1916 the property was zoned as a business district and the present retail designation became effective on April 29, 1954; that the height and area designations have not been changed since July 25, 1916; that a comprehensive height rezoning of the territory in the vicinity of La Guardia airport (CP-11395) is under consideration; that under the proposal the property in question would be changed from class 1½ height district to a class 1¼ height district; that no zoning amendment relating to the use or area designation of this property is pending at the present time; and

WHEREAS, the applicant states that this new building will be faced with face brick, with a mansard type roof and embellished with false dormers and brick quoins; that the new building will be set back 5 ft. from the 89th street building line and also from the rear lot line; that a 5 ft. 6 in. high brick fence wall will be constructed from the left front corner of the building down to the Northern boulevard building line; that a 6 in. by 6 in. concrete curb will be provided along the entire 89th street building line and return along the entire rear lot line; that an 8 ft. high corrugated aluminum fence will be erected 5 ft. off the rear lot line and return along the west lot line to the rear of the present auto laundry building; that the entire premises, where not occupied by buildings or landscaped, will be paved with concrete or bituminous paving; that one additional curb cut 30 ft. wide will be provided along the Northern boulevard frontage; that no curb cuts, entrance

MINUTES

or exits will be provided along 89th street; that special care has been taken to protect this street; and

WHEREAS, the applicant contends that this case has been brought before the Board on two previous occasions for a gasoline service station and motor vehicle repair shop and the Board has denied it on both occasions; that the differences between this case and the previous applications are as follows: that this action is brought for an auto safety inspection station in which cars will enter said station from the Northern boulevard side and exit in the rear, following the same direction in the rear as the cars from the auto laundry in the adjacent building; that there will be no exiting or entrance on the 89th street side of the property; that there will be a 5 ft. strip of planting along the entire 89th street side and along the rear of said property, beside which fact the owner will erect an 8 ft. high corrugated aluminum fence directly behind the auto laundry section so as to reduce the amount of noise that may be present from the auto laundry at the present time; that only curb cuts will be on Northern boulevard itself; that the two gasoline pumps requested will mainly service the cars using the safety inspection station and the auto laundry; that since this property has been vacant for such a long period and since there is a need in this particular section for an auto safety inspection station, it is hoped that the Board will reconsider its previous action and grant this use on the basis of the facts set forth; and

WHEREAS, the applicant states that the present owner has title to the property since October 28, 1947; that the assessed valuation of land is \$22,000 and of the building \$8,000 making a total of \$30,000; that the building was erected in 1948; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board in connection with prior application for extension of the existing car washing use; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 401-55, Objection No. one be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

290-55-BZ

APPLICANT—Reginald S. Hardy, for Land Buyers, Inc., owner.

SUBJECT—Application April 12, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district the demolition of existing structures, and the erection and maintenance, for a term of 15 years) a gasoline service station, lubritorium, auto laundry (non-automatic) motor vehicle repair shop and office, and to permit the parking of motor vehicles awaiting service.

PREMISES AFFECTED—134-15 Rockaway boulevard, northwest corner of 135th street, Block 11701, Lot 1, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 17, 1956 after due notice by publication in the Bulletin; laid over to February 15, 1956, for inspection and decision; hearing closed; then to February 28, 1956, for further consideration of additional plans to be filed by applicant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Rockaway boulevard are in a business use, D area, class 1 height district; 135th street is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 21, 1955 acting on N.B. Applic. 4736-54, reads:

"1. Proposed erection of a gasoline service station, lubritorium, auto laundry (non automatic), minor auto repair shop with hand tools only and the parking of motor vehicles awaiting service for a term of fifteen (15) years in a business use district is contrary to Art. 2 section 4a of the Zoning Resolution."

and

WHEREAS, the applicant states that premises consist of a plot, 93.96 ft. frontage by 112.45 ft. in depth, irregular, on which is located a sales place for second hand plumbing supplies and building materials and has been so occupied for some time; that the structures are dilapidated and certainly unattractive and uninviting; that the owner proposes to demolish them and to replace them with a modern type, three bay gasoline service station, with the usual approved type of gasoline storage system and vending pumps; that there has been no change in the use, height or area zoning since July 25, 1916; and

WHEREAS, the applicant contends that Rockaway boulevard at this point is a very heavily traveled thoroughfare; that no conventional business is derived from this traffic, but, on the contrary, it serves as a deterrent to local retail shopping; that it would, however, furnish a source of business for a gasoline station to be placed on this corner; that despite the heavy traffic, there is a lack of gasoline sales places and automobile service facilities in this vicinity so that the erection of a gasoline service station at this point would serve a community need; and

WHEREAS, the applicant states that the present owner has held title to the property since August 12, 1954; that the assessed valuation of land is \$18,000 and of the buildings \$3,000 making a total of \$21,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application marked "Received February 24, 1956", 3 sheets, and "April 12, 1955", 4 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the plot leveled substantially to the grade of the adjoining streets and constructed and arranged as indicated on such plans; that the accessory building shall be of face brick but may have porcelain enamel trim as shown; that there shall be no cellar and that in all other respects the building and occupancy of the premises shall comply with the requirements of the Building Code; that there shall be no windows in the rear and north sides of the accessory building; that such building shall be arranged substantially as indicated on revised plan marked "Received February 24, 1956" except that the entrances to toilet rooms shall not be contiguous; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line of Rockaway boulevard, such measurement to be made from the building line to the base of the pumps; that gasoline storage tanks shall not exceed ten approved 550 gallon tanks; that curb cuts shall be restricted to two, each 30 ft. wide to Rockaway boulevard and one to 135th street located within the first 25 feet of the intersection; that no portion of any curb shall be nearer than 5 feet to the lot line as prolonged; that signs shall be restricted to a permanent sign attached to the facade of the accessory building, excluding all roof signs and temporary

MINUTES

signs, but permitting the erection within the intersection of a post standard for supporting a sign which may be illuminated, located substantially at right angles to the Rockaway boulevard street line, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over 4 feet; that under section 7i there may be minor repairs for adjustments with hand tools only, maintained solely within the accessory building; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that along the northerly and easterly lot lines and for a distance of approximately 80 feet along the street building line of 135th street, where walls of accessory building and other adjoining buildings do not occur, a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 in. shall be erected; that such fence shall have suitable substantial terminating posts; that planting areas as shown on plans shall be maintained with suitable planting material, properly protected with concrete curbing; that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 21, 1956 after due notice by publication in the Bulletin; laid over to February 28, 1956, for applicant to submit records as to whether the entire 100 ft. area is included in the present certificate of occupancy issued in 1922 and the 10-car garage and metal building; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Manhattan College parkway and 242nd street are in a business use, B area, class 1¼ height district; Broadway is in business and residence use, B area class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 20, 1955 acting on Alt. Applic. 436-55, reads:

"1. Proposed use of gasoline service station and motor vehicle repair shop with hand tools only in a business use district is contrary to Art. II Sect. 4 of the Z.R." and

WHEREAS, the applicant states that the premises consist of a plot 100 ft. frontage by 100 ft. in depth, on which is located a gasoline service station and a metal building 19 ft. front, 26 ft. in depth, 11 ft. in height; that it is proposed to maintain existing gasoline service and an existing metal building for motor vehicle repairs with hand tools only; and

WHEREAS, the applicant states that the premises affected by this application is located in a business use district; that the metal building for the motor vehicle repair shop is at the rear of the premises; that the existing gas station on the front of the same premises was established in 1922, at which time it was located in a business use district and for which certificate of occupancy No. 283-22 was issued; that

the tenant has been using this metal building in the rear of the premises as a motor vehicle repair shop for doing repairs with hand tools only; that he has done this work since he leased the station, which is more than four years ago; that when he leased this station he was not aware of the fact that this work was not included under the present certificate of occupancy; that in the meantime, and with difficulty, he has built up a clientele from surrounding garages and private owners and it would be a definite hardship if he were compelled to discontinue this use; that he would also have to give up the gas station and thus lose everything he has worked for; and

WHEREAS, the applicant contends that the continuation of this use could have no adverse effect on surrounding premises as the adjoining uses to the south and west are given over to garages, railroad repair shops and parking lots, and to the north there is a repair shop and a gas station; that admittedly, Broadway is zoned for business, but this side is solidly occupied by non-conforming uses and factories; that fire department records show that a combustible permit had been issued as far back as April 25, 1924 for one cylinder of oxygen, but the permit was not continuous; that at various times the owner has had it in mind to demolish and rebuild but more urgent matters had to take its place; that he hopes that it will be within 3 years but cannot at this time state precisely when; that at the present moment he is not prepared to spend the large sum that this station will require in order to effect a complete change-over but when the time is opportune he will of course submit an application to the Board for permission to demolish and rebuild; that in view of these circumstances, it is requested that the Board grant a temporary variation for a period of three years to permit motor vehicle repairs with hand tools only, for not more than two cars, in the metal building at the rear of the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since April 15, 1929; that the assessed valuation of land is \$20,000 and of the building \$3,500 making a total of \$23,500; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant submitted to the Board the following communication dated February 23, 1956:

"The additional data as requested at the hearing of February 21st, 1956 is submitted herewith.

Inasmuch as the records were not available in the Building Dept., the only other agency for research was the Fire Dept. On March 18th, 1955 the "Old" F.D.I.B. 5945-04 Folder was obtained and the following pertinent extracts were made:

- 7.8.21 Alt. App. (F.P.) #883-21 Approved for 2 tanks and pump systems.
- 11.10.21 Final report was submitted which approved the plans.
- 3.18.22 The C.O. Was issued for a Gasoline Selling Station by the Bldg. Dept.
- 3.29.22 F.D. Permit to operate was approved.
- 3.1.27 Permit for 3-5 car metal garages was approved (total 15 cars).
- 1.16.37 A report of Inspection states 100 x 100, 3 metal garages, 15 cars.

The owner states the land consisting of four lots, 100x100 was purchased by Antony and Henrich who were partners, at the auction in 1920. Each bought alternate lots. The 100 x 100 was always used as a gasoline station. In 1923 (about) Henrich sold his share to Antony. The title has been vested in the same name until transferred to his wife in April 15th, 1929. No case has ever been filed with the Board of Standards and Appeals. Mr. Antony states that the metal building now being used for motor vehicle repairs was erected, to the best of his knowledge and belief, at about the same time as 15 car garages were erected."

and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i, to permit in the existing gasoline service station and accessory uses, the repairing of motor vehicles for adjustments only with hand tools only, maintained within the accessory building, for a term of three years, after which an application shall be filed with the Board for the reconstruction and rearrangement of the existing premises; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that existing conditions and proposed conditions as indicated on plans filed marked "Received December 28, 1955", 5 sheets, and "Received February 14, 1956", 1 sheet, shall be maintained without further additions, and that all permits, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

531-55-BZ

APPLICANT—Charles M. Spindler, for Frank and Catherine Ruzek, owners.

SUBJECT—Application June 30, 1955—re (decision of the borough superintendent) under sections 7c, 7h and 7i of the zoning resolution, to permit in a business use district, the extension in area of an existing gasoline service station to include gasoline service, auto washing, lubrication, parking and storage for more than 5 motor vehicles, office, accessory, sales, sale of used cars, 2 car garage, garage for less than 5 cars, brake and ignition service and auto repairs with hand tools only.

PREMISES AFFECTED—34-15 to 34-25 58th street, east side, 131.25 ft. south of Broadway, Block 1197, Lot 25, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 10, 1956 after due notice by publication in the Bulletin; laid over to February 28, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Broadway, 58th street are in a business use, B area, class 1½ height district; 59th street is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 1, 1955 acting on Alt. Applic. 1222-55, reads:

"1. The extension in area of an existing gasoline service station located in a business use district, to include gasoline service station, auto washing, lubrication, parking and storage for more than five motor vehicles, office, accessory sales, sale of used cars, 2 car garage, garage for less than 5 cars, brake and ignition service and auto repairs with hand tools only, is contrary to Art. 2 Sec. 4(a) (29) (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 100 ft. in depth, on which is located a gasoline service station; that it is proposed to extend the area of the gasoline service station to include the total frontage of 125 ft.; that the frame dwelling will be removed, present pumps relocated and a new pump island installed; that additional tanks and curb cuts will be installed as shown on drawings; that the entire site will be paved and fencing and shrubbery will be provided as shown

on drawings; that it is proposed to maintain the sale of used cars and to include the parking and storage of more than five motor vehicles; that it is also proposed to maintain the present brake and ignition service use and to include minor repairs with hand tools only, confined to the interior of the accessory building; and

WHEREAS, the applicant states that the site consists of an interior plot of ground with a frontage of 125 ft. on 58th street and a depth of 100 ft.; that the site consists of three tax lots which have been consolidated into a single lot for the purpose of this application; that present lot 29, with a frontage of 50 ft., is an existing gasoline service station constructed in 1922 under fire department plan #850-22; that the existing building on this gas station plot was constructed under N.B. 309-36 for which certificate of occupancy No. 54061 was issued on July 8, 1936; that the southerly 35 ft. of the plot (lot 25 and part of lot 26) is now occupied as a used car lot pursuant to certificate of occupancy No. Q80413; that the balance of lot 26 is occupied by an old frame dwelling, which it is proposed to demolish under this application; and

WHEREAS, the applicant contends that the proposed extension in area will provide ample room for easy ingress and egress to the gas station; that since the present used car use will remain in the southerly portion of the plot and since no additional buildings are proposed, it is felt that the proposed changes will have no adverse effect upon surrounding property; that the entire site is under the same family ownership and the gas station is operated by owners of the property; that the gas station has been under the same ownership and management for 18 years; that the increase in the setback of the pumps from the building line, the paving of station and the fencing and landscaping will all provide an improvement over present conditions; that the entire site was in an unrestricted use district until December 18, 1925 at which time the use was changed to its present business designation; that the area and height districts have remained unchanged since 1916; and

WHEREAS, the applicant states that the present owners have held title to lots 25 and 26 since August 22, 1950 and to lot 29 since April 12, 1937; that the assessed valuation of land is \$17,000 and of the building \$7,900 making a total of \$24,900; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit an extension in area and change in arrangement of the lawfully existing gasoline service station, substantially as proposed and for the uses as proposed and as indicated on plans filed with this application marked, "Received June 30, 1955" (4 sheets) and "January 3, 1956" (one sheet) *on condition* that the building proposed to be demolished shall be removed from the premises and that portion of the premises shall be levelled substantially to the grade of the street; that the premises shall be rearranged and constructed as indicated on plans showing proposed conditions; that the number of gasoline tanks shall not exceed eight 550 gallons approved storage tanks, including the three existing tanks which shall be tested by the Fire Commissioner as being in good condition; that pumps as proposed shall be of a low approved type and erected not nearer than 15 feet to the street building line; that the number of curb cuts, in addition to the two now existing, shall be one 30 ft. curb cut located where shown, making a total of three; that no portion of any curb cut shall be nearer than 5 ft. to a side lot line as prolonged; that the balance of the premises, where not occupied by buildings and pumps shall be paved with concrete or bituminous paving; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under

MINUTES

Section 7i there may be motor vehicle repairing for adjustments only with hand tools; that such repairing shall be maintained only within the accessory building; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection of a post standard within the premises, toward the center of the street building line, for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that the areas shown to be planted shall be maintained with suitable planting material and protected with concrete curbing; that on the rear and side lot lines where walls of adjoining buildings do not occur there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height on a masonry base except that brick walls of similar height shall be constructed and maintained where shown on the side lot lines toward the front of the plot; that sidewalks and curbing in front of the premises shall be restored or repaired to the satisfaction of the Borough President; that parking and sale of used cars may be permitted as proposed, and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

575-55-BZ

APPLICANT—Goldwater and Flynn, for The Montefiore Hospital for Chronic Diseases, owner.

SUBJECT—Application July 13, 1955—re (decision of the borough superintendent) under sections 7c, 7h and 7i of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, lubritorium, car washing, office, motor repairs, storage and parking of motor vehicles.

PREMISES AFFECTED—Block bounded by South side of Gun Hill road, from Tryon avenue to Wayne avenue, Block 3343C, Lot 245, Borough of The Bronx.

APPEARANCES—

For Applicant: Monroe Goldwater, Louis R. Colman and R. J. McDermott.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

THE VOTE of February 21, 1956—

Affirmative: Chairman Murdock and Commissioner Kleinert 2

Negative: Deputy Chief Connors 1

Not Voting: Commissioner Keating..... 1

THE VOTE of February 28, 1956—

Affirmative: Commissioner Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 6, 1955 after due notice by publication in the Bulletin; laid over to January 24, 1956, for inspection and decision; hearing closed; then to January 31, 1956, for inspection and decision; then to February 7, 1956, for applicant to file revised plans showing compliance with Section 21A of the Zoning Resolution; hearing previously closed; then to February 21, 1956, for applicant to file working drawings showing a different design and complete compliance with Section 21A of the Zoning Resolution; then laid over to February 28, 1956, for complete vote of the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; Tryon avenue and Wayne avenue are in residence and local retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 16, 1955 acting on N.B. Applic. 1105-55, reads:

"1. Proposed erection of gasoline selling service station, lubritorium, car washing, office, motor repair, storage and parking of motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 210.31 ft. frontage by 278.14 ft. in depth, which is presently vacant; that it is proposed to erect a one story building of class 3 construction, 75 ft. front, 30 ft. in depth, 15 ft. in height, to be used as a gasoline service station, lubritorium, car washing, office, motor repairs and storage and parking of motor vehicles; and

WHEREAS, the applicant states that this application relates to a plot owned by the Montefiore Hospital for Chronic Diseases and covers the entire block front on the south side of East Gun Hill road, between Wayne and Tryon avenues; that it is 210.31 ft. on East Gun Hill road, 213.13 ft. on Tryon avenue, 278.14 ft. on Wayne avenue; that the proposed site is not within 200 ft. of a building used as a hospital, the nearest buildings on the next block west which are owned by the Montefiore Hospital are used for residence quarters for nurses and doctors; that the hospital has accommodations for 650 patients and has on its staff 450 doctors, 325 nurses and 1,100 in other general help; that this presents a very serious problem in finding accommodations for motor vehicles for doctors, nurses and other members of the hospital staff; that to solve this problem, the hospital has entered into an arrangement with The Texas company whereby the rear 155 ft. by 200 ft. is to be graded, paved and made suitable for a parking area to accommodate 118 cars for the personnel of the hospital; that no parking fees are to be collected for this; that the creation of this parking space will eliminate the necessity of parking cars along the public highways and thus ease the flow of traffic in this area; that in view of the fact that the cost of grading and paving the parking area will be borne by The Texas company and the further fact that the company will be paying a substantial rent for the occupation of the property as a gas station, the hospital will preserve substantial funds running into thousands of dollars which can be devoted to hospital services and will also receive additional substantial funds for those purposes by way of rental from The Texas company; that the portion of the plot fronting on East Gun Hill road and projecting 60 ft. on Tryon avenue and 123 ft. on Wayne avenue, is to be developed for a modern gas station erected by The Texas company; that it will have 12 tanks and 8 pumps; that the building itself, backing up against the parking lot, will be approximately 30 ft. by 75 ft. in size, with four service bays and an office; and

WHEREAS, the applicant further states that the building owned by the hospital and located on the block bounded by Gun Hill road, Bainbridge avenue, East 210th street and Wayne avenue, is used as quarters for male internes and nurses, reception rooms and offices; that in the basement there are laboratories which are to be moved on or about January, 1956 to the block bounded by Gun Hill road, Steuben avenue, East 210th street and Bainbridge avenue, where new laboratories are under construction; that when this is done, the present laboratories will be discontinued; that the building above described has no facilities for, and is not used for the housing of patients; that all services and facilities for the treatment of the hospitalized sick and injured are confined to the hospital buildings which are located in the block bounded by Gun Hill road, Steuben avenue, East 210th street and Bainbridge avenue; and

WHEREAS, the applicant contends that East Gun Hill road is a heavily travelled artery connecting east Bronx with the west, so that of itself, the gas station will be most useful to the community; that by building a one story structure here with the parking area in rear, all surrounding properties are assured of permanent light and air which could be seriously affected by the erection of large apartments on the plot; that as a matter of fact, with proper horticultural effects at the side lines, the effect will be the same as a gas station in a park area; that the hospital is a well recognized institution, having been in existence since July 24, 1884 and serves the needs of the Greater New York area, doing a great deal of its work without charge; that in order to maintain the high degree of service which it has furnished through the years, it is essential that it provide adequate facilities for its personnel, including the parking accommo-

MINUTES

dations sought to be accomplished by the within application; that it is felt that both the gas station and the additional parking facilities will be of great benefit to the community as a whole and of special benefit to the area in question; and

WHEREAS, the applicant states that Gun Hill road was rezoned from business to residence February 11, 1954; and

WHEREAS, the applicant states that the present owner has held title to the property since 1912 and that the land is tax free; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years, to permit the premises to be occupied as a gasoline service station, accessory uses and for parking and storage of motor vehicles, substantially as proposed and indicated on plans filed with this application, marked "Received July 13, 1955", 5 sheets, except that the layout and arrangement shall be as shown on working drawings marked "Received February 16, 1956", 3 sheets, *on condition* that all buildings and uses shall be removed and the premises leveled to the grade of the abutting streets; that the accessory building shall be located, arranged and designed as shown on such working plans, shall have no cellar and shall be of face brick with a slate roof; that pumps shall be of a low, approved type, erected not nearer than 15 feet to the street building line of Gun Hill road; that curb cuts shall be restricted to three to Gun Hill road, each not over 30 feet in width; that under section 7e there may be one curb cut of similar width located where shown on Tryon avenue and two curb cuts of similar width to Wayne avenue; that the sidewalks and curbing surrounding the premises shall be repaired or reconstructed to the satisfaction of the borough president; that the requirements of Section 21A shall be complied with in all respects; that there shall be no pedestrian or motor vehicle entrance along Wayne avenue; that the number of gasoline storage tanks shall not exceed twelve approved 550 gallon tanks; that under section 7i there may be minor repairing within the accessory building with hand tools only; that under section 7h for a similar term the parking area may be occupied for the parking of cars as proposed; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that hedges of suitable height and kind similar to the hedge material used opposite on hospital grounds shall be maintained where shown with suitable curbing located along such hedges of proper distance away from the hedges to prevent damage thereto; that trees shall be retained or replaced as proposed and shown on such working plans; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:20 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 28, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

943-54-A

APPLICANT—Topps Chewing Gum, Lessee for Bush Terminal Buildings Co., owner.

SUBJECT—Application December 1, 1954—Appeal from a decision of the fire commissioner.—panic bolts.

PREMISES AFFECTED—203-269 37th street, north side, 300 ft. west of 3rd avenue, Bush Building No. 1, 4th

floor Section A, and 5th floor, Sections A & B, Block 695, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Bert P. Falk.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert and Commissioner Keating 3

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated October 8, 1954, repeated in his decision of November 22, 1954, reads:

"This will reply to your letter of October 8th, 1954, in which you request permission to install "panic-exit devices" on doors leading to your plant from public stairways.

You are advised that your request must be denied. You, may, however, appeal this decision to the Board of Standards and Appeals, Rm. 1015, Municipal Building, Manhattan.

and

WHEREAS, the applicant states the building is 6 stories, 86 ft. in height, 600 ft. by 75 ft. in area erected in 1907 on a lot 600 ft. by 100 ft. in area in an unrestricted use, A area district; used and occupied since erection: Basement—Storage of olives; 1st floor—storage of paper boxes, repacking gum, storage & shipping gum, 20 persons; 2nd floor—manufacturing electric wiring & office, 70 persons; 3rd floor—bottling olives, 75 persons; 4th floor—manufacturing chewing gum, cafeteria, offices, 155 persons; 5th floor—manufacturing chewing gum, 125 persons; 6th floor—manufacturing electric wiring, 50 persons. No change in use or occupancy is now proposed. The building is equipped with approved standpipe and 2-source sprinkler systems throughout; there is an approved interior fire alarm system. There are four 6 ft. wide reinforced concrete stairs from roof bulkhead direct to street and two exterior stairs extending to roof and yard by stairs; window and door openings on course of same are fireproof, self-closing; and

WHEREAS, Certificate of Occupancy #85097 issued November 22, 1937, on N.B. #2428/05 permits the use of the building throughout as a factory with the number of occupants not stated; and

WHEREAS, the applicant states it is proposed to install panic bolts of a type approved by the Board of Standards and Appeals at the exit doors from a portion of the building in question occupied by the applicant, as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends that the proposed installation of panic bolts is to eliminate fire hazards caused by unauthorized outsiders entering the premises with lighted cigars and cigarettes; and

WHEREAS, the premises was inspected by a representative of the Fire Department at the Board's request, who stated that the Chief Inspector of the Fire Department urged the Board to deny this appeal for the reason that in multi-storied factory buildings all doors from the stairway opening to tenants' spaces should be available for exit in case of fire.

Resolved, that the decision of the Fire Commissioner be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

708-54-A

APPLICANT—United States Gypsum Co., owner.

SUBJECT—Application August 20, 1954—re Appeal from decision of the fire commissioner—smoking in factory building.

PREMISES AFFECTED 561 Richmond terrace, north side, 400 ft. west of Jersey street, Buildings 2, 4, 5, 6, 7, 8, 10 and 11, Block 4, Lot 21, New Brighton, Borough of Richmond.

MINUTES

APPEARANCES—

For Applicant: James J. Mortimer.

For Administration: Lieut John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated July 21, 1954, reads:

"This will acknowledge receipt of your letter of July 13, 1954, wherein you request a permit for employees to smoke in location within the plant area such as offices, locker rooms, toilet rooms, shops, etc. in your New Brighton plant at New Brighton, Staten Island.

You are advised that your request must be denied for the reason that smoking is prohibited by mandatory provisions of the Labor Law, and the rules of the Board of Standards and Appeals."

and

WHEREAS, the applicant states the premises consist of a lot 1600 feet front by 170 to 270 feet deep in an unrestricted use, A area district, upon which the plant in question was erected in 1908 and is used throughout for the processing of gypsum products; and

WHEREAS, the applicant states that permission is requested to smoke throughout building Nos. 2, 7, 8, 10 and 11 and toilet, the locker room, machine shop, two offices on the first floor of Building No. 4; the employment office, conference room, engineering office and First Aid room on 3rd floor of Building #4; the ladies' locker and wash room, lounge and one office on the 4th floor of Bldg. No. 4; a locker room on the 5th floor of Bldg. No. 4; an office on the first floor of Bldg. N. 5; a panelroom, laboratory and maintenance repair shop on the 2nd floor of Bldg. No. 5; an office, locker room and toilet room on the 3rd floor of Bldg. No. 5; locker room and toilets on the 4th floor of Bldg. No. 5; an office, locker room and a maintenance shop on the 1st floor of Bldg. No. 6; a kit repair area and a battery charge room on the 1st floor of Bldg. No. 6, and a locker room, storage area, electric shop and office on the 4th floor of Bldg. No. 6, all as indicated on plans filed with this appeal marked "Received January 11, 1956," 31 sheets; and

WHEREAS, the applicant contends that all the buildings in question except Bldg. No. 4 are of noncombustible construction and use and that the smoking area will be provided with proper receptacles for cigarettes; that Bldg. No. 4 is constructed of plank on timber but is fully sprinklered and smoking will be restricted to specified areas which will be sprinkled; and

WHEREAS, the applicant further contends that by setting up specified smoking areas it hopes to eliminate a fire hazard that might otherwise result from clandestine smoking; that no smoking is requested in any portion of the plant where paint is manufactured; and

WHEREAS, the premises were inspected by a representative of the Fire Department at the Board's request.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, dated July 21, 1954, and that the appeal be and it hereby is *granted*, to permit smoking in certain locations in the buildings, as requested and as shown on plans filed with this appeal, marked "Received August 20, 1954", (1 sheet) and January 11, 1956", (31 sheets) and *on condition* that conditions as to smoking shall be maintained to the satisfaction of the Fire Commissioner; that receptacles for smokers' refuse and signs permitting smoking as required by the Fire Commissioner shall be placed in such spaces where smoking is to be permitted; that the fire prevention equipment shall be as existing and proposed, maintained to the satisfaction of the Fire Commissioner; and that no smoking

shall be permitted in any portion of the plant where paint is manufactured.

475-55-A

APPLICANT—Lama, Proskauer and Prober, for Samuel Harris, owner.

SUBJECT—Application June 6, 1955—re Appeal from a Decision of the borough superintendent—re change in use from lodge rooms to nursing home of three story Class III building; exit stairs.

PREMISES AFFECTED—957 Putnam avenue, north side, 100 ft. east of Ralph avenue. Block 1483, Lot 64, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti and Samuel Harris.

For Administration: Samuel L. Becker, Dep't of Buildings and Joseph Sweeney, Dep't of Hospitals.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 20, 1955 on Alt. Applic. 1584/55 reads:

"1. The change in use from lodge rooms to nursing home of this three story Class III building is contrary to Sect. 4.3.1 of the Bldg Code.

"2. At least two exit stairs enclosed in fireproof (3 hr.) partitions are required by Sect. 6.1.2.2.3 and 6.4.1.8.1 of the Bldg. Code from the second and third floors.

"3. At least two exit stairs 3' 8" in width and enclosed in 3 hr. walls or partitions are required by Sect. 6.1.2.2.3 and Sect. 6.4.1.8.1 of the Bldg. Code from the cellar."

and

WHEREAS, the applicant states the building is three stories 40 ft. in height, 40 ft. front by 90 ft in depth, of Class III construction, erected in 1926, located on a lot 75 ft. front by 100 ft. in depth, in a residence use, C area, Class One height district; now vacant; and proposed to be used and occupied as follows: cellar—nursing home, 75 persons; 1st floor—nursing home, 33 persons; 2nd floor—nursing home, 33 persons; 3rd floor—nursing home, 33 persons; the building will be provided with an approved one-source sprinkler system throughout and an approved interior fire alarm system will be installed; there is one 4 ft. 2 in. wide steel fireproof stairs from roof bulkhead direct to street and one fire escape at the rear extending to roof by ladder and to yard by stair with egress to side yard to street; window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, Certificate of Occupancy #40106 issued by the Borough Superintendent August 7, 1926, upon completion of work under N.B. Permit No. 8564/25 permits the following use and occupancy: cellar—storage; 1st, 2nd and 3rd floors—lodge rooms; and

WHEREAS, the applicant states that the building is now used for offices and it is proposed to convert it to a nursing home by erecting new interior partitions, new elevator and new refrigerator storage room below grade; and

WHEREAS, the applicant contends as to Objection No. 1, issued by the Borough Superintendent, that the building now has a legal use of assembly for its entire height, and is of Class 3 construction and will be completely sprinklered; that the building will be isolated from any adjoining building by being 17 ft. 6 in. from the easterly lot line and 7 ft. 6 in. from the westerly lot line and 10 ft. from the rear lot line; and

WHEREAS, the applicant contends as to Objection No. 2, issued by the Borough Superintendent that the building is now provided with a main stair 4 ft. 2 in. wide of steel construction completely enclosed in fireproof walls, concrete

MINUTES

arch floors and fireproof self-closing doors, and leading from roof and cellar direct to street; that as a secondary means of egress the building is provided with a steel balcony 7 ft. 8 in. wide, 40 ft. in width; provided with 3 ft. 8 in. steel stair leading from the third to the ground level and thence to the street through two side yards; that there is a stationary iron ladder from the third floor balcony to the roof; the building will be further provided with elevator completely enclosed in fireproof partitions; it is proposed to sprinkler the entire building and provide a fire alarm system; and

WHEREAS, the applicant contends as to Objection No. 3, issued by the Borough Superintendent, that the cellar is now provided with one main 4 ft. 2 in. wide stairs of steel construction, completely enclosed in fireproof walls, equipped with fireproof self-closing doors, and leading directly to the street; that as a second and third means of egress, the cellar will be provided with two 3 ft. wide open concrete stairs leading directly to the side yards and thence to street; and

WHEREAS, under Cal. No. 1039-23-BZ, the Board granted a variation so as to permit the erection of a lodge building with yard space less than that required by the Zoning Resolution on condition that the side courts of not less than 7 ft. by 64 ft. be maintained, and that the rear yard be not invaded to a greater extent than indicated on plans filed with such application; and

WHEREAS, the Board is in receipt of communication dated January 9, 1956 from the Department of Hospitals stating that the amended plans (filed by the applicant June 6, 1955) comply with the requirements of the Hospital Code and approving the following bed arrangements: 1st floor—26 beds; 2nd floor—31 beds; 3rd floor—31 beds; total 88 beds; and

WHEREAS, the applicant has filed revised plans dated January 20, 1956 showing the side courts to be maintained in accordance with the resolution adopted by the Board under Cal. No. 1039-23-BZ; and

WHEREAS, the premises were inspected by a committee of the Board and the committee recommends that the appeal be granted subject to the recommendation of the Department of Hospitals.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1584/55, Objections 1, 2, and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use of the building as a nursing home, as shown on plans of existing conditions marked "Received June 6, 1955". (4 sheets) and revised plans showing proposed conditions, marked "Received February 14, 1956". (5 sheets), *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the number of beds recommended by the department of hospitals shall not exceed the following:

First floor —25 beds
Second floor—31 beds
Third floor —31 beds

TOTAL—87 beds

that there shall be approved interior fire alarm system and sprinkler system installed and maintained throughout the building; that the building and occupancy shall comply with all other laws applicable thereto, including the requirements of the resolution adopted by the Board under Cal. No. 1039-23-BZ, as *amended* this day.

1039-23-BZ

APPLICANT—Lama, Proskauer and Prober, for Samuel Harris, owner.

SUBJECT—Application for reopening—extension of building and use—re (decision of superintendent of buildings) previously granted on condition, to permit in a residence use C area district, the erection and maintenance of a lodge building with a yard space less than that required by the zone resolution.

(N.B. App. 1880/45.)

26-52-BZ—Vol. II

APPLICANT—Keyles and Sommer, for Edward Strissov, new owner; Morris Hagel, former owner.

SUBJECT—Application for consideration—reopening and amendment of resolution and extension of time to complete which expired September 8, 1955 and record new owner—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—135 Herkimer street, north side, 192 ft. 3 in. east of Nostrand avenue, Block 1861, Lot 61, Borough of Brooklyn.

APPEARANCES—

For Applicant: Bernard Sommer.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on March 8, 1955, certain conditions; and

WHEREAS, the applicant requested an amendment of resolution and extension of time to complete work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 8, 1955, to correct limitation of use of the plot, so that as amended this portion shall read:

"that the use of this plot shall be limited to that of the owner, his employees, patrons of the store and general parking; and that in view of the statement by the applicant that plans have been approved by the Department of Buildings and all work has been completed prior to September 8, 1955, but that additional time is needed to obtain a certificate of occupancy, that all permits required shall be obtained and all work completed within six months from the date of this amended resolution." (Alt. App. 4133/54.)

488-53-BZ

APPLICANT—Horn-Weinstock and Associates, for Ethel M. Stubergh, owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance which expired February 2, 1956—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—120-51 Smith street, east side, 319.6 ft. north of Baisley boulevard, Block 12381, Lot 29, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: M. Horn.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 2, 1954, certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 2, 1954 only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"... granted under Section 7, subdivision h for a term of five years from the date of this amended resolution, to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this amended resolution." (Alt. App. 1067/53.)

27-52-BZ

APPLICANT—Jerome W. Perlstein, for Wilda Service Corp., owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance which expired February 24, 1956—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence

MINUTES

use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—2957-2961 West 30th street, east side, 330 ft. north of Surf avenue, Block 7051, Lot 68, Borough of Brooklyn.

APPEARANCES—

For Applicant: Jerome W. Perlstein.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 20, 1952, certain conditions; and

WHEREAS, the term of variance and time to complete the work were extended on February 24, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 20, 1952 only so far as it refers to the term of variance, so that as *amended* this portion of the resolution shall read:

"... *granted* under Section 7, subdivision h for a term of five years from the date of this amended resolution, to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of *amended resolution*." (Alt. App. 3576/51.)

602-52-BZ

APPLICANT—S. J. Kessler and Sons, for Boro Land Improvement Corp., owner.

SUBJECT—Application for consideration—reopening as to amendment as to fence—re Application (decision of the borough superintendent); previously granted on condition, under sections 7f, 7i and 7h of the zoning resolution, permitting in a residence and business use district, the erection and maintenance of a gasoline and oil selling service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office and permitting the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—1870 Gunhill road, north side, 175 ft. east of Brunner avenue, Block 4504, Lot 1 and Block 4500 part of Lot 1, Borough of the Bronx.

APPEARANCES—

For Applicant: Fred Nichols.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 10, 1953, certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 10, 1953, only so far as it has reference to the requirements for the fence, so that as *amended* this portion of the resolution shall read:

"that a fence consisting of an anchor post fence of the chain link type shall be erected from the accessory building to Gunhill road and to the proposed Mace avenue, with suitable terminating posts and that in all other respects the resolution above cited shall be complied with and that required working drawings shall be

amended to conform with this amendment." (N.B. 748/52)

469-54-BZ

APPLICANT—Herman E. Horwood, for Kesbec, Inc., owner (Ernie's Auto Body & Fender Service, lessee).

SUBJECT—Application for consideration—reopening as to amendment of resolution as to use—re Application (decision of the borough superintendent); previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district, the change in occupancy from gasoline station and thirteen one-car non-storage garages, to gasoline service station, seven one-car non-storage garages and motor vehicle repair shop (six one-car non-storage garages).

PREMISES AFFECTED—1035 East 156th street and 756-758 Southern boulevard, northeast corner, Block 2729, Lot 50, Borough of the Bronx.

APPEARANCES—

For Applicant: Herman E. Horwood.

For Administration: Samuel L. Becker, Dep't of Buildings.

CORRECTED REPORT OF COMMITTEE ON TEST

Re: Cal. 511-55-SA

Subject: Slattery Domestic Gas Ranges, Models 5590, 5588, 5536, 5500, 5530, 5520 and 55.

J. B. Slattery & Bro. Inc., Brooklyn, New York filed June 23, 1955 an application with the Board of Standards and Appeals for approval of the Slattery Domestic Gas Ranges, Models 5590, 5588, 5536, 5500, 5520 and 55 under the provisions of C26-695.0 Administrative Building Code and for use under the provisions of Section 64 of the Multiple Dwelling Law.

Purpose

The appliances are domestic gas ranges used for cooking purposes.

Description

The appliances are domestic gas ranges, all models except the 55 have four top burners and a combined oven and broiler. The top burners are rated at 9,000 BTU each and the oven broiler at 16,000 BTU. The model 55 has four top burners and a separate oven burner and a separate broiler burner; the top burners are rated at 9,000 BTU each, the

MINUTES

oven burner at 16,000 BTU and the broiler at 13,000 BTU.
All gas valves used are AGA approved gas valves.

Inspection and Test

The ranges were inspected by Asst. Engr. J. A. Darts and it was noted that the ranges have been approved by the American Gas Association under 1-1000.201, 1-1000.101, 1-1000.001, 1-994.001 and 1-1000-5001.

Recommendation

As the wording of Section 64 as amended by Int. 1142—of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of Gas Piping and Gas Appliances in Building approved by ASA and sponsored by the AGA 1954 gives the following definitions:

1. Appliance—automatically controlled, appliances equipped with an automatic pilot and other automatic devices which
(a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners, but do not affect complete shut-off of the gas.

2. Automatic Ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes; designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows: Models 5590, 5588, 5536, 5500, 5530, 5520 and 55 shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be automatically controlled gas appliances under the definitions as herein set forth and the requirements of the Multiple Dwelling Law, all installations shall be in accordance with the requirements of C26-695.0.2.a Administrative Building Code as the above models have been approved by a recognized testing laboratory and these ranges may be installed in accordance with the provisions of Section 64 of the Multiple Dwelling Law. The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 511-55-SA" and in addition the label shall also carry the model designation and the wording as follows: "Equipped with approved automatic shut-off" and that each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

* Correction—Model No. 5536 included in the approval.

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on January 17, 1956, as they appeared in Bulletin No. 4, Vol. 41, are hereby corrected to read as follows:

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 9, 1955, repeated in a decision of the Borough Superintendent dated November 4, 1955, on Alt. Applic. 539/55, reads:

"1. Provide two legal means of egress from all floors including cellar and 1st floor.

A fire escape is not acceptable as a means of egress in a factory bldg. over five (5) stories high."

and

WHEREAS, the applicant states the building is 7 stories, 78 ft. 2 in. in height, 39 ft. 11 in. front, by 77 ft. 6 in. in depth, of fireproof construction, erected 1902, located on a lot 39 ft. 11 in. by 77 ft. 6 in. in depth, in a restricted retail use,

Periodical Division
University of Illinois Library
Urbana, Ill.

MINUTES

C area, $1\frac{1}{4}$ height district, and used and occupied since 1902, without a Certificate of Occupancy, as follows: Cellar—boiler room and storage, no persons; 1st floor and mezzanine—retail druggist, 12 persons; 2nd floor—dentist's office and upholstering, 7 persons; 3rd floor—bookbinder, 2 persons; 4th floor—plaster picture frames, 5 persons; 5th floor—bookbinder, 10 persons; 6th floor—manufacturing artificial flowers, 30 persons; 7th floor—cutting dresses, 2 persons; and proposed to be used and occupied as follows—cellar—boiler room and storage, no persons; 1st floor and mezzanine—retail druggist, 12 persons; 2nd floor—dentist's office and manufacturing similar to the existing type, 35 persons; 3rd to 7th floors inclusive—factory use similar to the present type use, number of occupants proposed not stated; the building is equipped with a dry standpipe system throughout and a dry sprinkler system in the cellar; there is an approved interior fire alarm system and regular monthly fire drills are maintained; there is one interior 33 and 35 in. wide steel stairs with slate treads enclosed in fireproof block partitions, equipped with fireproof self-closing doors, and leading from roof bulkhead direct to street, and one fire escape on the rear extending to roof by stair, with egress from its lower termination across the one story extension adjoining; window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant contends the primary means of egress is a fireproof enclosed stairway from cellar to roof bulkhead, with fireproof doors at all openings, and the second means of egress is a fire escape on the rear from second floor to roof, with fireproof self-closing doors on the course thereof; that on the second floor there is a stair connecting across the open court to the fire escape balcony of the adjoining premises to the north, with egress into plain glass windows of the adjoining building, or across a one story roof to drop ladder leading to West 9th Street; that the fire escape was subject to Violation #9991 of 1943, and was dismissed after receipt of a letter from the Fire Department stating that their records showed acceptance of same by the State Department of Labor September 14, 1915; that this fire escape is the same as existed at the time appeal was granted by the Board under Cal. No. 661-46-A; that the first story store is occupied by a retail druggist with lunch counter with egress to the street independent of the exit from the interior stairway; that the cellar is used as a boiler room and storage of stock for the druggist and lunch counter concession, with no person regularly employed in cellar; that the cellar is provided with a dry sprinkler system with siamese connections; that in addition to the main exit stairway, which extends to the cellar with a fireproof self-closing door at the bottom, there is a fireproof stairway at the rear leading up to the drug store enclosed at the first story in fireproof blocks equipped with a fireproof self-closing door at the top and egress therefrom is through the open store direct to street; and

WHEREAS, the applicant contends that the present occupancy is very light and in view of the previous approval of the rear exit by the State Department of Labor in 1915 and the City department having jurisdiction at that time, and as the cellar and first floor, since, were also acceptable, and since the objection is now made only due to the amendment of the Labor Law in 1947, and since there are no persons regularly employed within the cellar, it is requested that a variance be granted and that the future occupancy be limited to the capacity of the primary means of egress; and

WHEREAS, the record in Fire Department folder 6A-412.01 has been consulted; and

WHEREAS, the plans filed under Cal. No. 661-46-A show the rear fire escape as it was found to exist upon recent inspection; that the windows at the rear of the building along the course of the fire escape have shutters and are also glazed with wire glass; that a court of the building adjoining to the east of considerable size directly behind the building under appeal provides a larger area for dissemination of smoke in case of fire; and

WHEREAS, the premises were inspected by a Committee of the Board which found that the condition should be permitted to continue and that it is impractical to require an additional stair.

Resolved, that the decision of the Borough Superintendent dated May 9, 1955, and repeated November 4, 1955, on Alt. Applic. 539/55, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the primary means of exit and the exterior fire escape at the rear, with proper ladder location, with access across the one story extension of the adjoining property to 9th Street; and to permit the exits from the cellar as shown on plans filed with this appeal marked, "Received May 20, 1955 (5 sheets) *on condition* that no manufacturing shall be carried on in the cellar; that the means of exit from the cellar as shown shall be maintained; that such exits from the first floor shall be maintained as proposed and as shown on such plans; that the fire escape at the rear of this building shall be made structurally safe and to the satisfaction of the Fire Commissioner; that the standpipe system, cellar dry sprinkler system interior fire alarm and fire drills shall be maintained in accordance with the requirements therefor and to the satisfaction of the Fire Commissioner; that the number of occupants per floor shall be limited to the capacity of the primary means of egress; that such fire-fighting equipment shall be installed as the Fire Commissioner shall require; and that in all other respects the building and occupancy shall comply with the Labor Law and all other laws, rules and regulations applicable thereto.

*Correction—The words "with connection to Fire Headquarters through a central station" deleted in the resolution wherein it referred to the fire fighting equipment maintained in the building.

PETITIONS AND CERTIORARI ORDERS SERVED ON THE BOARD OF STANDARDS AND APPEALS

On February 29, 1956, a Copy of Petition and Order of Cer-
tiorari was served on the Board by Mr. Stephen E. Flaherty, attorney
for petitioners, William and Helen Novotny, objecting property owners,
seeking a review of the Board's determination on January 31, 1956,
granting a variance under Section 7, subdivisions e and h, and Sec-
tion 21, of the Zoning Resolution, to permit in a residence use district,
for a term of fifteen years, the erection and maintenance of a gaso-
line service station, lubritorium, car wash, motor vehicle repairs,
storage and sale of accessories, and to permit the parking and storage
of motor vehicles and the proposed setback less than required in a
G-1 district (area); Cal. No. 692-53-BZ; premises 163-10 Pidgeon
Meadow Road, 47-02 to 47-06—164th Street and 47-09 to 47-21—
163rd Street, Flushing, Borough of Queens.

On March 5, 1956, Copy of Petition and Order of Certiorari was
served on the Board by Mr. Thomas A. Duffy, attorney for Christina
Campbell, Zachary Lewis, et al and Independent Builders Construc-
tion Corp., objecting property owners, seeking a review of the Board's
determination on January 31, 1956, permitting under Section 7,
subdivisions e and f, for a term of fifteen years, in a retail and
residence use district the erection and maintenance of a gasoline
service station, car washing (non-automatic), lubrication, office and
accessory sales, minor repairs, with hand tools only, and parking
of motor vehicles waiting to be serviced; Cal. No. 675-55-BZ; premises
116-32 Merrick Boulevard (116-14 to 116-46—official), west side, 124.94
ft. south of 116th Avenue, St. Albans, Borough of Queens.

On March 6, 1956, Copy of Petition and Order of Certiorari was
served on the Board by Lome & Thierman, attorneys for The Rose-
dale Civic Association, Inc., Dr. Harry D. Berlin, Kenneth W. Haslam
and Max Raposyk, objectors, seeking a review of the Board's deter-
mination on January 24, 1956, granting a variance under Section
7f, for a term of fifteen years, to permit in a retail use district the
erection and maintenance of a gasoline service station, lubritorium,
car wash (non-automatic), minor repairs, office, sales and storage of
auto accessories and parking of cars awaiting servicing; Cal. No.
419-55-BZ; Premises 244-04 to 244-08 Francis Lewis Boulevard,
243-02 to 243-06 South Conduit Avenue, southeast corner, and 139-03
to 139-11—243rd Street, Rosedale, Borough of Queens.

COURT DECISION

(Reprinted from Bulletin of December 20, 1955)

Matter of Harold and Frances Smith:—On July 19, 1955, the Board
granted a variance under Section 7e of the Zoning Resolution, to per-
mit in a retail use district, for a term of fifteen years, the erection
and maintenance of a gasoline service station, lubritorium, auto wash-
ing (non-automatic), storage and sale of accessories and an office,
also the parking of cars waiting to be serviced; Cal. No. 14-55-BZ;
premises 1427-1429 Edward L. Grant Highway, S. E. Cor. Plimpton
Avenue, Borough of The Bronx.

At Special Term, Supreme Court, Mr. Justice Aurelio sustained
the Board in the following decision:

Matter of Smith (Board of Standards and Appeals)—Motion
to dismiss petition is granted. Petition dismissed and order of
certiorari vacated (see memorandum on companion motion, cal-
endar No. 38 of November 18, 1955.) Settle order.

Matter of Smith (Board of Standards & Appeals of City of
N. Y.; Bensley)—This cross-motion for an order deeming the
petition herein filed as verified and in conformity with the Ad-
ministrative Code of the City of New York is denied (see mem-
orandum on companion motion, Calendar No. 38 of November 18,
1955). Petitioners' application to file a new petition is also denied
as the applicable provisions of the Administrative Code (sec. 686e-
1.0) which govern herein afford no such relief. Also, section 23
of the Civil Practice Act has no application herein. That section
states, in part: "If an action is commenced within the time
limited therefor, * * *." Under the above cited section of the
Administrative Code, this action was never commenced, as the
failure to verify the petition is a jurisdictional defect. Nor does
it satisfactorily appear that section 253 of the Civil Practice Act
has any application. Section 253 deals with a "defective verifica-
tion" and also an insufficient verification. The language of the

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the Board found that the papers contained in the subject application differed as to information with the application filed in the Department of Buildings.

Resolved, that the application be and it hereby is *dismissed* as being improperly before the Board.

434-16-BZ—Vol. III

APPLICANT—Reginald S. Hardy, for Marjorie E. Hart, owner (J. J. Hart, Inc., lessee).

SUBJECT—Application reopened March 3, 1953 as Vol. IV—re (decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a business and unrestricted use district proposed addition of garage for more than 5 motor vehicles to proposed occupancy as granted by the Board of Standards and Appeals under Cal. 434-16-BZ. Proposed driveway on Bedford place is contrary to original and amended resolution of the Board.

PREMISES AFFECTED—1095-1107 Atlantic avenue and 14-36 Bedford place, northwest corner, Block 2021, Lot 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on March 3, 1953 subject to regular procedure, and for proof

that the proposed opening to Bedford place does not violate the requirements of section 21-A; and

WHEREAS, a public hearing was held on this application on January 24, 1956 after due notice by publication in the Bulletin; laid over to February 28, 1956, for inspection and decision; hearing closed; applicant to file stipulation as to discontinuance of parking of cars; then to March 6, 1956, for applicant to file stipulation of owner as to discontinuance of parking of cars on Bedford Place; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Atlantic avenue and Bedford place are in business and unrestricted use, B area, class 1¼ height district; Brevoort place is in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated May 13, 1955 acting on Alt. Applic. 1927-47, reads:

"1. Proposed driveway opening on Bedford Pl. is contrary to original and amended resolution of Bd. of Standard & Appeals under Cal. 434-16-BZ.

2. Proposed addition of "garage for more than (5) five motor vehicles (non-storage) to proposed occupancy is not in accordance with original resolution of Bd. of Standards & Appeals under Cal. 434-16-BZ and is also contrary to Article II, P. 4a, subsection 15 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 142 ft. 2½ in. frontage by 141 ft. 5½ in. in depth, on which is located a one story building occupied as office, showrooms, sales room and motor vehicle repair shop; that it is proposed to permit the inclusion of an exit door, 12 ft. in width, to Bedford place near the rear of the building and to add the use of storage garage for more than five motor vehicles, to those permitted by the resolution of September 30, 1947; and

WHEREAS, the applicant contends that on January 16, 1917 the Board granted application to permit the premises to be used as a public garage, and on September 30, 1947 the Board amended its earlier resolution to permit the premises to be used as offices, show rooms, sales rooms and motor vehicle repair shop; that the operation of the tenant's business in the subject premises necessitates a means of egress from the rear of the building; that when permission to install such a doorway was sought in the past, it was felt that section 21A of the zoning resolution barred action by the Board, there being a school on the easterly side of Bedford place between Atlantic avenue and Brevoort place; that this section, as recently amended, is no longer applicable to non-storage garages and therefore does not affect this application; that the property located on the easterly side of Bedford place opposite the subject premises is also improved with a garage with three exits to Bedford place; that the second portion of the application seeks to add non-storage garage for more than five motor vehicles, to the list of uses permitted in the building; that this amendment is designed to describe more accurately the use to which the premises are put; that motor vehicles, in excess of five, awaiting service and motor vehicles belonging to the tenant are stored in the premises; that the present permitted uses does not reflect that fact; that the property will not be used as a public garage nor will gasoline storage and vending facilities be installed; and

WHEREAS, the applicant states that the present owner has held title to the property since January 6, 1930; that the assessed valuation of land is \$85,000 and of the building \$75,000 making a total of \$160,000; that the building was erected in 1917; and

WHEREAS, the owner has filed a letter with the Board, agreeing not to park motor vehicles on public spaces and which letter reads as follows:

March 5, 1956

Hon. Harris H. Murdock, Chairman
Board of Standards & Appeals
Municipal Bldg.
New York 7, N. Y.

Re: Cal. #434-16-BZ

MINUTES

Dear Sir:

The undersigned is the occupant of the premises affected by the above mentioned proceeding.

We hereby agree that we will not use either Bedford Place or Brevoort Place for the parking of cars awaiting service, or of cars which have been serviced and are awaiting redelivery to the owners.

Your attention is directed to the fact that there is a space between the wall of our building and the sidewalk on Bedford Place in the nature of a courtyard which we have used for the temporary parking of a few cars. These cars do not intrude upon any portion of the sidewalk. If the sidewalk is widened at any time to include this space or any part of it, we will discontinue such parking.

Very truly yours,
J. J. HART INC.

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 16, 1917, as amended by resolutions adopted by the Board on September 30, 1947 by adding thereto:

"that in view of the amendment to the zoning resolution under which the presence of a school no longer acts as a bar to an entrance from these premises to Bedford Place, there may be an entrance to Bedford Place substantially as proposed and as indicated on plans filed with this application marked, "Received April 11, 1955" (3 sheets), "June 1, 1955" (one sheet) and "February 24, 1956" (3 sheets); that such entrance may be as indicated on plans above cited marked "Received February 24, 1956", from the rear yard space by means of a gate in the fence along the building line, with a curb cut opposite not exceeding the present width of 13 ft.; that in all other respects the requirements of the resolutions above cited shall comply with; that no portion of the public premises on Atlantic Avenue, Bedford Place or Brevoort Place shall be permitted to be occupied for cars owned or dealt in by this agency, or occupying the building under consideration; that the occupancy of this building may be classified as non-storage garage as well as repair shop and accessory uses, as previously permitted; and that all permits shall be obtained and all work completed and a new Certificate of Occupancy obtained within six months from the date of this amended resolution."

1069-27-BZ—Vol. III

APPLICANT—Larry Meltzer, for Anna Pillitteri, owner.
SUBJECT—Application reopened June 7, 1955 as Vol. III

—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business use district, the erection and maintenance of an automatic auto laundry, simonize room, boiler room and offices.

PREMISES AFFECTED—6702-6724 New Utrecht avenue and 1501-1511 Ovington avenue (68th street), northwest corner and 6703-6725 15th avenue, Block 5565, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 7, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on February 7, 1956 after due notice by publication in the

Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the cite, New Utrecht avenue and 15th avenue are in a business use, C area, class 1 height district; 68th street and 67th street are in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 12, 1955 acting on N.B. Applic. 1646-55, reads:

"1. The proposed construction of an auto laundry with simonize now in a business use district is contrary to the Zoning Res. Art. II Sect. 4(a) (52)."

and

WHEREAS, the applicant states that the premises consist of a plot, 217 ft. 4½ in. frontage by 197 ft. 10¾ in. and 95 ft. 7¾ in., triangular, presently vacant; that it is proposed to erect and maintain an automatic auto laundry, simonize room, boiler and offices; and

WHEREAS, the applicant states that the subject plot has been vacant and unimproved since 1935 when a one story masonry structure used as stores was demolished under Demolition No. 382-34; that numerous plans for the improvement of this plot have been proposed and abandoned because none of them have been deemed practical due to the peculiar shape of the site; that applications for variances from the zoning resolution have been filed under Cal. No. 1069-27-BZ, Vols. I and II for improvement of this site with structures of non-conforming use and have been denied; that it is impractical to develop the site for dwelling purposes because of the undesirable elevated structure overhead; that the probability of a successful conforming use, such as stores, is also considered impractical due to the unusual location of the site; that there is no doubt as to the hardship encountered by developing the site with structures of conforming use as is evidenced by the fact that the original stores were demolished and never rebuilt; that the proposed structure would occupy only a portion of the plot and ample space would be reserved for easy and safe access and egress of customers' vehicles; and

WHEREAS, the applicant contends that the premises have been in present ownership since January, 1955; that the improvement of the site with a structure to be used as an automatic auto laundry is a use for which the peculiar size, shape and location of the site lends itself; that block 5755, lot 65 is also a triangular block and lot and it is currently improved with a gas selling station; and

WHEREAS, the applicant states that the present owner has held title to the property since January 1955 and that the assessed valuation of land is \$13,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the development of the premises with an automatic auto laundry, simonizing room and offices, substantially as proposed and as indicated on plans filed with this application, marked "Received May 11, 1955", 1 sheet, "December 19, 1955", 2 sheets, *on condition* that all buildings and uses on the premises shall be removed and the site developed substantially as indicated on such plans; that curb cuts for motor vehicle entrance shall consist of one cut on Ovington avenue not more than 30 ft. in width and two cuts each 20 ft. in width, one to New Utrecht avenue toward the north and one on 15th avenue as shown; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the work carried on in the simonizing room shall be subject to a permit issued by the fire commissioner; that the balance of the site where not occupied by proposed building shall be left vacant as a reservoir space for cars; that all spaces not occupied by buildings

MINUTES

shall be paved with concrete or asphaltic paving; that there shall be erected along the building lines of New Utrecht and Ovington avenues, except where curb cuts are permitted, a woven wire fence of the chain link type erected on a masonry base to a height not less than 5 ft. 6 in.; that at the intersection of New Utrecht and 15th avenues there shall be erected a block of concrete not less than 12 in. in height extending along each street for not less than 5 feet from the intersection; that signs shall be restricted to a permanent sign on the accessory building, facing New Utrecht avenue; that all windows on 15th avenue shall have sills not less than 5 feet above grade, as shown on plans; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that sidewalks and curbing around the premises shall be reconstructed or restored to the satisfaction of the borough president; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

535-37-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober, for Nost-Mont Garage, Inc., owner.

SUBJECT—Application reopened October 18, 1955 as Vol. IV—re (decision of the borough superintendent) under sections 7c, 7i, 7h and 7e of the zoning resolution, to permit in a business and residence use district, the proposed change of use from a public garage for more than 5 cars, parking of not more than 30 cars, to gasoline service station, public garage, motor vehicle repairs, lubritorium, automatic auto laundry, office and sales, parking and storage of motor vehicles.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on October 18, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on January 24, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompany the zoning resolution show that the site, Montgomery street and Sullivan place are in business and residence use, C area, class 1¼ height districts; Nostrand avenue is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated August 17, 1955 acting on Alt. Applic. 2791-55, reads:

1. Proposed change of use from a Public Garage for more than 5 cars, Parking of not more than 30 cars; to gasoline service station, public garage, motor vehicle repairs, lubritorium, automatic auto laundry, office & sales, storage and parking and storage of motor vehicles; located partly in a business and residential use district is contrary to Art. II Sec. 3 and Art. II Sec. 4(a), Par. 15, 29, 52 & 46 of the Zone Resolution.

Note: The garage was subject to a Board of Standards & Appeals variance Cal. #424-23-BZ. The parking was subject to a Board variance Cal. #414-29-BZ & 537-37-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 195 ft. 2½ in. frontage by 101 ft. 2 in. in depth, irregular, on which is located a storage garage for more than five motor vehicles, and parking lot for not over 30

cars; that the use district maps show that the premises are in a class C area district and a class 1¼ height district; that part of the site within 100 ft. of Nostrand avenue is in a business use district and the balance of the site is in a residence use district; that it is proposed to secure a variance in order to remove the front of the present garage building for a depth of 33 ft. back of the Nostrand avenue building line and install a gas station in this area consisting of ten 550 gallon gas storage tanks and six dispensing pumps, in addition to the present two 550 gallon gas tanks that are to be retained; that a new modern masonry front will be installed at the cut back building section and the interior of the garage will be altered to install four auto lifts; that the building will then be used as a non-storage garage, lubritorium, auto laundry, motor vehicle repairs, storage, office and sales; that two new overhead doors will be installed in the westerly wall of the building and one new exit door; that the open portion of the site will be used for the parking and storage of motor vehicles; and

WHEREAS, the applicant further states that the southwesterly corner of the site is presently developed with a one story building of class 3 construction, with a frontage of 119 ft. 9½ in. on Nostrand avenue, 54 ft. 8½ in. on Montgomery street and occupied as a storage garage; that this building was erected under N.B. Applic. No. 14481-23 under a variance granted by the Board under Cal. No. 424-23-BZ, Vol. I; that certificate of occupancy No. 24215 was issued for this use; that the northwesterly corner of the site is used for the parking and storage of not more than 30 motor vehicles installed under Alt. Applic. 7660-36 and a variance of the Board granted under Cal. No. 414-29-BZ, Vol. II, for which certificate of occupancy No. 96538 was issued on May 22, 1940; and

WHEREAS, the applicant contends that inasmuch as the present garage has legal gasoline pumps and tanks, the removal of the front portion of the building will locate the gasoline sales in the open area and no new use will have been installed; that the proposed use of lubritorium and auto repairs are permissible in a legally constituted garage; that the Board, under Cal. No. 414-29-BZ granted a variance permitting a two story garage to be erected at the northwesterly corner of Nostrand avenue and Sullivan place, but said garage was never erected; that part of the new exterior gas station would extend into said space and would be a better condition for the community than the granted two story garage; that the proposal to maintain the present parking area will continue to help alleviate the parking problem in this area; that Nostrand avenue is a main auto lane leading north and south across Brooklyn and as such the proposal is entirely in keeping at this point and the rehabilitation will enable a more efficient service to the public; that the present garage and gas station directly across the street in block 1309, lot 6 presents the same exterior gas station and garage condition as is proposed for the site; and

WHEREAS, the applicant states that the present owner has held title to the property since April 27, 1933; that the assessed valuation of land is \$51,000 and of the building \$12,000 making a total of \$63,000; that the building was erected in 1923; and

WHEREAS, contrary to the statement of the applicant, repairing was not a permitted use in a garage erected in 1923, unless in an unrestricted district and if storage of gasoline was permitted within the building, it was a use accessory to the garage and moving the gasoline sales to the exterior, as herein proposed, is a new and prohibited separate use; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of twenty years, to permit the reconstruction and arrangement

MINUTES

of the existing garage building and installation of a gasoline selling space along Nostrand avenue, substantially as proposed and indicated on plans filed with this application marked "Received August 30, 1955", 4 sheets, and "January 20, 1956", 1 sheet, *on condition* that revised plans shall be submitted for consideration of the Board as to the gas station area herein granted not to exceed the dimensions of the frontage of the lot on which the existing garage was constructed as previously permitted; that all pumps shall be not nearer than 15 feet to the street building line of Nostrand avenue; that such portion of the premises where the space for gasoline selling is proposed shall be paved with concrete or asphaltic paving; that curb cuts shall be restricted to two curb cuts in such area, on Nostrand avenue, each 30 ft. in width and one on Montgomery street not over 20 feet in width; that no curb cut shall be nearer than 5 ft. to a lot line as prolonged; that within the intersection there shall be constructed a block of concrete not less than 12 in. in height for a distance of not less than 5 ft. along each building line; that the canopy proposed to be extended from the building shall be omitted; that gasoline pumps shall be of a low approved type; that the number of gasoline storage tanks shall not exceed five new approved 550 gallon tanks; that in addition, any existing tanks shall be tested by the fire commissioner as being in safe condition; that the balance of the premises may be occupied for parking in conjunction with such gasoline station but not a part thereof; that the parking portion of the premises shall be surfaced with clean gravel or steam cinders, properly rolled and treated with a binder; that there shall be erected on the street building line of Sullivan place and the interior lot lines a woven wire fence of the chain link type, erected on a masonry base not less than five feet 6 in. in height; that at the intersection of Sullivan place and Nostrand avenue there shall be a block of concrete similar to that required at the intersection of Nostrand avenue and Montgomery street; that the curb cuts for such parking lot shall be restricted to one not over 30 ft. in width to Nostrand avenue and one not over 20 ft. in width to Sullivan place within the first 25 feet from the corner; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection of one post standard within the intersection of Montgomery street and Nostrand avenue for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend beyond the building line for a distance of not over 4 feet; that there may also be a sign at the entrance to the parking lot, advertising the rates charged and such other information as may be required by the commissioner of licenses; that the sidewalks and curbing abutting the site shall be reconstructed or restored to the satisfaction of the borough president; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that the accessory building as proposed to be altered may be used under Section 7i for a similar term for repairing and as shown on such plans, including a lubritorium and non-automatic auto laundry; that any pumps shown on such plans beyond the dimensions of the plot occupied by the garage shall not be installed; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Sections 22A of the zoning resolution.

576-37-BZ—Vol. II

APPLICANT—William A. Giesen, for B. J. Denihan, Inc., and Deborah E. Dumont, owners (B. J. Denihan, Inc., and Shamrock Cleaners, Inc., lessees).

SUBJECT—Application reopened October 19, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7a, 7c and 21 of the zoning resolution, to permit in a residence use district, to change the use of part of the combined structure from residence to commercial use and other parts of the combined structure from one commercial use to another commercial use.

PREMISES AFFECTED—215-221 East 64th street, north

side, 230 ft. east of 3rd avenue, Block 1419, Lots 10-13 inclusive, Borough of Manhattan.

APPEARANCES—

For Applicant: Gilbert Lazerus, William A. Giesen, Robert J. Crinnion and Benjamin J. Denihan.

For Opposition: Mendes Hershman, Harry Wier and James S. Smith.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 19, 1954 subject to regular procedure, to consider change and extension of use; and

WHEREAS, a public hearing was held on this application on January 10, 1956 after due notice by publication in the Bulletin; laid over to February 28, 1956, for inspection and decision; hearing closed; then to March 6, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 64th street is in residence and business use, B area, class 1½ height districts; 3rd avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the applicant states that the zone was changed from business to residence on October 9, 1947; and

WHEREAS, the decision of the borough superintendent, dated August 31, 1954 acting on Alt. Applic. 888-54, reads:

"3. Proposal to change the use of part of the combined structure from residence to commercial use and other parts of the combined structure from one commercial use to another commercial use is contrary to Art. II Sect. 3 and Sect. 6 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100.42 ft. in depth; that No. 215 East 64th street situated on lot 10 was erected in 1878 as a two story brick, non-fireproof class 3 building; that its use as a dyeing and cleaning establishment was established in 1915 prior to the enactment of the zoning resolution; that in 1929 certificate of occupancy No. 15935 was issued under Alt. No. 548-29 authorizing the use of the 1st and 2nd stories as a dyeing and cleaning establishment; that in 1935 an altered building application No. 3298-35 was filed and approved for the addition of a third story to the existing building; that work was completed on September 9, 1936 but no new certificate of occupancy was obtained; that the construction of the conveyor passage connecting the 2nd floor of No. 215 with the 3rd floor of No. 221 was approved under Alt. Applic. No. 1174-47; and

WHEREAS, the applicant states that No. 217 East 64th street, situated on lot 11, was erected in 1884 and is a brick, non-fireproof, class 3 building with a 2nd story on the front portion of the building; that its early use was as a stable on the 1st floor and in later years was occupied as a factory; that Alt. Applic. 1953-25 changed the use from factory to private garage and certificate of occupancy No. 13159-27 was issued; that in 1930 N.B. 13-30 was filed and approved authorizing construction of the one-story brick building on the rear of the lot; that in 1937 Alt. Applic. No. 2620-37 was filed attempting to change the use of the building to include an ignition repair shop on the 1st floor and a one family dwelling on the 2nd floor; that a variance was granted by the Board under Cal. No. 576-37-BZ and certificate of occupancy No. 23615-38 was issued on May 16, 1938 authorizing the use of the 1st floor as an ignition repair shop, which occupancy was to be confined to light automobile repairs, and use of the 2nd floor as a one family dwelling; and

WHEREAS, the applicant states that No. 219 East 64th street, situated on lot 12, is a very old, non-fireproof build-

MINUTES

ing, the records of which are incomplete and do not indicate the date of its erection; that the use of this building prior to 1900 is indicated as a stable; that Alt. Applic. 277-30 was filed and approved to change this use, and certificate of occupancy No. 16522-30 was issued authorizing the use and occupancy as a garage for not more than 5 autos with a total occupancy of 5 persons; that No. 221 East 64th street situated on lot 13, is a 3-story brick, non-fireproof, class 3 building, the records of which are incomplete as to its date of erection and any other work prior to 1928; that in 1928 Alt. 699-28 was filed and approved and certificate of occupancy No. 14530-28 was issued authorizing the use and occupancy as 1st floor, garage for 5 autos, occupancy 5 persons, and the 2nd and 3rd floors as storage and factory with an occupancy of 5 persons on each floor; that 1930 Alt. Applic. 408-30 was issued under which it was proposed to construct a labor law fire escape on the front of the building; that certificate of occupancy No. 16542-30 was issued continuing the authorized use as a garage for 5 autos on the 1st floor and storage and factory on the 2nd and 3rd floors, with occupancy of 5 persons on each floor; and

WHEREAS, the applicant states that lot 10 on which is situated building No. 215 East 64th street was acquired by Julia M. Denihan on January 11, 1929 and had already been occupied since 1915 by the father of the present owners for use as a dyeing and cleaning establishment under certificate of occupancy No. 15935-29; that since 1915 B. J. Denihan Cleaners carried on its business in building No. 215 but that soon after the outbreak of the second world war the father of the present owners received extensive contracts from Army and Navy and in order to perform these orders quickly, expanded into the adjoining premises; that on April 12, 1943 lots 11, 12 and 13 were conveyed to a sister of the present operators of the dry cleaning establishment and at that time lot 10 was owned by the wife of the original owner; that extensive equipment was located in these newly acquired buildings in order to fulfill the new orders from the government; that on this date the property was zoned for business use; that the father of the present owners evidently thought his rapid expansion without first obtaining the proper approvals was justified by the patriotic end of aiding this country's war effort; that lot 10 was subsequently conveyed to B. J. Denihan, Inc., on April 20, 1948; that building No. 217 on lot 11 was needed for use at night as a garage for the vehicles used in picking up and delivering the work and during working hours as a loading space; that the 2nd story was needed for office space; that building No. 219 on lot 12 was needed to house additional light dry cleaning and pressing equipment; that building No. 221 on lot 13 was needed to house additional light dry cleaning and pressing equipment and to provide adequate space for the hanging and storage of the vast number of garments which were being handled under the expanded operation; and

WHEREAS, the applicant states that on October 9, 1947 the property was rezoned as a residence, use class 1½ height, B area district; that at this time the dry cleaning establishment was operating at its expanded capacity in all 4 buildings, confining the heavier cleaning operations to the buildings in the rear of Nos. 215 and 217, although the legal occupancies had not been changed; and

WHEREAS, the applicant states that the following permits have been granted by the fire department for equipment and storage on the premises; permit No. 1-115885—for 2750 gallons of special mineral spirits (Varnoline) in 4 buried tanks, premises No. 217, 150 gallons of ammonia, 2 carboys of sulphuric acid and 50 gallons of acetic acid; that since the use of ammonia, sulphuric acid and acetic acid is very limited, these products are no longer stored in this quantity but rather are stored in one gallon jugs with only weekly requirements (5 gallons of each) on hand at any time; permit No. C-120830 for 3,000 gallon tank of No. 2 fuel oil under sidewalk in front of No. 215; permit No. D-104283 for storage garage, motor vehicle repair shop, 550 gallons of gas, 1 buried tank, 4 trucks, 55 gallons of lubricating oil at premises No. 217; permits No. 41440, 41, 42, 43 for four Orr and Sembauer boilers at premises No. 215; that the Board is requested to accept as one building premises 215,

217, 219 and 221 East 64th street, first because their interconnection is so vital to the continuing of this high quality cleaning establishment, second because, in applicant's opinion, the escape and exit facilities are thereby greatly improved; and

WHEREAS, the applicant contends that while section C26-254.0 of the building code limits the area of structures between exterior walls or between exterior walls and fire walls to 7500 sq.ft. for class 3 structures not more than 50 ft. or 4 stories, with 1 street frontage, and 10,000 sq.ft. for class 3 structures not more than 30 ft. nor more than 2 stories in height with 1 street frontage, it is requested that these premises be accepted by the Board as they occupy only 9,000 sq.ft. on the 1st floor, 4660 sq.ft. on the 2nd floor, 3860 sq.ft. on the 3rd floor; that building No. 215 is 3 stories, 39 ft. in height; building No. 217 is one story with 2nd story in front portion, 22 ft. in height; building No. 219 is one story, 15 ft. in height; building No. 221 is 3 stories, 36 ft. in height; buildings No. 215 and 221 have labor law fire escapes at front and the 2nd floor of No. 215 is connected with the 3rd floor of No. 221 by means of a steel enclosed passage formerly used for a conveyor; that the Board is further requested to grant the permanent variances sought as this is a long established, high class business, established prior to the enactment of the zoning resolution, and that the circumstances of the firm's expansion which make this appeal necessary were brought about by a patriotic effort to contribute to this nation's war effort at a time when certain restrictions which would be time-consuming were waived or disregarded for the general good of the national and public welfare under certain circumstances; that the present owners are now making every effort to legalize their property; that during the entire occupancy of these buildings by Denihan Cleaners, from 1915 to present, there have never been any fires or accidents, nor has this enterprise been detrimental to the neighborhood or its inhabitants; that to force the vacating of these premises or the contraction of this enterprise to its original size would result in severe financial loss and hardship and irreparable business losses, which might cause the total ruin of a family business which has been so long in existence; and

WHEREAS, the applicant states that the present owners have held title to lot 10 since April 20, 1948 and to lots 11, 12 and 13 since April 12, 1943; that the assessed valuation of land is \$80,000 and of the buildings \$35,000 making a total of \$115,000; that the building on No. 215 was erected in 1878; on 217 in 1884 and buildings in rear in 1930; that there is no record of buildings on Nos. 219 and 221; and

WHEREAS, the premises were inspected by members of the Board; and

WHEREAS, the report of committee reads:

REPORT OF COMMITTEE

February 27, 1956.

Re: Cal. No. 576-37-BZ, Vol. II

Prem: 215-221 East 64th Street
Borough of Manhattan

This application, filed September 28, 1954 under 7a, 7c and 21, was for the purpose of legalizing existing dry cleaning uses in the four buildings of the above street numbers comprising a plot 100 ft. frontage by 100 ft. 5 in. in depth, in Block 1419, and comprising Lots 10, 11, 12 and 13 occupied throughout by B. J. Denihan, Inc., dyers and dry cleaners. The ownership of the lots is as follows:

- #10—B. J. Denihan, Inc.
- #11—Deborah E. Dumont
- #12—“ “ “
- #13—“ “ “

The record of legality of use is as follows: #10 subject to Certificate of Occupancy No. 15935 issued December 17, 1929 against Alt. Applic. No. 548-1929. This certificate permits use of the 1st and 2nd floor as a dyeing and cleaning establishment. When issued the premises Lot #10 were in a business use district. The certificate was issued for these uses inasmuch as the record in the Fire Department Folder 64E215.09 shows that a permit had been issued

MINUTES

for a dry cleaning establishment on November 15, 1917 with a report indicating prior similar occupancy by others, namely, Monarch Cleaning & Dyeing Co. The building is three stories in height but the third story is not subject to the Certificate of Occupancy above cited. It appears that the third story was added in 1935 under Alt. Applic. 3298 of 1935 and no new Certificate of Occupancy issued. This building was apparently in family ownership since 1915. Lots 11, 12 and 13 were also in the family ownership for various uses for many years, mainly for garage use on the street floors which may or may not accommodate motor vehicles used in the Denihan business; upper stories were used for residence and on Lot 13 upper stories were permitted for factory use in 1930.

While there appears to be no Certificate of Occupancy to permit the spread of the dry cleaning use to Lots 11, 12 and 13 it is apparent that such uses had gradually spread to these buildings and were connected by a conveyor passage permitted by the Department of Buildings under Alt. 1174 of 1947 without benefit of variance for an extension of a non-conforming use. The four lots were located in a business use district from 1916 to 1947 and during those years dyeing and dry cleaning were prohibited uses in a business use district.

At the hearing much was said about a fifth building at 223 East 64th Street in the same or related ownership and also said to be subject to a Certificate of Occupancy for dry cleaning. This assertion was later withdrawn when it was ascertained that the Certificate of Occupancy was not for dry cleaning use. Whether the actual use is lawful is not known as in any event the uses in this building do not relate to the dry cleaning and dyeing which have been allowed to spread through the four buildings under appeal. The records of the Fire Department, Folder No. 64E215.09 indicate application for permit was made October 16, 1915 to carry on the business of dry cleaning with three benzine tanks of 100 gallons capacity each, and permit #19189 was issued November 15, 1917, on the basis of a report of an assistant inspector of combustibles that, "Benjamin J. Denihan now occupies the building, formerly occupied as the Monarch Cleaning and Dyeing Company." This report describes the building as a two story brick building with no cellar and states that the benzine washhouse and dry room are separate one story brick buildings, with concrete ceiling, and that acid mentioned in the application to the Fire Department are used in the wet-wash department on the rear of the grade floor of *main building*.

Report dated January 24, 1945, by Inspector Meyer, of the Division of Combustibles, as a result of a complaint that cleaning fluid was seeping in to the boiler room of 205-209 East 64th Street, describes the premises as 213-215 East 64th Street, consisting of a three story building used as office, receiving, and finishing, a one-story dry cleaning tumbler room, a one-story dry tumbler room, and a boiler room; that there are three 550 gallon buried tanks tested in 1942, that old tanks have been discontinued, that the varnoline is used for dry cleaning; a subsequent report dated August 29, 1945, by Inspector Meyer, as a result of seepage of solvent in the boiler room of adjoining building describes the premises in question as 213-215 East 64th Street; Plumbing Application No. 1891 of 1945 was filed for premises 215-219 East 64th Street and showed that it was proposed to install one 1080 gallon buried varnoline tank to supplant an existing defective tank which was to be discontinued and sealed up; approved Fire Prevention Plan No. 1891 of 1945 indicated the premises to be 75 ft. front, commencing 280 ft. east of 3rd Avenue, consisting of three buildings; tank inspection report dated November 6, 1945, in connection with Plan No. 1891 of 1945 describes the premises as 215-217 East 64th Street. Inspector's report dated July 3, 1946, referred to Permit No. 259867 made out to Deborah Dumont at 217 East 64th Street, and referred also to boiler room located in 215 East 64th Street.

Under date of July 14, 1949, the borough superintendent of the Department of Housing and Buildings requested the Fire Department to inform him if the Shamrock Cleaners,

Inc. at 215-217-219 and 221 East 64th Street used an inflammable type dry cleaning fluid, and as a result of such request a report of an inspector of combustibles dated August 18, 1949 was submitted referring to 215-221 East 64th Street stated that he inspected the premises and found conditions very good and no violations existing, and as a result, the Fire Department replied to the borough superintendent under date of August 26, 1949, relating to 215-221 East 64th Street, that the Fire Department had issued Permit No. 139581, expiring October 6, 1949, as a dry cleaning establishment using inflammable mixtures stored and used in an approved manner; Report dated January 22, 1953 on a telephone complaint of a gasoline odor in the basement of 222 East 64th Street indicated, among other things, that premises 215-221 East 64th Street was occupied by Shamrock and Denihan Cleaners. Inspector's report dated February 5, 1953 indicates the premises to be approximately of the same dimensions as indicated on Fire Prevention Plan No. 1891 of 1945.

An examination of Fire Department Folder 64E217.04 indicates that application was filed March 15, 1933 for use of this building (217 East 64th Street) as a motor vehicle repair shop, which application was disapproved with the result that an application was filed with the Board for a zoning variance under Cal. No. 576-37-BZ, Vol. I, and granted by the Board under Section 21 of the Zoning Resolution to permit the building to be occupied on the ground floor only for light automobile repairing, and under date of January 16, 1939, the borough superintendent advised the Fire Department that Certificate of Occupancy 23615 was issued permitting use of the first floor as an ignition repair shop, and that the premises were occupied in accordance with the Certificate of Occupancy; Fire Prevention Application 1232 of 1944 was approved by the borough superintendent December 11, 1944 apparently to legalize an existing gasoline tank in No. 217 East 64th street; this application describes the building as 25 ft. front, occupied as a garage for two cars. Report dated June 26, 1946 from the Lieutenant of Hook and Ladder Company 16 stated that the premises were used for storage of material for making burlap bags in addition to being operated as a storage garage; this report also stated that the 2nd floor was occupied as offices with the entrance to same through 215 East 64th Street.

It is the recommendation of the Committee that the dry cleaning and dyeing establishment legally existing on the 1st and 2nd stories at 215 East 64th street on lot 10, having been established prior to the enactment of the Zoning Resolution, as extended subsequent thereto, to the new 3rd story of 215 East 64th street and to the adjoining premises on lots 11, 12 and 13, be permitted to be continued for a temporary period and it is therefore recommended that a variance be granted pursuant to the powers vested in the Board by section 7, subdivision c of the zoning resolution, so as to permit the maintenance of the dry cleaning plant on the 3rd story of the building on lot 10 and in the existing buildings on lots 11, 12 and 13 for a term of two years and that the administrative appeal filed with this Board under Cal. No. 809-54-A be withdrawn as to Objection 2 issued by the Borough Superintendent August 31, 1954 on Alt. Applic. No. 888-54, so as to comply with the requirements of the Administrative Building Code by the installation of fireproof, self-closing, opening protective assemblies in the openings in the fire wall between lots 11 and 12, and that the appeal from Objection 1 issued by the Borough Superintendent October 24, 1955 on Fire Prevention Misc. Applic. 1563-55, be granted to permit continuance of the use of a gravity feed tank for the storage of varnoline on the roof in excess of the 110 gallon tank described in the resolution of general approval adopted by the Board under Cal. No. 162-49-SA in connection with the U. S. Hoffman Filpro Still, Model A, on condition that the premises be equipped with such fire extinguishing appliances, devices or equipment as the Fire Commissioner may direct, and that the roof tank for varnoline be vented and maintained to the satisfaction of the Fire Commissioner and

MINUTES

that such tank be used for storage of varnoline to supply the still only and as proposed during not over two days each week.

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c for a term of two years to permit the continuance of the premises as recommended in the report of the Committee on condition that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified by resolution adopted this day under Cal. No. 809-54-A; that the building shall not be increased in height or area; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

809-54-A

APPLICANT—William A. Giesen, for B. J. Denihan, Inc., and Deborah E. Dumont, owners (B. J. Denihan, Inc., and Shamrock Cleaners, Inc., lessees).

SUBJECT—Application September 28, 1954—re Appeal from a decision of the borough superintendent—non fire-proof construction, area excessive.

PREMISES AFFECTED—215-221 East 64th street, north side, 230 ft. east of 3rd avenue, Block 1419, Lots 10-13 inclusive, Borough of Manhattan.

APPEARANCES—

For Applicant: Gilbert Lazerus, William A. Giesen, Robert J. Crinnion and Benjamin J. Denihan.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Appeal granted on condition in part and withdrawn in part.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated August 31, 1954 on Alt. Applic. 888-54, reads:

"2. Proposal to combine the 4 bldgs. N.F.P. construction—area more than 7500 sq. ft.—1 street front—3 story, is contrary to 4.2.1. B.C."

and

WHEREAS, the decision of the borough superintendent dated October 24, 1955 on F.P. Misc. Applic. 1563-55, reads:

"1. The use of a gravity feed tank for the storage of varnolene in excess of 110 gallons, used to feed a "U.S. Hoffman Filpro Still—Model A" is not covered by Resolution of the Board of Standards and Appeals Cal. No. 162-49-S.A."

and

WHEREAS, the applicant states that the premises consists of four 25 ft. lots each 100.42 ft. in depth, located in a residence use, B area, class 1½ height district, upon which there exists a series of buildings 1, 2 and 3 stories, 15, 22, 36 and 39 ft. in height; that each building is 25 ft. front by 65 ft. and 100 ft. irregular in depth, of class 3 construction; that No. 215 East 64th street was erected in 1878 and No. 217 East 64th street was erected in 1884; that the present use has existed since 1943 and consists of 1st floor—

stores, factory, boiler room and storage, 20 persons; 2nd floor—factory and office, 21 persons; 3rd floor—factory and storage, 41 persons; that it is now proposed to combine all 4 buildings into a single building 100 ft. front by 65 ft. and 100 ft. irregular in depth, of class 3 construction, and to use and occupy the building upon completion of alteration as follows: stores, factory, boiler room and storage, 20 persons; 2nd floor—factory and office, 21 persons; 3rd floor—factory and storage, 41 persons; and

WHEREAS, the applicant contends as to objection 2 issued by the borough superintendent August 31, 1954 on Alt. Applic. 888-54, that the combined buildings on the 1st floor occupy 9,000 sq. ft. and on the 2nd floor 4,660 sq. ft., and on the 3rd floor 3,860 sq. ft.; that the uses which have been classified as manufacturing uses are confined on the 1st floor to an area of 50% of the area of the plot, on the 2nd floor to an area of approximately 15% of the area of the plot and on the 3rd floor to approximately 15% of the area of the plot; that the combining of the buildings without fire walls will provide safer exit facilities for the present type of occupancy than if a fire wall were constructed; and

WHEREAS, the applicant contends as to the decision of the borough superintendent dated October 24, 1955 on Misc. F.P. Applic. 1563-55 that this application was filed to clarify the record concerning the circulation and storage of cleaning solvent on the premises; that the fire department records and more specifically the buried storage tanks located on the premises, was misleading as to the number and location of tanks; that in the examination of the application the only objection issued by the borough superintendent was to the use of a gravity feed tank in excess of 110 gallons which was not covered by the resolution of the Board under Cal. No. 162-49-SA granting general approval to the use of the equipment; that the resolution adopted by the Board under Cal. No. 162-49-SA does provide for discharge from the stills to an above ground tank, and it is therefore contended that the use of the above ground feed tank located as it is would not be inconsistent with the intent of the Board's resolution although not specifically provided for therein; that the tank in question is not maintained full or partly full but is used periodically when it becomes necessary to remove from the solvent by distillation impurities which cannot be removed by filtration; that when this operation is necessary (bi-weekly) solvent from the underground storage tanks is pumped to the roof tank to provide a controlled feed to the still; that at all times other than when the still is in operation this tank is maintained empty; and

WHEREAS, the applicant therefore requests that the Board permit the use of the tank in question although not specifically provided for in the resolution adopted by the Board under Cal. No. 162-49-SA granting a general approval of the equipment; and

WHEREAS, the premises were inspected by members of the Board in conjunction with Cal. No. 576-37-BZ—Vol. II.

Resolved, that the borough superintendent dated October 24, 1955, on Fire Prevention Misc. Applic. 1563-55, Objection No. 1, be and it hereby is modified and that the appeal be and hereby is granted to permit the continuance of the roof storage tank for varnolene as recommended by the report of the Committee on condition that such tank is vented; that such tank is maintained to the satisfaction of the Fire Commissioner; that the tank is used only for storage of varnolene in connection with the still installed on the premises; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day by resolution adopted under Cal. No. 576-37-BZ, Vol. II; and that such fire fighting equipment shall be maintained as the Fire Commissioner shall direct, and as to Alt. Applic. 888-54, Objection No. 2, dated August 31, 1954, be, and it hereby is withdrawn to comply.

446-53-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Fulton Reid Realty and Holding Corporation, owner.

MINUTES

SUBJECT—Application reopened September 20, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a local retail use district, the extension of the existing structure for use as meat processing, cooler, storage plant, offices and dressing rooms. The proposed extension exceeds the area permitted in a C area district. PREMISES AFFECTED—70-76 Marion street and 349-359 Reid avenue, southeast corner and 1755-1763 Fulton street, Block 1695, Lots 1 and 4, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 20, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on January 24, 1956 after due notice by publication in the Bulletin; Laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Fulton street are in a local retail use, C area, class 1 height district; Reid avenue is in local retail and business use, C area, class 1 height districts; Marion street is in local retail, business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 21, 1955 acting on Alt. Applic. 1084-53, reads:

"1. The extension of the existing structure located in a local retail district for use as meat processing cooler storage, offices and dressing rooms is contrary to the Zoning Res., Art. II Sect. 4-C.

2. The proposed extension exceeds the area permitted in a "C" area district by Sect. 13 of the Zoning Res." and

WHEREAS, the applicant states that the premises consist of a plot 100 ft. frontage by 129 ft. 7 in. in depth, irregular, on which is located a 3-story building of class 3 construction; that it is proposed to carry out all of the work and uses granted under Cal. No. 446-53-BZ and in addition demolish the present two story frame dwelling on Marion street and erect a new one story extension of class 3 construction, having a frontage of 25 ft. on Marion street and a depth of 70 ft., said extension to be used for the cooking and smoking of meats in connection with the present allowable processing of meats in the present building; and

WHEREAS, the applicant states that as of July 25, 1916 the site was in a business use district and received its present local retail use designation on July 9, 1951; that the premises are presently developed with a one story building of class 3 construction facing on Marion street, having a frontage of 25 ft., used as a garage for five cars and erected under N.B. Applic. 9587 of 1922 and certificate of occupancy No. 17151; that the Marion street frontage is also developed with a two story dwelling of frame construction, with a frontage of 25 ft. and a depth of 35 ft.; that the one story building of class 3 construction, having a frontage of 25 ft. 7½ in. facing on Fulton street, was altered under Alt. Applic. 362-49 and certificate of occupancy No. 134857 was issued for a bar and grill; that the one story building of 50 ft. frontage, class 3 construction, on the corner of Marion street and Reid avenue was erected under N.B. Applic. 3916-22 and certificate of occupancy No. 16947 was issued for a meat cooler; that the three 2-story frame buildings with a frontage of 51 ft. 3 in. on Fulton street and 44 ft. 10¼ in. on Reid avenue were altered under Alt. Applic. No. 3596-22 and certificate of occupancy No. 3504A was issued for a store; that certificate of occupancy No. 134857 was issued March 2, 1953 under Alt. Applic. No. 362-48 for a bar and grill and cabaret on the 1st floor; that under

Cal. No. 446-53-BZ the Board granted a variance permitting the demolition of the three frame buildings in the corner of Fulton street and Reid avenue, the erection of a new class 3 building in its place, two stories in height, with a frontage of 51 ft. 3 in. on Fulton street and 44 ft. 10¼ in. on Reid avenue; that this variance permitted the entire 1st floor and cellar to be used for storage, cooling and processing of meat and the 2nd floor for offices, toilets and locker rooms; that this variance covered a site having a frontage of 75 ft. on Marion street, 129 ft. 7 in. on Reid avenue and 76 ft. 10⅛ in. on Fulton street; that the present application covers a frontage of 100 ft. on Marion street, 129 ft. 7 in. on Reid avenue and 76 ft. 10⅛ in. on Fulton street, so that the new application has a site covering an additional 25 ft. of frontage on Marion street and an additional present two story frame dwelling; and

WHEREAS, the applicant contends that the present storage, cooling and processing of meat is a legal use on the corner of Marion street and Reid avenue and it is requested only that this use be extended into the new extension; that the new extension will not have any openings in the lot line walls so that the adjoining premises cannot be affected; that therefore, as proposed, the entire cellar and 1st floor will be used for meat processing, cooler storage and storage and the 2nd floor for offices, toilets and locker rooms; that under the first variance of the Board under Cal. No. 446-53-BZ, the open area, after demolition of the three frame buildings on the corner of Reid avenue and Fulton street, had an area of 2,650 sq.ft. and the shipping section had an area of 960 sq.ft., making a total of 3,610 sq.ft.; that the allowable coverage was 70% of 3,610 sq.ft. or 2,527 sq.ft. and as the proposed extension at the corner of Reid avenue and Fulton street was 2,650 sq.ft., the proposed building exceeded the allowable coverage by 123 sq.ft.; that as above described, it is still proposed to build this extension; that under this new application the additional 25 ft. lot on Marion street with a depth of 70 ft. has an area of 1,750 sq.ft. after demolition of the present frame building; that the proposed extension under this application will have a frontage of 25 ft., a depth of 70 ft. and therefore an area of 1,750 sq.ft.; that the allowable coverage of 70% of 1,750 sq.ft. equals 1,225 sq.ft. so that the proposed coverage exceeds the allowable by only 525 sq.ft.; that the original excess area of 123 sq.ft. granted under the first variance and the proposed excess of 525 sq.ft. together only total 648 sq.ft. and the leaving of said area open, would be of no benefit to the block or the site in question; that the removal of the present frame buildings and their replacement with new brick buildings of class 3 construction, modern in design, will go far towards reducing a fire hazard and will improve the appearances of the community; and

WHEREAS, the applicant states that the present owner has held title to lot 1 since November 27, 1951 and to lot 4 since June 22, 1955; that the assessed valuation of land is \$36,825 and of the building \$31,175 making a total of \$68,000; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 12, 1954 by adding thereto:

"that in the event the owner desires to extend the building, as proposed and shown on plans filed with this application, marked "Received August 8, 1955". 13 sheets, and "January 23, 1956", 1 sheet, such extension on lot presently numbered 4 may be permitted as shown on such plans and for the use proposed, on condition that in all other respects the resolution above cited shall be complied with; that such extension shall in all other respects comply with all laws, rules and regulations applicable thereto; that there shall be no windows in the walls facing east or south; that connections between this extension and the existing building shall have approved fire doors; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

285-55-BZ

APPLICANT—John J. Tricarico, for Nick Pitta, owner.
SUBJECT—Application April 7, 1955—(decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, motor vehicle repair shop and to permit the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—1777-1783 McDonald avenue, east side, 170 ft. 8½ in. north of Avenue P, Block 6608, Lot 64, Borough of Brooklyn.

APPEARANCES—

For Applicant: John J. Tricarico.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 24, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, McDonald avenue and Avenue P are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 28, 1955 acting on N.B. Applic. 451-55, reads:

"1. Proposed building and premises, in a Business zone, to be used for gasoline service station, automobile repairs (minor), car washing, lubritorium, office, sales and storage (accessories) and parking and storage for more than 5 motor vehicles is contrary to Article II, P. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage by 100 ft. in depth, and which is now occupied as an open parking and storage for more than five motor vehicles granted under certificate of occupancy No. 131709-52; that it is proposed to secure a variance for a period of 15 years in order to erect a modern gasoline service station consisting of twelve 550 gallon gasoline storage tanks and four dispensing pumps; that the proposed accessory building, having a frontage of 63 ft. and a depth of 28 ft., one story in height, of class 3 construction, will contain the conjunctive uses of lubrication, car wash, minor auto repairs, office and sales and storage; that a portion of the site will be reserved for the open parking and storage of motor vehicles; that the proposed accessory building will be of brick construction highly modern in design and do much towards improving the appearance of the community; that a 5 ft. wide and 10 ft. wide planted area to be maintained on all lot lines will afford additional permanent light and ventilation to adjoining premises to the south, act as a buffer and tend to maintain the proposal in a modern manner; that the proposed space to be maintained for the parking and storage of motor vehicles, which is a permissible use in the business zone, will help alleviate the parking situation in the affected area; and

WHEREAS, the applicant contends that although the site is in a business zone, the noisy elevated railroad which darkens McDonald avenue does not render the street suitable for business use; that McDonald avenue, although zoned for business, has lost its business character at this point due to the commercial type buildings; that there is a sub-station located on both sides of McDonald avenue between Avenue O and Avenue P, and that there are other non-conforming buildings on the same street; that McDonald avenue is a main auto lane and as such, the proposal is entirely in keeping at this point; that he has tried to operate the premises for more than four years as an open parking lot for more than five motor vehicles with-

out financial success as the land is high in assessed value and it is mandatory that it be developed with a use in keeping that would render the owner an equitable return on his investment and enable him to continue to pay city taxes so that he may retain ownership and not have the premises returned to the city, from whom he purchased; and

WHEREAS, the applicant states that the present owner has held title to the property since March 5, 1950; that the assessed valuation of land is \$4,500 and of the building \$500 making a total of \$5,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f, for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received April 7, 1955", 3 sheets and "December 22, 1955", 1 sheet, on condition that all buildings and uses now on the premises shall be removed and the premises constructed and arranged as indicated on such plans; that the accessory building shall be face brick on all sides and may have aluminum trimmings, of the arrangement and location proposed, with no cellar and in all other respects comply with all requirements of the Building Code; that the toilets shall be so arranged as not to have doors contiguous; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line of McDonald avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved storage tanks; that on the interior and rear lot lines there shall be constructed and maintained a masonry and steel picket fence meeting the detail shown, constructed with a masonry base of approximately 2 feet with steel pickets above to a total height of not less than 5 ft. 6 in. and with substantial terminating posts; that curb cuts shall be restricted to two, each not over 30 ft. in width with no portion of any curb cut nearer than 5 feet to a lot line as prolonged; that planting shall be maintained as proposed with suitable planting material and with concrete protecting curb as indicated along the side lot lines and along the rear; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the globes of the pumps, excluding all roof and temporary signs but permitting the erection within the building line of a post standard to support a sign which may be illuminated, advertising only the brand of gasoline sold and permitting such sign to extend beyond the building line not more than 4 feet; that there shall be one such sign only, which shall be erected so as not to be contiguous to adjoining premises; that under section 7i for a similar term there may be repairing with hand tools only, maintained solely within the accessory building and only for adjustments; that under section 7h for a similar term there may be parking and storage of motor vehicles, provided same does not interfere with the service of the station; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

457-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Morton Linzer and Irving Perelstein, owners.

SUBJECT—Application June 8, 1955—(decision of the borough superintendent) under sections 7f, 7i, 7h and 7e of the zoning resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles.

PREMISES AFFECTED—163-01 to 163-19 (163-05 official) Rockaway boulevard, 165-01 to 165-15 146th avenue, northeast corner and 165-02 to 165-10 145th drive, Block 13295, Lot 1, Springfield, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 31, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 145th drive are in retail and residence use, D and E-1 area, class $\frac{1}{2}$ height districts; Rockaway boulevard is in a retail use, D and E area, class $\frac{1}{2}$ height district; 146th avenue is in retail, residence and manufacturing use, D and E-1 area, class $\frac{1}{2}$ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 1, 1955 acting on N.B. Applic. 1286-55, reads:

"1. The use of the premises as a gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles which is partly in a Residence Use District and partly in a Retail Use District is contrary to Article II, Sec 3 and Art. II, Sec. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 195.05 ft. frontage by 142.09 ft. in depth, irregular, presently vacant; that it is proposed to secure a variance for a term of 15 years in order to erect a modern gasoline service station consisting of twelve buried gasoline storage tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, with a frontage of 62 ft. and a depth of 27 ft. and will contain the conjunctive uses of lubritorium, minor auto repairs, car wash, office and sales; that a portion of the open site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant states that the part of the premises within 100 ft. of Rockaway boulevard is in a retail use district and a class D area district and the balance of the site is in a residence use district; that the entire site is in a class $\frac{1}{2}$ height district; that as of July 25, 1916 the entire site was in an undetermined use district, class D area district and class 1 height district; that part of the site within 100 ft. on Rockaway boulevard was placed in a business use district on December 2, 1942 and the balance of the site in a residence use district; that the present use designation became effective on January 21, 1947; that as of March 2, 1942 the present height designation became effective and as of June 30, 1952 the present area designation became effective; and

WHEREAS, the applicant contends that the proposed building will be modern in design; that Rockaway boulevard is a main auto lane leading across Queens and as such the proposal is entirely in keeping at this point; that within the affected area most of the affected property on the south side of 146th avenue is in an unrestricted zone; that all of the property opposite the site on the west side of Rockaway parkway is in an undetermined zone, that in the retail district, within the affected area, block 13281, lots 1 and 6 are developed with gas stations and therefore the proposal, with non-conforming uses to the west, north and south, is entirely in keeping; and

WHEREAS, the applicant states that the present owner has held title to the property since August 3, 1954 and that the assessed valuation of land is \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7f and 7e for a term of fifteen years, to permit the premises to be occupied as proposed, as a gasoline service station and accessory uses, substantially as proposed and as indicated on plans filed with this application, marked "Received June 8, 1955", 2 sheets and "February 14, 1956", 1 sheet, on condition that all buildings and uses on the premises shall be removed and the premises leveled substantially to the grade of Rockaway boulevard and arranged as indicated on such plans; that the accessory building shall be face brick on all sides, without cellar and arranged and designed as shown on such plans; that doors to toilet rooms shall be arranged so as not to be contiguous; that pumps shall be not nearer than 15 ft. to the street building line and of a low approved type; that gasoline storage tanks shall be limited to twelve approved 550 gallon tanks; that curb cuts shall be limited to three, each 30 ft. in width, located where shown on Rockaway boulevard, and one curb cut not over 20 feet wide within the first 25 feet of the intersection on 145th drive and a similar curb cut on 146th avenue; that on the rear and side lot lines to the east and on the street lines of 145th drive and 146th avenue to a point within approximately 5 feet of the curb cut, there shall be erected a masonry curbing not less than 2 feet in height with steel pickets erected thereon to a total height of 5 ft. 6 in.; that suitable masonry posts shall be erected at the terminal points of such fence; that planting shall be maintained in the areas shown, of suitable planting material and properly protected with concrete curbing; that the balance of the premises where not occupied by accessory building, pumps and planting shall be paved with concrete or asphaltic paving; that the sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the borough president; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof and temporary signs, but permitting the erection within each intersection of a post standard to support a sign advertising only the brand of gasoline sold; that such sign may be illuminated and may extend beyond the building line not over 4 feet; that within such intersections there shall be erected a block of concrete not less than 12 in. in height, extending for at least 5 feet in each direction; that no portion of any curb cut shall be nearer than 5 feet to a lot line as prolonged; that under section 7i for a similar term, there may be repairing with hand tools only for adjustment maintained within the accessory building; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; that under section 7h for a similar term, there may be parking of cars, provided such parking does not interfere with the servicing of the station; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 31, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 222nd street, 223rd and 39th avenue are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated July 5, 1955 acting on Alt. Applic. 2207-54, reads:

"13M. Proposed conversion from private dwelling to multiple dwelling in a G-1 area district, Residence use district, is contrary to Art. II, Sec. 3(1) and Art. IV, Sec. 16-C, Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot 120.22 ft. frontage by 200 ft. in depth, on which is presently located a one family residence, 26 rooms, 2 and 3 stories in height; that it is proposed to change use of present building to an 8-family, class A multiple dwelling of class 3 construction with 23 ft. 9 in. frontage 124.5 ft. in depth, of 2 and 3 stories, 25 ft. and 35 ft. in height; and

WHEREAS, the applicant states that as of July 25, 1916 the property referred to was in a D area district and a one times height district; that the present height designation became effective on December 19, 1938; that the property referred to was placed in an F area district on December 19, 1938 and the present G-1 area designation became effective on October 29, 1954; that the use designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the premises are presently improved with the Kouwenhoven estate house consisting of a 26-room mansion, two and three stories in height, erected about 1822; that this was a part of the property purchased by the present owner on June 28, 1954 for the sum of \$60,000, for the purpose of subdividing the vacant land, erecting 12 one-family dwellings and converting the mansion into a multiple dwelling; that this fact was made known to the Dayton agency who brought about the sale and to the seller at the time of negotiations and contract; that this fact was also made known to the public by press releases in the Long Island Star Journal and the New York Times on July 10 and July 18, 1954; that prior to negotiations and purchase, the present owners consulted their architect and the department of buildings of the Borough of Queens who advised them that the construction of the mansion would permit its conversion into a multiple dwelling and that this would be permissible under the zoning law; that the owners relied on these facts in making the purchase and in paying the sum of \$60,000; that immediately after the said purchase, the owners commissioned the architect to prepare plans for the new buildings and for the alteration to convert this building; that plans for the proposed alteration were filed with the department of buildings on September 8, 1954 and, in spite of the continual effort for the department to act upon these plans, it was not until October 22, 1954 that the plans were examined by the multiple dwelling division of the department of buildings; that examination by the Construction division of the department of buildings was even further delayed until October 27, 1954; that on October 29, 1954 the plans were approved by the multiple dwelling division, and the plans were never approved by the construction division as it was claimed by the department that the zone had changed and plans could not be approved; and

WHEREAS, the applicant contends that it is a fact that it took almost 7 weeks for plans to be examined by the department of buildings; that the proposed change of use to

an exclusive 8-family multiple dwelling will not alter the outward appearance of the mansion to any appreciable degree and the building would continue to appear attractive, well-kept and harmonious to the neighborhood; that to deny this change would constitute a serious deprivation of the owners' rights and use of their property for the purposes for which it was purchased; that the mansion is so large and expensive to conduct as a one family home that it is not consistent with modern living and can only be occupied by an extremely wealthy family and its sale, therefore, by the owners as a one family house is practically impossible and an attempt to absorb the cost of same would jeopardize the entire project and render it an undue hardship; that if the mansion cannot be converted, it would by necessity remain vacant and eventually become an abandoned house and an eye-sore in the community, as the cost of demolition is such that it would be economically unsound to tear it down for the purpose of constructing smaller one family houses; and

WHEREAS, the applicant states that the present owner has held title to the property since June 28, 1954; that the assessed valuation of land is \$25,000 and of the building \$18,500 making a total of \$43,500; that the building was erected in 1822; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which studied the area and also took into account the fact that if the house were removed, the premises could be developed with private houses, which in the opinion of the committee would be more appropriate for the area than the development of this house into a multiple dwelling, as proposed; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 2207/54, Objection No. 13M, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

657-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Pietro Ventola, owner.

SUBJECT—Application August 8, 1955—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use D area district, the extension of restaurant, bar, cabaret, parking of more than 5 cars, and 1 family residence into the residence use district exceeding permissible coverage and without the required rear yard.

PREMISES AFFECTED—1012-1022 Ralph avenue, west side, 80 ft. south of Snyder avenue, Block 4731, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 7, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Ralph avenue and Snyder avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 2, 1955 acting on Alt. Applic. 2360-55, reads:

"1. Extending business use in a residential use district is contrary to Art. II Section 3 of the zoning resolution.

MINUTES

2. Area of new extension will exceed permissible area under section 14 Art. IV of zone resolution.

3. Rear yard required as per section 17 Art. IV zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 95 ft. frontage by 100 ft. in depth; that as of July 25, 1916 the premises were in a business use district and received its present use designation on January 18, 1951; that the premises are presently developed with a building at the northerly end, of class 3 construction, two stories in height, having a frontage of 20 ft. and a depth of 60 ft. 2 in. and a one story extension at the rear having a width of 20 ft. and a depth of 39 ft. 10 in.; that the building was erected before 1936 and altered under Alt. Applic. No. 2468-36 and certificate of occupancy No. 113593-A; that at the time of this alteration the premises were part of lot No. 39 and the location as shown in the certificate of occupancy is for said lot which starts 45 ft. south of Snyder avenue and formerly had a frontage of 60 ft. on Ralph avenue in lieu of its present 35 ft.; that the 1st floor of the premises is occupied as a restaurant, bar and cabaret and the 2nd floor as a one family dwelling; that part of the premises, for a distance of 40 ft., south of the present building, is used for the parking of more than five motor vehicles and was installed under Alt. Applic. No. 4799-48 and certificate of occupancy No. 123259; that it is proposed to erect a new one story extension having a frontage of 70 ft. and a depth of 60 ft., of class 3 construction; that the proposed extension will be used for an extension of the present legal use of restaurant and cabaret and the present bar use will be continued in the present building; and

WHEREAS, the applicant contends that inasmuch as the present uses are legal, it is only requested that said uses be extended; that the open area at the front of the site will be used for the parking of patrons' cars with no fees being charged therefor; that the parking area to be provided will avoid any undue parking condition to affect the area; that although Ralph avenue is zoned for residence use, the present stores on lots 37 and 1 of block 4731 and the present legal use of restaurant, bar and cabaret and the parking of more than five motor vehicles on the site in question, have removed a strict residential aspect of Ralph avenue and renders the proposal entirely in keeping; that the site is adjoined at the rear by three private garages on lots 28, 30 and 31 so that the leaving of a rear yard would be of no benefit to the adjoining lots or the block; that the present building on the site now legally extends to the rear lot line so that a continuation of the building at the rear lot line will not affect the block any more than the present extension; that lot 39 adjoining to the north is owned by the owner of the site in question so that said lot is not affected; that the open part of the site now has an area of 7,500 sq. ft.; that the permitted building area is 4,125 sq. ft.; that the proposed building area is 4,200 sq. ft. so that the proposal exceeds the allowable by only 75 sq. ft., and as the open area will be maintained at the front of the lot, the adjacent owner of lot No. 45 would receive greater benefits from the proposal than if a smaller building were erected and the open area maintained at the rear of the site; and

WHEREAS, the applicant states that the present owner has held title to parcel A since November 5, 1945 and to parcel B since December 15, 1954; that the assessed valuation of land is \$10,000 and of the building \$12,000 making a total of \$22,000; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to

grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 2360-55, Objection No. 1, 2 and 3 be and it hereby is affirmed and that the application be and it hereby is denied.

714-55-BZ

APPLICANT—Henry George Greene, for Joseph Eisner and Joseph I. Lubin, co-partners, owners (Bres Realty Co., lessee.)

SUBJECT—Application September 15, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a manufacturing and restricted retail use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—329-331 East 46th street, north side, 275 ft. west of 1st avenue, Block 1339, Lots 14, 15 and 16, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy and Peter J. Bresciani.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in manufacturing and restricted retail use, B area, class 1½ height districts; East 46th street is in restricted retail and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 30, 1955 acting on Alt. Applic. 911-55, reads:

2. Proposed parking and storage of more than 5 motor vehicles in Restricted Retail use district is contrary to Section 4-B(i) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. 5 in. in depth, irregular, presently used for the parking and storage of more than five motor vehicles; that it is proposed to maintain existing parking lot for the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states that this is an application for a variation of section 4-B(i) of the building zone resolution under section 7(h) to permit in a restricted retail district the extension of an automobile parking lot; that this area was formerly zoned unrestricted and was changed to manufacturing and restricted retail on May 5, 1947; and

WHEREAS, the applicant contends that the present parking lot is a well kept, graded lot, neatly fenced, occupying 25 ft. along East 46th street and extending in depth 100 ft. 5 in.; that the adjoining lot which extends 25 ft. along East 46th street and also extends 100 ft. 5 in. in depth, is irregularly shaped at the rear, so that it is 50 ft. in width at the rear lot lines; that no matter how often this lot is cleaned, some one is continually dumping junk and refuse upon it; that East 46th street, between First and Second avenues, is an industrial and business street largely taken up by storage warehouses, garages, small stores and other business uses; that there are some dwelling units but these are minor compared with other uses in this block; that there is a real need for additional parking facilities since all parking lots in the general neighborhood are filled early in the morning and stay that way until well into the night; that

MINUTES

the extension of the present parking lot will be a definite improvement since, graded for parking and properly fenced, the lot can be well kept; that there can be no harm to the neighborhood or surrounding buildings; that the building to the east presents a blank wall alongside the lot and the building to the west also presents a blank wall along the lot already in operation; that there is a high concrete wall to the rear of the lot with nothing above it; and

WHEREAS, the applicant states that the present owner has held title to the property since March 1946 and that the assessed valuation of land is \$79,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the portion of the plot not already occupied for parking under approval by the Department of Buildings, to be occupied for the parking and storage of motor vehicles in conjunction with the portion now being occupied, as shown and as proposed on plans filed with this application marked, "Received September 15, 1955" (3 sheets) and "February 1, 1956" (one sheet) *on condition* that all uses that may exist on this portion shall be removed; that the premises shall be levelled substantially to the grade of East 46th street; that the premises shall be maintained as proposed and as indicated on such plans; that there shall be erected on the interior lot lines, where walls of adjoining buildings do not occur, a woven wire fence of the chain link type not less than five feet six inches in height; that the existing wall between this portion of the plot and westerly portion, now used for parking, may be removed; that there shall be no additional curb cuts to East 46th Street other than the one now existing, as shown; that all permits shall be obtained, including a Certificate of Occupancy for the entire premises, and all work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 1:15 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MARCH 6, 1956, 2 P. M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

685-54-A

APPLICANT—Samuel Rosenblum, for Falstaff Realty Inc., owner.

SUBJECT—Application August 12, 1954—re Appeal from a decision of the borough superintendent—egress.

PREMISES AFFECTED—64-66 Nassau street, east side, 52 ft. 6 in. south of John street, Block 67, Lot 25, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum, Seymour Cohn, Allan Greenberg and Willard Bick.

For Administration: Samuel L. Becker, Dep't of Buildings

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent

dated August 5, 1954, on amendment to Alt. App. 137/54 reads:

"3. Means of egress should comply with Section 271 of the Labor Law including cellar."

and

WHEREAS, the applicant states the building is 5 stories, 57 ft. 2 in. in height, 52 ft. 10½ in. by 99 ft. 8¼ in. in area, of Class 3 construction, erected prior to 1877, on a lot 52 ft. 10½ in. by 99 ft. 8¼ in. deep, in an unrestricted use, B area, Class 2 height district; used and occupied since 1920: Cellar—storage of merchandise for store tenants, 1 person; 1st floor—retail stores, 15 persons; 2nd floor—sales, jewelry supplies and stationary, 15 persons; 3rd floor—engravers jewelry manufacturing, 9 persons; 4th floor—watch dial, jewelry manufacturing and platers, 20 persons; 5th floor—jewelry manufacturing and repairs, 18 persons. No change in use or occupancy is now proposed. The building is provided with an approved interior fire alarm system and regular monthly fire drills are maintained. There is one interior 3 ft. 8 in. wide fireproof stairs from roof bulkhead direct to street and one exterior stairs on rear extending to roof by stair with egress from lowest termination through fireproof passageway; window and door openings on course of same are fireproof, self-closing; and

WHEREAS, Certificate of Occupancy #2800/21 issued on Alt. App. 1339/20 permits the following use and occupancy: Cellar—restaurant, 75 persons; 1st floor—store, 30 persons; 2nd and upper floors—factory, 30 persons each floor; and

WHEREAS, the applicant contends the building was the subject of an extensive alteration in 1920 when the exits were altered substantially to comply with the Labor Law and the building has been occupied for a factory prior to that time; that a fireproof enclosed stairway was erected in 1920 from street to roof and an exterior screened stairway provided in the rear with fireproof openings on its course and a fireproof passageway at 2nd story and stair connecting to main entrance hall; that upon completion of such alteration, certificate of occupancy #2300/21 was issued; that the actual occupancy of the building is less than the 30 persons per floor permitted by the certificate; that the actual occupancy is less than that permitted by the interior stairs alone; that the floors are divided into individual rooms similar to an office occupancy; that the exterior stair is readily available where any part of the floor is occupied; that the rear exit is indicated by signs and lights and additional measures will be taken to assure access to same if the Board so directs; and

WHEREAS, the applicant contends as to the cellar, that at one time there was a restaurant in the cellar which has been replaced by retail stores and each store has a cellar stairway in the rear leading to the cellar; that no factory work is conducted there; that the cellar portion occupied by the owner has a direct stair to main hall and no one is regularly employed in that portion; that no boiler room is maintained; that it is therefore requested that the Board accept the existing exits for the cellar in view of the light occupancy, the small area and the fact two substantial exits are provided for the balance of the building and in view of the difficulty in making any change and the the certificate of occupancy was formerly issued for factory purposes; and

WHEREAS, under Cal. No. 311-30-S an appeal was denied from an order requiring passageways 3 ft. in width for egress to the rear exits; and

WHEREAS, the applicant states the order was the subject of action by the Board under Cal. No. 311-30-S has not been complied with but it is now proposed on the 3d, 4th and 5th floors to comply with the requirements thereof; and

WHEREAS, the applicant states on the 3d, 4th and 5th floors it is proposed to cut away space in the northerly office and provide a hallway leading to the exterior stairs, thus making such stairs available without going through any other subdivisions or offices; that this passageway will be open at all times; that on the 2nd floor there is direct egress available to the firepassage and stair that leads from the exterior stairs to the main hallway on the first floor; that

MINUTES

a new fireproof self-closing door to stairhall will be provided on the 2nd floor; and

WHEREAS, the applicant states the work now proposed is practical compliance with the requirements of the order in Cal. No. 311-30-S as it will provide two means of egress for the upper floors; that the first floor is used for retail stores; that the cellar has no boiler room and is merely used for storage space for the store tenants; that each store has a small accommodation stair at the rear for its own storage space; that no one is employed in the cellar and no factory work is done in cellar or on the first floor; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to Alt. App. 137/54, Objection No. 3 and that the appeal be and it hereby is *granted, on condition* that the means of exit shall be as proposed and shown on plans filed with this appeal, marked "Received August 12, 1954", (5 sheets) and "December 29, 1955", (2 sheets); that as proposed there shall be a passageway on each floor leading directly through an outwardly swinging door to the exterior fire stair with exit through a fireproof passage to the primary means of exit leading to Nassau street; that the building shall not be increased in height or area; that in all other respects the building shall comply as to structure and occupancy with all laws, rules and regulations applicable thereto; that the cellar shall be used as proposed for storage space in connection with the retail stores on the street floor and that each such store shall have accommodation stair to its storage space; and that direct means of exit from the cellar shall be maintained as shown.

872-55-A

APPLICANT—Jacob Jancourtz, for Bessie and Frances Schwartz, owners.

SUBJECT—Application November 4, 1955—filed pursuant to section 310 of the Multiple Dwelling Law for variation of sections 212 and 27 of the Multiple Dwelling re legal yard.

PREMISES AFFECTED—700 Columbus avenue, northwest corner of West 94th street, Block 1225, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph List and O. E. Kurth.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connolly..... 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 11, 1955, and redated October 27, 1955, on amendment to Alt. App. 1025/55, reads:

"A.1. Reconsideration denied. Provide a legal yard at the rear of the building as per 212 and 27 of the M.D. Law. Note Violation #15 pending in the Division of Housing."

and

WHEREAS, the applicant states the building is 4 stories, 47 ft. 6 in. in height, 22 ft. 1/2 in. by 62 ft. in area, erected in 1885 of Class 3 construction on a lot 22 ft. 1/2 in. by 62 ft. in area in a business use, B area, class 1 1/2 height district; used and occupied since erection as an old law tenement (Class A multiple dwelling) as follows: Cellar—boiler room and storage; 1st floor—store; 2nd, 3rd and 4th floors—one apartment per floor. No change in use or occupancy is now proposed. The building is provided with one interior 2 ft. 8 in. wide wood stairs with iron railings, en-

closed with fire-retarded partitions, equipped with wood, self-closing doors, leading direct to street and provided with ladder and scuttle to roof and one fire escape on the 94th street front extending to street by ladder; and

WHEREAS, Violation was issued July 13, 1949, Item 15, Case #8971-49 that there was no yard at rear of building and that such a yard should be provided in accordance with Section 212 of the Multiple Dwelling Law; and

WHEREAS, in Magistrate's Court in Manhattan a summons for violation of Section 212 of the Multiple Dwelling Law was withdrawn without prejudice March 9, 1953; and

WHEREAS, the indexed record in the Department of Buildings indicates that under N.B. App. 74/85 an application was filed to erect the building in question on the northwest corner of Columbus Avenue and West 94th street on a lot 22 ft. by 62 ft. in area and there is no further record in the department of such premises; and

WHEREAS, the applicant states the building was erected under N.B. App. 74/85 for store on the first floor and one apartment on each of the 2nd, 3rd and 4th floors; that under Alt. 2979/34 the then owners also owned the adjoining property at 702-704 Columbus avenue and erected a one story brick building at the rear of No. 700 Columbus avenue which covered the rear yard of #700 Columbus avenue and the rear of 702 Columbus avenue and part of the rear yard of 704 Columbus avenue; that this one-story building had a frontage of 38 ft. on 94th street and was 45 ft. in depth and contained 3 stores; that a new fire escape was erected on the 94th street side of 700 Columbus avenue under that Alt. App. 2979/34; that the 1-story brick building erected under said application replaced a one-story building which had previously existed since 1915; and

WHEREAS, the applicant contends that in view of the fact the premises at 700 Columbus avenue and the one-story building in rear thereof were always in one ownership, such one-story building constituted a yard for 700 Columbus avenue within the meaning and intent of Section 212 of the Multiple Dwelling Law; and

WHEREAS, the applicant states that on January 5, 1949 the present owner acquired the property after a title search which disclosed no pending violations; that after recording the deed it was reported to the Tax Department for the purpose of the premises apportioned and the owner was thereafter notified by the Department of Buildings that a violation of Section 212 of the Multiple Dwelling Law existed in that the premises 700 Columbus avenue did not have a required rear yard; that subsequently the present owners instituted an action for the declaration of an easement in their favor with respect to the adjoining property at 103 West 94th street and in such proceeding upon the hearing of testimony by the Chief Inspector of the Department of Buildings that this Board was empowered to grant relief pursuant to Section 310 of the Multiple Dwelling Law, a decision was rendered dismissing the complaint in view of the testimony by the Chief Inspector that if an easement were granted, the Department would not recognize it, and the court indicated that the proper remedy of the present owners would be to apply to the Board of Standards and Appeals for a variance pursuant to Section 310 of the Multiple Dwelling Law; and

WHEREAS, the applicant contends that all living rooms in the apartments on the 2nd, 3rd and 4th floors have windows opening onto the street to provide legal light and ventilation except the kitchens at the rear of the apartments which have windows opening on the former yard; that the owner proposes to install a legal skylight for the kitchen on the 4th story and provide independent metal vent ducts for the kitchens on the 2nd and 3rd stories, such ducts to lead to the roof with mechanical ventilation to provide six changes of air per hour and to be fire-retarded; that the public halls have windows opening on the former yard and it is proposed to install a legal skylight in the roof over the public halls; that all doors to public halls are wood and self-closing; that the stairs are 2 ft. 8 in. wide with iron railings and cement facias; that the stair enclosure and soffits are fire-retarded; there is an iron ladder to scuttle

MINUTES

in roof within the public hall; that the interior toilet rooms on 2nd and 3rd stories will be ventilated by independent ducts to the roof and the 4th story toilet room will have a legal skylight conforming to the Multiple Dwelling Law; and

WHEREAS, it appears that the building was constructed in or about 1885 under the then Tenement Law requirements without a rear yard; that rooms at rear used as kitchens have lot line windows overlooking adjoining one story building on abutting lot and all other rooms are lighted by windows on the street lines.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1025/55, Objection No. A1, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, permitting the omission of the rear yard, as proposed and shown on plans filed with this appeal marked "Received November 4, 1955, (7 sheets), showing existing conditions and (6 sheets), showing proposed conditions, *on condition* that the lot line windows in the rear wall of kitchen are continued; that the ventilating ducts as shown ventilating the kitchen and toilet rooms on each story and all other corrections proposed shall be constructed and maintained; that the building shall not be increased in height or area and in all other respects shall comply as to structure and occupancy.

1030-55-A

APPLICANT—National Carbon Co., Division of Union Carbide and Carbon Co., owner.

SUBJECT—Application December 21, 1955—re appeal from a decision of the Fire Commissioner relating to the issuance of a Certificate of Approval for the packaging of Prestone Brand 10 Minute Radiator Flush in metal containers (caps on containers not in accordance with Administrative Code requirements).

APPEARANCES—

For Applicant: R. M. Neary.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated December 16, 1955, reads:

"Your application for a certificate of approval for a combustible mixture known as "Prestone Brand 10 Minute Radiator Flush" has been considered and must be denied for the reason that the 12 oz. metal containers in which it would be sold will not be provided with replaceable caps as required by section C19-62-b of the Administrative Code.

"The fact that the Board of Standards and Appeals approved an identical container for marketing an inflammable mixture manufactured by you has no bearing on this application to the Board for decision."

and

WHEREAS, the applicant states that its application for certificate of approval was disapproved by the Fire Commissioner on the grounds that the proposed containers are not fitted with replaceable tops; and

WHEREAS, the applicant states that the product consists primarily of naphtha and alcohol with non-combustible anti-rust compound added; that the product has a flash point of 107° F, and is therefore a combustible mixture as defined by Section C19-2.0 of the Administrative Code; and

WHEREAS, the applicant states that the product will be shipped in 12 oz., round cone top metal cans which are non-refillable metal containers fitted with non-replaceable caps; that the container is tightly sealed at the canning plant with an Alesco 27 mm "Goldy" seal, manufactured by the clo-

sure division of the Aluminum Company of America, and is designed to give a positive air-tight seal and can be removed by tearing off the seal hold down ring which then permits the easy removal of the seal element but the closure cannot be re-used; that the containers will be opened immediately before use and the entire contents used at once; that the cans will bear a label containing the words, "Caution—Combustible Mixture" and "Upon opening remove entire contents at once," and

WHEREAS, the applicant contends that Prestone Brand 10 Minute Radiator Flush is marketed for commercial or business use and is not used, sold or suitable for domestic or household purposes; and

WHEREAS, the applicant states that the 12 oz. metal cans will be shipped 12 to a container, manufactured of No. 292 "B" Flute corrugated board of 175 lb. test, of a fully slotted box construction with bottom and top flap glued shut; that the use of the extra strong fully slotted box provides a smooth surface on the top and bottom of the carton so that single tier of 12 oz. metal containers will be held firmly in place to prevent shipping damage; and

WHEREAS, the applicant contends that since subdivision b of Para. C19-92 of the Administrative Code requires the replaceable cap when the product is sold for domestic or household use, and since the product in question is not marketed for domestic or household use, it is requested that a variance be granted permitting the transportation, sale, storage and manufacture of Prestone Brand 10 Minute Radiator Flush in the proposed 12 oz. metal containers on condition that when once opened the cans shall be completely emptied.

Resolved, that the decision of the Fire Commissioner dated December 16, 1955, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use of 12 ounce metal containers, as proposed for packaging of Prestone Brand 10 Minute Radiator Flush *on condition* that such containers shall have a non-replaceable top, as proposed and when once opened the can shall be completely emptied; that the cans shall be labeled as required by the Fire Commissioner and that such product shall not be used or sold for household purposes.

2-56-A

APPLICANT—Leonard F. Rothkrug, for Robert L. Graham and Ross F. Eadie, Executor u/w of Clement M. Ogden, owner (Skidmore and Mason, lessees).

SUBJECT—Application January 3, 1956—Appeal from a decision of the borough superintendent, re egress.

PREMISES AFFECTED—551-553 West 22nd street, north side, 125 ft. east of 11th avenue, Block 694, Lot 7, Borough of Manhattan.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 20, 1955, on Alt. Applic. 1908/55, reads:

"1. Means of egress should comply with Section 270 of the Labor Law."

and

WHEREAS, the applicant states the building is 2 stories and penthouse, 32 ft. 1 in. in height, 49 ft. 9 in. front by 80 ft. depth, of fireproof construction, erected 1918, located on a lot 50 ft. front by 98 ft. 9 in. in depth in an unrestricted use, A area, Class 2 height district, used and occupied since 1945, 1st floor—repair of heavy machinery, 35 persons; 2nd floor—repair of heavy machinery, 15 persons; penthouse—

MINUTES

vacant; no change in use or occupancy is proposed; the building is provided with one 4 ft. wide, fireproof interior stair, extending from roof bulkhead direct to street; and

WHEREAS, Certificate of Occupancy #31099 was issued July 25, 1945 permitting the following use and occupancy: 1st floor—manufacturing of marine fittings, 35 persons; 2nd floor—manufacturing marine fittings, 15 persons; and

WHEREAS, the applicant states the building is fireproof and was erected in 1918 under NB App. 135/18, and used and occupied as a factory since its erection and by the present tenant since 1945 in accordance with Certificate of Occupancy #31099; that it is proposed to maintain the existing use; that at the second floor there is a fireproof passageway leading through an abutting building, under the same ownership, exiting directly to West 23rd street; it is now proposed to demolish the building fronting on West 23rd Street and provide a new secondary means of egress for the building in question by erecting a 1 ft. 10 in. wide counter-balanced stair, with iron railing and a new fire escape balcony at the second floor level; the opening to this balcony to be protected by two 1 ft. 8 in. by 7 ft. high fireproof self-closing doors; that the penthouse area will remain vacant and unoccupied; that there are only a small number of occupants on the second floor; that if the building had been erected prior to 1913 the proposed exits would comply with the Labor Law even if the building were not of fireproof construction; that the second floor is less than 2800 sq. ft. in area, and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1908/55, Objection No. 1, dated December 20, 1955, and that the appeal be and it hereby is granted on condition that for the present horizontal exit proposed to be removed, there shall be constructed and maintained as proposed a balcony at the second story level, with a door leading thereto, substantially at floor level with a counterbalanced stair, complying with the requirements of the Labor Law, leading to street; that the building shall not be increased in height or area; and that in all other respects the building and use shall comply with all laws, rules and regulations applicable thereto.

(Continued from page 333)

Court of Appeals in *Thomann v. City of Rochester* (256 N. Y., 165, 172) is apposite here: "The legislature has said that a particular form of notice, conveyed with particular details to particular public officers, shall be a prerequisite to the right to sue. The courts are without power to substitute something else." *Rockwell v. City of Syracuse* (282 N.Y., 17) is concerned with a statutory requirement of service of a verified notice of claim against a city. A typewritten copy of an alleged verified notice was served. The Court of Appeals there say, in distinguishing between a defective verification and no verification at all (page 20 of opinion): "The case of *People ex rel New York City Omnibus Corp'n v. Miller*, (282 N.Y., 5), handed down herewith, is entirely different in its facts, as there was the signature of the president of the party making the claim at the end of the petition for certiorari, and a proper verification by a notary, but not signed by the president a second time. The statute would not seem to require more than one signing and one verification. There was, therefore, a perfectly valid claim, which if necessary *could be amended*, whereas in the case at bar, so far as the City could tell, there was no signature *and no verification of the claim*, and only the service of what purported to be a copy of an original which with impunity might not exist at all." (Emphasis supplied.) The complaint in that case was properly dismissed. In view of the foregoing considerations, this cross-motion is denied in all respects.

On this application the intervenor-respondent seeks an order dismissing the petition on the ground that the same is unverified, whereas, as set forth in the Administrative Code of the City of New York, a petition for certiorari is required to be verified. The wording of the applicable statute, section 68e-1.0 of the Administrative Code is that certain designated persons "*** may present to the supreme court a petition duly verified, etc." This statute is special in its nature in that it deals with particular conditions and specifies the procedure to be followed in order to obtain relief. The pertinent provisions thereof are therefore controlling over any contradictory provisions of the Civil Practice Act or any other general statute. When, therefore, the special statute provides for verification of a petition, that provisions should be fol-

lowed. While despite this, there may be room for allowable amendment where a defective verification is involved, such is not the situation here, where there was no verification whatsoever (*Rockwell v. City of Syracuse*, 282 N. Y., 17; and cf. *In re Dairymen's League, &c., v. DuMond*, 201 Misc., 354; aff'd 282 App. Div., 69; 206 N. Y., 595). An acknowledgment appears at the end of the petition, but this does not constitute a verification nor even an attempted one. An acknowledgment shows, merely prima facie, that an instrument is duly executed (*Breuchaud v. Bank, &c.*, 157 Misc., and cases cited). A verification, on the other hand, "is an affidavit attached to a statement, as to the truth of the matters therein set forth" (*Carmony-Wait Cyc. of N.Y. Prac.*, p. 473). Moreover, prosecution for perjury is attendant upon false statements in a verified claim (cf. *Rockwell v. City of Syracuse*, 282 N. Y., 17, 19). For the foregoing reasons the court takes the view that the lack of verification of the petition herein is a jurisdictional defect and accordingly the petition is dismissed and the order of certiorari vacated. Settle order." (N.Y.L.J. December 8, 1955, page 9)

* * * * *

At Special Term, Supreme Court, Mr. Justice Aurelio stated:
"*Smith vs. Board of Standards and Appeals of City of N. Y.*

—This is a motion for an order of resettlement. The granting of the relief now sought would be improper in that it would be making a new order in the guise of a resettled order so as to contain provisions not formally requested on the original motion. No formal motion to file a new petition was made to the court. The statement, therefore, in the original decision that "*Petitioners' application to file a new petition is also denied as the applicable provisions of the Administrative Code (sec. 68e-1.0) which govern herein afford no such relief*" was inadvertently included, due to the court's impression gathered from the arguments in the briefs and on the oral arguments in respect thereof that a formal motion therefor had been made. Accordingly, that portion of the decision hereinabove quoted is hereby deleted. Therefore, the motion to resettle so as to include a denial of petitioners' application to file a new petition is denied for the reasons stated." (N.Y.L.J., February 29, 1956, page 9).

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

PETITION AND CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS

On March 9, 1956, Copy of Petition and Order to Show Cause was
served on the Board by Lamb & Lamb attorneys for North American
Holding Corp., owners, seeking a review of the Board's determination
on January 31, 1956, denying, under Section 21 of the Zoning Resolu-
tion, a variance to permit in a residence and business use district
proposed change of use to stores in the cellar, which is in the resi-
dence use portion of a Class A Multiple Dwelling; Cal. No. 225-36-BZ,
Vol. III; Premises 1180-1188 Grand Concourse and 180-188 East
167th Street, southeast corner, Borough of The Bronx.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.
Special meetings as published in this Bulletin
All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION 10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

HARRIS H. MURDOCK, *Chairman.*

MINUTES

BOARD OF STANDARDS AND APPEALS

REGULAR MEETING

TUESDAY MORNING, MARCH 13, 1956, 10 A.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon, February 28, 1956, and the minutes of the special meeting of the Board held on Friday morning, March 2, 1956, were approved as printed in the Bulletin of March 6, 1956, Vol. 41, No. 10.

594-29-BZ—Vol. IV

APPLICANT—Kitzler and Nurick, for Jeanne Frischling, owner (Morey Motors, lessee).

SUBJECT—Application reopened June 7, 1955 as Vol. IV—re (decision of the borough superintendent) under section 7f and 7e of the zoning resolution, to permit in a business and residence use district, the proposed change in occupancy from auto showroom, simonizing, greasing, washing, auto repairs for more than 5 cars (hand tools only), office and dressing room to auto showroom, simonizing, greasing, washing and auto repairs (hand tools only) for more than 5 cars, and gasoline service station.

PREMISES AFFECTED—5810-5824 Bay parkway and 2177-2183 59th street, northwest corner, Block 5508, Lot 44, Borough of Brooklyn.

APPEARANCES—

For Applicant: H. J. Nurick and Jacob Grumet.

For Opposition: Joseph B. Cavallaro.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to April 24, 1956, at 10 A.M. for inspection and decision; hearing closed.

550-32-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Anita Albanese, owner.

SUBJECT—Application reopened June 28, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7i, 7j and 7A of the zoning resolution, to permit in a retail use district, the proposed change of use from office, parking and storage lot for more than 5 motor vehicles and area 20 ft. x 65 ft. to be used for selling used motor vehicles, to gasoline service station, lubritorium, minor repairs, car washing, office and sales, storage parking, and storage of motor vehicles, with proposed show window and sign less than 75 ft. from residence use district.

PREMISES AFFECTED—9902-9912 4th avenue and 352-360 99th street, southwest corner, Block 6134, Lot 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy and James E. Vassalotti.

For Opposition: Irving Cyruli, Rev. Richard H. Frye, James Francis March, Rose M. Sicilia, Mary A. Avramides, Margaret Hooper, Edward Q. Gilbert, Dominick A. Fazio, Pauline Dalton, Elizabeth Banelli, Vincent Boffa, Bridget Coffey, Jennie Krey, Dave Merli and, William F. Reinhold.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to April 24, 1956, at 10 A.M. for inspection and decision; hearing closed.

463-50-BZ—Vol. II

APPLICANT—Patrick D. Concagh, for Patrick Filomio, owner.

SUBJECT—Application reopened June 1, 1955 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business use district, the proposed erection and maintenance of an auto laundry.

PREMISES AFFECTED—3221-3225 Boston road and 3250-3254 Laconia avenue, northwest corner, Block 4614, Lot 22, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to April 24, 1956, at 10 A.M. for inspection and decision; hearing closed; applicant to file more complete plan showing exact location of auto laundry, more adequate reservoir space for incoming and outgoing cars.

162-53-BZ

APPLICANT—The Horn and Hardart Co., owner.

SUBJECT—Application February 10, 1953—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a business use district, the maintenance of 2 existing electric signs at right angle to building projecting more than the permitted distance.

PREMISES AFFECTED—451-457 Lexington avenue and 124-130 East 45th street, southeast corner (Block 1299, Lot 51), Borough of Manhattan.

APPEARANCES—

For Applicant: Robert A. Kennedy.

For Opposition: A. L. Seiden.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to April 24, 1956, at 10 A.M. for inspection and decision; hearing closed.

73-55-BZ

APPLICANT—Henry Nordheim, for Rubenstein and Tutnauer, owners.

SUBJECT—Application February 3, 1955—(decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, and office and the parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—1680 Gun Hill road and 1674 Allerton avenue, intersection of Gun Hill road, Allerton avenue and Lodovick avenue, Block 4539, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to April 10, 1956, at 10 A.M. at the request of the applicant to furnish revised plan.

499-55-BZ

APPLICANT—Robert Gottlieb, for Jacob and Gussie Furman, owners.

SUBJECT—Application June 17, 1955—(decision of the borough superintendent) under sections 19A and 21 of the zoning resolution, to permit in a business and residence use district, the proposed conversion of the existing building from garage to factory use, without the required loading berth, using more than the area permitted.

PREMISES AFFECTED—2927 White Plains road, west side, 125 ft. north of Arnov avenue, Block 4542, Lot 20, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: C. J. Cammarata for N. Y. City Housing Authority.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to April 24, 1956, at 10 A.M. for inspection and decision; hearing closed.

514-55-BZ

APPLICANT—John F. Fitzsimons, for Stephen and Helen Fedor, owners.

MINUTES

SUBJECT—Application June 22, 1955—(decision of the borough superintendent) under sections 7c and 7A of the zoning resolution, to permit in a residence and retail use district, the proposed extension of gasoline service station, auto repairs, accessory store, office and dwelling to be used for gasoline station, motor vehicle repair shop, car washing, greasing, office, accessory store, boiler room and dwelling, with curb cut closer to residence use district than permitted.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition; conditions to be imposed after revised plans are filed; laid over to April 3, 1956, at 10 A. M. for applicant to file revised plans showing a wall and omitting curb cut on 220th street.

THE VOTE OF MARCH 6, 1956—

Affirmative: Commissioner Kleincrt, and Deputy Chief

Connolly 2

Negative: Chairman Murdock 1

Not Voting: Commissioner Keating 1

THE VOTE OF MARCH 13, 1956—

Affirmative: Commissioner Keating 1

104-41-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Potter Brothers, Inc., owner.

SUBJECT—Application reopened April 26, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence use district, the continued use of an existing factory and storage building for a term of 5 years.

PREMISES AFFECTED—150-18 to 150-22 Tahoe street, west side, 170.07 ft. south of Albert road, Block 11556, Lot 23, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleincrt, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 26, 1955 subject to regular procedure, to consider extension of term of variance and new use; and

WHEREAS, a public hearing was held on this application on January 10, 1956 after due notice by publication in the Bulletin; laid over to February 7, 1956, for applicant to submit information as to amount of manufacturing, if any, any machinery, drainage from roof and whether owner has complied with the Board's original resolution; hearing closed; then to February 28, 1956, for inspection and decision; then to March 13, 1956, for applicant to furnish statement as to prevailing conditions, including lease to occupant; and

WHEREAS, the district maps accompanying the zoning

resolution show that the site, Centerville street and Tahoe street are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 23, 1955 acting on Alt. Applic. No. 77-55, reads:

"1. The continued use of existing factory and storage building in a residence district is contrary to Art. II Sec. 3 of Zoning Res. and B.Z. 104/41 as varied by Board of Standards and Appeals. Secure approval of Bd. of Stand. & Appeals for continued use."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 135.18 ft. in depth, irregular, on which is located a one story building of class 2 construction, 35 ft. front, 100 ft. in depth, 24 ft. in height; that it is proposed to maintain present use of building as a factory and storage building, previously approved under Cal. No. 104-41-BZ; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a class D area district and received its present area designation on November 28, 1938; that as of July 25, 1916 the premises were in an unrestricted use district and received its present use designation on November 28, 1938; and

WHEREAS, the applicant states that the premises are now developed with 3 one-story buildings; that building No. 1, one story in height, of class 3 construction, having a frontage of 35 ft. and a depth of 100 ft., was erected under N.B. Applic. 8347-40 and under Cal. No. 104-41-BZ for a temporary period; that the last certificate of occupancy issued was No. 83134 which expired on April 24, 1953; that there is no change in buildings Nos. 2 and 3 and they are not part of this appeal; and

WHEREAS, the applicant contends that it is the intent of this application to secure a variance for a period of five years in order to maintain the present use of building No. 1 as a factory and storage building as previously approved under Cal. No. 104-41-BZ; that there are non-conforming uses within the affected area as follows: block 11556, lots 57, 1 and 14 contain factory and storage of material; block 11557, lot 1—garage; and

WHEREAS, the applicant states that the present owner has held title to the property since July 1, 1946; that the assessed valuation of land \$2,500 and of the building \$20,500 making a total of \$23,000; that the building was erected 1941; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found that the building was not used as previously permitted for the manufacture of buttons; and it was also noted that the term of the variance expired on April 4, 1953 so that there was no outstanding permits for the owner to use the building or lease it. However, he has leased to it a concern named Albert Helms for the manufacture of wrought iron fixtures, which the committee found installed on the premises; and

WHEREAS, the committee recommended that the application be granted for a term of five years under certain conditions;

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 29, 1941, by adding thereto:

"that in the event the owner desires to lease the building for occupancy as a wrought iron shop as now installed, such use may be permitted for a term of five years from the date of this *amended* resolution, *on condition* that the building shall not be increased in height or area and that the terms of the resolution originally adopted on April 29, 1941, shall be complied with in all other respects; that the fences therein required shall be restored to good condition; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this *amended* resolution."

MINUTES

361-52-BZ—Vol. II

APPLICANT—Ingram S. Carner, for LMJ Realty Corporation, owner.

SUBJECT—Application reopened October 11, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i, 7h and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, minor repairs, sales and storage of auto accessories, storage of more than 5 cars waiting to be serviced with show windows and curb cuts and signs less than 75 ft. from the residence district.

PREMISES AFFECTED—9609-9625 Ditmas avenue and 732-742 Rockaway parkway, northwest corner, Block 8114, Lots 1, 6, 63 and 64, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 11, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 24, 1956 after due notice by publication in the Bulletin; laid over to March 13, 1956, for inspection and decision; hearing closed; applicant to file revised plan showing the route for the auto laundry, space for cars, etc.; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1½ height district; Ditmas avenue is in business and unrestricted use, D area, class 1½ height districts; Rockaway parkway and East 96th street are in business, unrestricted and residence use, D area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 6, 1955 acting on N.B. Applic. 497-52, reads:

"1. Proposed gasoline service station, lubritorium, auto washing, minor repairs, sales and storage of auto accessories and parking of more than 5 cars waiting to be serviced on a lot in a Business use zone violates Article II, Section 4a, subsection 46, 29 & 52 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 160 ft. frontage by 100 ft. in depth, presently vacant, with billboards to be removed; that it is proposed to erect a modern one story masonry building to be used as an accessory building for the proposed gas station and automatic auto laundry, having a frontage of 58 ft. 8 in. and a depth of 31 ft. 4 in.; that this proposed building will house the office, storage and sales of auto accessories, lubritorium with two approved type hydraulic lifts, auto washing and minor repairs; that the gas station area will be paved with concrete or tarvia paving with the westerly portion of this area to be utilized for the parking of more than five cars awaiting service; that three pump islands consisting of two approved type gasoline dispensing pumps each will be installed as well as eight 550 gallon storage tanks and one 550 gallon refuse oil tank; that three 30 ft. curb cuts are proposed for Ditmas avenue and two 25 ft. curb cuts and one 10 ft. curb cut are proposed for Rockaway parkway; that it is also proposed to erect a 6 ft. high brick fence wall to be erected along the westerly and northly lot lines so as to provide proper division from the adjoining property; that the use, height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that on either side of Rockaway parkway at this point there is a 10 ft. widening proposed, the property involved having yet to be acquired by the City; that however, the pumps facing on Rockaway

parkway are shown proposed to be erected 15 ft. back from the "proposed building line" of Rockaway parkway and no construction is proposed within this 10 ft. widening; that in block 8115, lot 6 there is an existing gas station granted under Cal. No. 844-47-BZ; that Ditmas avenue to the south is completely unrestricted and is improved accordingly, with uses ranging from the manufacturing of cinder blocks in block 8123 to the storage of scrap iron and stone yard in block 8121; that the northeast corner of Ditmas avenue and East 98th street is also unrestricted; that both Ditmas avenue and Rockaway parkway are heavily trafficked streets, a good portion being truck traffic; that this truck traffic is coming to and from the unrestricted uses located along the entire southerly side of Ditmas avenue in this area; that a modern gas station and auto laundry with all modern facilities, as proposed, would be entirely in keeping at this location and this application is but for revision of the gas station layout which the Board has already granted under Cal. No. 361-52-BZ, Vol. I; that there has been no physical change in the area since the last pictures were taken; and

WHEREAS, the applicant states that the present owner has held title to the property since May 4, 1950 and that the assessed valuation of land is \$11,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; it is also noted that the Board acted favorably on an application for a gasoline service station on this site in 1952 which was never built; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, subdivision f, for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as shown on plans filed with this application marked, "Received June 8, 1955" (one sheet) and "January 31, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed; that the premises shall be constructed and arranged substantially as indicated on such revised plans marked, "Received January 31, 1956"; that there shall be no cellar under the accessory building; that the accessory building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the building for the automatic laundry shall be located as shown on such revised plan; that the entrance to such laundry shall be from the south as indicated; that on the space proposed to be used for widening of Rockaway Parkway there shall be no buildings or construction placed thereon but shall be used solely as a means of crossing from the curb cuts as shown from Rockaway Parkway; that pumps shall be of a low approved type facing Ditmas Avenue and located where shown; that the pumps shall not be erected nearer than fifteen feet to the existing or proposed street building lines; that the number of gasoline storage tanks shall not exceed eight (8) 550 gallon approved storage tanks; that there shall be erected on the southerly lot line and on the westerly lot line, up to the proposed laundry building, and from the laundry building to the proposed street building line of Rockaway Parkway, a masonry wall not less than 5 ft. 6 in. in height; that such wall shall be faced with face brick to conform with the facing of the accessory building and the laundry; that there shall be no windows opening from the laundry to the adjoining premises to the west; that curb cuts shall be restricted to three curb cuts to Ditmas Avenue, 30 ft. in width, located where shown, and two 25 ft. in width and one 10 ft. in width, located where shown, to Rockaway Parkway; that no portion of any curb cut shall be nearer than five feet to a side lot line as prolonged; that the sidewalk and curbing abutting the premises shall be reconstructed or repaired to that satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but

MINUTES

permitting the erection within the building line at the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that a suitable sign may be permitted on the wall of the auto laundry advertising such use; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that where not occupied by accessory building and pumps the premises shall be paved with concrete or asphaltic pavement, including the ten foot space, temporarily included, but as shown for widening of Rockaway Parkway; that no construction or equipment shall be placed on this space; that such space shall be used solely for crossing over to reach the gasoline service station; that the design of the accessory building and walls shall be as indicated on plans marked. "Received January 31, 1956 (one sheet); that under Section 7i for a similar term there may be minor repairs for adjustment only with hand tools maintained solely within the accessory building; that under Section 7c, for a similar term, there may be parking of cars provided such cars are so parked as not to interfere with the servicing of the station or the entrances and exits from the auto laundry; that under Section 7A for a similar term the curb cuts heretofore permitted may be constructed; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

83-55-BZ

APPLICANT—A. M. and F. P. Luongo, for Frank Dolansky, owner.

SUBJECT—Application February 4, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit the proposed exit through kitchen of a restaurant located in a retail use district, through adjoining property located in a residence use district.

PREMISES AFFECTED—345 Myrtle avenue, north side, 74 ft. 10¾ in. east of Carlton avenue, Block 2044, Lot 88, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. M. Luongo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the Bulletin; laid over to March 13, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Adelphi street are in residence and retail use, D area, class 1 height districts; Myrtle avenue is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated January 20, 1955 acting on Alt. Applic. 4668-46, reads:

"4. Proposed exit thru kitchen & through the adjoining property located in a residential district, is contrary to Art. 2 Sect. 3 of the Zone Resolution."

and

WHEREAS, the decision of the borough superintendent, dated January 6, 1956 acting on B.N. Applic. 1964-55, reads:

"1. Means of egress through a residential district from a bldg. occupied for commercial purposes violates Art. 2 Sect. 3 of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 104 ft. in depth, on which is located a 3 story building of class 3 construction, 25 ft. front, 60 ft. in depth, 35 ft. in height, 1st floor restaurant, upper two stories for residence, lot 88; lot 80 consists of a

plot 25 ft. front by 100 ft. in depth, on which is located a one and two story frame building; that it is proposed to maintain exit from kitchen of restaurant through lot No. 80 which is in a residence use district; that the present retail 1 and D designations became effective on January 22, 1941; and

WHEREAS, the applicant contends that the restaurant has been in continuous operation since May 1924 without any structural change and that its seating capacity is over 75 people; that section C26-273.0 of the Administrative Code provides that every room having an occupancy of more than 75 persons shall have at least two doorways and that such doorways shall be remote from each other and shall lead to an exit or exits; that the purpose of this application is to legalize the present fire exit located in the rear of premises 345 Myrtle avenue; that the present existing secondary fire exit is a fireproof 3 ft. door which leads into the yard of premises known as 134 Adelphi street; that the premises known as 137 Carlton avenue and 134 Adelphi street are owned by Jennie Tambini and Frank Dolansky; that the easement on the northerly 5 ft. of the Adelphi street property for the purpose of the fire exit has been executed by the said Jennie Tambini and Frank Dolansky; that the property on Adelphi street is in a residential district and it is proposed to modify the zoning regulations on Adelphi street so as to permit the southerly 5 ft. of the 134 Adelphi street property to be used as a means of egress in the event a fire occurs at 345 Myrtle avenue; that the proposed fire exit is an exceptionally good one, located at the rear of the store, and would permit all patrons to leave the said store in case of fire, directly into an open yard, with direct access to Adelphi street; that any other fire exit built on Myrtle avenue would not be as suitable nor as practical nor as accessible as the presently existing fire exit; that the legalization of this exit would not in any way distract or affect the residential characteristics of Adelphi street; that the present exit would be located approximately 122 ft. from the southeasterly corner of Myrtle avenue and Adelphi street; that being a fire exit it would be only used in the event of an emergency; and

WHEREAS, the applicant further contends that the property on Adelphi street was purchased in 1954 at great expense in order to achieve an exit which is far superior to any exit that may be erected in the premises which would lead into the cellar and then outside of the property; that that plan was abandoned because not only were many difficulties involved in reference to construction, removal of machinery and reinstallation of wires, but also it would substantially narrow the store front and greatly destroy the esthetic value of the store as restaurant; that any exit which would have been erected in the cellar, might, in the event of a fire, fill up with smoke, panic and confusion would occur and the exit would be cumbersome requiring the use of stairs leading into the cellar and stairs leading outside the cellar and into the street; that the present exit is a direct, immediate and prompt and easily accessible approach to the exterior and to safety; that it is requested, therefore, that the application to legalize the present exit be granted and that the zoning of Adelphi street, as it may affect the 5 ft. easement strip, be modified; and

WHEREAS, the applicant states that the present owner has held title to the property since September 14, 1922; that the assessed valuation of land is \$4,400 and of the building \$11,600 making a total of \$16,000; that the building was erected in 1886; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c to permit the use of premises Lot 88, under the same ownership, to be used as proposed and as shown on plans filed with this

MINUTES

application marked, "Received January 10, 1955" (one sheet), "February 4, 1955" (5 sheets) and "January 25, 1956" (one sheet), solely as a passageway to Adelphi Street from the rear door of the restaurant building to Lot No. 88 on condition that this passageway shall be used solely for exit purposes and not for removing garbage or taking in supplies; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

245-55-BZ

APPLICANT—Burke, Green and Groh, for Joseph T. King, owner.

SUBJECT—Application March 30, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit, in a residence use, G-1 area district, the proposed erection of a 1 family residence of class 4 construction, and garage with a setback of less than 15 ft. from the street line, and including a side yard of less than the minimum five feet as required.

PREMISES AFFECTED—219-44 89th avenue, southwest corner of 220th street, Block 10665, Lot 51, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the Bulletin; laid over to March 13, 1956, for inspection and decision; hearing closed; applicant to file plan of first two or three adjoining houses and show in what respect they do not comply with G-1 requirements; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 89th avenue and 220th street are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 25, 1955 acting on N.B. Applic. 513-55, reads:

"1. Premises is located in a G-1 district area no portion of building may be nearer than 15 ft. to any street line. Sec. 16-C-b of Zone Resolution.

2. Minimum width of court as shown on plot plan is inadequate same must be as required by Sec. 16-C-c of Zoning Resolution minimum of 5 ft."

and
WHEREAS, the applicant states that the premises consist of a plot, 32 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a two story, one family dwelling, 20 ft. 2 in. front, 34 ft. 2 in. in depth, 20 ft. 2 in. in height, with less than the required setback from the street line and the required distance for side yard; and

WHEREAS, the applicant states that as of July 25, 1916 the property was zoned as a one times height district and a D area district, and the present height and area designations became effective on June 30, 1952; that as of July 25, 1916 the portion of the property within 100 ft. of Braddock avenue was zoned as a business district and the remainder was zoned as a residence district, and on January 21, 1947 the business portion of the property was changed to residence; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that it is proposed to erect a two-story, one family dwelling, with detached garage, having a 16 ft. poured concrete foundation and to be finished in brick and wood siding; that the neighborhood is residential and in order that the owner may improve and utilize this property and still conform to the character of the neighborhood, the erection of a one family dwelling is indicated; that to construct a dwelling of suitable size al-

most the entire plot must be used and therefore the Board is requested to consider the proposal bearing in mind the neighborhood and peculiarities of the lot in question; that on the south side of the plot the zoning resolution requires a side yard of 5 ft.; that the proposed side yard is 4 ft., leaving a deficiency of 1 ft.; that on the north side which faces 89th avenue, the zoning resolution requires a setback of 15 ft.; that the proposed setback is 8 ft., leaving a deficiency of 7 ft.; that a hardship exists because of the fact that the lot is narrow, being 32 ft. wide and 100 ft. in depth, and in order to build a house of a practical size, it becomes necessary that the side yards be less than that required by the zoning resolution; that the proposed garage has a setback of 7 ft.; that the zoning resolution requires 15 ft., leaving a deficiency of 8 ft.; and

WHEREAS, the applicant states that the present owner has held title to the property since January 22, 1953 and that the assessed valuation of land is \$1,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board in conjunction with Cal. No. 246-55-BZ and due notice has been taken of the location of the adjoining houses on their lots and the committee recommends that the application should be granted on condition in view of the narrowness of the lot; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to area to permit the side set back from 89th Avenue to be as proposed and as indicated on plans filed with this application marked, "Received March 30, 1955" (9 sheets), "February 10, 1956" (one sheet) and "March 9, 1956" (one sheet) on condition that the front wall of the house shall not be nearer 220th Street than the front wall of the adjoining house; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—William Lescaze and Matthew Del Gaudio, for Department of Public Works, City of New York, owner.

SUBJECT—Application September 19, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use district, B area, class 2 height district, the erection of a class 1, 12 story and penthouse building, with proposed building widths outside of the setback lines above the height limit, in excess of permissible dormer widths.

PREMISES AFFECTED—71-83 Lafayette street, east side, 111-131 Centre street, west side, 20-38 Franklin street, north side and 101-113 White street, south side, entire block, Block 169, Lot 10, Borough of Manhattan.

APPEARANCES—

For Applicant: William Lescaze, Alvin Hausman and Matthew W. Del Gaudio.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, B area, class 2 height district; Lafayette Street, Center street and Franklin street are in retail and business use, B area, class 2 height districts; White street is in retail, business and manufacturing use, B area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 2, 1955 acting on N.B. Applic. 79-55, reads:

"1. The proposed building widths outside of set-back line above the height limit, are in excess of permissible dormer widths; contrary to Article III Section (8f) and (9c) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.357 ft. frontage by 171.039 ft. in depth, now vacant; that the premises were formerly in an unrestricted district but were changed to retail on June 30, 1952; and

WHEREAS, the applicant states that the proposed building will occupy the entire block formed by the east side of Lafayette street, west side of Centre street, north side of Franklin street and south side of White street; that it will contain 12 stories, cellar and a penthouse and will be 165 ft. high from curb to top of main roof and 180 ft. from curb to penthouse roof; that the building will be occupied by the combined and centralized municipal courts from the 1st to 8th floors inclusive and by the city courts for Manhattan from the 9th to the 12th floors inclusive; that the cellar will be used for storage, maintenance shop and for automobile parking (for court officials), and the penthouse will be used for mechanical equipment, tanks, etc.; that the requirements of each of the two court systems for accommodations in this building include court rooms, offices, judges' chambers and accessory uses; that included, also, is the requirement that there be two circulation systems provided—the public system along the south, west and east frontages and the Court officials' system within the core of the building, entirely separated from the public corridors; that required, also, are access to the Court rooms from the public corridor and from the Court officials' corridor within the core of the building; that all these requirements added to the fact that Court rooms for large occupancies must be similar, and those of smaller occupancies must bear a relation to each other, make necessary and desirable a floor plan up to and including the 12th floor, of uniform dimensions; that for the purpose of determining the height of the building, the curb elevation has been taken at the center of the frontage on Lafayette street, which is the widest of the four streets on which building

MINUTES

faces; that Lafayette street has a width at Franklin street of 83.78 ft. and at White street of 79.92 ft., or an average width of 81.85 ft.; that according to section 8(g) of the zoning ordinance, the permissive height of the building at street level would be 122.775 ft.; that there now exists on the west side of Lafayette street, opposite the subject premises, a building with a frontage of 120.67 ft. and a height of 254 ft., or an excess height of 131.225 ft.; that the product of the frontage by the excess height would produce a weight of 15,834.92 ft.; and

WHEREAS, the applicant contends that the frontage of the proposed building on Lafayette street will be 198 ft.; on Franklin street within 100 ft. of Lafayette street, 96 ft.; on White street within 100 ft. of Lafayette street, 100 ft., or a combined frontage on Lafayette street, and on Franklin and White streets for a distance of 100 ft. from Lafayette street, of 394 ft.; that the average excess height would be 15834.92 or 40.19, and according to section 9e, one half of the excess could be used by the owner, or 20.095 ft. which, added to 122.775 ft., would allow a height of 142.87 ft.; that the building will set back an average of 2 ft. on Lafayette street which would allow an additional 6 ft. in height, or a total height of 148.87 ft. at the street line; that Centre street has a width of 75 ft. and therefore the permissible height is 112.5 ft.; that on this street, a setback of an average of at least 5 ft. is proposed allowing an additional height of 19.5 ft., or a total of 132 ft. above the Centre street curb; that on Lafayette street, the dormer volume permitted under section 9c is 23,760 cu. ft.; volume of building as proposed above permissive height limit and outside of setback line, 8,358.59 cu. ft.; reduction, 15,401.41 cu. ft.; that on Franklin street permissive dormer volume is 20,519 cu. ft.; volume of building proposed above permissive height limit and outside of setback line, 16,466.19 cu. ft.; reduction, 4,052.81 cu. ft.; that on White street, permissive dormer volume is 20,500 cu. ft.; volume of building proposed above permissive height limit and outside of setback line, 15,955.74 cu. ft.; reduction, 4,564.26 cu. ft.; that on Centre street permissive dormer volume is 23,760 cu. ft.; volume of building proposed, above permissive height limit and out side of setback line, 33,967.84 cu. ft.; excess, 10,207.84 cu. ft.; total permissive dormer volumes, 88,559 cu. ft.; space occupied on the 4 frontages above permissive height lines and outside the setback lines is 74,748.36 cu. ft., or a net reduction of 13,810.64 cu. ft.; and

WHEREAS, the applicant further contends that the property on the east side of Centre street, opposite the subject premises, is owned by the City of New York and that building thereon is set back 25 ft. from the building line which results in a clear width from front of proposed building on the west side of Centre street to front of existing building on east side of Centre street of 106.65 ft.; that premises on the south side of Franklin street are owned by the City of New York and premises on the northeast corner of White street and Lafayette street also are owned by the City of New York; that the building as proposed will provide for all of the functions required by the combined Municipal court system and the City courts, within the proposed envelope, allow for public circulation and separate private (Judges') circulation on each floor and permit of court rooms of uniform size for similar occupancies; that there are practical difficulties in carrying out the strict letter of section 8(g) of the zoning resolution because of the particular requirements of the two court systems, the necessity for uniformity in court room sizes and arrangements, and the double circulation system, all of which make the proposed building of uniform area for each of the 12 floors necessary and any other arrangement, not workable; that to accomodate the facilities within the building, strict compliance with section 8(g) will require the erection of additional stories, each of reduced area and volume, around an expensive core system and, in addition, the offsetting of stairs and variation in the elevator system, all resulting in unnecessary hardship to the City because of the additional expense for construction, continued additional expense for operation and lack of uniformity in layout on resulting upper floors; and

WHEREAS, the applicant states that the present owner has held title to the property since March, 1947 and that the land is tax exempt; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to variance of height on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the height district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to variance of height to permit the extension of height as proposed and as indicated on plans filed with this application marked, "Received September 19, 1955" (25 sheets) and "Received February 14, 1956" (1 sheet), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

756-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Werner Nobut, Inc., owner.

SUBJECT—Application September 6, 1955—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the extension of an existing building used for restaurant, storage and cabaret and to permit parking of patrons' cars.

PREMISES AFFECTED—2640-2660 Ocean parkway and 63-73 Nixon Court, northwest corner and 64-70 Murdock Court, Block 7238, Lots 122, 124 and 126, Borough of Brooklyn.

For Applicant: James E. Vassalotti.

For Opposition: Edward Hoffman for Park Dept.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

The VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated August 30, 1955, on amendment to Alt. App. 2106-53 reads:

"1. Proposed extension of bldg and change of use from ordinary storage, kitchen, restaurant and cabaret to ordinary storage, restaurant and cabaret, dining terrace, kitchen and parking of patrons' cars (no fees to be charged) in a Residence use district is contrary to Art. II, Sect. 3 of the Zoning Resolution."

and

WHEREAS, a public hearing was held on this application on January 17, 1956, after due notice by publication in the Bulletin and service of notice by registered mail on owners of property deemed affected; laid over to February 7, 1956, for inspection and decision; hearing closed; applicant to revise plans and file new decision of the borough superintendent; then to February 21, 1956, for applicant to file revised plans showing reorientation of the kitchen and no cabaret or dancing; hearing previously closed; then to February 28, 1956, for further inspection and decision; then to March 13, 1956, for further inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution indicate that the entire area involved is in a residence use, A area, class 1 height district; and

WHEREAS, the applicant contends that as of July 25, 1916, part of the premises within 100 feet of Ocean Parkway was in a business use district and the balance in an unrestricted use district; that on October 10, 1930, a portion of the

MINUTES

premises 100 ft. back of Ocean Parkway was placed in a residence use district and on July 29, 1940 the present use district designation became effective; and

WHEREAS, the applicant states the premises are developed with a one story and cellar building of Class 3 construction, having a frontage of 30 ft. 3 in. and a depth of 80 ft.; that the record of the Department of Buildings indicates that the existing building was established under Alt. App. 11262/29 and certificate of occupancy 58897 issued for a restaurant, dance hall and one-family dwelling as an extension to a two-story frame building which has since been demolished; that under Alt. App. 757/43 the building was altered and certificate of occupancy #108867 issued for a restaurant, cabaret and one-family dwelling; that at present the building has a legal use of restaurant and cabaret; and

WHEREAS, the applicant states it is proposed to retain the existing building and its legal use of restaurant and cabaret and to add a new open dining terrace at the northerly portion of the building with a frontage of 20 ft. and a depth of 70 ft. 3 in. of Class 3 construction and to add a new extension to the south of existing building with a frontage of 11 ft. 9 in. and a depth of 70 ft. of Class 3 construction to be used for kitchen and toilets; that it is proposed to remove the existing kitchen and toilets from the cellar of existing building; that it is also proposed to use the open part of the site for the parking of patrons' cars, no fees to be charged; and

WHEREAS, the applicant contends a variance is sought to extend the present legal use and provide parking of customers' cars; that the area will be safeguarded from a parking problem that could be created; and

WHEREAS, the applicant states the proposed alteration and extension will be executed in a modern manner and improve the appearance of the entire affected area; that East 2nd street is a 30 ft. wide private street not shown on the city map at this point; that the Tax Department has not assigned a lot number to this street and no ownership by the City or a private owner is indicated; and

WHEREAS, the applicant has filed copy of existing Certificate of Occupancy #108867 issued upon completion of work under Alt. App. 757/43 describing the building as brick and frame construction, 2 stories, 25 ft. in height, classified as restaurant and cabaret and permitting the following use and occupancy: cellar on ground—kitchen and ordinary storage; 1st floor—restaurant, cabaret and 1-family dwelling—200 persons; 2nd floor—one family dwelling in conjunction with 1st floor; and

WHEREAS, the records of the Department of Buildings indicates that Alt. App. 2106/53 affecting block 7238, lot 124 at 2656 Ocean parkway, west side, 343 ft. 7 $\frac{3}{4}$ in. south of Avenue Z was filed to relocate toilets and remove residence and relocate bar, and described the buildings as 55 ft. front by 81 ft. 6 in. in depth, 1 story 12 ft. in height; that this application was disapproved February 2, 1953, with the following objection among others: "4. Indicate all new work as to courts-enclosure not permissible,"; revised plans were filed November 6, 1953, and the following objections issued November 6, 1953, among others: "6. Arrangement shows extension of business use as (a) contrary to Art. 2, Sec. 3 of the Zoning Resolution also contrary to Sec. 4.2.1. and specify porch not enclosed with windows, otherwise requires setbacks"; this application was approved by the Borough Superintendent November 13, 1953, and permit issued February 15, 1954, to the contractor for Frank McBride, the then owner; an amendment was filed July 14, 1954, to substitute architects and change the owner of record to Werner-Nobut, Inc., and this amendment was approved July 22, 1954, and permit issued July 27, 1954, to the contractor for the new owner; this permit was re-issued October 22, 1954; new affidavit was filed July 20, 1955, describing the premises as 2640-2660 Ocean parkway, northwest corner Nixon court, Block 7238, Lots 122, 124 and 126, which lot numbers were certified as correct by the Tax Department August 3, 1955; this amendment proposed to add a parking lot to the application and was objected to August 1, 1955, after permit had

been reissued to the contractor and the objection was as follows:

"1. Proposed addition of parking of patrons' cars (no fee charged) to existing use of ordinary storage, kitchen, restaurant and cabaret in a residential use district is contrary to Art. 2, Sect. 3 of the Zoning Resolution"; amended specification sheet was filed August 29, 1955, to remove front porch and steps, to build new extension to south of present building and to build new dining terrace to north of present building and to use and occupy the premises as follows: cellar—ordinary storage; 1st floor—restaurant and cabaret, dining terrace, kitchen; open portion of lot to be used for parking of patrons' cars, no fee to be charged; Objection 1 was issued August 30, 1955, and is the subject of application for a zoning variance under Cal. No. 756-55-BZ and Objection 2 was issued August 30, 1955 and is subject of an administrative appeal under Cal. No. 757-55-A; and

WHEREAS, the Board is in receipt of a communication from the Commissioner of Parks, stating that the site is now occupied by a partly demolished and abandoned one-story building which has not been occupied for several years; and

WHEREAS, Building Notice App. 2155/40 was filed to erect a 12-inch diameter metal stack and brick base Plumbing App. 8473/40 was filed to install a 270 gallon fuel oil tank and oil burning system and described the building as of brick construction, 2 stories 20 ft. in height, 22 ft. front by 55 ft. in depth, occupied as cabaret and one-family, and approved May 15, 1941, upon amendment to construct the chimney of 8-in. stone, concrete solid block; cloth plan filed December 9, 1940, approved December 10, 1940, with this application shows the premises consist of a lot fronting 180 ft. on Ocean Parkway, located 322 ft. 7 $\frac{3}{4}$ in. south of Avenue Z, on the west side of Ocean Parkway and developed with three buildings, one of which appears to be the building in question; and

WHEREAS, Alt. App. 757/43 was filed March 28, 1943, to enclose interior cellar stairs and obtain a new certificate of occupancy and describes the building as 55 ft. front, 81 ft. 6 in. deep at street level and 25 ft. front by 40 ft. in depth at typical floor level, 1 and 2 stories, 25 ft. in height, used as follows: cellar—ordinary; 1st floor—restaurant and dance floor; 2nd floor—1 family; and proposed to be used and occupied: cellar—kitchen and ordinary storage; 1st floor—restaurant, cabaret and one family; 2nd floor—one family in conjunction with first floor; this application was disapproved April 7, 1943, with five objections, reading as follows:

"1. Make clear whether any part of adjacent frame building is used for other than one family use.

2. Permit 11262/29 under which the restaurant portion was built shows an open front porch at front of building. This has evidently been enclosed with frame construction in violation of Section 4.1.2 of the Building Code.

3. Show width of rear exit passage and swing of door.

4. Show on plot plan width of side yard to street.

5. Any other buildings on the plot?"

cloth plans were filed May 20, 1943, indicating there were no other buildings on the lot and no windows in the porch enclosure, and the application was approved May 21, 1943; amendment was filed May 27, 1943, for permission to use removable windows on the front open porch for winter use only and this amendment was disapproved May 28, 1943, with the following objections: "1. The enclosing of this porch makes it a frame extension and so is in violation of 4.1.2 of the Building Code. See Objection No. 2 of 4-7-43 on original application"; amendment was filed June 2, 1943, to supersede the amendment of May 2, 1943, and the change the occupancy of the 1st floor to 200 persons; this amendment was approved June 10, 1943; application for a Certificate of Occupancy dated May 20, 1943 was filed and was the subject of a report dated July 7, 1943, by an inspector of the Division of Public Safety, stating that the building

MINUTES

is 2 stories high, brick and frame, occupied as restaurant, cabaret and one family; the cabaret occupied room about 28 ft. by 57 ft., barroom adjacent occupies about 25 ft. by 30 ft.; seating at tables arranged for 200 persons; there are three direct exits, 3 ft. wide, as follows: two exit doors open out at front of premises direct to street and one rear exit door opening to rear yard; cellar stairs are enclosed in fireproof materials to first floor; old existing kitchen in cellar vented hood over gas range; the exits conform to approved plan and are adequate and in good working order; no objection to issuance of certificate of occupancy for said use; Certificate of Occupancy (unnumbered) (undated) was issued to supersede Certificate of Occupancy 58897 and permitted the following use and occupancy: cellar—on ground; kitchen and ordinary storage; first floor—100 lb. liveload, restaurant, cabaret and one family, 200 persons; 2nd floor—1 family in conjunction with 1st floor; total—restaurant, cabaret and one family; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution,

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7e and 7h for a term of twenty years, to permit the existing building, formerly used as a restaurant, to be reoccupied as a restaurant without cabaret and extended as shown on plans filed with this application, marked "Received September 6, 1955, 1 sheet and "October 17, 1955", 1 sheet and revised plans marked "Received February 14, 1956", 3 sheets, *on condition* that all buildings and uses other than the existing restaurant building shall be removed and the premises leveled substantially to the grade of the surrounding streets, constructed and arranged as proposed on such revised plans marked "received February 14, 1956", 3 sheets; and that as reconstructed the restaurant building shall be one story in height as proposed thereon and in all other respects shall comply with the requirements of the Building Code; that the balance of the premises shall be constructed and arranged as shown thereon, including the area to the north for parking of patrons' cars; that such parking area shall be leveled, graded, paved with bituminous paving and properly rolled; that the 30 feet frontage on Ocean parkway shall comply with the requirements of the Commissioner of Parks as to the Ocean parkway setback law and the spaces 15 ft. along Nixon court and other spaces along Murdock court and to the west as shown shall be arranged with planting of suitable material, protected with curbing, as the Commissioner of Parks shall require, including such driveways as the commissioner may permit for entering and leaving the premises from Ocean parkway; that along Murdock court there may be one curb cut not over 20 feet in width for entrance to such parking lot; that on the lot line to the west there shall be erected a masonry wall of face brick not less than 5 ft. 6 in. in height; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president and the department of parks; that signs shall be restricted to such signs as are permitted in a residence district and as may be permitted by the commissioner of parks; that on the lot lines to the east and south there shall be constructed and maintained a masonry wall of face brick not less than 2 ft. high with steel picket fence thereon to a total height of not less than 5 ft. 6 inches; that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. 757-55-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

757-55-A

APPLICANT—Lama, Proskauer and Prober, for Werner Nobut, Inc., owner.

SUBJECT—Application September 6, 1955—re Appeal from a decision of the borough superintendent—relating to the proposed use of a portion of a plot within the 30 ft. Ocean parkway setback for the parking of patrons cars and the construction of a driveway entrance accessory thereto.

PREMISES AFFECTED—2640-2660 Ocean parkway and 63-73 Nixon court, northwest corner and 64-70 Murdock court, Block 7238, Lots 122, 124 and 126, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative: 4

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated August 30, 1955, on Amendment to Alt. Applic. 2106/53 reads:

"2 Proposed parking of patrons cars and motor vehicle entrance to parking lot within the required 30' setback restriction on Ocean Parkway is contrary to Chapter 21, P532.11.0."

and

WHEREAS, the applicant states that the premises consist of a lot fronting 180 ft. 1½ in. on Ocean Parkway, with a depth of 93 ft. 1 in. irregular therefrom upon which there exists a one story building 14 ft. 8 in. in height, 30 ft. 3 in. by 87 ft. in area, of class 3 construction, proposed to be increased to 62 ft. front by 70 ft., irregular, in depth, in class 3 construction, and used and occupied: cellar—ordinary storage; 1st floor—restaurant, cabaret, kitchen, dining terrace and parking of patrons' cars, with an occupancy of 250 persons, as more fully described under application filed for a zoning variance under Cal. No. 756-55-BZ; and

WHEREAS, the applicant contends that Section 532-11.0 of the Administrative Code states that it shall be unlawful for buildings or other erections to be placed upon the required 30 ft. setback restriction on Ocean Parkway; that it makes no mention of prohibiting parking of motor vehicles, or motor vehicle entrances over said 30 ft. setback; that if the interpretation of the borough superintendent were correct, no dwelling facing Ocean Parkway could park a car in their driveway or have access to their garages; that this was not the intention of the section as the whole of Ocean Parkway has developed with dwellings, driveways and motor vehicle entrances, such driveways and motor vehicle entrances being within the 30 ft. setback restriction which in effect, only pertains to buildings and erections; and

WHEREAS, the applicant contends that the mere parking of motor vehicles or the crossing of the 30 ft. of land does not affect or constitute any more of a hazard than all of the present entrances serving thousands of dwellings along Ocean Parkway.

Resolved, that the decision of the borough superintendent, acting on amendment to Alt. Applic. 2106/53, Objection 2, be and it hereby is *granted*, only as to the entrance from Ocean parkway which entrance shall be as permitted by the commissioner of parks and in accordance with the requirements of the resolution adopted by the Board this day under Cal. 756-55-BZ.

Adjourned: 1:05 P.M.

ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 333-39-SM—Vol. II

Subject: Amendment to resolution as to cinder brick.

Joseph Platzker, for De Yorgi Bros., Inc., of the Bronx, New York, requested by letter dated October 17, 1955 that the resolution adopted July 21, 1942 and amended through June 21, 1955 under Cal. No. 333-39-SM Vol. I and II be amended so as to include cinder brick. The application was reopened by a vote of the Board November 15, 1955.

Purpose

The material is a masonry unit to be used in masonry construction.

Description

The brick is made of the same materials, of the same mix and on the same machines as the units approved by the Board July 10, 1951 under Cal. No. 333-39-SM Vol. II.

Inspection and Test

The plant of the applicant was inspected by Asst. Engr. J. A. Darts Committee on Test. Sample blocks were identified and marked and these units were tested in accordance with the Masonry Rules of the Board at Manhattan College.

Results were as follows:

Cinder Brick— $2\frac{3}{4}$ " x $3\frac{3}{4}$ " x 8"
Compressive Strength—2810 psi
Modulus of Rupture—590 psi

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted July 21, 1942 and amended July 10, 1951 amended so as to include additional sizes of masonry units so that the units recommended for approval including those previously approved under Cal. No. 333-39-SM are as follows:

Concrete-Hollow; 8" x 8" x 18"; 8" x 10" x 16" and 8" x 12" x 16".

Solid; 8" x 12" x 16".

Cinder-Hollow; 4" x 8" x 16"; 6" x 8" x 18"; 8" x 8" x 18"; 10" x 8" x 18"; 12" x 8" x 18" and 12" x 8" x 16".

Solid; 3" x 8" x 16"; 4" x 8" x 18" and 8" x 8" x 18".

Hollow Header Units; 6" x 8" x 18"; 6" x 9" x 18"; 8" x 8" x 18" and 8" x 9" x 18".

Cinder Brick— $2\frac{3}{4}$ " x $3\frac{3}{4}$ " x 8".

on condition that the requirement of the resolution adopted July 21, 1942 and July 10, 1951 under Cal. No. 333-39-SM Vols. I and II to be complied with.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

LESLIE V. HUBER,

Chief Engineer,

ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 588-48-SM

Subject: Amendment to resolution to include larger sizes of Flagg-Flow Threadless Bronze Fittings.

Stanley G. Flagg and Company, Inc., Philadelphia, Pa., requested by letter dated April 8, 1949 that the resolution adopted February 8, 1949 under Cal. No. 588-48-SM be amended so as to include fittings up to and including 6 inches in size. The application was reopened by a vote of the Board May 10, 1949.:

Purpose

The fitting is a bronze socket type fitting to be brazed to copper or brass pipe intended for installation wherever 150 lbs. standard weight bronze screw fittings are used.

Description

The fittings requested are similar to the fittings approved by the Board February 8, 1949 under Cal. No. 588-48-SM except that the sizes range up to 6 inches.

Inspection and Test

Hydrostatic tests were conducted on a 6 inch tee fitting. The test specimen was so arranged that the mechanic brazing the fitting had to stand on a chair in order to make the joints, thereby, simulating a mechanic working from a scaffold in the field. A further condition imposed was that the clearance from wall to fitting was no more than 18 inches, thereby, precluding the possibility of having working conditions too idealized.

The test was discontinued at 700 psi as at that time the copper nipples were expanding noticeably; at this point there was no leakage or failure at any of the brazed joints.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted February 8, 1949 under Cal. No. 588-48-SM be amended so as to include Flagg-Flow Threadless Bronze Fittings up to 6 inches inclusive on condition that the requirements of the resolution adopted February 8, 1949 under Cal. No. 588-48-SM be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 79-51-SM

Subject: Amendment to resolution as to change of name of ownership and trade name of flameproofing compound.

California Flameproofing and Processing Company, Pasadena, Calif., requested by letter dated July 13, 1955 that the resolution adopted December 11, 1951 under Cal. No. 79-51-SM be amended as to change of name of owner-manufacturer and trade name of material. The application was reopened by a vote of the Board September 20, 1955. The applicant was notified that he must submit his request in affidavit form stating that the California Flameproofing and Processing Company, Pasadena, had acquired full ownership of the QRS Neon Corp., Ltd., Pasadena, Calif., said affidavit was filed with the Board January 30, 1956.

Recommendation

The Committee on Test recommends that the resolution adopted December 11, 1951 be amended as to the change of name of the approved flameproofing compound originally known as QRS De Luxe Fabric Flame Retardent and the owner-manufacturer is now known as California Flameproofing and Processing Company on condition that all other requirements of the resolution adopted December 11, 1951 under Cal. No. 79-51-SM are complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 99-53-SM

Subject: Amendment to resolution as to installation in sprinklered locations.

Luminus Ceilings, Inc., requested by letter dated December 6, 1955 that the resolution adopted July 13, 1954 under Cal. No. 99-53-SM be amended so as to permit the installation of the material Acousti-Luminus Ceilings in sprinklered locations. The application was reopened by a vote of the Board December 20, 1955.

Description

The material and method of installation is identical to that approved July 13, 1954 under Cal. No. 99-53-SM.

Recommendation

The Committee recommends that as C26-1354.0 Administrative Building Code was amended by Local Law 105 of 1955 to allow the use of this type of light diffusers in locations as permitted under C26-1351.1 Administrative Building Code as amended by Local Law 91 of 1954 the resolution adopted July 13, 1954 under Cal. No. 99-53-SM wherein the Board approved Acousti-Luminus Ceilings for use in New York City under certain specified conditions as to the restriction as to use in sprinklered locations, be amended so as to permit the use of this material under the above mentioned sections of the Administrative Building Code as amended by Local Laws 105 of 1955 and 91 of 1954 on condition that all other requirements of the resolution adopted July 13, 1954 under Cal. No. 99-53-SM be complied with.

The Committee further recommends that all plans filed with the Department of Buildings shall show the proposed occupancy so that the use of this type of ceiling may be checked as to its use in the type of hazard occupancy and that in the event of change of occupancy the installation shall be reexamined under C26-1354.0 Administrative Building Code as amended by Local Law 105 of 1955.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 866-53-SM

Subject: Sanymetal Ceiling Suspension Systems Nailock Channel, Screwlock Channel and Accessories.

Suspended Ceiling Division of Sanymetal Products Company, Inc., filed November 29, 1953 an application with the Board of Standards and Appeals for approval of Sanymetal Ceiling Suspension Systems Nailock Channel, Screwlock Channel and Accessories under the provisions of C26-178.0.b and C26-461.0 Administrative Building Code.

MINUTES

Purpose

A system of suspended metal supports for hanging acoustical ceilings.

Description

Sanymetal Suspended Ceiling Systems are comprised of basic steel furring channels with necessary accessories for attachment to $1\frac{1}{2}$ " channels, bar joists, "I" beams, purlins and other structural members from which ceilings are commonly suspended. The basic channels are marketed under the trade names, "Nailock Nailing Channel" and "Screwlock Metal Furring Channel."

Nailock Channels are cold rolled channels provided with an arch at the center. Through the back of the arch rectangular sections are punched inward at 6" intervals, forming a series of stirrups $\frac{3}{16}$ " wide along the inside center line of the channel. Quarter inch steel rod is inserted through the stirrups. Facing material is attached to the channel by driving a flat nail in the usual manner into the channel opening. The arch acts as an anvil, curving the nail around the $\frac{1}{4}$ " rod in a tight loop.

Nailock channels are most commonly used for suspended acoustical ceilings where the acoustical material are screwed or cemented to a solid backing. The Nailock channels are attached to the structural supporting members either by specially designed spring steel clips or by a standard wire tie. The backing, gypsum board, plywood or other materials are nailed to the Nailock channel as described. The acoustical material is then attached to the backing with screws or adhesive.

Nailock channel is $1\frac{1}{8}$ " wide across the back, 1" high from back to face, $\frac{3}{4}$ " wide across the nailing face. The weight is then $\frac{3}{4}$ lbs. per lineal foot. Screwlock metal furring channel is used in suspended ceilings construction where materials are to be attached with screws. Screwlock channel serves the same purpose as wood furring where incombustibility is required. The channel is attached to supporting structural members or specially provided supports such as $1\frac{1}{2}$ " channel, by special clips or the usual wire ties. The face of Screwlock channel is perforated with a series of diamond shape indented holes. Screws are driven into the holes in the usual manner forming a thread at the back of the indentation.

Screwlock channel is formed from .002" thick strip steel electro-galvanized before fabrication. The channel is $2\frac{3}{4}$ " wide and 1" high. The field or perforations in the face of the channel provided a surface $2\frac{1}{8}$ " wide through which screws may enter.

Ceiling construction with Screwlock channel may be of the "backed" type, backing for finish tile attached directly to the channel or acoustical tile is screwed directly to the channel with or without a non-breathing or vapor barrier membrane back of the tile.

Both Nailock and Screwlock channels are spaced on centers as recommended by the manufacturers of the materials to be supported by the channels.

Inspection and Test

Inspection and test of this suspended ceiling was made at 1079 East Grand Avenue, Elizabeth, New Jersey at the plant of Jacobson and Co., Warehouse. Present at the test were Chief Engr. L. V. Huber and representatives of the applicant and it was found that the ceiling suspension system operated as designed.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Sanymetal Ceiling Suspension Systems Nailock Channel, Screwlock Channel and Accessories for vountary use in New York City on condition that the systems comply with this report and the requirements of C26-461.0 Administrative Building Code and also that the material shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 866-53-SM," and further

that this system shall be used only for the erection of suspended acoustical ceilings.

REPORT OF COMMITTEE ON TEST

Re: Cal. 486-55-SM

Subject: Atlas Duraplastic Air Entraining Portland Cement, Type IA, Atlas Duraplastic Air Entraining Cement, Types IIA and Atlas White Duraplastic Air Entraining Cement, Type IA.

Universal Atlas Cement Company, New York, filed June 7, 1955 an application with the Board of Standards and Appeals for approval of the material known as Atlas Duraplastic Air Entraining Portland Cement, Type I Atlas Duraplastic Air Entraining Cement, Type IIA and Atlas White Duraplastic Air Entraining Cement, Type IA, under the provisions of C26-312.0.c Administrative Building Code and for use under the Rules of the Board adopted under Cal. No. 64-55-SR.

Purpose

The material is a portland cement for use in structural concrete.

Description

In the manufacture of the air entraining cement, the air entraining agent is introduced into the clinker of portland cement and the two are interground so as to pass the specification for this type of cement, this intergrinding takes place in the tube mills.

Inspection and Test

Samples of the various types were collected placed in containers and sealed, the sealed containers were submitted to the laboratory for test in accordance with the requirements of the Rules for approval of Air Entraining Cements adopted under Cal. No. 64-55-SR.

The cements met the requirements and the complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Atlas Duraplastic Air Entraining Cement, Types IA and IIA as manufactured at the applicant plant located at Hudson, New York, and the Atlas Duraplastic Air Entraining Cements, Types IA and Atlas White Duraplastic Air Entraining Cement Type IA as manufactured at the applicant's plant located at Northhampton, Pa., as meeting the requirements of C26-312.0 Administrative Building Code, as superseded by the General Resolution adopted under Cal. No.

MINUTES

64-55-SR for use in New York City under C26-191.0 Administrative Building Code and the permissive uses under Cal. THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 547-55-SA

Subject: Samco or Chef's Delight, Lower Oven Apartment size Range, Models 3120 and 3220.

E. Loeb for Samuel Stamping and Enameling Company, Chattanooga, Tenn., filed June 27, 1955 an application with the Board of Standards and Appeals for approval of the Samco or Chef's Delight Lower Oven Apartment Size Range, Models 3120 and 3220 under the provisions of C26-695.0 Administrative Building Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

The appliances are gas fired ranges used for cooking purposes.

Description

The ranges are of four top burner and oven type construction. The model 3220 has cast iron with aluminum caps top burners and cast iron oven burner. The model 3120 has cast iron with porcelain caps top burners and cast iron oven burners.

The front top burners of each model are rated at 12,000 BTU each, the rear burners at 9,000 BTU each and the oven at 20,000 BTU.

The lighting of the top burners is accomplished by automatic lighting and the oven is equipped with a thermostat.

Inspection and Test

The appliances have been approved by the American Gas Association under Certificate 1-(982.0, 2.1, -4.1, -6.1, -8.1 & 10.1)001. The details of construction were examined by Asst. Engr. J. A. Darts Committee on Test.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with an approved device which shall shut-off automatically

the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for the Installation of Gas Piping and Gas Appliances in Building approved by ASA and sponsored by the AGA 1954 gives the following definitions:

1. Appliance-automatically controlled, appliances equipped with an automatic pilot and other automatic devices which
 - (a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.
 - (b) graduate the gas supply to the burner or burners, but do not affect complete shut-off of the gas.

2. Automatic Ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect re-ignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner or burners, in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows: The models 3120 and 3220 shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; all installations shall be in accordance with the requirements of C26-695.0.2.a Administrative Building Code as the above models have been approved by a recognized testing laboratory and further that these ranges may be used under the provisions of Section 64 of the Multiple Dwelling Law.

The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 547-55-SA", and in addition thereto shall also designate the model designation and the additional wording: "Equipped with an approved automatic shut-off" and further each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 14, 1955, on Alt. App. 432/54 reads:

"1. In a business use district, the proposed manufacturing of kitchen cabinets involving the use of power tools and saws on wood is contrary to Art. II, Sec. 4(a) subdiv. 31 of the Zoning Resolution."

and

WHEREAS, the applicant states the building is one story, 17 ft. 10 in. in height, 60 ft. by 60 ft. in area, of Class 3 construction, erected in 1950 on a lot 100 ft. front by 95 ft. in depth now in a business use, D area, Class 1 height district; used and occupied since 1953: Cellar—storage; 1st

MINUTES

floor—manufacturing kitchen cabinets, 10 persons. No change in use or occupancy is now proposed; and

WHEREAS, Certificate of Occupancy #134160 issued December 18, 1952, on completion of work under Alt. App. 1607/50 permits the following use and occupancy: Cellar—storage; 1st floor—auto repairs and stores, 4 persons, 175 lbs. liveload; and

WHEREAS, Violation #709 of 1954 was issued by the Borough Superintendent for violation of Section C26-184.0 of the Administrative Code in that the premises were occupied as manufacturing wood kitchen cabinets, office and showroom on the 1st floor contrary to Certificate of Occupancy #134160; and

WHEREAS, the applicant states the premises are located in a business use district; that prior to January 11, 1954, the premises were in an undetermined zone; that the building was erected under N.B. 1607/50 used and occupied as storage, auto repairs and store, for which the above certificate was issued; and

WHEREAS, the applicant contends that the present owner took title July 11, 1953 through the officers of the corporation and became owner of record on October 14, 1953, 5 months prior to the designation of the premises as in a business use district, which was on January 11, 1954; that the owners operated the business as the Superior Woodworking Co., manufacturers and designers of custom made kitchen cabinets at 1779 Pitkin avenue, Brooklyn and moved their business to the present location in July of 1953; and

WHEREAS, the applicant contends that a zoning regulation adopted after a use has been commenced is without effect against that user; that the use established by this owner was open and notorious and entirely superior and more desirable than any use established within this area on Pennsylvania avenue; that the Department has recognized the validity of nonconforming uses established prior to a change in the use district designation for many years and now acts arbitrarily and capriciously in now denying the present owner from asserting his vested rights; and

WHEREAS, the applicant states he appeared personally before the Borough Superintendent prior to the filing of this appeal and presented the evidentiary material referenced and the Borough Superintendent denied reconsideration of his objection, stating he had no authority to approve an application to legalize a nonconforming use established prior to a change in zone; and

WHEREAS, the applicant contends the present owner could have obtained a certificate of occupancy at the time he purchased the building for the proposed use but was misled into believing the existing certificate of occupancy for auto repairs and sales of auto parts was in the same class of use as manufacturing kitchen cabinets and sales of kitchen cabinets and therefore no new certificate was required; and

WHEREAS, the applicant states the Borough Superintendent could have issued the violation against the premises for operating in violation of the certificate of occupancy at any time subsequent to the purchase of the building and prior to the determination of the use district, a period of more than five months, and the owner then becoming aware of the facts could easily have obtained a new certificate of occupancy; that the Department by reason of its inaction gave tacit consent to the changed use; that the violation when issued was issued for a Building Code violation and not for a violation of the zoning regulations; and

WHEREAS, the applicant has filed as evidence of the conduct of the business prior to January 11, 1954:

1. Manufacturers' & Contractors' Liability Policy for the period Aug. 31, 1953 to Aug. 31, 1954.
2. Telephone bill dated October 6, 1953.
3. Endorsement by the State Insurance Fund dated August 13, 1953 to Policy M-244-945 issued July 6, 1953, indicating that the assured had changed its address to 864 Pennsylvania avenue as of 12:01 A.M. August 4, 1953.
4. Bills from the U.S. Plywood Corp. dated 7/13/53, 8/5/53 and 8/28/53.

and

WHEREAS, the applicant further states that the present owner took title July 11, 1953 and immediately converted the building to his own use by installing his furniture and equipment and commencing actual manufacturing operations with the use of power saws in the beginning of August 1953; and

WHEREAS, the applicant states that Objections 2, 3 and 4 issued by the Borough Superintendent February 24, 1955, have been or can be corrected to the satisfaction of the Department of Buildings; and

WHEREAS, the applicant states the spray booth was installed February 3, 1954 and complies with the Paint Spray Rules of the Board; and

WHEREAS, examination of Fire Department Folder F-515-109 indicates that inspector's report dated February 5, 1954, describes the premises as no longer occupied as a motor vehicle repair shop; that present occupancy was factory by the Superior Woodworking Co.; and

WHEREAS, examination of Fire Department Folder 661358 indicates that as of March 29, 1954, the Company Commander was requested to determine whether any combustible permits were necessary for the building which had previously been used as a motor vehicle repair shop and on June 17, 1954, it was reported that the new occupants, the Superior Woodworking Co. had made application for an air compressor hammer, dated June 15, 1954 and that certificate of fitness was issued June 15, 1954, for spraying and that Order #6595-4 was issued August 9, 1954, by the Fire Department requiring plans to be filed with the Department of Buildings for the spray and dipping processes and the mixing rooms; and such record also indicates that on January 17, 1955, the owner was convicted and fined in Magistrates court for storing 200 gallons of paints and lacquers inside and outside the building without an approved storage cabinet and for failure to comply with Order #6595-4; and that such owner was again fined on June 20, 1955; and

WHEREAS, an examination of papers filed with the Borough Superintendent under Alt. App. 432/54 indicates the following:

Affidavits sworn to Feb. 8, 1954, by Charles M. Shapiro, Licensed Professional Engineer, stated that the lessee of the premises was the Superior Woodworking Co. and that this affidavit was accompanied by a specification sheet stating the existing use of premises was auto repairs and store; proposed to be changed to manufacturing kitchen cabinets and spraying in the cellar; and manufacturing cabinets, office and sales on the 1st floor; and accompanying this alteration application there was also Plumbing App. #432 filed by the same applicant, stating it was proposed to draw a one-inch line from house water supply to spray booth for sprinkler head; that the building was occupied as "auto repairs" and to be occupied as "manufacturing kitchen cabinets"; and accompanying this application was a plan showing the installation of a cabinet type spray booth in the cellar; and

WHEREAS, the premises were inspected by a committee of the Board and the committee examined the records of the premises which disclosed the fact that the garage use was the original use established and was changed to a woodworking shop and woodworking machinery installed before the zoning was changed.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 432/54, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use now existing on the premises, namely manufacturing of wood kitchen cabinets, office and showroom, *on condition* that the building and occupancy comply with all laws and rules in all other respects.

For Applicant: George E. Strehan, John F. Louv and Arthur S. Casella.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated December 8, 1955, (Acct. No. 156865) reads:

"In reference to your communication of November 11, 1955, concerning changes which you desire to make in your refrigerating equipment, please be advised that such change must be denied as being contrary to provisions of Article 18, Chapter C-19 of the Administrative Code, the resolution of the Board of Standards and Appeals No. 360-30-A."

and

WHEREAS, the applicant states the building is 3 stories and basement, 69 ft. 8 in. in height, 200 ft. 10 in. by 550 ft. in area, of reinforced concrete construction, erected in 1903 in an unrestricted use district; used and occupied since 1929: Cellar—factory, 75 persons; 1st and 2nd floors—factory, 112 and 164 persons respectively; 3rd floor—office, 40 persons. The entire building is occupied by the owner for bakery and storage of food products, meat and ice cream. The building is provided with approved standpipe and one-source sprinkler system throughout and an approved interior fire alarm system; regular monthly fire drills are maintained. There are two interior 3 ft. 8 in. wide fireproof stairs and three fire towers; and

WHEREAS, the applicant states the building is equipped with a refrigeration system of the direct expansion type, located in the cellar, (enclosed in brick walls equipped with fireproof doors) and provided with flow and return pipes extending to economizers on the roof and evaporating coils in the cellar, 1st, 2nd and 3rd stories, using ammonia as a refrigerant; that this system has been in operation since 1916 under permit from the Fire Department; that on February 3, 1931 the Board permitted the continuance of the then existing system and on October 1, 1935, amended its resolution to permit a change in condensers from the double pipe to the shell and tube type and permit the installation of additional compressors, on condition that at no time shall there be more than 4500 lbs. of refrigerant; and

WHEREAS, the applicant states the present equipment includes ammonia compressors in the cellar, with liquid and discharging lines running in a concrete chase up to three economizers and one liquid receiver on the roof; that on November 21, 1950, the Board permitted the installation of the new economizers with liquid and discharge piping extending thereto; and

WHEREAS, the applicant contends that at present due to the expansion of its business, it is necessary to expand the refrigerating system and requests an amendment of the previously adopted resolution so as to permit the installation of three new York evaporative condensers and a new receiver on the roof; and

WHEREAS, the applicant states the equipment is now operating at almost 100% capacity with no provisions for stand-by equipment; that it is now proposed to install a new high stage compressor and use the existing one as stand-by equipment; it is also proposed to install a new booster compressor and replace the existing low temperature suction trap with a new trap of modern design and to locate this new trap in the equipment room area; that the new trap will contain a normal operating charge of 1079 lbs. of refrigerant and for this reason it is requested that the 4500 lb. maximum previously be permitted by the Board be increased to 6500 lbs. for the use of this modern equipment which will

safeguard the compressors; that the proposed trap will be provided with proper relief valves; and

WHEREAS, the applicant states it is proposed to install a stand-by economizer in addition to those installed in 1951 and to locate same adjacent to the three economizers installed as permitted by the Board on November 21, 1950; that all the refrigerant lines, both liquid and discharge are now existing; and

WHEREAS, the applicant states that due to the increased volume of business, additional refrigerated storage space and three new ice cream freezers are required and permission is requested to install these additional storage spaces and freezers in close proximity to the existing refrigerator locations and to connect the new refrigerator boxes to the existing lines. It is therefore requested the Board amend its prior resolution so as to permit the installation of the following:

1. One new booster compressor.
2. One high stage compressor.
3. One new suction trap.
4. One new economizer on the roof.
5. New storage refrigerators.
6. New ice cream freezers.

and to permit the increase in the capacity from 4500 lbs. to 6500 lbs. of ammonia; and

WHEREAS, the applicant contends the changes herein requested are necessary in the modernizing of its refrigerating plant to meet the demands of its growing business. The existing horizontal refrigerant lines are suspended from the ceiling by rigid metal hangers; the existing vertical risers are within a fully enclosed shaftway which leads to roof where it is vented by six open louvers having a total net ventilating area of 180 sq. ft. The system is now provided with all required relief and safety valves and Fire Department connections and all the proposed equipment will be connected into the existing system and provided with any additional safeguards the Fire Commissioner may direct. The existing refrigerator machinery room located on basement story is provided with ventilation having a capacity of 16,400 C.F.M. mechanically operated by a fan located in the basement, and exhausting through ducts not less than 10 feet above the roof. No change is proposed in this ventilating system as it already provides ventilation in excess of ten changes of air per hour which is more than adequate.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted by the Board on November 21, 1950, by adding thereto:

"that in the event the owner desires to increase the ammonia refrigerating equipment by adding the following:

1. One new booster compressor.
2. One high stage compressor.
3. One new suction trap.
4. One new economizer on the roof.
5. New storage refrigerators.
6. New ice cream freezers.

and to permit the increase in the ammonia capacity from 4500 pounds to 6500 pounds, such equipment may be added as proposed and indicated on plans filed with this appeal marked "Received March 9, 1956," (13 sheets), on condition that the equipment shall be installed to the satisfaction of the Fire Commissioner and maintained to his satisfaction; that all new equipment shall meet the requirements of the ASME and where approved by the Board shall meet the Board's requirements.

APPLICANT—Alba Registry for Nurses, for Billmar Realty Company, Inc., owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Application (decision of the borough superintendent); previously granted on condition, under section 7e of the zoning resolution, permitting in a residence use district, the change in occupancy from Class A multiple dwelling and Nurses Registry.

PREMISES AFFECTED—309-319 St. John's place, north side, 30 ft. west of Underhill avenue, Block 1171, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henrieta Rothenberg.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 11, 1948, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on March 23, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 11, 1948, as thereafter *amended* by resolutions adopted through March 23, 1954, only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision e for a term of two years from the date of this *amended* resolution, to permit; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained." (Alt. App. 387/48)

644-52-BZ

APPLICANT—Herman Kron, for Onofrio and Michael Civitano, owners.

SUBJECT—Application for consideration—reopening as to extension of time to complete and to obtain a certificate of occupancy—re Application (decision of the borough superintendent); previously granted on condition, under sections 7e and 7h of the zoning resolution, permitting in a residence use district, the erection and maintenance of an

amusement center, office and shelter and permitting the parking and storage of patron's motor vehicles.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals Room 1014, Municipal Building, Manhattan, at five cent each—postage to be added if the forms are forwarded by mail.

Correction Affecting Calendar Number 310-55-A.

Proposed Amendments to the Rules Relative to Sub-
merged Inlets and Protective Methods to be Applied
to Prevent Contamination of Water Supply.

COURT DECISIONS

Matter of Jack Ryback vs. Murdock:—On April 12, 1955, the Board granted an application under Section 21 of the Zoning Resolution, to permit in a business use, B area district, the extension on first story of proposed structure, using more than the area permitted; Cal. No. 957-54-BZ; premises 524-532 Third Avenue and 163-167 East 35th Street, Borough of Manhattan.

At Special Term, Supreme Court, Mr. Justice DiFalco sustained the Board in the following decision:

Ryback vs. Murdock—Motions 21, 22, 23 and 24 of June 27, 1955, are consolidated and considered together. The record before the board amply supports its determination. It is neither arbitrary, capricious nor contrary to law. The petition is dismissed and the determination of the Board of Standards and Appeals affirmed, and the county clerk is directed to enter a final order herein accordingly. Order signed.

Ryback v. Murdock—Motion is disposed of in accordance with the decision in accompanying motion. Order signed.
(N. Y. Law Journal, June 30, 1955, page 4)

Upon further review, the Appellate Division, First Department, said, in part, as follows:

“The intervenor, in its application for a variance, stated as the only substantial reason to show ‘practical difficulty and unnecessary hardship’ that ‘it will not be possible to rent the store in question to a choice tenant unless the store has greater depth’ neither in the application nor at the hearing did the intervenor disclose what efforts it had made to rent the store property to any other prospective tenant, choice or otherwise.”

“We agree with the Board that the tests stated in *Otto v. Steinhilber*, 282 N.Y. 71, relate to a use variance and not applicable in their entirety to an area variance. It is elemental, however, that before the Board can grant a variance, the record must disclose some basis to justify the conclusion that there are practical difficulties or unnecessary hardships.”

The court annulled the determination of the Board and remitted the matter to the Board for further proceedings, not inconsistent with its opinion.

On a resettled Order, the court remitted the matter to the Board for the purpose of recording the annulment and for further proceedings on March 16, 1956.

The Board on March 16, 1956, recorded the annulment of the Resolution adopted April 12, 1955, and reopened the matter for further proceedings not inconsistent with the opinion of the court and set it for hearing on April 24, 1956, at 10:00 A.M., for the applicant to present further arguments.

**SUPREME COURT, APPELLATE DIVISION,
SECOND JUDICIAL DEPARTMENT.**

Nolan, P. J., Wenzel, Ughetta, Hallinan and Kleinfeld, JJ. — In the matter of the Application of the Village of Bronxville, and of James D. Miller, Walter H. Free, Horace G. Hitchcock, Ronald B. Swinford and Warren Clark, as the Board of Trustees of the Village of Bronxville, Petitioners-Respondents, against Clarence Francis, Frank A. Hutson, Jr., Randolph Evans, Franklin S. Wood and Frederick G. Frost, Jr., as the Board of Appeals of the Village of Bronxville, Respondents, Ponfield Road Company, Inc., The Gramatan Company Incorporated of Bronxville, New York, and The Gramatan National Bank and Trust Company of Bronxville, Intervenor-Appellants.

Appeal from an order of the Supreme Court at Special Term (Doscher, J.), entered September 2, 1954, in Westchester County, insofar as said order sets aside a determination made by the respondents and denies a motion by the intervenors to strike out the Village of Bronxville as a petitioner.

Frederick P. Close and Allen R. Campbell for intervenors-appellants.

William W. Owens and Anthony B. Kuklin for petitioners-respondents.

UGHETTA, J.:

This is a proceeding under article 78 of the Civil Practice Act and the Village Law to review the determination of the board of appeals of the Village of Bronxville, which granted a variance in the terms of the local zoning ordinance so as to permit the construction of a ban' building containing floor area in excess of the amount permitted by the ordinance. The ordinance permits total floor area not to exceed one and one-half times the area of the lot. In effect the variance, as granted, relieved the intervenors from compliance with

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 21, 1956 after due notice by publication in the Bulletin; laid over to March 20, 1956, for inspection and decision; and for statement from applicant as to use of plot; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 4th avenue are in a business use, C area, class 1 height district; 89th street is in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 26, 1955 acting on Alt. Applic. 1453-55, reads:

"1. The proposed parking & storage of motor vehicles within a Residence use district is contrary to Art. II Sec. 3 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. and 93 ft. 7¼ in. in depth, which is presently vacant; that it is proposed to maintain premises for the parking and storage of motor vehicles, for a term of 5 years; and

WHEREAS, the applicant further states that adjoining lots 50 and 52 are now occupied as a non-conforming use; that said parcel is known as 351-357 89th street; that the non-conforming use consist of a garage for 4 cars and the parking and storage of motor vehicles; that this site is 200 ft. west of Fourth avenue; that the subject site is 100 ft. west of Fourth avenue; that Fourth avenue for a depth of 100 ft. is zoned retail and that the site is therefore on the dividing line between a retail zone and a residential zone; and

WHEREAS, the applicant contends that the immediate area is occupied by many non-conforming uses such as gas stations and some automobile repair shops; that the site is not amenable to residential development at the present time; that immediate and surrounding streets are constantly filled with day and night parking and the subject site would contribute in some way to alleviate this condition; that the Board is requested to grant a variance for a term of five years for the parking and storage of motor vehicles and any conditions set by the Board will be strictly adhered to; and

WHEREAS, the applicant states that the present owner has held title to the property since April 8, 1954 and that the assessed valuation of land is \$11,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of two years, to permit in a residence use district, the parking and storage of motor vehicles, as proposed and indicated on plans filed with this application, marked "Received May 20, 1955", 2 sheets, and "February 7, 1956", 1 sheet, *on condition* that the premises shall be graded substantially to the grade of 89th street, surfaced with clean gravel crushed stone or steam cinders and treated with an asphalt binder and properly rolled; that there shall be erected on all sides and along the street front, a woven wire fence of the chain link type not less than 5 ft. 6 in. high with one gate therein 14 ft. wide to 89th street and with curb cut opposite such gate of similar width; that there may be erected a temporary frame office building not exceeding 10 ft. by 10 ft. in area and not over one story in height; that the only signs permitted shall be those attached to the fence required by the commissioner of licenses or the department of buildings not extending beyond the boundary line and not illuminated,

MINUTES

stating the use of site and the rates charged for parking; that only motor vehicles of the pleasure car type shall be parked or stored; that in all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

433-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Kentways, Inc., owner.

SUBJECT—Application May 25, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a unrestricted and residence use district, the proposed extension of a storage garage for more than 5 motor vehicles, parking and storage for more than 5 motor vehicles and the installation of one 550 gallon gasoline tank and one pump in open area for owner's use only.

PREMISES AFFECTED—701-711 East 139th street, 275-295 Jackson avenue, northwest corner and 698-710 East 140th street, Block 2568, Lots 14, 17, 20 and 30, Borough of The Bronx.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the Bulletin; laid over March 20, 1956 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in unrestricted and residence use, B area, class 1½ height districts; Jackson avenue is in an unrestricted use, B area, class 1½ height district; East 139th street and East 140th street are in unrestricted, residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated April 29, 1955 acting on Alt. Applic. 285-55, reads:

"1. The proposed extension of a storage garage for more than five motor vehicles, parking and storage for more than 5 motor vehicles and the installation of one 550 gal. gasoline tank and one pump in open area (for owner's use only) partly in a Residence and partly in unrestricted use districts is contrary to Art. II, Sect. 3 of the Zon. Res. and Resolution 921-50-BZ and 96-54-BZ of the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the premises consist of a plot, 201.60 ft. frontage by 242.12 ft. in depth, irregular, on which is located a storage garage for more than five motor vehicles and parking and storage for more than five motor vehicles; that part of the premises within 100 ft. of Jackson avenue is in an unrestricted use district and the balance of the premises is in a residence use district; that it is proposed to combine the separate garage and parking lot into one by cutting a new 14 ft. wide opening between the garage and the parking lot fronting on East 140th street; that it is also proposed to install a vehicle opening in the fence between the parking lot fronting on East 140th street and the parking lot fronting on East 139th street; that it is further proposed to install one 550 gallon buried gasoline tank and one dispensing pump in the open parking lot; that inasmuch as the entire garage and parking area will be used by the owners for their own use and their own trucks, and

no space rented or gasoline sold to outside individuals, the community cannot be affected; and

WHEREAS, the applicant states that the premises are presently developed with a one story building of class 3 construction, with a frontage of 92.12 ft. on East 139th street, 201.60 ft. on Jackson avenue, 92.12 ft. on East 140th street and 201.60 ft. on the west side and now being used as a storage garage for more than 5 motor vehicles; that the open portion of the plot is now being used for parking and storage of motor vehicles; that the building was erected under N.B. No. 10 of 1921 and certificate of occupancy No. 1500 of 1921 was issued for use as a storage garage for more than 5 motor vehicles; that the open portion of the plot having a frontage of 75 ft. on East 139th and a depth of 100 ft. and now being used for parking and storage of motor vehicles was installed under Alt. Applic. 777-50 and Cal. No. 921-50-BZ; that certificate of occupancy No. 10307 was issued for said use; that the open parking lot having a frontage of 150 ft. on East 140th street and a depth of 100.8 ft. was installed under N.B. Applic. No. 34-54 and Cal. No. 96-54-BZ; and

WHEREAS, the applicant contends that the site is partly in an unrestricted zone and it is proposed only to extend the uses permitted in said zone to the entire site; that each aforementioned use is now legal and their combination does not affect the area; that part of the site is in an unrestricted zone and also all of the affected area along Jackson avenue and East 140th and East 139th streets; that east of Jackson avenue is also in an unrestricted zone, so that the character of the area is established and the proposal is entirely in keeping at this point; and

WHEREAS, the applicant states that the present owner has held title to lots 14 and 17 since January 26, 1955; lot 20, April 2, 1948; lot 30, January 14, 1953; that the assessed valuation of land is \$76,000 and of the building \$55,000 making a total of \$131,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit in the residence use portion of the premises the proposed extension of the existing storage garage for more than five motor vehicles, the parking and storage of more than five motor vehicles and the installation of one 550 gallon gasoline tank and one dispensing pump in the open area for owner's use only, all as proposed and shown on plans filed with this application, marked "Received May 25, 1955", 3 sheets and "February 14, 1956", 1 sheet, *on condition* that there shall be an 8 ft. high chain link fence erected on all building lines and interior lot lines surrounding the parking and storage lots; that the chain link fence on East 139th street building line shall be erected on a 4 ft. high concrete retaining wall; that there may be a 12 ft. wide door from the existing garage building to the east as shown on the plans; that there shall be but one 15 ft. gate to the parking area on East 140th street with a 15 ft. curb cut opposite same; that the entire lot shall be graded and paved with clean gravel, crushed stone or cinders treated with a binder and properly rolled; that the premises shall be used solely for motor vehicles of the owner, including trucks; that the one additional gasoline pump and one 550 gallon gasoline tank above referred to may be located just inside the gate to East 140th street and is in addition to the existing gasoline pump in the center of the garage building, which may remain; that in all other respects, the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 21, 1956 after due notice by publication in the Bulletin; laid over to March 20, 1956, for inspection and decision; hearing closed; also for applicant to file a revised plan showing entrance and gate proposed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Oceania street is in business and residence use, D area, class 1 height districts; Northern boulevard is in a business use, D area, class 1 height district; 45th road is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 16, 1955 acting on Alt. Applic. 824-55, reads:

"2. Proposed change of use of store and dwelling to body & fender repairs, welding, painting and spraying, parking of cars waiting to be serviced on open lot in a business district extending into a residence district is contrary to Art. II, Secs. 3 and 4a (29, 4, 15) of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 200 ft. in depth, on which is located a two story building of class 3 construction; that it is proposed to secure a variance of the building zone resolution for a term of 15 years in order to occupy the premises as follows: cellar—boiler room; 1st floor—body and fender repairs, welding, painting and spraying and the parking of cars waiting to be serviced on the open portion of the lot; that the 2nd floor is to remain vacant; that it is further proposed to erect a new one story, class 3 extension on the 1st floor and remove the stair leading to the 2nd floor; that within the affected area the following non-conforming uses occur; block 6279, lot 21—motor vehicle repair shop; block 7304, lot 13—motor vehicle repair shop; block 7305, lots 25, 11, 53 and 45—garage, motor vehicle repair shop and parking lots, respectively; and

WHEREAS, the applicant states that the premises are located in a class 1 height district and class D area district; that part of the premises within 100 ft. of Northern boulevard is in a business use district and the balance in a residence use district; that the premises are presently developed with a two story building of class 3 construction, having a frontage of 25 ft. and a depth of 56 ft., erected under N.B. Applic. 23996-1925 and certificate of occupancy No. 24217 was issued for use as store and one family dwelling; that the premises are presently vacant on the 1st floor and occupied by one family on the 2nd floor; and

WHEREAS, the applicant contends that the store on the site is now vacant and unrentable as a store; that Northern boulevard is given over to non-conforming uses as stated above, and therefore the public does not do any retail shopping on this street; that Northern boulevard is a main auto

lane leading east and west across Queens and as such the proposal is entirely in keeping at this point; that the site will confine its entrances and exits to Northern boulevard so that the residential aspect of 45th road will not be affected; and

WHEREAS, the applicant states that the present owner has held title to the property since November 12, 1953; that the assessed valuation of land is \$3,750 and of the building \$6,750 making a total of \$10,500; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i, e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning resolution and that the application be and it hereby is granted under Sections 7i, e and h of the Zoning Resolution, to permit in a business and residence use district, for a term of fifteen years the proposed change of use of store and dwelling to body and fender repairs, welding, painting and spraying, parking of cars waiting to be serviced on the unbuilt upon portion of the plot, all as shown on plans filed herewith marked, "Received June 2, 1955" (3 sheets), "February 14, 1956" (one sheet) and "February 27, 1956" (one sheet) permitting the new "L" shaped extension to the rear of the building extending the building to a depth of 84 ft. and permitting the use of the vacant lot to the rear, or south, of the building for the parking of cars waiting to be serviced on condition that there shall be a 5 ft. 6 in. high woven wire fence of the chain link type erected on the side lot lines and along the 45th road building line with no openings therein whatsoever, except that there may be therein one 3 ft. wide gate for pedestrian use only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto except as modified this day under resolution adopted under Cal. No. 464-55-A; and that all permits shall be obtained including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

464-55-A

APPLICANT—Lama, Proskauer and Prober, for Cody and Marie Ingenito, owners.

SUBJECT—Application June 2, 1955—Appeal from a decision of the borough superintendent, Class 3 construction-repair shop.

PREMISES AFFECTED—208-20 Northern boulevard, south side, 125 ft. west of Oceania street and 206-63 45th road, Block 7305, Lot 29, Bayside, Borough of Queens.

APPEARANCES—

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated May 16, 1955, on Alt. App. 824/55 reads:

"1. Proposed use of a 2-story Class 3 structure for automobile repair shop is contrary to tabulation of Sec. 4.2.1. B.C."

and

WHEREAS, the applicant states the premises consist of a lot 25 ft. front by 200 ft. in depth, located in a business and residence use, D area, Class 1 height district, upon which there exists a two-story building 25 ft. front by 56 ft. in depth at 1st floor, 25 ft. by 44 ft. in area at 2nd floor, of Class 3 construction, erected in 1925 under N.B. 2396/25, for

MINUTES

which Certificate of Occupancy #24217 was issued, permitting the following: 1st floor—store; 2nd floor—dwelling; number of families not stated; and

WHEREAS, the applicant states the building is now vacant on the first floor and occupied by one family on the 2nd floor; that it is proposed to occupy the building as follows: Cellar—boiler room; 1st floor—body and fender repair, welding, painting and spraying, parking of cars waiting to be serviced on open portion of lot; the second floor to be maintained vacant. In addition it is proposed to erect a new one-story Class 3 construction extension on the first floor and remove the stair leading to the second floor. The cellar will be provided with a concrete slab over; and

WHEREAS, the applicant contends as to objection 1, issued by the borough superintendent, that although the building is two stories, the second floor will not be used and the ceiling of the first floor will be fire-retarded and the cellar will have a fireproof ceiling; that Section 4.2.4 of the Building Code allows a structure erected after January 1, 1938, to be converted to a repair shop by fire retarding the ceilings, floors and partitions; that the proposal covers the first floor only and the same fire retarding is proposed; that the painting and spraying proposed will be conducted in the new one-story extension, completely isolated from the two-story building; and that such portable fire extinguishing equipment will be installed as the Fire Commissioner shall direct; and

WHEREAS, the premises was inspected by a committee of the Board and the Committee recommended that the appeal should be granted under certain conditions.

Resolved, that the decision of the borough superintendent, dated May 16, 1955, acting on Alt. App. 824/55 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the second floor shall remain vacant; that the stairs leading thereto shall be entirely removed; that there shall be installed an iron ladder fastened to the wall to permit inspection of the premises above the first floor; that the entire ceiling of the first floor shall be fire retarded in accordance with the provisions of the Code for one hour protection; that the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 463-55-BZ.

For Applicant: Leonard F. Rothkrug and Samuel Gardstein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 46th street are in business and residence use, C area, class 1 height districts; New Utrecht avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 29, 1955 acting on Alt. Applic. 2462-55, reads:

"1. Proposed extension of existing parking lot and the installation of a new curb cut entrance, to be used for the parking of motor vehicles (no fees) accessory to a supermarket (retail store) into the portion of plot located in a residential use district, is contrary to Art. 2 Sect. 3 of zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 119 ft. 3¼ in. and 169 ft. 1 in. frontage by 104 ft. 4¼ in. in depth, irregular, on which is located a newly constructed public supermarket 79 ft. 4½ in. front on New Utrecht avenue by 75 ft. 4 in. and 105 ft. 8⅞ in. in depth, irregular, 13 ft. in height, of class 3 construction, erected under N.B. 943-53, work having been completed April 8, 1954 and certificate of occupancy No. 69336 issued May 13, 1954; that it is proposed to increase the permitted parking on the unbuilt upon portion of the lot; that the premises is principally within a business use district; that the owners erected the building to permit parking on a 25 ft. 2 in. strip of land fronting on 46th street and on New Utrecht avenue; that the area of the lot is 13,688 sq. ft. and the area of the building is 7,010 sq. ft.; that the unbuilt upon area within the business district available for accessory parking is 4,741.2 sq. ft.; that only 1,936 sq. ft. is within the residence use district; and

WHEREAS, the applicant contends that the lessee requires this additional area for the safe and efficient parking of customers' cars accessory to the supermarket, no fees to be charged; that their experience in operating the store with the smaller parking area proves the existing parking facilities insufficient; that the business use district line, 100 ft. east of New Utrecht avenue, divides the lot so that the lot cannot be reasonably used; that there is a portion of the plot to the rear of the supermarket, within the business use district, which may be used for parking; that, however, the building projects to within 7 ft. 8 in. of the residence use line, making passage of cars dangerous unless use can be made of the portion of the premises within the residence district; that there will be no overnight parking and no parking of cars other than accessory to the supermarket; that New Utrecht avenue is a heavily trafficked street, beneath the BMT elevated line, with its supporting columns making for traffic congestion and difficulty; that there is the Loew's 46th street theater building extending approximately 170 ft. along 46th street opposite the subject premises and formerly there was a Garden theater on the subject premises which has been demolished but which extended to within the residence use district; and

WHEREAS, the applicant states that the present owner has held title to the property since August 12, 1953; that the assessed valuation of land is \$25,000 and of the building \$53,000 making a total of \$78,000; that the building was erected in 1954; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the parking use, as proposed and shown on plans filed with this application, marked "Received July 6, 1955", 3 sheets, *on condition* that the additional area shall be graded substantially to the grade of the abutting streets, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the interior lot lines a woven wire fence of the type similar to that now existing on the northerly lot line; that proper bumpers shall be maintained for protection thereof; that a similar fence shall be constructed and maintained along 46th street, except for one opening therein not exceeding 12 ft. in width with curb cut opposite of similar width; that no additional signs shall be constructed or maintained; that in addition to the parking of cars, loading and unloading may

MINUTES

be permitted within the existing and proposed parking areas, to reach the exterior doors of the supermarket to the east; that this proposed parking area may be an addition to the existing parking lot used as an accessory to the supermarket and for which no fees are to be charged; that in all other respects the use and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 28, 1955 on amendment to Alt. App. 2212/53 reads:

"2. Provide two legal means of egress from all floors, including cellar as required by Sect. 271 of the Labor Law. (Fire escape is not acceptable on a 6 story bldg.)."

and

WHEREAS, the applicant states the building is 6 stories, 79 ft. 11 in. in height, 25 ft. 6 in. front by 94 ft. 6 in. in depth at street level, 25 ft. 6 in. front by 86 ft. in depth at typical floor level, of Class 3 construction, erected in 1888, now located on a lot 25 ft. 6 in. by 100 ft. in depth in an unrestricted use, 3 area, Class 2 height district; and used and occupied since 1888 as follows: Cellar—boiler room and storage, 0 persons; 1st floor—record distributor, 12 persons; 2nd and 3d floors—ladies hat manufacturing, 15 and 7 persons respectively; 4th floor—manufacturing luggage, 5 persons; 5th floor—tailoring, 6 persons; 6th floor—metal polishing, 5 persons. No change in use or occupancy is now proposed. The building is equipped with an approved interior fire alarm system and regular monthly fire drills are maintained. There is one 5 ft. wide interior wood stairs, enclosed in partitions of studs covered both sides with ½ in. plaster boards and 26 gauge metal, equipped with fireproof self-closing doors and leading from roof bulkhead direct to street; and one fire escape on the street side, extending to roof by stair and by ladder, with egress to street by stair. Window and door openings on course of fire escape are fireproof self-closing; and

WHEREAS, the applicant states the building was erected under N.B. App. 534-1888 for store and business purposes and has a liveload of 150 lbs. per square foot for the 1st to 4th floors inclusive and 110 lbs. for the 5th and 6th floors by a computation filed under App. 757/18 which showed

the occupancy as Store 1st Floor and factory and all other floors; that Alt. App. 719/31 was filed for and approved for fire-retarding the public hall partitions from cellar to roof with ½ in. plaster boards and 26 gauge metal on both sides and this work was completed; that on that plan the existing fire escape at front is shown with a note that it was erected prior to 1913 and complied with the B.S. & A. regulations; that Alt. #719/31 shows the occupancy of the building as a factory; that the entire alteration was done in compliance with Fire Dept. orders #80891 LF, 90990 LD and 80889 LD issued December 15, 1930; and

WHEREAS, the applicant contends that the primary egress is a 5 ft. wide wood stairs leading from street to roof with a 3 ft. 6 in. wide stair in the roof bulkhead; that the stairway has handrails both sides and is enclosed in studs covered both sides with ½ in. plaster boards and 26 gauge metal with 1 in. lap joints; all doors are fireproof self-closing and are provided with exit signs and lights; that there is an adjoining roof on the same level to the north; that the fire-retarded partition of the public hall is carried up above the roof level; that the secondary egress consists of a 60° fire escape at front from 2nd to 6th floors with egress from 2nd floor balcony to street by counterbalanced stair. Goose-neck ladder is provided from the 6th floor level to the roof; all windows and doors opening on fire escape are fireproof self-closing, wire glazed; the fire escape is 4 ft. wide and provided with 2 ft. wide stairs and with iron steps on the inside leading to the balconies; that the cellar has an engineer's exit to the street and was installed in 1931 and a fire-retarded 3 ft. 8 in. wide stairway to the 1st floor, from which it is proposed to install a fire-retarded enclosure direct to the public stair which leads direct to the street; that all ceilings throughout the building are metal covered; that egress from the rear at 1st floor level as accepted by the Board under Cal. No. 241-32-S. Vol. I still exists; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 2212/53, Objection No. 2 and that the appeal be and it hereby is *granted*, on condition that the fire escape on the front of the building be maintained as shown; that the exit from the cellar and first floor through the adjoining property be maintained as shown on plans filed with this appeal marked "Received December 15, 1955" (9 sheets); that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

542-53-A

APPLICANT—Siegel and Green, for Morbro Holding Corp., owner (Morris Brothers Auto Trucks Parts Corp., lessee).

SUBJECT—Application July 10, 1953—Appeal from decision of the borough superintendent—re construction.

PREMISES AFFECTED—56-46 54th drive, southwest corner of 58th street and 56-57 55th drive, northwest corner of 58th street, Block 2581, Lots 1, 18 and 40, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Max Siegel and Sidney Morris.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly..... 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 26, 1953, on Alt. App. 1032/53 reads:

"2. The enclosing of open shed approved under NB 7940/50 is contrary to Sec. 4.1.2 B.C."

and

MINUTES

WHEREAS, the decision of the Borough Superintendent dated June 26, 1953, on Alt. App. 1033/53 reads:

"3. Size of frame bldg. is contrary to Sec. 4.2.1 B.C.

4. The enclosure of open shed approved under NB 8460/50 is contrary to Sec. 4.1.2 B.C."

and
WHEREAS, the decision of the Borough Superintendent dated June 26, 1953, on Alt. App. 1034/53 reads:

"1. Size of bldg. does not agree with app'd plans.

2. The enclosure of open shed approved under NB 9774/50 is contrary to Sec. 4.1.2. B.C."

and
WHEREAS, the applicant states the premises consist of a plot 614.53 ft. front by 241.37 ft. deep, in an unrestricted use, B area, Class 1½ height district, upon which the existing buildings, 1-story 14 ft. in height, erected, 100 ft. front by 28 ft. in depth and 75 ft. by 38 ft. in area, respectively of Class 4 construction were erected under N.B. App. 7940/50 8460/50 and 9774/50 and used and occupied since 1951 as follows: Building No. 1—storage and maintenance of surplus war materials, 6 persons; Building #2, storage of surplus war materials, 0 persons; Building #3, storage and maintenance of surplus war materials, 6 persons. No change in use or occupancy is now proposed; and

WHEREAS, Violation #4606 was issued December 12, 1952, by the Borough Superintendent in that open frame shed was completely enclosed creating a frame building within the fire limits, contrary to N.B. App. 9774/50; Violation #4607 issued December 12, 1952 in that frame shed was completely enclosed, creating a frame building within the fire limits, contrary to N.B. 7940/50 and Violation #4608 issued December 12, 1952 in that frame shed was completely enclosed creating a frame building within the fire limits contrary to N.B. 8460/50; and

WHEREAS, these violations were superseded by Violation Nos. 647/56, 648/56 and 657/56 issued February 2nd and 3, 1956, during the pendency of this appeal; and

WHEREAS, the applicant states the premises occupy a square block under one ownership; that the structures are spaced throughout the plot with considerable open spaces around each structure; that subsequent to the erection of the sheds in question, certain enclosures were added for practical purposes to each shed from time to time, thereby making same in violation of the Administrative Building Code as to frame structures within fire limits; and

WHEREAS, the applicant contends that as open sheds the structures were permitted within the fire limits but cannot be maintained as closed sheds unless a modification is granted by the Board; that the tenant-owners contemplate a new industrial building in the near future and until such time are desirous of maintaining the existing conditions and therefore request the Board to grant the necessary modifications therefore for at least five years; and

WHEREAS, the applicant contends that to be required to comply strictly with the requirements of the Code would cause unnecessary hardship and practical difficulties; that the maintenance of the existing structures will permit the owners to make a reasonable use of the property without in any way endangering or affecting the safety of anyone; that the increase in size of the sheds over that permitted by the original approved plan is minor, resulting from the erection of the new enclosures, which were erected after the approval and the original erection of the sheds; that actually Building #3 is slightly less in area than the building shown on the approved plan; and

WHEREAS, the applicant further states that no certificates of occupancy have been issued for the existing sheds; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated June 26, 1953, acting on Alt. App. 1032/53, Objection 2, Alt. App. 1033, Objections 3 and 4 and Alt. App. 1034, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, for a term of five years, *on condition* that the enclosure sheathing of all build-

ings shall be corrugated aluminum; that the contents shall be restricted to metal parts or other noncombustible materials, as shown on plans marked "Received July 10, 1953", (3 sheets), as revised by plans marked "Received March 6, 1956", (3 sheets); and that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto.

Absent: Chairman Murdock: 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 10, 1954, on amendment to Alt. App. 566/53, reads:

"12. Provide a 2nd means of egress from cellar to roof leading directly to street. Fire escapes are unlawful in a factory building over five stories in height. Section 271 of the Labor Law."

and

WHEREAS, the applicant states the building is 6 stories and basement, 80 feet in height, 75 ft. by 100 ft. in depth, Class 3 construction erected prior to 1879, in an unrestricted use, B area, Class 2 height district; used and occupied since erection as follows: Cellar—ordinary use; Basement—storage of metal, 0 persons; 1st floor—storage of machines and repairs of machinery, 6 persons; 2nd floor, manufacturing picture frames & paper boxes 8 persons; 3d floor—woodworking and storage of lumber, 5 persons; 4th floor—same, 6 persons; 5th floor—metal work and part vacant, 6 persons; 6th floor—vacant. No change in use or occupancy is now proposed. The building is provided with approved standpipe and approved sprinkler systems and interior fire alarm system. There is one interior wood stairs 2 ft. 8 in. and 3 ft. 6 in. wide, enclosed in partitions of metal lath and plaster, equipped with metal covered wood doors, which are self-closing; stairhall leads direct to street and to roof bulkhead and a ladder and scuttle are provided. There are three fire escapes, one on the rear extending to roof by stair and to yard by ladder and two fire escapes on the front extending to street by stair and ladder. Window and door openings on course of fire escape are not fireproof, self-closing; and

WHEREAS, Violation #529 was issued January 28, 1953, by the Borough Superintendent for failure to provide two legal means of egress for each tenant of all floors, access to fire escape exits blocked on 3d floor south, 5th floor north and 6th floor north by tables, machinery, cardboard and other obstructions, failure to make all doors to stairway and fire-escape exits self-closing; failure to post floor load capacity signs; failure to maintain fire escapes on front and rear in good condition; failure to maintain exit door to fire escapes on rear of 6th floor south in good condition in that same is broken and rusted; and

WHEREAS, the applicant states the building has been used since erection for manufacturing; that the exits consist of one interior stair with fire retarded enclosure leading to the street, a rear outside stair from yard to all floors and regulation fire escapes on the front from street to all floors; and

MINUTES

WHEREAS, the applicant contends it would be a great hardship to comply and install exits as required by Sec. 270 of the Labor Law in that it would disrupt the function of the occupants now in the building and entail great expense on the present owner which was not foreseen; and

WHEREAS, the applicant states that items 2, 3, 5 and 6 of Violation 529/53 relating to obstruction of egress, repairing of fire escapes and doors have been complied with; and

WHEREAS, plans filed with this appeal indicate that the front fire escape balconies are connected by 60° stairs and egress from the second story balconies is by drop ladders to street; and that the rear fire escape is provided with 2 ft. 6 in. wide landings, 4 ft. 4 in. high rails and balconies connected with stairs having 7¾ in. risers and 10 in. treads; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that housekeeping conditions should be improved and the building in the rear removed.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 566/53, Objection No. 12 and that the appeal be and it hereby is *granted, on condition* that the interior stairs from the 6th floor to the street shall be enclosed in fire retarded materials rated one hour; that the rear outside steel stairs to the yard and the fire escape on the front of the building shall be maintained in good condition and clear of all refuse, all as shown on plans filed with this appeal, marked "Received October 17, 1955" (11 sheets); that the sprinkler and fire alarm systems shall be maintained to the satisfaction of the Fire Commissioner; that this variance shall continue only so long as the present uses and occupancies continue; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

157-55-A

APPLICANT—Nassau Smelting and Refining Co., Inc., owner.

SUBJECT—Application February 25, 1955—Appeal from a decision of the fire commissioner—re permit for smoking.

PREMISES AFFECTED—1 Nassau place, northeast corner of Arthur Kill road, Block 7971, Lot 125, Tottenville, Borough of Richmond.

APPEARANCES—

For Applicant; Robert W. Spinney and Roy Andersen.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated January 28, 1955, reads;

"This will acknowledge receipt of your letter of January 10th wherein you request a permit to allow smoking in certain portions of your premises, in accordance with certain sections of the Industrial Code and the rules of the Board of Standards and Appeals, and the Department of Labor.

The rules of the Industrial Code with relation to smoking in factories do not apply in the City of New York. The provisions of the Labor Law are mandatory and it is not the policy of this department to issue smoking permits under any conditions. Therefore, your request must be denied. However, you may accept this as a decision upon which to base an appeal, if you so desire to the Board of Standards and Appeals of the City of New York. Applications may be had at Room 1000 Municipal Building, Manhattan."

and

WHEREAS, the applicant states this application relates to the 1st floor of Building, No. 2, the basement, 1st and 2nd floors of Building #4; the 1st floor of Building #5, the 1st and 2nd floors of Building #6, the 1st floor of Building

#7, the 1st and 2nd floors of Building #9; the 1st floor of Building #10; the 1st floor of Building #10X; the 1st floor of Building #11; the 1st and 2nd floors of Building #17; the 1st floor of Building #26; the 1st floor of Building #30 and to the east yard and to the flag yard; and

WHEREAS, the applicant states the premises consist of a lot having a 486 ft. frontage and 1126 ft. in depth, in an unrestricted use, A area, Class 1½ height district; and

WHEREAS, the applicant states that Building #2, which was erected in 1926 is 125 ft. by 204 ft. in depth, 1 story, 37 ft. in height, of Class 3 construction, used for lead melting and refining with an occupancy of 41 persons; that Building #4 is 52 ft. front by 50 ft. deep, 2 stories, 27 ft. in height, of Class 3 construction, used as follows: Basement—lunchroom, 150 persons; 1st floor—offices, 40 persons; 2nd floor—offices, 16 persons; that building #5 is 50 ft. by 90 ft. in area, 1 story, 30 ft. in height of Class 3 construction, used for electrical maintenance and lead fabrication with an occupancy of 25 persons; that Building #6 is 27 ft. front by 30 ft. in depth, 2 stories 32 ft. in height, of Class 3 construction, used and occupied: 1st floor—first aid, 10 persons; 2nd engineering office, ten persons; that building No. 7 is 40 ft. by 80 ft. in area, two stories, 27 ft. in height, of Class 3 construction, used and occupied, 1st floor—machine and blacksmith shop, 14 persons; 2nd floor—store room, 5 persons; Building No. 9 is 75 ft. by 25 ft. in area, two stories, 26 ft. in height of Class 3 construction, used and occupied—1st floor—locker room, 90 persons; 2nd floor—laboratory, 31 persons; Building No. 10 is 75 ft. by 300 ft. in area, one story, 48 ft. in height of class 3 construction, used and occupied—as a metal warehouse, 36 persons; that building No. 10X is 76 ft. by 162 ft. in area, one story, 28 ft. in height, Class 3 construction, used and occupied for copper and brass refining, 30 persons; that Building No. 11 is 60 ft. by 185 ft. in area, one story, 42 ft. high, class 3 construction used and occupied for brass refining, 18 persons; Building No. 14 is 50 ft. by 100 ft. in area, one story, 19 ft. in height of class 3 construction, used and occupied for metal sorting, 35 persons; Building 17 is 50 ft. by 80 ft. in area, at first floor, 50 ft. by 34 ft. in area at second floor, two stories, 45 ft. in height Class 3 construction, used and occupied—first floor—copper smelting, 10 persons; 2nd floor—copper smelting, 4 persons; Building 26, is 20 ft. by 12 ft. in area, one story 14 ft. high, class 4 construction, used as a gate house, 3 persons; Building 30 is 25 ft. by 20 ft. in area, one story, 14 ft. high, class 4 construction, used as a scale house laboratory; and

WHEREAS, applicant states Building 2, 5, 10, 10X, 11, 14 and 17 are equipped with an approved standpipe system, and that Buildings, 2, 4, 6, and 7 are provided with a sprinkler system, that the sprinkler system in buildings nos. 2, 4, and 6 are fed from a 12" city main and the sprinkler system in building 7 is fed from an elevated tank; and

WHEREAS, the applicant states that the plant is covered by six yard hydrants; and

WHEREAS, the applicant states that building no. 4 has one stairway extending to roof bulkhead, 4' 6" wide of wood construction, brick enclosed, equipped with metal doors which are self-closing and stair leads to yard; building no. 6 has one stairway 3' in width of wood construction, unenclosed, leading to yard; building no. 7 has one stairway 3' 8" in width, of wood construction, enclosed in brick and plaster partitions, equipped with wood doors which are not self-closing; building 9 has one stairway, 3' 8" wide, concrete construction, concrete enclosed, equipped with metal self-closing doors and leading to yard and provided with a scuttle to roof; building 17 has one stairway 4' width, steel construction, concrete enclosed, leading direct to yard; there are no doors on the openings in the stair enclosure; and

WHEREAS, the applicant states there is a fire escape on building No. 9 extending to roof by stair and leading direct to yard, window and door openings on its course are not fireproof self-closing; and

WHEREAS, the applicant states buildings nos. 2 and 4 were erected in 1916; building 5 in 1911, No. 6 in 1899, No. 7 in 1922, No. 9 in 1923, No. 10 in 1923, No. 10X in 1925, No. 11,

MINUTES

1908, No. 14, 1924, No. 17, 1924, No. 26, 1916, and No. 30, 1921; and

WHEREAS, the applicant states that no certificates of occupancy have been issued for any of these buildings; and

WHEREAS, the applicant requests that the Board permit smoking in the shop office, shipping platform, gate house, solder strip room, wire burn furnace area, blacksmith shop, laboratory, ingot shipping area, shop offices, receiving platform, electric furnace building, metal sorting area, lead metal furnace building; apparatus sorting building, slag yard and aisle space, blast furnace building and open yard, as indicated by hatching on the drawings filed with this appeal; and

WHEREAS, the applicant states that this application for permission to smoke was filed to establish smoking areas in the operating or factory portions of the plant, in addition to the main office areas and locker rooms which have been used for such purpose since prior to 1931 when the present owner acquired the property for the purpose of smelting and refining secondary non-ferrous metals; and

WHEREAS, the applicant contends that the Fire Commissioner's decision denying permission to smoke in the factory and operating areas should be reversed as arbitrary and unreasonable as it fails to take cognizance of Rule 2 of "Rules relating to smoking in protected portions of factories and in special classes of occupancy" which permits smoking in blacksmithing, brass and copper works, machine shop, smelting, etc. and

WHEREAS, the applicant states that there is compliance in every instance with the requirements of the rules, with the possible exception of building 30 which is of wood timber frame construction with corrugated iron roof and siding, but, however, the smoking area requested in this building is enclosed by 8" cinder block walls and gypsum board ceiling and concrete floor; and building 26, the gate house, is a separate wood frame structure approximately 12 ft. by 20 ft. in area, used only as a means of egress to and egress from the plant and no factory operations are conducted therein; that permission is also sought to continue the smoking in the main office areas and locker rooms which the applicant has considered non-factory areas; that these offices are housed in buildings 4 and 6, which are separate unattached unit in which no factory work is done; that the locker rooms are in buildings 2, 5 and 9, which are brick sheds, and although attached to a factory building, are separated from it by brick walls with fire resistant rating; and

WHEREAS, the applicant contends it is proposed to provide for orderly smoking in supervised areas and to prevent surreptitious smoking which cannot be completely controlled; that in order to reduce the hazard, the smoking areas shown on the plans filed with this appeal have been chosen to insure adequate supervision, and in area where material being processed is non-combustible.

WHEREAS, the premises were inspected by a representative of the Fire Department who has reported to the Board.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Fire Commissioner, dated January 28, 1955, and that the appeal be and it hereby is *granted*, to permit smoking on the 1st floor of Building No. 2; the basement, 1st and 2nd floors of Building No. 4; the 1st floor of Building No. 5; the 1st and 2nd floors of Building No. 6; the 1st floor of Building No. 7; the 1st and 2nd floors of Building No. 9; the 1st floor of Building No. 10; the 1st floor of Building No. 10X; the 1st floor of Building No. 11; the 1st and 2nd floors of Building No. 17; the 1st floor of Building No. 26; the 1st floor of Building No. 30 and to the east yard and the flag yard in such areas as shown on plans filed with this application, marked "Received February 25, 1955" (20 sheets), *on condition* that there shall be no smoking at any place in Building No. 14; that such signs shall be posted as the Fire Commissioner shall require, stating where smoking is hereby permitted; that such receptacles for smoker's refuse of a type approved by the Fire Commissioner shall be placed where he requires; that the present containers in the various bathrooms and

locker rooms for general refuse shall be removed and replaced with approved containers of the self-closing type of sufficient size to take paper towels and refuse other than smokers' refuse; that such fire fighting devices shall be maintained as the Fire Commissioner shall direct; and that in all other respects the buildings and uses shall comply with all laws, rules and regulations applicable thereto.

369-55-A

APPLICANT—Larry Meltzer, for 161 Washington Street Corp., owner.

SUBJECT—Application May 2, 1955—re Appeal from a decision of the borough superintendent—egress, stairs, etc.

PREMISES AFFECTED—161 Washington street, east side, 77 ft. north of Liberty street, Block 58, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Larry Meltzer.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: 0

Absent: Chairman Murdock..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 11, 1955, on Alt. App. 1286/54 reads:

"1. Two lawful means of egress are required from each floor area, including cellar, as per Sec. 271 of Labor Law.

"2. Enclose all stairs in cellar in two hour masonry partitions as per 6.4.1.8.1 (b) B. C."

"3. All required stair enclosures to be constructed of two hour materials as per 6.4.1.8.1 (b) B.C.; and stairs shall lead to roof and street as per 6.4.1.11 k. B. C.

"4. Fire escape or connecting bridge is not acceptable as a means of egress from a class 3 bldg. exceeding five stories in height under Sec. 271 of Labor Law as amended 7-1-47."

and

WHEREAS, the applicant states the building is 7 stories 80 ft. in height, 25 ft. 1 in. front by 81 ft. 4 in. and 85 ft. 6 in. in depth, of Class 3 construction, erected 1891, now located on a lot 25 ft. 1 in. front by 92 ft. 10 in. irregular in depth in an unrestricted use, A area, Class 2 height district and used and occupied since 1917: Cellar—storage, no person; 1st floor—store, electronic and radio parts, 3 persons; 2nd floor—offices and stockroom, 3 persons; 3rd floor—tv and radio repairs, 5 persons; 4th floor—blueprinting and photostat shop, 6 persons; 5th floor—blueprinting and photostat shop, 3 persons; 6th floor ½ sales and stock for radio and tv, 2 persons; 7th floor—manufacturing fountain pens, 3 persons; no change in use or occupancy is now proposed; no Certificate of Occupancy has been issued; the building is provided with one 3 ft. 6 in. wide interior wood stairs enclosed in partitions fire retarded with half inch plaster boards and 26 gauge metal, equipped with metal self-closing doors; stairhall leads to street and is provided with a ladder and scuttle to roof; there are two fire escapes, one front and one at the rear, with egress from the lower termination to 131 Liberty Street; and

WHEREAS, Violation #6753 of 1953 was issued by the Borough Superintendent August 26, 1953, for violations of Section 271 and 267 of the Labor Law in that all floors, including cellar were not provided with a second legal means of egress; and floors of 131 Liberty Street and 161 Washington Street, on each side of the connecting exit bridge were not occupied by the same tenant; and doors from the connecting exit bridge to 131 Liberty Street were found barred and unopenable from the bridge side on the 4th, 5th, 6th and 7th floors; and

MINUTES

WHEREAS, the applicant states that the building was erected under NB App. 281 of 1891 for factory use, and subsequently altered to comply with the Fire Department order to provide additional means of egress from each floor remote from the interior stairs; and under Alt. App. 1439 of 1917 connecting bridge from 7th to 2nd floors, inclusive, were erected at the rear connecting to the rear of No. 131 Liberty Street, thus complying with the Fire Department order and creating the required secondary means of egress; that, in addition to the connecting bridges, the stairhalls from the 1st floor to the roof were fire retarder with 1/2 inch plaster board and 26 gauge metal and

WHEREAS, the applicant states that it is proposed to provide and arrangement of locating keys at each existing rear exit door inside of the building for each floor leading to the fire escape balcony connecting bridge which leads to the rear of 131 Liberty St. thereby providing secondary egress for each floor at all times; that it is also intended to immobilize the locking mechanism of these doors so that the doors will be secured only with the key which is a duplicate of the key located at the inside of the doors of the adjoining building 131 Liberty Street; that this measure of security would take place only at night when the floors would be unoccupied, during the day the doors will be kept unlocked; that it is also proposed to install a new interior fireproof enclosed cellar stairs leading to the public stairhall at the front of the first story which stairhall leads directly to the street and to fireproof enclose the existing rear interior cellar stairs; it is also proposed to equip the existing flush sidewalk trap door over the front cellar stairs with an easy opening device of a type approved by the Board; and

WHEREAS, the applicant states that the rear connecting bridge was the subject of appeal before the Board under Cal. No. 1936-25-S and a variance was granted March 2, 1926; and

WHEREAS, the applicant contends that the usable occupied floor areas on each floor are less than 2,000 sq. ft. and the number of occupant vary from two to five, with a maximum of five occupying a single floor area; that each floor area is occupied throughout by a single tenant; that the existing stairs is enclosed and separated from the floor areas with a fire retarding partition; that the use of the various floors is an of incombustible and non-hazardous nature; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1286/54, objection No. 1 and 4 and to modify the decision of the Borough Superintendent acting on Objections 2 and 3 *on condition* that the fire escape balconies between this building and the building at 131 Liberty Street, acted on joining this day under Cal. No. 370-55-A, as shown on revised plans marked, "Received January 19, 1956" (8 sheets) showing existing conditions and (eight sheets) showing proposed conditions and further revise plans marked "Received February 10, 1956" (2 sheets) shall be maintained after being put in proper condition and properly painted to withstand the weather; that doors thereto shall be so arranged that during all working hours the occupants of each building shall have immediate access to cross the fire escape balcony to the floor of the building adjoining approximately at the same level; that duplicate keys shall be provided to permit such access from one building to the other at all times; that during working hours the doors must remain unlocked; that in all other respect the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

370-55-A

APPLICANT—Larry Meltzer, for Meliberty Realty Corp., owner.

SUBJECT—Application May 2, 1955—Appeal from a decision of the borough superintendent, re egress, stairs, etc.

PREMISES AFFECTED—131 Liberty street, north side, 90 ft. 7 1/2 in. east of Washington street, Block 58, Lot 30, Borough of Manhattan.

APPEARANCES—

For Applicant: Larry Meltzer.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner

Keating and Deputy Chief Connolly 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 11, 1955, on Alt. App. 1287 of 1954, reads:

"1. Two lawful means of egress are required from each floor area, including cellar, as per Sec. 271 of Labor Law.

"2. Enclose all stairs in cellar in two hour masonry partitions as per 6.4.1.8.1 (b) B. C.

"3. All required stair enclosures to be constructed of two hour materials as per 6.4.1.8.1 (b) B. C.; and stairs shall lead to roof and street as per 6.4.1.11 k B. C.

"4. Fire escape or connecting bridge is not acceptable as a means of egress from a class 3 building exceeding five stories in height under Sec. 271 of Labor Law as amended 7-1-47.

and

WHEREAS, the applicant states the building is 7 stories, 80 ft. in height 23 ft. 2 in. front by 100 ft. in depth at first floor, 23 ft. 2 in. by 94 ft. and 96 ft. in depth at typical floor, of class 3 construction, erected 1894, located in an unrestricted use district and used and occupied since approximately 1935 as follows: cellar—storage, no persons; 1st floor—store, 5 persons; 2nd floor—sales & stockroom of electronic and radio parts, 2 persons; 3rd floor—bookbinding, 5 persons; 4th floor—sales and stockroom of electronic and radio parts, 2 persons; 5th floor—sales and stockroom of electronic and radio parts, 2 persons; 6th floor—sales and stockroom of electronic and radio parts, 2 persons; 7th floor—stockroom (housewares), 2 persons; no change in use or occupancy is now proposed; no certificate of occupancy has been issued for the building; the building is provided with one 2 ft. 11 in. wide interior wood stairs, enclosed in partitions of wood studs and plaster, equipped with metal, self-closing doors; stairhall leads direct to street and is provided with a ladder and scuttle to roof, and in addition there is a fire escape bridge at the rear exiting through 161 Washington Street; window and door openings on the course of the fire escape are fireproof and self-closing.

WHEREAS, Violation 6725 or 1953 was issued June 23, 1954 for violation of Section 267 and 271 of the Labor Law in that all floors including cellar are not provided with a second legal means of egress and that the floors of 161 Washington Street and 131 Liberty Street on each side of the connecting bridge were not occupied by the same tenant and doors opening from the connecting bridge were found barred and unopenable from the bridge side on the 4th, 5th, 6th and 7th floors; and

WHEREAS, the applicant states the building was erected under NB app. 93 of 1894 for factory use and subsequently altered to comply with Fire Department order Alt. App. 1971 of 1917 by installing connecting bridges from the 2nd to 7th floors at the rear connecting to 161 Washington Street, to comply with the Fire Department order; that in addition to the erection of the connecting bridges, stairhalls from the first floor to roof were fire retarded; and

WHEREAS, the applicant states that it is proposed to provide keys at each existing rear exit door inside of the building for each floor leading to the fire escape balcony which leads to 161 Washington Street, thereby providing secondary means of egress for each floor at all times; it is also proposed to immobilize locking mechanism of these doors so that the doors will be secured only with the key which will be a duplicate of the key located on the inside

MINUTES

of the door of the adjoining building; that this measure of security will take place only at night when the floors will be unoccupied; that during the day the doors will be kept unlocked; that it is also proposed to install two interior cellar stairs enclosed in masonry partitions equipped with fireproof self-closing door at cellar and enclosed on the first story in one-hour fire retarded partitions to give egress from both the cellar and first story to an existing 9 ft. common driveway at the east; and it is also proposed to equip the existing flush sidewalk trap door over the cellar stairs with an easy opening device of a type approved by the Board; and

WHEREAS, the applicant states that the rear connecting bridge is subject of a variance granted by the Board March 2, 1926 under Cal. No. 1036-25-S and

WHEREAS, the applicant contends that the usable unoccupied floor areas on each floor are approximately 2,000 sq. ft. and the number of occupants does not exceed a maximum of five persons on a single floor area; that each floor area is occupied by a single tenant; that the existing stairs is enclosed and separated from the floor areas by fire retarded partitions; that the use of the various floors is of an incombustible and non-hazardous nature, and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1287/54, Objection No. 1 and 4 and to modify the decision of the Borough Superintendent acting on Objections 2 and 3 on condition that the fire escape balconies between this building and the building at 161 Washington Street, acting on jointly this day under Cal. No. 369-55-A, as shown on revised plans marked "Received January 19, 1956" (8 sheets) showing existing conditions and (eight sheets) showing proposed conditions and further revised plans marked "Received February 10, 1956" (2 sheets) shall be maintained after being put in proper condition and properly painted to withstand the weather; that doors thereto shall be so arranged that during all working hours the occupants of each building shall have immediate access to cross the fire escape balcony to the floor of the building adjoining approximately at the same level; that duplicate keys shall be provided to permit such access from one building to the other at all times; that during working hours the doors must remain unlocked; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

683-29-BZ—Vol. II

APPLICANT—Vincent Piampiano, owner (Esso Standard Oil Co., lessee).

SUBJECT—Application for consideration—reopening as Vol. II as to reconstruction, subject to regular procedure—re Application (decision of the borough superintendent); previously granted on condition, under section 7f of the zoning resolution, permitting in a business use district, for a term of years, the maintenance of a gasoline service station.

PREMISES AFFECTED—56 Sand Lane, southwest corner of Hylan boulevard, Block 3266, Lot 29, Arrochar, Borough of Richmond.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened as Vol. II, subject to the regular procedure to consider reconstruction.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connolly..... 4

Negative: 0

Remaining Minutes of Meeting of March 20, 1956, will appear in the issue of April 3, 1956.

MINUTES

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on February 7, 1956, as they appeared in Bulletin No. 7, Vol. 41, are hereby corrected to read as follows:

310-55-A

APPLICANT—National Gypsum Co., owner.

SUBJECT—Application April 13, 1955—re Appeal from a decision of the fire commissioner relating to the installation of an above ground tank for the storage of 600,000 gallons of fuel oil.

PREMISES AFFECTED—South side, of Oak Point avenue, 82 ft. south of Barry street, Block 2605, Lot 2, Borough of The Bronx.

APPEARANCES—

For Applicant: E. W. Zaunmiller and Gerald Roth.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating..... 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the applicant states the premises consist of an irregular shaped plot 1,000 ft. front by 1,000 ft. in depth, in an unrestricted use district, used and occupied for the manufacturing of gypsum products; and

WHEREAS, the decision of the Fire Commissioner, dated March 18, 1955, reads:

"In reply to your letter of March 14, 1955 re approval for the proposed installation of a 600,000 gallon oil tank at the above location, please be advised that such approval cannot be granted as such an installation is in violation of Rule 6.4 of the Oil Burner Rules.

Rule 6.4 of the Oil Burner Rules of the Board of Standards and Appeals limits the maximum capacity of outside tanks to 100,000 gallons with the additional proviso that the surrounding dyke has a capacity of $1\frac{1}{2}$ times the tank capacity and that such dyke shall not extend upward more than $\frac{1}{4}$ of the tank height when tank height exceeds 16 feet."

and

WHEREAS, the applicant states the Fire Commissioner's decision is based on the fact that Rule 6.4 of the Oil Burner Rules of the Board limit the maximum capacity of above ground storage tanks to 100,000 gallons; and

WHEREAS, the applicant states it has undertaken an expansion program to increase the capacity of the plant and in connection therewith the proposed oil storage tank is necessary to store an adequate supply of oil at a reasonable cost for the expanded plant operation; and

WHEREAS, the application contends that the property in the neighborhood of the plant is devoted entirely to industrial use and there are no residential buildings within one-half mile of the plant; that the nearest industrial building other than the applicant's plant is about 150 yards from the site of the Struthers Wells heating unit proposed to be installed under Cal. No. 124-55-A and about 200 yards from the site of the proposed 600,000 gallon fuel oil storage tank which is the subject of this appeal; and

WHEREAS, the applicant contends that due to the expansion program at the Bronx plant the consumption of fuel oil has increased to the point where the existing six 20,000 gallon fuel oil storage tanks are inadequate to support current operations, and in the event of a strike or a delay in obtaining a supply of fuel oil, the manufacturing operations would be required to cease; that at the present time, because of limited oil storage facilities, oil must be delivered by truck; that the installation of the proposed tank will

enable bulk delivery from tankers docked at the plant pier on the East River; and

WHEREAS, the applicant contends that the site for the proposed site has been recently acquired by it for that purpose; that it is not possible to install an underground tank of the required capacity as the sub-surface of the site is saturated with sea water which would corrode any underground installation, and when the oil level of an underground tank on the site would be low there is a tendency for the tank to float; and

WHEREAS, the applicant states that as the grade of the proposed site is but two feet above normal mean high water a coffer-dam would have to be constructed to permit the installation of an underground tank at great expense; that the proposed tank will be located adjacent to the East River on land which has a lower elevation than the land which surrounds it on all sides except on that side facing the river; that the applicant's plant buildings located to the east of the proposed tank will be separated from the tank by a natural elevated bank six feet higher than the surface of the land upon which the tank will be located; that the nearest structure to the north of the tank is a warehouse which is more than one-quarter of a mile from the tank location; that there is a gradual incline of more than three feet between the proposed tanks site and the warehouse; that to the west of the proposed tank there are sidings of the New York, New Haven and Hartford Railroad, the nearest of which is about 100 ft. from the tank; that these sidings are on land more than one foot higher than the site of the proposed tank and thus in the event oil escaped from the tank and the proposed dyke, the only direction to which the oil could flow would be toward the river; and

WHEREAS, the applicant states that the oil will be transferred from the tanker at the plant dock to a pipe which will run along the pier and then underground directly to the tank, that the only outlet from the tank will be connection to the six existing 20,000 gallon underground tanks and the oil will be fed into the plant operation through an existing system of piping connecting to the six existing tanks; that the dyke proposed to surround the tank will be designed to hold one and one-half times the maximum capacity of the tank; that the tank will be constructed to the satisfaction of the Board and to the Fire Department in all respects; that the oil stored, which will be No. 6 fuel oil of a low sulphur content possessing a flash point of 220 degrees and a viscosity of 183 at 122° temperature.

Resolved, that the Order of the Fire Commissioner dated March 18, 1955, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the installation of a 600,000 gallon oil tank at the location proposed and as shown on plans filed with this appeal marked, "Received November 4, 1955" (8 sheets) *on condition* that the plate steel dyke as proposed shall be maintained with a capacity of one and one-half times the tank capacity and maintained to the satisfaction of the Fire Commissioner and used in conjunction with the equipment permission for the use of which has been granted this day under Cal. No. 124-55-A; that, as proposed, the oil to this tank shall be transferred from a tanker at the plant's dock, with pipe running along the pier and underground directly to the tank above; that such oil shall be of No. 6 crude oil of low sulphur content with flash point not over 220 degrees; that the fire protection for such oil shall be as shown on plans above referred to and maintained to the satisfaction of the Fire Commissioner; and that such oil in such storage tank may also be used for other purposes in connection with oil burners used in the plant.

*Correction—Reference in the resolution to the installation "of six 20,000 gallon oil tanks" deleted and "a 600,000 gallon oil tank" substituted therefor.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666, Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective December 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, April 13, 1956 at 10 A.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use, drain] *Drain* cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. *Vacuum breakers for outside hose bibs shall be placed 24 inches above the surface of the ground near the hose bib and at least 12 inches above the top of the highest submerged lawn sprinkler.*

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum

breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more

Urbana, Ill.

PUBLIC HEARING

than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus.

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

(Continued from page 409)

the "one and one-half rule" upon compliance with other imposed conditions. The board found that there were practical difficulties and unnecessary hardships in conforming to the ordinance in that a new conforming building would not provide a reasonable return on the fair value of the land and the building, that the age and condition of the present buildings prevented a reasonable return during the brief remaining period of their usefulness, that there is a consequent need for replacement, and that these facts make the hardship peculiarly severe and unnecessary.

At Special Term the board's determination was annulled on the ground that there was no proof of "unique hardship".

The Bronxville Building Zone Ordinance (art. 12, §7), in common with almost every zoning statute (cf. N. Y. City Zoning Resolution, §§7 and 21; Village Law, §179-b), authorizes its local board to grant a variance either (1) upon proof of practical difficulties or unnecessary hardship, or (2) in its discretion, without proof of practical difficulties or unnecessary hardship, in specifically enumerated cases and under specific conditions. (*Matter of Reed v. Bd. of Standards & Appeals*, 255 N. Y. 126, 134-135.) The ordinance under consideration does not use the term "unique hardship".

In *Matter of Otto v. Steinhilber* (282 N. Y. 71, 76) the factual elements necessary to establish unnecessary hardship were defined as follows: "Before the Board may exercise its discretion and grant a variance upon the ground of unnecessary hardship, the record must show that (1) the land in question cannot yield a reasonable return if used only for a purpose allowed in that zone; (2) that the plight of the owner is due to unique circumstances and not to the general conditions in the neighborhood which may reflect the unreasonableness of the zoning ordinance itself; and (3) that the use to be authorized by the variance will not alter the essential character of the locality."

Because of the use of the word "unique" in the *Otto* opinion, a misinterpretation seems often to be indulged in whereby it is thought that there is a requirement for a showing of "unique hardship". The phrase used in the *Otto* case is "unique circumstances" and those circumstances are but one of the elements which make up an unnecessary hardship. The phrase "unique circumstances" is not to be construed as "unique hardship", as though there were a requirement for proving something more severe than an unnecessary hardship.

This court has consistently held that the above-quoted language in the *Otto* opinion is intended to apply to a variance in the use of premises and not to a variance in the area upon which a building may be constructed. The language quoted above from the *Otto* opinion shows in itself that a use case was under discussion, and other portions of the opinion make that clear. When the variance is one of area only, there is no change in the character of the zoned district and the considerations present in the *Otto* case are not present. A change of area may be granted on the ground of practical difficulties alone, without considering whether or not there is an unnecessary hardship. (*People ex rel. Helvetia Realty Co. v. Leo*, 231 N. Y. 619.) This court is committed to the rule that, in the absence of statutory provision to the contrary, special hardship need not be established as a condition to granting an area variance. *Matter of Perri v. Zoning Bd. of Appeals of Inc. Vil. of Scarsdale*, 283 App. Div. 818; *Matter of Kelly v. Murdock*, 275 App. Div. 786; *359 West 34th St., Inc. v. Board of Standards & Appeals of City of N. Y.*, 279 App. Div. 1032, aff'd. 305 N. Y. 878; *Matter of Leone v. Yates*, 280 App. Div. 823; *Matter of Atlantic Beach Property Owners' Assn., Inc., v. Richter*, 281 App. Div. 769.) The rule is recognized generally. (*Matter of Ryback v. Murdock*, 1 A.D. 2d 132.)

The present case is not strictly one of change of area. It is a change in the quantum of the floor area of a building—a bank building—which is a permitted use in the zoned district. It is not a case in which the board could grant a variance as a matter of discretion under the latter part of section 7 of article 12 of the local ordinance because it is not one of the cases specifically enumerated therein. After hearings the board has found on substantial evidence that conformance to the ordinance creates practical difficulties and unnecessary hardship. Such findings give finality to the variance granted (*People ex rel. Hudson-Harlem Co., v. Walker*, 282 N. Y. 400). The determination should not have been disturbed on the ground that there was no proof of "unique hardship".

The order, insofar as appeal is taken therefrom, should be modified on the law by striking therefrom the last ordering paragraph and by substituting therefor provisions that the proceeding be dismissed and that the board's determination be reinstated and confirmed. As so modified, the order should be affirmed, with \$50 costs and disbursements to appellants, payable by petitioners-respondents. The informal findings of fact made at Special Term should not be affirmed.

Vol. II, 915-54-BZ—Vol. III, 454-25-SA, 538-45-SA
and 470-49-SM.

Correction Affecting Calendar Number 88-55-BZ.

Proposed Amendments to the Rules Relative to Sub-
merged Inlets and Protective Methods to be Applied
to Prevent Contamination of Water Supply.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION 10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

CALENDAR

APRIL 3, 1956, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, April 3, 1956, at 10 o'clock in Room 1013 Municipal Building, Manhattan, on the following matters:

453-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Francis Formica, owner.

SUBJECT—Application June 6, 1955—re (decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor auto repairs, sales and storage room, parking and storage of motor vehicles with proposed curb cuts and show windows closer to the residence use district than is permitted.

PREMISES AFFECTED—1003-1013 Utica avenue and 5001-5009 Tilden avenue, northeast corner, Block 4722, Lots 40, 43 and 44, Borough of Brooklyn.

Laid over from February 15, 1956 to April 3, 1956, for inspection and decision; hearing closed.

561-55-BZ

APPLICANT—Herman E. Horwood, for Mary Francomano, owner.

SUBJECT—Application July 8, 1955—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E area district, the erection of a 2 family dwelling with less than the 10 ft. setback required on each street front.

PREMISES AFFECTED—2894 Roebling avenue, southwest corner of Edison avenue, Block 5388, Lot 27, Borough of The Bronx.

Laid over from February 21, 1956 to April 3, 1956, for inspection and decision; hearing closed.

808-55-BZ

APPLICANT—Paul Friedman, for Hans J. Heckmann and R. Harold Paltrow, owners.

SUBJECT—Application October 17, 1955—re (decision of the borough superintendent) under sections 7h, 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto repairs (hand tools only), auto washing (non automatic), office, sales and storage of auto accessories, parking of cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—35-02 to 35-08 (35-04 official) Bell boulevard and 213-12 to 213-20 35th avenue, southwest corner, Block 6169, Lot 6, Bayside, Borough of Queens.

Laid over from February 21, 1956 to April 3, 1956, for inspection and decision; hearing closed.

375-55-BZ

APPLICANT—Michael Alfano, for Max Sakow, owner.

SUBJECT—Application May 5, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a local retail use district the erection of a gasoline service station, lubritorium, auto repair shop, salesroom, car washing and storage.

PREMISES AFFECTED—950-970 Allerton avenue, south side, from Paulding avenue to Williamsbridge road, Block 4447, Lots 62, 64 and 66, Borough of The Bronx.

Laid over from January 17, 1956 to January 24, 1956, for continued hearing; then to February 15, 1956, for inspection and decision; hearing closed; then to February 28, 1956, for applicant to file authorization of present owner of record; then to April 3, 1956, at the request of the applicant for the purpose of filing authorization of the present owner of record.

1085-38-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Loha Realty Corp., owner.

SUBJECT—Application reopened February 8, 1955 as Vol.

II—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—5307-5315 21st avenue and 1072-1082 Dahill road, southeast corner, Block 5495, Lot 465, Borough of Brooklyn.

Laid over from February 21, 1956 to February 28, 1956, at request of objector, applicant concurring; no further requests for adjournment to be considered; then to April 3, 1956, for inspection and decision; hearing closed.

802-55-BZ

APPLICANT—Paul Friedman, for Edna Greiner, owner.

SUBJECT—Application October 13, 1955—re (decision of the borough superintendent) under sections 7f, 7A and 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs (hand tools only), car washing (non-automatic), office, storage and sale of auto accessories, parking of more than 5 cars waiting to be serviced, with proposed show window less than 75 ft. from a residence use district, for a term of 15 years.

PREMISES AFFECTED—219-11 to 219-19 Northern boulevard and 43-32 to 43-38 220th street, northwest corner, Block 6322, Lot 24, Bayside, Borough of Queens.

Laid over from January 31, 1956, to March 6, 1956, for inspection and decision; hearing closed; then to March 13, 1956, for full vote of the Board; then to April 3, 1956, for applicant to file revised plans showing a wall and omitting curb cut on 220th street.

119-29-BZ—Vol. II

APPLICANT—John J. Tricarico, for Elizabeth Stevens, owner.

SUBJECT—Application reopened February 15, 1955 as Vol. II—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the proposed change of occupancy from garage to garage and parking and storage of more than 5 motor vehicles, on open portion of the plot.

PREMISES AFFECTED—625 Halsey street, north side, 200 ft. west of Patchen avenue, Block 1662, Lots 59 and 61, Borough of Brooklyn.

Laid over from January 31, 1956 to February 15, 1956, at the request of objectants; then to February 21, 1956, at the request of an objector; then to March 20, 1956, for inspection and decision; applicant to check Building Department records as to the basis of the Certificate of Occupancy; hearing closed; then to April 3, 1956 for applicant to furnish the Board with information previously requested as to the certificate of occupancy.

626-51-BZ

APPLICANT—Henry Nordheim, for Leah Slapo, owner.

SUBJECT—Application September 18, 1951—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a retail use district the manufacturing on all floors, not incidental to conduct of a retail business conducted on premises; using more than the permitted percentage of each floor.

PREMISES AFFECTED—171 Spring street, north side, 70 ft. 2 in. east of Thompson street, Block 502, Lot 41, Borough of Manhattan.

Laid over from May 3, 1955 to June 7, 1955, to permit the applicant to obtain a decision from the Building Department as to structural conditions to comply with the Labor Law and to permit the filing of a companion administrative appeal to be heard with the zoning application on the laid over date; laid over, date to be set for hearing when companion "A" appeal has been examined and set for hearing;

CALENDAR

the "A" and "BZ" cases to be heard on the same date; then set for hearing January 10, 1956; then February 15, 1956, for inspection and decision; hearing closed; then to February 28, 1956, for applicant to file revised plan; then laid over to March 20, 1956, for further inspection and decision; then to April 3, 1956, for applicant to furnish consent of adjoining owner for use of property as means of egress from foot of fire escape.

444-55-A

APPLICANT—Henry Nordheim, for Leah Slapo, owner.
SUBJECT—Application June 3, 1955—re Appeal from a decision of the borough superintendent—relating to egress and construction.

PREMISES AFFECTED—171 Spring street, north side, 70 ft. 2 in. east of Thompson street, Block 502, Lot 41, Borough of Manhattan.

892-55-BZ

APPLICANT—Samuel Rosenblum, for Tak Realty Corp., owner.

SUBJECT—Application November 10, 1955—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use, B area district, the erection of a basement 15 story and penthouse, class A, multiple dwelling, stores and garage, with less than the required rear yard.

PREMISES AFFECTED—1227-1231 Madison avenue and 48 East 89th street, southeast corner, Block 1500, Lots 51, 52 and 53, Borough of Manhattan.

Laid over from March 20, 1956, to April 3, 1956, for consideration by the Board and decision; hearing closed.

695-49-BZ Vol. III

APPLICANT—Siegel and Green, for Pauline Schulson, owner.

SUBJECT—Application reopened February 21, 1956 re extension of time to complete—expired May 30, 1955—re (decision of the borough superintendent) previously granted on condition under section 7h of the zoning resolution, permitting for a term of 5 years in a residence use district the parking and storage of motor vehicles (previously granted for the erection and maintenance of a business building).

PREMISES AFFECTED—298-306 East 140th street, south side, 104.30 ft. east of 3rd avenue, Block 2314, Lot 58, Borough of The Bronx.

130-21-BZ Vol. III

APPLICANT—Seymour W. Gage, for Paramount Distillate Co., owner.

SUBJECT—Application reopened October 11, 1955 as Vol. 111—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, a parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—94 Monroe street, west side, 36.2 ft. south of Pelham street, Block 255, Lot 48, Borough of Manhattan.

910-49-BZ Vol. II

APPLICANT—M. Martin Elkind, for Irene Meehan, Anita Pederson and Anne E. Loewer, owners (White Castle System, Inc., Lessee).

SUBJECT—Application reopened June 28, 1955 as Vol. II—re (decision of the borough superintendent) under section 7f and 7e of the zoning resolution, to permit in a retail and residence use district, the proposed extension of the parking area into the residence use district.

PREMISES AFFECTED—972 Castle Hill avenue and 2200 Bruckner boulevard, southeast corner and 2201 Houghton avenue, Block 3695, Lots 1 and 9, Borough of The Bronx.

417-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Lucky Star Realty Corp., owner.

SUBJECT—Application May 23, 1955—re (decision of the

borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry, office, auto repair shop, restaurant and kitchen, and parking for more than 5 cars.

PREMISES AFFECTED—183-02 to 183-20 (183-10 official) South Conduit avenue, 144-01 to 144-13 183rd street, southeast corner and 144-02 to 144-18 184th street, southwest corner of South Conduit avenue, Block 13326, Lot 16, Springfield Gardens, Borough of Queens.

395-55-BZ

APPLICANT—Vincent J. Tortorelli, for Edward Veldor-anlo, owner.

SUBJECT—Application May 18, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking of more than 5 motor vehicles.

PREMISES AFFECTED—329-331 East 150th street, north side, 200 ft. west of Courtlandt avenue, Block 2410, Lot 56, Borough of The Bronx.

441-55-BZ

APPLICANT—Hurley, Kearney Lane and Mattison, for St. Joseph's Hospital, owner.

SUBJECT—Application June 2, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the use of premises as a parking lot.

PREMISES AFFECTED—330 Beach 19th street, east side, 49.27 ft. south of Brookhaven avenue, Block 131, Lot 34, Far Rockaway, Borough of Queens.

528-55-BZ

374-37-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Luci Blaesius, c/o Edclherz, owner. (Kesbec, Inc., lessee).

SUBJECT—Application for consideration—reopening as Vol. II under section differing from previous denial and for a different type of use, subject to regular procedure—re Application (decision of the borough superintendent); previously denied, under section 21 of the zoning resolution, to permit in a business use district, the conversion of occupancy of an existing building to a motor vehicle repair shop.

PREMISES AFFECTED—820 East 182nd street, southeast corner of 2165-2175 Southern Boulevard, Block 3111, Lot 59, Borough of the Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened as Vol. II, subject to the regular procedure, for hearing under a different section of the Zoning Resolution; previously denied under Section 21.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative: 4
0

304-52-BZ—Vol. II

APPLICANT—Henry Nordheim, for Pappy's Motors, Inc., owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete which expired January 12, 1956—re Application (decision of the borough superintendent); previously granted on condition under sections 7a, 7i, 7h and 7A of the zoning resolution, permitting in the retail use district portion of plot, the erection and maintenance of a motor vehicle repair shop in conjunction with used car lot (previously granted by the Board—never built), and in the residence use district portion the parking and storage of motor vehicles with curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—1489 Bruckner boulevard and 1000 Evergreen avenue, northeast corner, Block 3712, Lot 7, Borough of the Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and set for hearing April 24, 1956, at 10 A. M., time to complete having expired on January 12, 1956, subject to the regular procedure, waiving all requirements except a new decision and two publications in the Bulletin.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative: 4
0

MINUTES

915-54-BZ—Vol. III

APPLICANT—Reuben A. Lazarus, for Double Jack Realty, Inc., owner.

SUBJECT—Application for consideration—reopening as Vol. III as to extension of use, subject to regular procedure—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, the use of subject premises (lot 28) for the parking and storage of motor vehicles.

PREMISES AFFECTED—233-245 West 22nd street, north side, 260 ft. 9½ in. west of 7th avenue, Block 772, Lots 22, 23, 24, 25, 26, 27 and 28, Borough of Manhattan.

APPEARANCES—

For Applicant: I. Alan Harris.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure to consider extension of use.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

454-25-SA

APPLICANT—Todd Shipyard Corporation, owner.

SUBJECT—Application for consideration—reopening as to report and change in construction—re Todd Rotary Burner, Models A, B, and C; previously approved.

APPEARANCES—

For Applicant: J. A. Flynn.

ACTION OF BOARD—Application reopened for report as to change in construction.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

538-45-SA

APPLICANT—Cyclotherm Corporation, owner.

SUBJECT—Application for consideration—reopening as to report and change in type of preheater—re Cyclotherm Steam Generator (Oil Burner), Models OHM and OL; previously approved.

APPEARANCES—

For Applicant: E. J. Zisek.

ACTION OF BOARD—Application reopened for report as to change in type of preheater.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

470-49-SM

APPLICANT—Otis Elevator Company, owner.

SUBJECT—Application for consideration—reopening as for report as to change in construction—re Otis Elevator Hoistway Doors and Entrances; previously approved.

APPEARANCES—

For Applicant: Saverio Bentivegna

ACTION OF BOARD—Application reopened for report as to change in construction.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on March 6, 1956, as they appeared in Bulletin No. 11, Vol. 41, are hereby corrected to read as follows:

88-55-BZ

APPLICANT—Henry Nordheim, for Ralph Di Girolamo, owner.

SUBJECT—Applicant for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under section 7e of the zoning resolution, permitting in a residence and retail use district, the use of existing structure at rear of site as a garage and motor vehicle repair shop, for a term of five years.

PREMISES AFFECTED—3327 White Plains road, west side, 246.77 ft. north of Rosewood street, Block 4624, Lot 49, Borough of the Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 26, 1955, certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 26, 1955 only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that additional time is required to obtain approval of plans and completion of the work and a Certificate of Occupancy, that a Certificate of Occupancy shall be obtained within six months from the date of this amended resolution." (Alt. App. 11/15.)

*Correction—Reference to the completion of the work deleted and such substitution therefor, as indicated in italics.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666,

Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective Decem-

PUBLIC HEARING

ber 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, April 13, 1956 at 10 A.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use, drain] *Drain* cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. *Vacuum breakers for outside hose bibs shall be placed 24 inches above the surface of the ground near the hose bib and at least 12 inches above the top of the highest submerged lawn sprinkler.*

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one

inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

PUBLIC HEARING

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus.

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

APPLICANT—Herman E. Horwood, for Mary Francomano, owner.

SUBJECT—Application July 8, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E area district, the erection of a 2 family dwelling with less than the 10 ft. setback required on each street front.

PREMISES AFFECTED—2894 Roebling avenue, southwest corner of Edison avenue, Block 5388, Lot 27, Borough of The Bronx.

APPEARANCES—

For Applicant: H. E. Horwood.
For Opposition: Louis Fribourg.

ACTION OF BOARD—Laid over to April 10, 1956, at 10 A.M. for applicant to file revised plans showing compliance with the requirements for front yard; hearing previously closed.

673-55-BZ

APPLICANT—Kitzler and Nurick, for Bertha Sherain, owner (92 Car Wash Corp., lessee).

SUBJECT—Application August 23, 1955—(decision of the borough superintendent) under sections 7c, 7f, 7A and 7i of the zoning resolution, to permit in a business use district, automatic auto laundry, gasoline service station, office, lubricatorium, motor vehicle repair shop (with hand tools only) and parking cars awaiting service.

PREMISES AFFECTED—5802-5824 Church avenue, 119-129 East 58th street, southeast corner and 74-84 East 59th street, Block 4706, Lot 36, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry J. Nurick.
For Opposition: Irving M. Berry, Jack H. Harrow, Murry Barshay, Harry Schleifer, Max Fecher, Samuel Weisel, Esther Berezofsky, Dora Newman, Doris Borg, Murray W. Neitlich, Eve Greenberg, Clyde Bradish, Ralph Jacobson, Helen Metz and Elaine Weinman.

ACTION OF BOARD—Laid over to May 1, 1956, at 10 A.M. for inspection and decision; hearing closed.

734-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Redmont Sales Corp., owner.

SUBJECT—Application September 19, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a retail use district, proposed use of premises for high speed auto laundry, office, waiting area and simonizing, with ground signs closer to residence use district than is permitted.

PREMISES AFFECTED 14-59 150th place, east side, 44.66 ft. north of Cross Island parkway, and 14-54 Clintonville street, Block 4697, Lot 8, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama, Edward F. Hosinger and Alvin E. Orlan.
For Opposition: Dr. Nicholas F. Sallèse, Oscar Hegerdic

Hian, Anna Gamposki, Frances M. Gioia, Nicholas F. Goobic and Patricia Sallèse.

ACTION OF BOARD—Laid over for further consideration with hearing to be held on April 10, 1956, on an application under Cal. 752-55-BZ affecting property in the vicinity; hearing to be continued.

892-55-BZ

APPLICANT—Samuel Rosenblum, for Tak Realty Corp., owner.

SUBJECT—Application November 10, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use, B area district, the erection of a basement, 15 story and penthouse, class A, multiple dwelling, stores and garage, with less than the required rear yard.

PREMISES AFFECTED—1227-1231 Madison avenue and 48 East 89th street, southeast corner, Block 1500, Lots 51, 52 and 53, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum, M. Brody, Ralph Kern and Harris Shapiro.

ACTION OF BOARD—Laid over to April 17, 1956, at 10 A. M. for further study and the submission of revised plans for consideration by the Board.

550-53-BZ

APPLICANT—George P. Ames, for Manbay Realty Corp., owner.

SUBJECT—Application July 16, 1953—(decision of the borough superintendent) under sections 7e, f and i of the zoning resolution, to permit partly in a business use district and partly in a residence use district, the erection of a gasoline service station, brake, battery and tire storage, sales, and service, minor repairs with hand tools and parking of customers' motor vehicles to be serviced.

PREMISES AFFECTED—35-01 to 35-05 Bell avenue and 213-34 to 213-38 35th avenue, (Crocheron avenue), southeast corner (Block 6173, Lot 1), Bayside, Borough of Queens.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution; property has been sold to another owner.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

130-21-BZ—Vol. III

APPLICANT—Seymour W. Gage, for Paramount Distillate Co., owner.

SUBJECT—Application reopened October 11, 1955 as Vol. III—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, a parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—94 Monroe street, west side, 36.2 ft. south of Pelham street, Block 255, Lot 48, Borough of Manhattan.

APPEARANCES—

For Applicant: Seymour W. Gage.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 11, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; Monroe street is in business, residence and local retail use, D area, class 1 height districts; Pelham street is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 17, 1955 acting on amendment to Alt. Applic. 840-55, reads:

"1. Parking lot for more than five motor vehicles located in a Residence use district is contrary to Section 3 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 17.11 ft. frontage by 45.7¼ ft. in depth, irregular, at present vacant; that it is proposed to use the plot for parking of more than five motor vehicles; and

WHEREAS, the applicant states that the subject premises have been in the possession of the present owners since 1943 and 1945; that owing to the nature of the neighborhood and their business (Paramount Distillate Corp., 92 Monroe Street), they have not improved the property in all this time; that the zoning of the neighborhood is as follows: 94 Monroe street—zoning today—residence, 1, D; zoning prior to March 1, 1939—business, 1½, B; 3, 5, 7 Pelham street—zoning today—business and residence, 1, C and D; zoning prior to March 1, 1939—business and unrestricted, 1½, B; and

WHEREAS, the applicant contends that the principal reason for the owners not having improved the property is the uncertain disposition of the neighborhood insofar as the public housing program is concerned; that thus far, much of the adjoining neighborhoods have been condemned to make space for these projects, but this particular area has been spared; that how long this situation will prevail it is of course impossible to predict; that the owners are desirous of obtaining some return on their original investment and also of utilizing these vacant lots in conjunction with their business and therefore this application is being made for parking on these premises; that should this application be denied, then there would be virtually no possibility for the owners to improve the property, making it a burden to them and the property would then remain vacant, in its present condition; and

WHEREAS, the applicant states that the present owners have held title to the property since August 1943 and that the assessed valuation of land is \$2,000; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the construction of the one-story buildings on the lots now involved under Cal. Nos. 130-21-BZ, Vol. III, and 801-55-BZ, namely Lots 43, 45 and 48, were not constructed and are now desired to be occupied for parking; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7 h for a term of 5 years to permit the premises lot 48 to be occupied for the parking of motor vehicles and to be used partly by the owner in connection with his business on the adjoining lot No. 49, *on condition* that the plot shall be levelled substantially to the grade of the street and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be suitable fencing maintained on the lot lines and street building line where wall of adjoining buildings do not occur; that the curb cut to Monroe Street shall not exceed the width as indicated on plans filed with this application marked "Received September 14, 1955" (2 sheets); that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that this variance is in substitution of use permitted by variance granted under Cal. No. 131-21-BZ—Vol. II and that

all permits, including a Certificate of Occupancy, shall be obtained within six months from the date of this resolution.

119-29-BZ—Vol. II

APPLICANT—John J. Tricarico, for Elizabeth Stevens, owner.

SUBJECT—Application reopened February 15, 1955 as Vol. II—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the proposed change of occupancy from garage to garage and parking and storage of more than 5 motor vehicles, on open portion of the plot.

PREMISES AFFECTED—625 Halsey street, north side 200 ft. west of Patchen avenue, Block 1662, Lots 59 and 61, Borough of Brooklyn.

APPEARANCES—

For Applicant: Harriet R. Jacobs.

For Opposition: T. R. Jones, Nellie Chesson, Zara Brinkley, Sam Quarterman, Lillian Wood, Zenobia Dixon, Dorothy Ferguson and F. Beckles.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 15, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on January 31, 1956 after due notice by publication in the Bulletin; laid over to February 15, 1956, at the request of objectants; then to February 21, 1956, at the request of an objector; then to March 20, 1956, for inspection and decision; applicant to check Building Department records as to the basis of the Certificate of Occupancy; hearing closed; then to April 3, 1956 for applicant to furnish the Board with information previously requested as to the certificate of occupancy; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Halsey street are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated January 20, 1955 acting on Alt. Applic. 4468-54, reads:

"1. Proposed change of occupancy from garage to garage and open parking and storage for more than five (5) motor vehicles in a residence zone is contrary to Article II, Para. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 100 ft. in depth, on which is located a two story building of class 3 construction, 25 ft. front, 30 ft. 8 in. in depth; that it is proposed to use open portion of lot for parking and storage of more than five motor vehicles; and

WHEREAS, the applicant contends that the site for proposed addition to present automobile parking and storage lot is a combined frontage of two separate plots, one 25 ft. by 100 ft. and one 50 ft. by 100 ft.; that at the present time, on the 50 ft. by 100 ft. of the eastern portion of this combined plot, there is a certificate of occupancy No. 71790-33 for open garage for more than five motor vehicles; that the combined plot is presently zoned as residential use, C areas; that the zoning of the area adjacent to this site directly west within 100 ft. of Reid avenue and directly east to Patchen avenue is located within a residential use district; that these designations have not been changed since 1916; that survey of the immediate neighborhood shows that this particular plot is located in a residential area occupied predominantly with old residential buildings that have no garage facilities, forcing automobile owners to park their vehicles in the street; that in view of the fact that 50 ft. of the combined plot is now legally occupied as a parking and storage lot for more than five motor vehicles and that there is a dire need for additional motor vehicle parking and storage facilities to service automobile owners in the im-

MINUTES

mediate community, and that there are no exits or entrances to any public school, playground, public park or religious school, it is requested that the Board act favorably upon this application; and

WHEREAS, the applicant states that the present owner has held title to the property since December 1, 1953; that the assessed valuation of land is \$5,500 and of the building \$300 making a total of \$5,800; that the building is more than 50 years old; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant filed a photostat of a plan approved in 1933 by the Building Department for the present wood shed on a portion of the plot with a frontage of 50 feet; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 4468/54, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

1085-38-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Loha Realty Corp., owner.

SUBJECT—Application reopened February 8, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—5307-5315 21st avenue and 1072-1082 Dahill road, southeast corner, Block 5495, Lot 465, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Joseph Bruno and Charles L. Estes.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 8, 1955 subject to regular procedure, to consider new proposal under a different section of the zoning resolution, namely section 7e, previously denied under section 21; and

WHEREAS, a public hearing was held on this application on February 21, 1956 after due notice by publication in the Bulletin; laid over to February 28, 1956, at request of objector, applicant concurring; no further requests for adjournment to be considered; then to April 3, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Dahill road, 21st avenue and 53rd street are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 16, 1954 acting on N. B. Applic. 1528-54, reads:

"1. Proposed gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, parking and storage of motor vehicles in a residence use zone is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 68 ft. 2¾ in. frontage by 101 ft. 4¼ in. in depth, irregular, on which is located a two car garage which is to be demolished; that the use district maps show that the premises are located in a residence use district, class 1

height district and class C area district; that as of July 25, 1916 the premises were in an unrestricted use district and received its present use designation on December 12, 1924; that it is proposed to erect a modern gasoline service station to consist of four 550 gallon gas tanks, two dispensing pumps and a one story accessory building of class 3 construction, irregular in shape, with a frontage of 52 ft. on Dahill road and 45 ft. on the southerly lot line; that the contemplated building will contain the conjunctive uses of lubritorium, car washing, minor auto repairs, office and sales; that the balance of the plot not occupied by the building will be concrete or tarvia paved and a portion of it will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the building as contemplated is modern in design and will be an asset to the community; that the area, although zoned residential, is unrestricted in character; that there are many non-conforming uses within the affected area as follows: block 5495, lot 462—factory; block 5843, lot 38—factory; block 5483, lots 73, 43, 79—motor vehicle repair shop, stone yard, loft, respectively; that the lot is triangular in shape and adjoined on the south by a factory building which precludes the use of this site for residence purpose; that there are no other gas stations within the affected area and the proposal will provide a much needed service to the neighborhood; that the cemetery along 21st avenue is a further detriment to the use of the site for a conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since June 8, 1936; that the assessed valuation of land is \$2,000 and of the building \$500 making a total of \$2,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Committee having previously inspected these premises, and has reinspected them and has given careful consideration to the objections of owners and also noted that most of the owners who have consented are nearest to the proposed gasoline service station and also noted that the condition of the present plot is trashy at the present time. The Committee recommended that the application should be granted on condition, as in the Committees opinion the site is not suitable for residence use; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of 15 years to permit the premises to be occupied as a gasoline service station substantially as proposed and as indicated on plans filed with this application marked, "Received January 11, 1955" (3 sheets) and "February 14, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of the abutting streets and shall be constructed and arranged and designed as indicated on such plans; that the accessory building shall be faced with face brick; that there shall be no cellar under such building; that there shall be no windows opening onto the adjoining premises where the wall of such building is proposed on the building line; that in all other respects the accessory building shall comply with the requirements of the Building Code; that there shall be erected on the interior lot line to the west a masonry wall not less than 5 ft. 6 in. in height of face brick similar to that to be used in the accessory building; that in all other respects, the building and premises shall comply with the requirements of all laws applicable thereto; that the premises where not occupied by building, walls and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two curb cuts to 21st Avenue each 24 ft. in width, as shown, and located where shown, and one curb cut 30 ft. in width to Dahill Road; that no portion of any curb cut shall be nearer than 5 ft. to a lot line as prolonged; that at the intersection there shall be erected a block of concrete extending for a distance of not less than five feet along either street line from the inter-

MINUTES

section and not less than 12 in. in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not more than four feet; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that pumps shall be of a low approved erected not nearer than 12 ft. from the street building line of 21st Avenue; that under Section 7h there may be parking of cars awaiting service provided such parking does not interfere with the servicing of the station; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

695-49-BZ—Vol. III

APPLICANT—Siegel and Green, for Pauline Schulson, new owner.

SUBJECT—Application reopened February 21, 1956 re extension of time to complete—expired May 30, 1955—re (decision of the borough superintendent) previously granted on condition under section 7h of the zoning resolution, permitting for a term of 5 years in a residence use district the parking and storage of motor vehicles (previously granted for the erection and maintenance of a business building).

PREMISES AFFECTED—298-306 East 140th street, south side, 104.30 ft. east of 3rd avenue, Block 2314, Lot 58, Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, on March 21, 1950 this application (Vol. I) was granted by the Board on certain conditions under section 7c of the zoning resolution, to permit in a residence use district the erection and maintenance of a business building; and

WHEREAS, this application was reopened as Vol. III on June 15, 1954 and was amended on November 30, 1954 under section 7h, to permit for a term of 5 years, in residence use district, the parking and storage of motor vehicles (previously granted for the erection and maintenance of a business building); and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by the time limitation on May 30, 1955; and

WHEREAS, applicant stated that the premises for which variance was previously permitted has recently been purchased by a new owner who is desirous of proceeding with the work; and

WHEREAS, this application was reopened on February 21, 1956 and set for hearing on April 3, 1956 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated January 31, 1956 acting on amendment to Alt. Aplic. 358-54, reads:

"1. In a residence use district the proposed "Parking

and storage lot for motor vehicles, with attendant's shelter" is contrary to Sect. 3 of the Zon. Res.

"2. Variance granted by the Board of Standards and Appeals Cal. 695-49-BZ, Vol. III expired."

and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 30, 1954, by adding thereto: "that in view of the statement by the applicant that, because of the new owner, the work had not been proceeded with, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

375-55-BZ

APPLICANT—Michael Alfano, for Max Sakow, owner.
SUBJECT—Application May 5, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a local retail use district, the erection of a gasoline service station, lubritorium, auto repair shop, salesroom, car washing and storage.

PREMISES AFFECTED—950-970 Allerton avenue, south side, from Paulding avenue to Williamsbridge road, Block 4447, Lots 62, 64 and 66, Borough of The Bronx.

APPEARANCES—

For Applicant: Gilbert Lazerus.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 17, 1955 after due notice by publication in the Bulletin; laid over to January 24, 1956, for continued hearing; then to February 15, 1956, for inspection and decision; hearing closed; then to February 28, 1956, for applicant to file authorization of present owner of record; then to April 3, 1956, at the request of the applicant for the purpose of filing authorization of the present owner of record; and

WHEREAS, the district maps accompanying the zoning resolution show that is in a local retail use, D area, class 1 height district; Williamsbridge road is in local retail, business and residence use, D area, Class 1 height districts; Paulding avenue is in a residence and local retail use, D area, class 1 height districts; Allerton avenue is in retail and local retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 11, 1955 acting on N.B. Applic. 1312-54, reads:

"1. Proposed erection of a gasoline service station, lubritorium, auto repair shop, salesroom, car washing and storage on a lot located in a Local Retail use district is contrary to Art. 2, Sec. 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 161.34 ft. frontage by 138.56 ft. and 206.92 ft. in depth, irregular, which is vacant at present; that it is proposed to construct and maintain, for a term of 15 years, a gasoline service station with incidental car washing, lubrication and motor vehicle repair service (no welding or spraying), a one story office building, the parking of more than five motor vehicles belonging to customers whose cars are awaiting service or have been serviced; and

WHEREAS, the applicant states that the plot is zoned entirely for local retail use and was changed from business to local retail on July 20, 1942; that the height district was changed from 1¼ to 1 on July 20, 1942 and the area district was changed from C to D on July 20, 1942; and

WHEREAS, the applicant contends that existing conditions indicate that the granting of this application would not adversely affect the area; that both Allerton avenue and Williamsbridge road are principal traffic arteries carrying

MINUTES

a heavy volume of through traffic which is constantly increasing; that the plot in question, which is located at the intersection of these two traffic arteries, is therefore ideally suited for a gasoline station; that most of the surrounding property is either vacant or occupied by store buildings; that there are no existing gas stations in the immediate neighborhood to meet the demands of traffic traveling in either an easterly or westerly direction along Allerton avenue or a northerly or southerly direction along Williamsbridge road; that in the light of the circumstances of the immediate area, the highest economic use of the proposed site is as a gas station; that in addition, the site would not be suitable for the development of one or two family dwellings or multiple dwellings because of the high cost of the land and because of the fact that the surrounding area is used for store purposes; that it would be inadequate for retail purposes because there are already adequate shopping facilities in the neighborhood and there is no demand whatsoever for additional stores; that furthermore, the triangular shape of the plot would make its devotion to any conforming use uneconomic for the reason that the construction of either a store building or a residential building would leave a substantial portion of the plot necessarily unbuilt upon and completely wasted; that the proposed structure will be erected and maintained under such conditions as will safeguard the character of the area; that the gas station will face on Allerton avenue and there will be erected an 8 ft. wall of face brick along the entire southerly side of the plot and along the entire Paulding avenue frontage, thereby shielding the residential property on the south and on the easterly side of Paulding avenue from the service station; that inside the wall will be a planting area which will be thickly planted with shrubbery to form an adequate background for the proposed gas station; that the station will be of modern design and will be constructed entirely of face brick with steel and glass overhead doors; that the plans call for three sets of pumps and twelve 550 gallon gas tanks which will be buried beneath the surface; that the pumps will be of the parkway type; that the entire unbuilt open area of the plot, other than that portion devoted to planting, will be covered with black top paving; that the proposed use will provide an open and attractive area and will thus insure to the owners of adjacent properties permanent light and air, which such properties would not derive from a large conforming structure; that the limitation of the term of the use to 15 years will serve as a protection to the future of the neighborhood in the event its present character should change; and

WHEREAS, the applicant states that the present owner has held title to the property since May 5, 1949 and that the assessed valuation of land is \$26,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this matter was laid over for inspection by a Committee of the Board and the inspection has been made; also for the purpose of the present owner of record filing authorization as executrix for this application; such amended application has been filed and was recorded in place of the previous application signed by the previous owner who is deceased; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of 15 years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received May 5, 1955" (8 sheets), "January 9, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of the abutting streets; that the premises shall be constructed and arranged substantially as indicated on such plans; that the accessory building shall be of the design and arrangement and loca-

tion as shown except that the toilet rooms shall be arranged so that the doors thereto shall not be contiguous; that there shall be no cellar under such building; that the accessory building shall in all other respects comply with the requirements of the Building Code; that the accessory building shall be faced with face brick on all sides; that along the building lines to the west, south and east, where indicated, there shall be erected a masonry wall with similar face brick to a height of not less than 5 ft. 6 in., and properly coped and with suitable terminating posts; that the portion of the premises to the south shown as a planting area shall be properly protected with curbing not less than 8 ins. in height and 6 ins. in width, and shall be maintained with suitable planting; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that the pumps shall be of a low approved type and erected not nearer than 15 ft. to either street building line; that the number of gasoline storage tanks shall be limited to twelve 550 gallon approved tanks; that curb cuts shall be restricted to two curb cuts to Williamsbridge Road located where shown and of a width as shown thereon and three curb cuts to Allerton Avenue located as shown and of the width as indicated; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersection of Williamsbridge Road and Allerton Avenue of a post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that under Section 7i there may be minor repairs with hand tools only for adjustment maintained within the accessory building; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable firefighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

801-55-BZ

APPLICANT—Seymour W. Gage, for Paramount Distillate Co., owner.

SUBJECT—Application September 14, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence and business use district, the parking of more than 5 motor vehicles.

PREMISES AFFECTED—3-7 Pelham street, south side, 45.0 ft. east of Monroe street, Block 255, Lots 43 and 45, Borough of Manhattan.

APPEARANCES—

For Applicant: Seymour W. Gage.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence and business use, C area, class 1 height district; Pelham street is in business and residence use, C and D area, class 1 height districts; Cherry street is in local retail and business use, C and D area, class 1 height districts; Monroe street is in a residence use, C and D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 17, 1955 acting on amendment to Alt. Applic. 839-55, reads:

"1. Parking lot for more than five motor vehicles, located partially in a Residence use district is contrary to Section 3 of the Zoning Resolution."

MINUTES

and
WHEREAS, the applicant states that the premises consist of a plot, 107.3 ft. frontage by 40.7 ft. in depth, irregular, now vacant; that it is proposed to occupy the premises for the parking of more than five motor vehicles; and

WHEREAS, the applicant states that the subject premises have been in the possession of the present owners since 1943 and 1945; that owing to the nature of the neighborhood and their business (paramount Distillate Corp., 92 Monroe street), they have not improved the property in all this time; that the zoning of the neighborhood is as follows: 94 Monroe street—present zoning, residence, 1, D; zoning prior to March 1, 1939—business, 1½, B; 3, 5, 7 Pelham street—present zoning—business and residence, 1, C and D; zoning prior to March 1, 1939—business and unrestricted, 1½, B; and

WHEREAS, the applicant contends that the principal reason for the owners not having improved the property is the uncertain disposition of the neighborhood insofar as the public housing program is concerned; that thus far, much of the adjoining neighborhoods have been condemned to make space for these projects, but however, this particular area has been spared; that it is of course impossible to predict how long this situation will prevail; that the owners are desirous of obtaining some return on their original investment and also of utilizing these vacant lots in conjunction with their business and application is therefore being made for parking on these premises; that should this application be denied, then there would be virtually no possibility for the owners to improve the property, making it a burden to them and the property would then remain vacant, in its present condition; and

WHEREAS, the applicant states that the present owner has held title to the property since August, 1945; that the assessed valuation of land is \$8,000; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of 5 years to permit the premises Lots 43 and 45 to be occupied for the parking of motor vehicles and to be used partly by the owner in connection with his business on the adjoining lot No. 49, *on condition* that the plot shall be leveled substantially to the grade of the street and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be suitable fencing maintained on the lot lines and street building lines where walls of adjoining buildings do not occur; that the curb cut to Pelham street shall not exceed the width as indicated on plans filed with this application marked "Received September 14, 1955" (2 sheets); that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this resolution.

802-55-BZ

APPLICANT—Paul Friedman, for Edna Greiner, owner.
SUBJECT—Application October 13, 1955—re (decision of the borough superintendent) under sections 7f, 7A and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs (hand tools only), car washing (non-automatic), office, storage and sale of auto accessories, parking of more than 5 cars waiting to be serviced, with proposed show window less than 75 ft. from a residence use district, for a term of 15 years.

PREMISES AFFECTED—219-11 to 219-19 Northern boulevard and 43-32 to 43-38 220th street, northwest corner, Block 6322, Lot 24, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application grated on condition.

THE VOTE OF MARCH 6, 1956—

Affirmative: Commissioner Kleinert, and Deputy Chief

Connolly 2

Negative: Chairman Murdock..... 1

Not Voting: Commissioner Keating..... 1

THE VOTE OF MARCH 13, 1956—

Affirmative: Commissioner Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 31, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; then to March 13, 1956, for full vote of the Board; then to April 3, 1956, for applicant to file revised plans showing a wall and omitting curb cut on 220th street; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Northern boulevard are in a business use, D area, class 1 height district; 220th street is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 6, 1955 acting on N.B. Applic. 3996-55, reads:

"1. Proposed use of premises within a business use district for a gasoline service station, lubritorium, minor auto repairs (hand tools only), car washing (non-automatic), office, storage & sales of auto accessories, parking for more than 5 cars waiting to be serviced is contrary to Article II Section 4(a) subsections 15, 29 and 46, 49(a) of the Zoning Resolution.

2. The proposed show window facing on a street which is transition from a business use district to a residence use district and that is located within 75' of the residence use district is contrary to Art. II Sec. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 99.23 ft. in depth, irregular, on which is presently located a frame dwelling and a one story frame building, now vacant, but formerly used for store and garage warehouse; that it is proposed to remove existing structures and erect and maintain for a term of 15 years a gasoline service station, lubritorium, minor auto repairs (hand tools only), car washing (non-automatic), office, storage and sales of auto accessories and parking for more than 5 cars waiting to be serviced, with show windows located within 75 ft. of a residence use district; that the use, height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that building department records show only Alt. 358-1903 for a one story extension to existing building, 17 ft. front by 25 ft. deep, to be occupied as a saloon; that there is no certificate of occupancy on file and no other official records are available for the subject premises; that it is believed that the existing structures were erected prior to 1900, that the present two story frame dwelling was used as a hotel and the one story frame structure for a saloon and for the storage of horses and carriages in conjunction with the hotel; that subsequently the hotel became a private dwelling and after the end of prohibition the small store was used as a bar room; that the one story frame building was used as a garage and repair shop from 1932 to 1935 and was subsequently used for a home insulation business until about one year ago when this building became vacant; and

WHEREAS, the applicant contends that diligent effort has failed to produce anyone ready, willing and able to undertake to use or develop this property for a conforming use; that there is no economic demand for the use of the subject premises for residence purposes, as the property is situated on Northern boulevard, which sustains a substantial volume of automobile traffic; that furthermore, it is zoned for business, it adjoins a garage and gas station to the west, it is opposite a gas station on its easterly frontage and it is opposite a tavern on its southerly frontage; that the proposed gas station would be in harmony with the numerous non-conforming automotive uses in the neighborhood, as fol-

MINUTES

lows: block 6321, lots 21 and 25—proposed gas station granted by the Board on May 3, 1955 under Cal. No. 887-54, BZ, certiorari pending; block 6322, lot 29—gas station and garage, established about 1921 in a business use district; block 6323, lot 27—gas station, variance denied on June 20, 1931 under Cal. 209-30-BZ certiorari sustained and station now operating; block 6323, lot 22—gas station granted on April 18, 1950 under Cal. 867-49-BZ, certiorari dismissed, appeal to Court of Appeals withdrawn and discontinued August 3, 1951 and station now operating; block 7338, lots 10, 13 and 18—proposed gas station granted on May 3, 1955 under Cal. No. 881-54-BZ, certiorari pending; block 7473, lots 1 and 6—gas station granted for lot 1 on July 5, 1933 under Cal. 202-30-BZ, extension of use to include lot 6, granted by the Board on March 1, 1955, station now operating; that a grant of the instant application would not adversely affect nearby properties, entitled to zoning protection, as it would result in the elimination of the old frame structures and in the erection of a modern gas station; that a seeded and landscaped area 15 ft. wide will be maintained between the rear line of the proposed building and the northerly building line, and a 5 ft. wide seeded and landscaped strip adjoining the westerly building line and the proposed fence along the 220th street frontage, enclosed by a 6 in. by 8 in. concrete curb, will also be maintained; that the elimination of the old and partially vacant frame buildings will eliminate the existing fire hazard to nearby properties; that clear traffic visibility would be provided at the intersection, whereas the existing building endangers traffic safety; that it would create a safer pedestrian traffic condition, as it would result in the installation of a sidewalk and curbing along 220th street, where none exists at present; that the proposed gas station building, one story, 15 ft. 6 in. in height and occupying an area of approximately 1,850 sq. ft., will provide more light and ventilation to nearby properties than the existing structures or if a conforming use structure were to be erected; that the proposed show window fronting on 220th street, within 75 ft. of the residence use district, would be small, unobtrusive, set back 25 ft. from the 220th street frontage and would not adversely affect any of the properties within the adjoining residence use district; and

WHEREAS, the applicant further contends as to the objection raised by the borough superintendent that the proposed sign violates article 2, section 4(a) 49(a) of the zoning resolution, refers to a post standard sign advertising the brand of gasoline sold on the premises; that the proposed sign would be a customary incident to the operation of the gas station and the Board has customarily permitted the erection of such signs as incidental to new gas station uses; and

WHEREAS, the applicant states that the present owner has held title to the property since October 16, 1934; that the assessed valuation of land is \$12,000 and of the building \$5,500 making a total of \$17,500; that the building was erected prior to 1900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this matter was laid over for revised plans, which have been filed, and the premises had been previously inspected; the resolution of the Board on March 13, 1956 granted the application subject to revised plans and conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked, "Received October 13, 1955" (4 sheets), "December 16, 1955" (one sheet) and revised plans marked "Received April 2, 1956" (2 sheets) *on condition* that all buildings and uses on the premises shall be removed and

the premises shall be levelled substantially to the grade of Northern Boulevard; that the premises shall be constructed, arranged and designed as indicated on such revised plans marked "Received April 2, 1956"; that at a distance of 10 ft. from the rear line to the north there shall be erected in conjunction with the rear wall of the accessory building a masonry wall not less than 5 ft. 6 in. in height and properly coped and of face brick; that a similar wall shall be constructed along the building line of 220th street, for a distance of approximately 50 ft. and with a suitable terminating post; that the accessory building shall be of the design and arrangement as indicated and in all other respects shall comply with the requirements of the Building Code; that there shall be no cellar under such building; that pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line from the base of the pumps facing on Northern Boulevard only; that the number of gasoline storage tanks shall be limited to ten 550 gallon approved tanks; that along the westerly wall and the northerly wall, where shown, there shall be planting with suitable planting material in the space of a width as shown and properly protected with concrete curbing not less than 8 in. in height and 6 in. in width; that the space to the north between the northerly lot line and the accessory building and wall hereinafter required, there shall be maintained a suitable planting area; that any reconstruction of the retaining wall of the driveway of the adjoining owner that may be necessary shall be done in the event the owner of the adjoining plot, No. 21, desires to widen his driveway and encroach on this 10 ft. space and erect and reconstruct and relocate the retaining wall, such permission may be granted by the owner of the subject premises *on condition* that the requirements of this resolution shall be carried out substantially as hereinbefore required in all other respects; that curb cuts shall be restricted to two to Northern Boulevard not over 40 ft. in width located where shown and one to 220th Street within the first 25 ft., as shown, from the building line of Northern Boulevard; that no curb cuts shall be nearer than 5 ft. to a street building line as prolonged; that at the intersection there shall be a block of concrete extending for a distance of 5 ft. along either building line and not less than 12 in. in height; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and signs on the walls facing the premises to the north, but permitting a post standard within the intersection, for supporting a sign advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line of Northern boulevard for a distance of not over four feet; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairs with hand tools only for adjustment maintained solely within the accessory building; that under Section 7A the curb cuts hereinbefore permitted to 220th Street and show window as indicated in the design of the accessory building may be permitted; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

808-55-BZ

APPLICANT—Paul Friedman, for Hans J. Heckmann and R. Harold Paltrow, owners.

SUBJECT—Application October 17, 1955—(decision of the borough superintendent) under sections 7h, 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto repairs, (hand tools only), auto washing (non automatic), office, sales and storage of auto accessories, parking of cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—35-02 to 35-08 (35-04 official)
Bell boulevard and 213-12 to 213-20 35th avenue, southwest corner, Block 6169, Lot 6, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Harry Berlin.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 21, 1956 after due notice by publication in the Bulletin; laid over to April 3, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bell boulevard are in a retail use, DD area and class ½ height district; 35th avenue is in retail and residence use, DD area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 30, 1955 acting on N. B. Applic. 4021-55, reads:

"1. The use of the premises as a gasoline service station, lubritorium, auto repairs (with hand tools only), auto washing (non-automatic), office, sales and storage of auto accessories parking for cars waiting to be serviced in a Retail Use District is contrary to Art. II Sec. 4-a of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 100 ft. frontage by 100.66 ft. in depth, on which is located a frame shed; that it is proposed to remove the existing frame structure and to erect and maintain for a stated term of 15 years a gasoline service station, lubritorium, auto repairs (with hand tools only), auto washing (non-automatic), office, sales and storage of auto accessories and parking for cars waiting to be serviced; that as of July 25, 1916 the property was zoned as a business use, a one times height and a D area district; that the present use, height and area designations became effective on October 29, 1954 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the subject premises consists of an irregular corner plot, having a frontage of 100 ft. on Bell boulevard and 100.66 ft. on 35th avenue, on which is erected a one story frame shed used as a newsstand and refreshment stand; that the records of the building department do not disclose the date of erection nor is there and record of certificate of occupancy having been issued; that there is a record of a building notice filed in 1936 for the enlargement of the newstand; and

WHEREAS, the applicant contends that there is no economic demand for the use of the subject premises for a conforming store use as the store facilities in the neighborhood adequately serve the needs of the area; that the present use is in the nature of an interim use pending the ultimate development of the property; that the present use does not yield any profit, since the carrying expenses are in excess of the income; that there is no economic demand for the use of the subject premises for residential use as the property is situated at the intersection of two heavily travelled thoroughfares and is opposite two existing gas stations located at the northwest and northeast corners of the intersection of Bell boulevard and 35th avenue; that there is an economic demand for the use of the subject premises as a gas station as it is located at the intersection of Bell boulevard and 35th avenue, both heavily travelled thoroughfares, and a grant of this application will result in a substantial investment to improve the property so as to yield a reasonable return on the owners' investment; that a grant of this application

will not adversely affect the surrounding area; that the proposed use will be harmonious with the existing gas station uses located at the northwest and northeast corners of Bell boulevard and 35th avenue; that the adjoining premises to the west and south are zoned as retail use and are vacant; that the property opposite the subject premises on the easterly side of Bell boulevard is vacant, except for a billboard sign, and he is informed that an application under Cal. No. 550-53-BZ is pending as of this date to permit the erection of a gas station at block 6173 (application dismissed); that the property opposite the subject premises on the northerly side of 35th avenue, in block 6112, lot 47, is developed with a gas station and a tavern; that the property diagonally opposite in block 6117, lot 12 is developed with a gas station for which the Board granted a variance under Cal. No. 122-46-BZ, Vol. II on December 9, 1947; that the adjoining premises will be protected and buffered by the erection of a 5 ft. 6 in. high woven wire fence along the southerly lot line and the woven wire fence and privet hedge (in conformity with the restrictive covenant affecting the subject premises) along the westerly lot line; that a grant of this application would increase public safety as the proposed building, set back approximately 80 ft. from the intersection of Bell boulevard and 35th avenue, will provide clearer visibility to automotive traffic, whereas a conforming use building erected 10 ft. from the street building lines would endanger public safety by creating a blind intersection; that the proposed gas station, one story 13 ft. in height and occupying an area of approximately 1590 sq. ft. will provide more light and ventilation to nearby properties than if a conforming use structure were to be erected; that a conforming use structure could be built to cover an area of 4,650 sq. ft. or approximately 46.5% of the area of the plot whereas the proposed building will cover an area of approximately 1,590 sq. ft. or only 15.9% of the total area of the plot; that a conforming use structure could be built to a height of 50 ft. set back 10 ft. from the Bell boulevard building line; that a grant of this application would do substantial justice in that it would permit the owners to develop the property in the only beneficial manner possible without adversely affecting anyone, whereas a denial of this application would benefit no one and would prevent the owners from making the only possible use of their property; and

WHEREAS, the applicant states that the present owner has held title to lot 6 since August 31, 1934 and to lot 11 since May 15, 1951; that the assessed valuation of land is \$19,000 and of the building \$500 making a total of \$19,500; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee has recommended that the application should be granted on condition; full consideration has been given to the existing gasoline stations on two other corners which have been there for sometime and the committee believes that the conditions imposed will protect the adjoining properties and that there will be no undue hazard to pedestrians; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked, "Received October 17, 1955" (4 sheets) and "December 16, 1955" (one sheet) and revised plans marked "Received March 1, 1956" (2 sheets) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of the abutting streets; that the premises shall be designed, constructed and arranged as indicated on such plans as amended by revised plans marked "Received March 1, 1956" (2 sheets); that the accessory building shall be of the design and arrangement and location as proposed;

MINUTES

that there shall be no cellar under such building; that there shall be no windows opening in the walls of such building to the adjoining premises; that the building shall be faced with face brick on all sides; that the accessory building shall in all other respects comply with the requirements of the Building Code; that there shall be erected from the proposed wall of such building along the southerly lot line to Bell Boulevard a masonry wall, with brick agreeing with the accessory building, not less than 5 ft. 6 in. in height and properly coped; that such wall may, however, be reduced to a height of 4 ft. 6 in. within 10 ft. of the building line of Bell Boulevard; that along the westerly lot line from the accessory building a similar brick wall shall be constructed to within 25 ft. of the 35th Avenue building line; that from the end of such wall there shall be a privet hedge, of similar height as the wall, maintained along the balance of the westerly lot line to the street building line of 35th Avenue to comply with the restrictive covenant; that pumps shall be of a low approved type and erected not nearer than 15 ft. from the base of the pumps to the building line; that curb cuts shall be restricted to two curb cuts to Bell Boulevard each 30 ft. in width, located where shown and two similar curb cuts to 35th Avenue; that no portion of any curb cut shall be nearer than five feet to a lot line as prolonged; that at the intersection there shall be erected a block of concrete extending for a distance of not less than 5 ft. along either building line from the intersection and not less than 12 in. in height; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs but permitting the erection within the premises at the intersection of a post standard, where shown, for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that such sign shall be at right angles to Bell Boulevard building line; that under Section 7i there may be minor repairs for adjustment only maintained within the accessory building and with hand tools; that under Section 7h, for a similar term there may be parking of cars provided such parking does not interfere with the servicing of the station; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:30 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, APRIL 3, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

536-44-A

APPLICANT—Louis Wallach, for Marion Spinnler, owner.
SUBJECT—Application for consideration—reopening as to extension of term of variance—re Appeal from a decision of the borough superintendent; previously granted on condition.

PREMISES AFFECTED—216-16 28th avenue, southeast corner of 216th street (1st and 2nd floors), Block 6019, Lot 103, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Appeal reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly... 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 31, 1944, on certain conditions; and

WHEREAS, the resolution was amended on June 11, 1946; and

WHEREAS, the term of variance was extended from time to time and last extended on April 20, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 31, 1944, as thereafter *amended* by resolutions adopted through April 20, 1954, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"that the term of this variance shall be for two years from the date of this *amended* resolution; that in all other respects the above resolutions shall be complied with; and that new certificate of occupancy and license from the Department of Hospitals shall be obtained."

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 4, 1955 redened November 16, 1955, on Alt. App. 1463/55 reads:

"1. Proposed changes in occupancy, together with the proposed removal from the M.D. Class constitute variations from the B of S & A approval under Cal. No. 147-49-A. Secure approval of the B of S & A for the proposed changes."
and

WHEREAS, the applicant states the building is 5 stories, 58 ft. in height, 17 ft. by 75 ft. in area at first floor, 17 ft. by 59 ft. in area at typical floor, of class 3 construction, erected prior to 1920; located on a lot 17 ft. front by 100 ft. 8 in. in depth, in a retail use, B area, Class 1½ height district, used and occupied since 1955: Cellar—boiler room; 1st floor—elementary school, 23 persons; 2nd floor—elementary school, 30 persons; 3rd floor—one recreation room and furnished room, 15 persons; 4th floor—two furnished rooms; 5th floor—3 furnished rooms and one storage room; and proposed to be used and occupied as follows: cellar—boiler room; 1st floor—kindergarten, waiting room and school office, 50 persons; 2nd floor—kindergarten, class rooms and kitchen, 30 persons; 3rd floor—class rooms and bath rooms, 25 persons; 4th floor—2 rooms for private piano lessons, 6 persons; 5th floor—one bedroom (private piano lessons),

MINUTES

one room for private piano lessons and one bedroom, total six persons; the building is provided with a one-source sprinkler system and approved interior fire-alarm system and regular monthly fire drills are maintained; there is one 3 ft. 4 in. wide interior wood stairs closed in one-hour fire retarded partitions on first and second floors, and in partitions of wood studs and plaster above, equipped with fireproof self-closing doors at first, second and third floors; stairhall leads direct to roof bulkhead and to street, in addition, there is a fire escape at the rear running from third story down to the rear yard, with egress through fireproof passage in front of the building, window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, plans filed with this appeal indicate that the sprinkler system described exist only throughout the stairhalls in accordance with Section 187 of the Multiple Dwelling Law; and

WHEREAS, the applicant states, the building was subject of a variance by the Board under Cal. No. 147-49-A, Vol. I, at which time the Board permitted its use an elementary school; at which time the building was erroneously described as being located in a residence use district; that the building has been in a retail use district since before 1937; that the new owners operate a music school for instruction on the piano only; and

WHEREAS, the applicant contends that the stairway is sprinklered from cellar up to and through the roof bulkhead; that there is a fire alarm system and regular monthly fire drills are maintained; that there is a two-gallon fire extinguisher on each stair landing; that the building has one 3 ft. 4 in wide wood stairs enclosed on first and second floors in fire retarded partitions equipped with fireproof self-closing doors at all openings up to the third floor; that all existing wood doors to the stairs above the third floor are self-closing; that the existing fire escape at the rear runs from the yard to the third floor, to the former recreation room, approved by the Board under date of May 17, 1949; that exit to the street from the lower termination of the fire escape is through a fireproof passage equipped with fireproof self-closing door leading direct to street; and

WHEREAS, the applicant states that as there will only be two bedrooms in the entire building it will no longer be a multiple dwelling; that the first and second floor use will be similar to the former use permitted by the Board; that in fact the former lessee will rent the first and second floors, rear, for kindergarten use; which lease will not extend beyond 1957, and thereafter this space will be used for instruction in piano; that the third floor will have class rooms for teaching piano with an average attendance of 7 or 8 children per class, and a maximum of 25 on this floor; that there are two means of egress on this floor consisting of a stair and a fire escape; that the fourth floor will have class rooms for the private instruction of piano, nominally with only two persons per room, with a maximum of six for the entire floor; that the fifth floor will have two bedrooms and one room for piano instructions; one of the bedrooms will be used in the afternoons for private piano instruction and one room for private piano lessons only, with a maximum of six persons for the entire floor; and

WHEREAS, the applicant contends that in view of the very low occupancy of the fourth and fifth floors and the low occupancy of the third floor, with its two means of egress, the sprinklered stair and fire alarm and drills, that the hazard of the public use above the second floor is nil; and

WHEREAS, the premises were inspected by a committee of the Board, and the applicant, by request, has written a letter explaining the occupancy and it is the opinion of the Committee that the occupancy is altogether too large for safe occupancy and recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1463/55, Objection 1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

858-54-A

APPLIANT—Samuel Cohen, for Boris Feinberg, owner.

SUBJECT—Application November 8, 1954—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—74-76 Laight street, and 413 Washington street, northeast corner, Block 218, Lot 2, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Cohen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 14, 1954, on Alt. App. 843/54 reads:

"2. Provides two (2) means of egress for all tenants, all floors, including the cellar, to be in full compliance with Sect. 271 of the Labor Law.

A fire escape in a bldg. over 5 stories high and used as a factory bldg. is not acceptable as a means of egress in accordance with Sect. 271 of the Labor Law as amended.

An action taken by the B. S. & A. prior to the amendment of the Labor Law regarding exits must be referred to the B. S. & A. for adjudication."

and

WHEREAS, the applicant states the building is 10 stories, 117 feet in height, 42 ft. 6¾ in. front by 60 ft. 5½ in. in depth, erected in 1899, of fireproof construction, on a lot 42 ft. 6¾ in. front by 60 ft. 6½ in. in depth in an unrestricted use, A area, Class 2 height district; used and occupied since 1916: Cellar—storage of casings and boiler room, 0 persons; 1st floor—assorting of casings for frankfurters, 20 persons; 2nd floor—offices, 5 persons; 3d and 4th floors—vacant; 5th floor—manufacturing zippers, 5 persons; 6th floor—manufacturing chocolate novelties, 10 persons; 7th floor—experimental machine work, 1 person; 8th, 9th and 10th floors—vacant; proposed to be used and occupied as follows: Cellar—storage (general) and boiler room, no persons; 1st to 10th floors, inclusive, office, storage and manufacturing, 30 persons per floor. The building is equipped with approved stand pipe and interior fire alarm systems and regular monthly fire drills are maintained. There is one interior 3 ft. 6 in. wide steel stairs, enclosed in 4 in. t. c. blocks plastered, equipped with fireproof, self-closing doors, leading direct to street and with ladder and scuttle to roof and one fire escape extending to street by counterbalanced stair; window and door opening on same are fireproof, self-closing; and

WHEREAS, the applicant states the building is of heavy, fireproof construction, designed for a liveload of 300 lbs. per sq. ft.; that the records of the Department of Buildings show it was used as a factory since 1916 to present time; that the building is occupied by one tenant on a floor; that the passenger elevator is continually manned by an operator; that there is a standpipe system with hose on each floor including the cellar, supplied by a 5000 gallon gravity tank and with a Siamese connection on each street front; that there is a manually operated fire alarm system on every floor and fire drills are maintained; that the exits consist of a 3 ft. 6 in. wide steel stairs, enclosed in 4 in. terra cotta partitions, plastered, extending from street to top floor with an inclined ladder to a scuttle in the roof; that there is no safe egress from the roof; that the Labor Law fire escape at the Washington street front has 4 ft. 6 in. high balconies, 4 ft. wide connected with 45° stairways and extends from top to 2nd story with egress to street by means of a counterbalanced stair; that fireproof doors and windows are on the course of same; that steps to sills of fire escape windows will be provided; that the existing horizontal exits below the 5th floor east wall have to be discontinued since adjoining building to the east is now under different ownership and tenancy; and

MINUTES

WHEREAS, the applicant states it is proposed to enclose the cellar stairs with 4 in. cinder blocks at cellar and 1st floor so that the cellar stairs will lead directly to the exit lobby on the 1st floor; that all new door openings will be fireproof, self-closing, 1-hour test; that it is also proposed to install an inclined engineer's ladder, 2 ft. 6 in. wide from cellar to the underside of the steel platforms on each street front, terminating in easily openable vertically hinged door, as shown on filed plans; that there is no manufacturing in the cellar; and

WHEREAS, the applicant states the capacity of the primary means of exit is 43 persons with an allowance of an additional 9 persons below the 7th floor due to the larger size of the landing platform at the front; that egress from the fire escape is by a 3 ft. 8 in. by 6 ft. fireproof self-closing door with steps to sill on every floor; and

WHEREAS, the applicant contends that to be required to comply with Section 271 of the Labor Law would require the construction of an interior stairway, since no exterior stairway is practically possible for this building; that the construction of an interior fireproof stairway would be done at a great expense, inconvenience and hardship for the owner and tenants and would further reduce the existing small area of 2200 sq. ft. per floor; that an additional stairway would be of doubtful value in view of the fact the present exits are ample for the low occupancy; that the existing fire escape was previously accepted by the Board; that the number of occupants will never exceed the capacity of the present interior stairway; that the cellar exits will be improved; that the building is situated on a corner easily accessible to Fire Department apparatus; and

WHEREAS, the Board on June 21, 1932 under Cal. No. 227-32-A modified Order #94071 F issued by the Fire Commissioner April 11, 1932, relating to the height of the bottom of the standpipe gravity tank, on condition that the tank be not less than 14 ft. 6 in. above the top story hose outlet; that the hose on top story be equipped with ½ in. nozzles and the standpipe system comply with rules in all other respects, and the building be not increased in height or area; and

WHEREAS, the Board on October 31, 1918 under Cal. No. 2371-17-S modified an order of the Fire Commissioner requiring an interior stairway as a second means of egress, on condition that the fire escape be screened to a height of 4 ft. 6 in.; that a counterbalanced stair be provided from the 2nd story balcony to the ground and the windows along the course of the fire escape be fireproof; and granted only so long as conditions remain substantially unchanged; and

WHEREAS, at the time of the Board's action under Cal. No. 2371-17-S it was represented to the Board that the building was sprinklered; and the applicant now states there is no sprinkler in the building; and also at the time of the Board's action under Cal. No. 2371-17-S it was represented to the board there were horizontal exits protected by standard, fireproof, automatic doors on both sides on the 2nd, 3d, 4th and 5th floors connecting to the adjoining building to the east; and

WHEREAS, plans filed with this appeal indicate that the horizontal exits on the cellar, 2nd, 3d, 4th, 5th and 6th floors have been closed; and

WHEREAS, Violation #10833 issued December 21, 1948, stated that all floors are not provided with a legal second means of egress direct to street, fire escapes are not considered as legal exits. Labor Law amended 2-1-49 in buildings over 5 stories in height; and

WHEREAS, the premises were inspected by a committee on the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the Committee has noted the previous action by the Board, prior to the recent amendment of the Labor Law, under Cal. No. 2371-17-S and also the existing conditions which the applicant proposes to improve as indicated on plans.

Resolved, that the Board of Standards and Appeals does

hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 843/54, Objection No. 2 and that the appeal be and it hereby is *granted on condition* that the means of exit shall be maintained as proposed and as indicated on plans filed with this appeal marked "Received February 10, 1956" (13 sheets); that the building shall not be increased in height or area; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the improvements to the exits thereon shown shall be constructed and maintained; that the standpipe and interior fire alarm system and monthly fire drills shall be maintained; that no manufacturing shall be carried on in the cellar; and that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct.

442-55-A

APPLICANT—Harry L. Alper, for 1913 3rd Avenue, Inc., owner (Bess Mile Shoe Co., Inc., lessee).

SUBJECT—Application June 3, 1955—Appeal from a decision of the borough superintendent—re cellar stairs.

PREMISES AFFECTED—1911-1913 3rd avenue, east side, 60 ft. 7 in. north of East 105th street, Block 1655, Lot 3, Borough of Manhattan.

APPEARANCES—

For Applicant: Harry L. Alper.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 12, 1955, on Alt. Appl. 601/55 reads:

"1. Provide an enclosed stair to the street from proposed cellar sales area. 6.1.2.2.3. & 6.4.1.8.1. B.C."

and

WHEREAS, the applicant states the building is one story, 14 ft in height 39 ft. 10 in. front by 80 ft. 5 in. in depth, erected 1951, on a lot 40 ft. 4 in. front by 80 ft. 5 in. in depth in a business use, B area, Class 1½ height district, used and occupied since erection as follows: storage, no persons; 1st floor—store, 41 persons; occupied in accordance with Certificate of Occupancy #38111 issued against NB App. 169/50; it is proposed to change the use of the cellar from storage to storage and sales space with an occupancy of 32 persons, and to install a new ornamental stairway from the front of the first floor behind the show windows leading down to the cellar to give access to the sales space in the cellar; and

WHEREAS, the applicant states that access to the cellar is now by means of a 3 ft. wide stair enclosed in a one-hour fire rated enclosure at the cellar and there is also an engineer's exit and ladder, available to both cellar spaces of the building, located at the front of the building; and

WHEREAS, the applicant contends that to give customers access to cellar sales space, it is proposed to install a new ornamental iron stairway which would also give easy exit to the customers in the cellar as there would be only about 12 ft. from the head of the stairs at the first floor to the double entrance doors; that as a second means of egress from the cellar the existing one-hour enclosed stairway at the rear will remain and the engineer's exit and ladder at the front will also be maintained; and

WHEREAS, the applicant contends that to comply with the requirements of the Administrative Building Code would constitute a great hardship and entail great expense, and would, in effect, require the installation of a third stair which would mean the loss of four feet in width of the store front and show window and destroy much of their effectiveness and usefulness; that in view of the small area

MINUTES

and the fact that the new ornamental stair will terminate within 12 ft. of the store vestibule, and in view of the additional egress from the cellar, it is requested that the Board accept the installation of a wet automatic sprinkler system in the cellar and first floor of the portion of the premises occupied of the Miles tenant as such a system will effectively cover all of the sales area and stock area and give adequate protection to the customers and employees in case of fire; that the proposed sprinkler will be installed in accordance with the Code and will require approximately twenty heads per floor and be supplied by a new two and one-half inch tap to the street water supply, with 3 in. risers, 3 in. Fire Department pump connection at street, alarm valve, water motor gong, etc; and

WHEREAS, the Board finds that the exits proposed do not provide a safe condition that can be permitted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 601/55, Objection 1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

980-55-A

APPLICANT—Stuart N. Updike, for The Patent Scaffolding Company, Inc., owner. (Chesebro-Whitman Co., agent).

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Appeal from a decision of the borough superintendent; previously granted on condition.

PREMISES AFFECTED—150 East 42nd street and 133-155 East 41st street, north side, from 3rd avenue to Lexington avenue, Block 1296, Lot 20, Borough of Manhattan.

APPEARANCES—

For Applicant: Stuart N. Updike.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 20, 1955, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 20, 1955, by adding thereto:

“that in view of the statement by the applicant that the scaffolding and tower are now being removed and will be completely removed in approximately six weeks, the requirement that the planks be of fireproof wood need not be complied with; that this amendment shall not be considered a precedent for a similar action by the Board in any other appeal as to scaffolding.” (B.N. 4771/55, B.N. 2592/55)

54-56-A

APPLICANT—Elias K. Herzog, for Murray H. Weinkrantz, owner.

SUBJECT—Application January 12, 1956—Appeal from a decision of the borough superintendent, re exterior stairway.

PREMISES AFFECTED—591 Broadway, west side, 176 ft. 10 in. south of West Houston street and 164 Mercer street, east side, 176 ft. 8 in. south of West Houston street, Block 512, Lot 16, Borough of Manhattan.

APPEARANCES—

For Applicant: Elias K. Herzog.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating 3

Negative: 0
Absent: Deputy Chief Connolly 1

THE RESOLUTION:

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1955, on Amendment to Alt. App. 592/51, reads:

“7. Exterior stair should comply with Section 268 of the Labor Law. Access to balcony should comply with para 4—door should extend to the floor level.”

and

WHEREAS, the applicant states the building is 6 stories, 85 ft. in height 30 ft. 1 in. front by 200 ft. in depth, class 3 construction, erected 1875, located in an unrestricted use, B area, Class 2 height district and used and occupied since 1900: subcellar—storage, 2 persons; cellar—storage and manufacturing kitchen furniture, 10 persons; 1st floor—manufacturing kitchen furniture, showroom and offices, 10 persons; 2nd floor—manufacturing dresses, showrooms, and offices, 10 persons; 3rd floor—manufacturing childrens' wear, 30 persons; 4th floor—manufacturing leather goods, 25 persons; 5th floor—manufacturing dresses, 40 persons; 6th floor—manufacturing doll faces, 10 persons; no change in use or occupancy is now proposed; the building is equipped with a two-source sprinkler system throughout, and an approved interior fire alarm system and regular monthly fire drills are maintained; there is one interior 3 ft. 8 in. wide wood stairs enclosed in fire retarded partitions, equipped with fireproof self-closing doors, and leading from top story direct to street and provided with a ladder and scuttle to roof; and one exterior screened stairway on the Mercer Street front extended to roof by ladder and to street by stairs, with egress to Mercer Street from the lowest balcony by means of a stairway, window and door openings on the course of the exterior stairs are fireproof self-closing; and

WHEREAS, the applicant states that under Cal. No. 764-51-A the Board granted an appeal as to exits and modified the Labor Law on condition that an additional fire retarded enclosed stairway be provided from the first floor to the roof, that however, tenants of the various floors under long term lease were not willing to surrender their space for the construction of the interior stairs, and the owner therefore decided to comply with the Labor Law; that revised plans were filed showing two direct exits from the cellar and subcellar and replacing the firescape on Mercer Street front with an exterior screened stairway, these plans were approved and a permit issued and the work completed and the present owner purchased the building in good faith after the work was completed in accordance with approved plans; that the Borough Superintendent revoked the approval after completion of the work on the grounds that the approval was in error as the stairs extend to the roof by ladder and as the exit doors and balconies are above the floors contrary to the requirement of Section 268 of the Labor Law that an outside screened stairway should have stairs extending to the roof and the exit doors and balconies should be at floor level, that plans filed with the Borough Superintendent showed the true conditions but the architect and the examining engineer overlooked the requirements of Section 268 of the Labor Law, that this was an honest mistake and in no way the fault of the owner; and

WHEREAS, the applicant contends that to be required now to comply with the requirements of the Labor Law after all the work has been completed would constitute a hardship not warranted by the conditions; and

WHEREAS, the applicant states that it is now proposed to provide stairs with a landing at the roof, and the Board is therefore requested to modify the requirements so as to permit the acceptance of the outside screened stairs as originally approved by the Borough Superintendent plus the extension by stairs to the roof; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

MINUTES

Law as cited in a decision of the Borough Superintendent, acting on Amendment to Alt. App. 592/51, Objection No. 7 and that the appeal be and it hereby is *granted, on condition* that the means of exit existing for the primary interior and exterior stair shall be maintained in accordance with the requirements therefor; that the exterior stair shall be continued to the roof; that the enclosure around the primary means of exit shall be constructed as well as the enclosure around the stair to the rear as proposed and as indicated on plans filed with this appeal marked "Received January 12, 1956" (4 sheets); that the building shall not be increased in height or area; that in all other respects the building and occupancy shall comply with the requirements therefor; that the two-source sprinkler system through out; the interior fire alarm system and fire drills shall be maintained as proposed and to the satisfaction of the Fire Commissioner.

COURT DECISION
Matter of Lakeville-Northern Boulevard Realty Corp. vs. Board:—
On June 7, 1955, the Board granted a variance under Sections 7f and i of the Zoning Resolution, for a period of ten years, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non-automatic), motor vehicle repairs, storage and sale of accessories and an office; Cal. No. 561-40-BZ, Vol. II; premises 367-377 Kings Highway and 1750-1760 West 3rd Street, northwest corner, Borough of Brooklyn.
At Special Term, Supreme Court, Mr. Justice McDonald, affirmed the Board's determination (New York Law Journal, April 3, 1956, page 10), in the following decision:
"Lakeville-Northern Blvd. Realty Corp'n v. Murdock—This is a proceeding brought by petitioner to review and annul a determination made by the Board of Standards and Appeals which granted a variance under the zoning resolution to the owner of premises No. 369-77 Kings Highway and No. 1750-1760 West Third street, Brooklyn, New York. The Board of Standards and Appeals moves herein to vacate the order of certiorari and to dismiss the petition. The variance was granted by the board to the owners after a public hearing under sections 7 (f) and 7 (i) of the zoning resolution to permit in a business use district the erection of a gasoline service station, lubritorium, car washing, minor repairs with hand tools only, office and sale of auto accessories, for a term of ten years. The power to vary or modify the application of any of the provisions of the zoning resolution is vested in the Board of Standards and Appeals (Reed v. Board, 255 N. Y., 126; People, ex rel Werner v. Walsh, 212 App. Div., 635, aff'd 240 N. Y., 689). In granting the present application for a variance subject to appropriate conditions and safeguards, the board appears to have acted on a reasonable basis and on sufficient evidence to exercise its discretionary powers. In the circumstances, the determination of the board is not arbitrary, capricious or illegal and consequently it may not be set aside (Matter of Douglaston Civic Ass'n v. Board of Standards and Appeals, 278 App. Div., 659, aff'd 302 N. Y., 920). Respondents' application to vacate the order of certiorari and to dismiss the petition is granted. The determination of the Board of Standards and Appeals is confirmed. Submit order."

- Minutes of Special Meeting, Friday Morning, April 13, 1956 affecting Calendar Number 835-38-S.R.
- Notice of Public Hearing on Proposed Revision of Rules for Arc and Gas Welding and Oxygen Cutting, Covering the Specifications for Design, Fabrication and Inspection of Arc and Gas Welded Structures and the Qualifications of Welders and Supervisors.
- Notice of Public Hearing on Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.
- Notice of Public Hearing on Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings. John J. Saunders, Board of Education.

ACTION OF BOARD—Laid over to May 8, 1956, at 10 A.M. for inspection and decision; hearing closed.

576-23-BZ—Vol. III

APPLICANT—Henry C. Brucker, for Louis Schneider, owner (Central Garage and Service Station, lessee).

SUBJECT—Application reopened May 25, 1954 as Vol. III—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and unrestricted use district, the change in use of an existing non conforming use as garage, motor vehicle repair shop, auto laundry, sale and display of used cars, welding, painting and spraying, to include additional uses of baling and storage of old clothes for export and storage of 7,000 gals of lubricating oil.

PREMISES AFFECTED—64-01 to 64-25 Central avenue and 64-02 to 64-24 Otto road, northeast corner, Block 3641, Lot 1, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Henry Kroll.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

The VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 25, 1954 subject to regular procedure, to consider proposed alteration; and

MINUTES

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Otto road are in business and unrestricted use, C area, class 1 height districts; Central avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 3, 1955 acting on Alt. Applic. 2637-53 reads:

"1. The change in use of an existing non-conforming use as garage, motor vehicle repair shop, auto laundry, sale & display of used cars, welding, spraying and painting to include additional use of baling and storing of old clothes for exporting and storage of 7,000 gals. of lub. oil is contrary to Art. II, Sec. 4 of the Zoning Resolution.

2. Proposed alteration is contrary to B.S.A. Cal. 576-23 Vol. II BZ and should be referred to the Board for consideration."

and

WHEREAS, the applicant states that the premises consist of a plot, 270.16 ft. frontage by 202.55 ft. and 337.66 ft. in depth, triangular, on which is located a gasoline service station, lubritorium, auto laundry, public garage, office, showroom, motor vehicle repair shop, welding, painting, spraying, sale and display of used cars; that it is proposed to maintain existing uses and add uses of baling and storage of old clothes and storage of lubricating oil; and

WHEREAS, the applicant states that the alteration consists of demolishing the existing gasoline service station office, toilet, store room, lubritorium and bring these uses, with a boiler room, within the garage building; that the new front will be of porcelain enamel with aluminum trim and will face Cypress Hills street, Central avenue and Otto road intersection; that proper dividing walls meeting the building code requirements are to be provided; and

WHEREAS, the applicant contends that the proposed alteration was not shown on the plans when approved under Cal. No. 576-23-BZ, Vol. II for the reason that at that time Mr. Sam Iofrese, the lessee, did not have the commitment from the Tidewater Oil association as to the financial arrangement concerning the cost of the alteration; that the proposed alteration actually reduces the area of the garage, motor vehicle repair shop, welding, auto laundry and used car room space, as shown on revised plans of proposed conditions as approved by the Board, and reduces said area of the building on the lot from approximately 25,720 sq. ft. to 24,394 sq. ft.; that this alteration also increases the open available space for cars purchasing gasoline from the service station, thereby getting them off the city sidewalk and onto private property; that there will be no change from the provisions of the resolution and no change in occupancy, as approved, except in the area No. 64-21 Central avenue which was formerly occupied by the Elmhurst Bus company for storage and repairs to their buses, whose lease expired and have since moved; that this area has now been leased to the Institution Export corporation and is used for storage and repair of their trucks and for baling and storage of old clothes for exporting purposes; and

WHEREAS, the applicant states that the present owner has held title to the property since June 10, 1946; that the assessed valuation of land is \$56,000 and of the building \$79,000 making a total of \$135,000; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 8, 1924, as thereafter amended by resolution adopted on February 10, 1953, by adding thereto:

"that in the event the owner desires to rearrange the premises by enlarging the open area of the gasoline station and reconstructing the building for the uses as proposed and to use a portion of the premises within the

unrestricted use district for the storage of oil and to change a portion of the premises partly in the unrestricted zone for the baling and storage of old clothes for export, such changes may be permitted as proposed and as indicated on revised plans marked "Received April 7, 1954," 5 sheets, and "April 3, 1956," 2 sheets, on condition that the gasoline selling area shall be reconstructed as proposed and shown thereon, except that the exterior walls shall be of face brick; that the space to be used for the storage and baling of clothes for export shall have its receiving and delivery only from Otto road within the unrestricted district; that the walls separating the section at the east proposed to be used for the storage of oil and drums from the balance of the building shall be unpierced at not less than 8 in. thick; that the building shall not be increased in height or area and in all other respects shall comply with the requirements of the Zoning Resolution; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; that gasoline dispensing pumps shall be not nearer than 15 feet to the street building line of either street; that curb cuts may be as indicated on revised plan marked "Received April 3, 1956"; that the number of gasoline storage tanks shall not exceed six 550 gallon approved tanks; that the new walls constructed shall be in accordance with the requirements of the Building Code therefor; that in all other respects the building and occupancies shall comply with all laws and rules applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

221-28-BZ—Vol. II

APPLICANT—Charles M. Spindler, for GAF Service Station, Inc., owner.

SUBJECT—Application reopened September 21, 1954 as Vol. II—re (decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a retail use district, the additional use of motor vehicle repair shop to existing gasoline service station, lubritorium, auto wash, storage and sale of accessories and office.

PREMISES AFFECTED—120-12 to 120-28 Merrick boulevard and 174-11 to 174-17 Baisley boulevard, southwest corner, Block 12392, Lot 43, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 21, 1954 subject to regular procedure, to consider an additional use; and

WHEREAS, a public hearing was held on this application on June 28, 1955 after due notice by publication in the Bulletin; laid over, date to be set—applicant to send notices to affected owners; then set for hearing on April 10, 1956; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Baisley boulevard are in a retail use, D area, class ½ height district; Merrick boulevard is in residence and retail use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated July 27, 1954 acting on Alt. Applic. 1308-54, reads:

"1. Proposal to include motor vehicle repair shop on premises used as a gasoline service station & to occupy premises as gasoline service station, office & sales of auto accessories, auto-washing, lubrication & motor vehicle repair shop in a retail use district is contrary to Art. II Sec. 4A of the Z.R. Proposal is also contrary

MINUTES

to conditional variance granted by B.S. & A. under Cal. #221-28-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.29 ft. frontage by 83.45 ft. in depth, irregular, on which is located a gasoline service station erected under a variance granted by the Board under Cal. No. 221-28-BZ; that certificate of occupancy No. Q89135 is now in force covering these premises, a copy of which is filed with this application; that the present gas station building contains three grease pits and a five car garage, a portion of which is used for auto washing; that it is proposed to eliminate this garage use and to use the garage portion of the building as a motor vehicle repair shop; that no physical change of any kind is proposed in the building or the gas station area; that this proposed repair shop area has an unpierced masonry rear and side wall, which will minimize sound transmission to adjacent property; and

WHEREAS, the applicant contends that there are gas stations on two of the other three corners of this intersection; that the lots immediately south of the property along Baisley boulevard are vacant and the lot adjoining the property to the west along Merrick boulevard is also vacant; that the motor vehicle repair shop use will be confined entirely to the interior of the building; that since there will be no physical change in the building or the plot, it is felt that this additional use will have no adverse effect on the surrounding area; that the use zoning of the site was changed from business to retail on January 21, 1949 and the height zoning was changed from 1 to 1/2 on June 3, 1952; and

WHEREAS, the applicant states that the present owner has held title to the property since March 19, 1952; that the assessed valuation of land is \$22,000 and of the building \$7,000 making a total of \$29,000; that the building was erected in 1930.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 11, 1930 as thereafter amended by resolution adopted May 12, 1931 by adding thereto:

"that in the event the owner desires to install motor vehicle repairing, as now proposed, and as indicated on plans filed with this application marked, 'Received August 17, 1954' (4 sheets) and 'March 27, 1956' (one sheet) such additional use may be permitted and carried on in the space as proposed and as shown on such revised plans *on condition* that such repairing shall be mainly with hand tools for adjustments and shall be maintained solely within the accessory building as proposed; that in all other respects the requirements of the resolution above cited shall be complied with; and that all permits, including a new Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this amended resolution."

739-39-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Cromwell Avenue Garage Corp., owner.

SUBJECT—Application reopened December 6, 1955 as Vol. III—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto repairs, car washing, storage, offices, parking and storage of motor vehicles upon un-built upon portion of the plot.

PREMISES AFFECTED—1722-1730 Lexington avenue and 128-130 East 108th street, southwest corner, Block 1635, Lot 56, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly..... 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 6, 1955 subject to regular procedure, for rehearing; whereas the Board found that changes in plan and reduction in area to remove gasoline station plot the legal distance required from a place of public assembly could be considered as substantial new facts to justify a rehearing; and

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 108th street and Lexington avenue are in a business use, B area, class 1 1/2 height district; and

WHEREAS, the decision of the borough superintendent, dated May 3, 1955 acting on N.B. Applic. 52-55, reads:

"1. Proposed use as 'Gasoline Service Station, Lubritorium, Auto Repairs, Car Washing, Storage, Office & Sales, Parking & Storage of Motor Vehicles,' in a business use district, is contrary to Art. II, Sec. 4(a) (29) & (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 75 ft. in depth, now occupied as a parking lot for more than five motor vehicles; that it is proposed to secure a variance for a term of 15 years in order to erect and maintain a modern auto showroom and gasoline service station; that the building will contain the auto showroom and conjunctive uses of lubritorium, car wash, auto repairs, storage and office and will have a frontage of 70 ft., a depth of 34 ft., one story in height of class 3 construction; that the gas station will consists of ten 550 gallon gas tanks and four dispensing pumps; that part of the open area will be reserved for the parking and storage of motor vehicles; that the most southerly part of the site, having a frontage of 20 ft. on Lexington avenue, will be separated from the auto showroom and gas station part of the site by a fence and will be used exclusively for the open storage and parking of motor vehicles, which will help alleviate the critical parking problem in this area; and

WHEREAS, the applicant states that the use district show that the premises are located in a business use district, class B area district and class 1 1/2 height district; that the premises are now being used for the open air parking and storage of motor vehicles installed under Alt. Applic. 1555-52 and certificate of occupancy No. 40272 was issued for this use; and

WHEREAS, the applicant contends that the proposed development will be of modern design and the cleaning up of the site will remove the unsightly condition and improve the appearance of the entire area; that Lexington avenue is a main auto lane leading across Manhattan and as such the proposed auto showroom and gas station is entirely in keeping at this point; that the large population in the area, with no other gas stations within the affected area, also makes the proposal a required service; that the land is high in assessed value and the present stores in the affected area are generally run down, have a very poor rental and occupancy as is evidenced by their appearance so that the erection of additional stores would only aggravate the rental situation and therefore be an unfeasible development from an investment standpoint; and

WHEREAS, the applicant states that the present owner has held title to the property since August 4, 1952 and that the assessed valuation of land is \$34,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as

MINUTES

proposed and as indicated on plans filed with this application marked "Received June 2, 1955" (4 sheets) and "February 27, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed; that the premises shall be constructed and arranged as indicated on such plans, total length along Lexington Avenue of 80 feet and length along East 108th Street of 75 feet; that the accessory building shall be of the design and arrangement and size as indicated on such plans; that the accessory building shall be faced with face brick on the side where exposed, Lexington Avenue and East 108th Street; that the accessory building shall have no cellar below; that it shall be arranged as proposed; that there shall be no windows opening to the adjoining plot to the west or to the 20 ft. plot to be excluded from the gasoline service station area to the south; that pumps shall not be nearer than fifteen feet to Lexington Avenue and shall be of a low approved type; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that there shall be constructed and maintained in line with the southerly wall of the accessory building to Lexington Avenue a masonry wall not less than two feet in height with a steel picket fence above to a total height of not less than 5 ft. 6 in.; that in such wall there may be a gate not over 3 ft. in width for access to the 20 ft. portion of the plot to the south which shall be paved and used only for parking and storage of motor vehicles; that curb cuts shall be restricted to two curb cuts each 30 ft. in width to Lexington Avenue, where shown, and one curb cut 10 ft. in width to the 20 ft. portion of the plot to be used for parking only, and one curb cut 30 ft. in width, where shown, to East 108th Street; that sidewalks and curbing around the premises shall be restored or reconstructed to the satisfaction of the Borough President; that under Section 7i there may be minor repairing within the accessory building for adjustments with hand tools only; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the front facade of the building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

311-46-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Socony Mobil Oil Company, owner.

SUBJECT—Application reopened July 12, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and residence use district, the extension of existing gasoline service station, lubritorium, auto laundry, minor repairs, office and sale of accessories and boiler room, to include gasoline service station, lubritorium, auto laundry, minor repairs, office and sale of accessories, boiler room, dealers' training room, storage, heater room and parking as accessory to training room.

PREMISES AFFECTED—165-01 to 165-09 Hillside avenue and 87-45 to 87-55 165th street, northeast corner, Block 9837, Lot 13, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 12, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 165th street are in business and residence use, C and F area, class 1½ and class 1 height districts; Hillside avenue is in a business use, C and F area, class 1½ and class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 28, 1955 acting on Alt. Applic. 825-55, reads:

"1. The proposed extension of existing gasoline service station, lubritorium, auto laundry, minor repairs, office & sales of accessories and boiler room to gasoline service station, lubritorium, auto laundry, minor repairs, office & sales of accessories, boiler room, dealers training room, storage, heater room and parking as accessory to training room in a business district extending into residence district is contrary to Art. II Sec. 3 & 4 of Zoning Res. and to action under Cal. 311-46-BZ. by Bd. of Stand. & Appeals."

and

WHEREAS, the applicant states that the premises consist of a plot, 120.39 ft. frontage by 100.40 ft. in depth, irregular, on which is now located a gasoline service station; that it is proposed to maintain the present legal gasoline service station, utility and storage room, office and sales of accessories, lubritorium, minor auto repairs and car washing and erect a new extension having a frontage of 43 ft. 11 in. and a depth of 34 ft. 5 in., one story in height, of class 3 construction, and use said extension as a dealers training room, storage space and heater room; that this dealers training room will be used to train men on the spot in gasoline service operation and maintenance so that the company's stations will be run in an efficient manner and be a credit to the communities they operate in; and

WHEREAS, the applicant states that the use district maps show that the part of the premises within 100 ft. of Hillside avenue is in a business use, C area, class 1 height district; that the balance of the site is in a residence use, F area, class 1 and class ½ height district; that as of July 25, 1916 that part of the site more than 100 ft. distance to Hillside avenue was in a class E area district and received its present area designation on May 11, 1923; and

WHEREAS, the applicant states that the premises are presently developed and used as a gasoline service station consisting of three buried 1,500 gallon gasoline storage tanks and four dispensing pumps; that the present accessory building has a frontage of 65 ft. 9 in., a depth of 29 ft. 9 in., one story in height, of class 3 construction and contains the conjunctive uses of utility and storage room, office and sales of accessories, lubritorium, minor auto repairs and car washing; that the gas station and its uses and the size of the site were finally established under a variance granted by the Board under Cal. No. 311-46-BZ and N.B. Applic. 321 of 1946; that certificate of occupancy No. Q75848 was issued for these uses; and

WHEREAS, the applicant contends that the proposed additional use of the training room is a legal use in a business use district, and by itself, could be erected without the present request of a variance before the Board; and

WHEREAS, the applicant states that the present owner has held title to the property since October 31, 1944; that the assessed valuation of land is \$60,000 and of the building \$25,000 making a total of \$85,000; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 26, 1950, by adding thereto:

"that in the event the owner desires to extend the accessory building by erecting a new addition of masonry construction, one story in height, for use as service men's school, such addition may be constructed substantially as proposed and indicated on revised plans marked 'Received June 29, 1955', 6 sheets and 'Febru-

MINUTES

ary 27, 1956', 1 sheet, *on condition* that such addition shall be used only for the purpose proposed; that in all other respects, where not inconsistent with this amendment, the requirements of the resolution above cited shall be complied with; that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

910-49-BZ—Vol. II

APPLICANT—M. Martin Elkind, for Irene Meehan, Anita Pederson and Anne E. Loewer, owners (White Castle System, Inc., lessee).

SUBJECT—Application reopened June 28, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a retail and residence use district, the proposed extension of the parking area into the residence use district.

PREMISES AFFECTED—972 Castle Hill avenue and 2200 Bruckner boulevard, southeast corner and 2201 Houghton avenue, Block 3695, Lots 1 and 9, Borough of The Bronx.

APPEARANCES—

For Applicant: M. Martin Elkind, Eduard F. Legg and Francis R. Neff.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Chairman Murdock and Deputy Chief Connolly 2

Negative: Commissioner Kleinert and Commissioner Keating 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 28, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, at 10 A. M. at request of attorney for objectors; applicant concurring; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bruckner boulevard, Houghton avenue and Castle Hill avenue are in retail and residence use, E area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 24, 1955 acting on Alt. Applic. 305-55, reads:

1. The proposed extension of the parking area into a Residence use district is contrary to Sect. 3 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 79.15 ft. frontage by 129.28 ft. in depth, on which is presently located a restaurant, patrons' parking for more than 5 cars, and restaurant service to patrons in cars; that it is proposed to extend the parking area an additional 30 ft.; that the added area will be surfaced to match the present material and the lot line fences will be altered to include the new area; and

WHEREAS, the applicant states that the subject property of this application consists in part of an existing restaurant with parking area, and in part of vacant land; that the improved portion contains a one story and cellar metal restaurant building of porcelain metal exterior, characteristic of the White Castle chain; that the parking area is paved with macadam, enclosed in part by metal and wood fencing and serviced by two curb cuts; and

WHEREAS, the applicant contends that the reason for proposing to increase the parking area is not only to provide for additional off street parking for patrons, but also to provide greater ease of maneuvering for the parked cars and reduce the bottleneck conditions which now prevail very frequently; that at present there is a tendency for patrons to prefer to park on the street rather than use the parking area because the appearance of crowding is a deterrent; that very often a patron has to undergo annoying maneuvering in order to get out from a parked space; that any detri-

mental effect caused by the encroachment of the proposed parking into the residential area would be negligible because the present curb cuts would not be disturbed and there would be no entrance or exit in the residential portion, and conversely it would benefit the immediate vicinity if the amount of off street parking were increased; that the additional parking area and subsequently roomier conditions would contribute to a reduction in commotion and horn blowing, would permit the establishment of marked off car spaces and would be conducive to more orderly maintenance; that to this extent there would be benefit to adjacent property as well as to the operators of the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since July 7, 1954; that the assessed valuation of land is \$30,400 and of the building \$5,200 making a total of \$35,600; that the building was erected January 2, 1948; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 305-55, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

882-54-BZ

APPLICANT—Gustave Goldman, for John D'Emic, owner.

SUBJECT—Application November 23, 1954—(decision of the borough superintendent) under sections 7e, 7i and 7c of the zoning resolution, to permit in a business and residence use district, the proposed change in occupancy from parking lot to automobile testing room, cleaning of cars and storing of equipment, and minor repairs with hand tools only.

PREMISES AFFECTED—867-873 4th avenue and 168-190A 32nd street, southeast corner, Block 681, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 32nd street are in residence and business use, B area, class 1½ height district; 4th avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 19, 1955 acting on N.B. Applic. No. 743-54, reads:

"1. Automobile testing room, cleaning of cars, storing of equipment & minor repairs with hand tools, in a Residential use district, is contrary to Art. II Sect. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. 2 in. frontage by 280 ft. in depth, on which is located a used car sales lot and a parking lot and office, for which certificate of occupancy No. 122685-48 has been filed; that the present use of the premises is sale and storage of cars and parking, and the proposed use is automobile testing room, cleaning of cars and storing of equipment and minor repairs with hand tools and sale and storage of cars and parking; and

WHEREAS, the applicant contends that the owner has been in possession of these premises for 13 years and operates a used car and parking lot; that in January of 1949 plans were approved by the building department for the erection of a

MINUTES

one story building but due to lack of funds the work was never carried out; that at the time of the approval in 1949 the parcel was located entirely in a business use district; that since that date the use district has been changed to business use 100 ft. on Fourth avenue only, and the remaining portion of the lot has been classified as residential, zoning changed May 27, 1953; that recently section C26-254 of the Administrative Code has been changed to include testing and cleaning of cars and the owner has recently filed an application with the State to be a certified testing agency; that this building is located in the residential portion of the lot because the display of cars is on Fourth avenue which is the main thoroughfare and best location for sales and display; that three driveways will be installed on 32nd street for the proposed building; that permission is requested to erect this building in the residence portion of the lot as originally approved by the building department; and

WHEREAS, the applicant states that the present owner has held title to the property since December 20, 1941; that the assessed valuation of land is \$47,500 and of the building \$500 making a total of \$48,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivisions e, i and c of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 743/54, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

287-55-BZ

APPLICANT—Reuben Rappaport, Lorbeer Juvenile Furniture Manufacturing Co., Inc., owner.

SUBJECT—Application April 11, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence and business use district, the extension of a factory and cabaret, from a business use district, into a residence use district.

PREMISES AFFECTED—866-870 Hewitt place and 878-886 Westchester avenue, southeast corner, Block 2696, Lot 24, Borough of The Bronx.

APPEARANCES—

For Applicant: Reuben Rappaport.

For Opposition: Henry Lindeman.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Hewitt place and Stebbins avenue are in business and residence use, B area, class 1½ height districts; Westchester avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 24, 1956 acting on Alt. Applic. 1048-53, reads:

“3. Extension of factory #2 and cabaret into residence portion of the premises is contrary to Art. 2, Sec. 3 of the Z.R.”

and

WHEREAS, the applicant states that the premises consist of a plot, 114.67 ft. frontage on Westchester avenue and 98 ft. on Hewitt place on which is a one story and cellar building 114.67 ft. and 98 ft. front by 100 ft. in depth, of class 3 construction, erected in 1921 as stores on the 1st story, the cellar to be used with the stores; that it is proposed to rent

the store space designated as factory #2 on plan for factory use; and

WHEREAS, the applicant states that the building was continuously used and occupied as stores on the 1st floor until 1945, at which time the nature of the environment of the neighborhood changed and that the demand for store use diminished; that the owner found himself in a condition of hardship, with nobody wanting to rent the stores for ordinary store use and was compelled to rent the store space designated as factory #2 on the plan for factory use; that violation No. 1363-53 was placed against 866 Hewitt place (factory #2); and

WHEREAS, the applicant contends that plans were filed to legalize the store for factory use, also to correct the violation, under Alt. No. 1048-53; that plans indicate the 2nd means of egress and the required number of water closets; that these plans were approved; that while the work indicated on the approved plans was being done, the adjoining store became vacant and this space was rented for a factory (see factory #3); that an amendment to Alt. No. 1048-53 was filed to legalize factory #3, at which time the proposed factory #2, whose small rear portion is in a residence use district was found and the plan disapproved; that consideration is requested for a variance of the very small area in the rear of store used as a factory, which is zoned for residence, on account of hardship; and

WHEREAS, the applicant states that the present owner has held title to the property since 1945; that the assessed valuation of land is \$44,000 and of the building \$36,000 making a total of \$80,000, and that the building was erected in 1921; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the existing factory and restaurant in the existing building into the residence district, substantially as proposed and as indicated on plans filed with this application, marked “Received April 11, 1955”, 1 sheet, “February 27, 1956”, 3 sheets and “April 4, 1956”, 1 sheet, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable to the building and occupancy; and that all permits, including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

292-55-BZ

APPLICANT—Burke, Green and Groh, for Karl Schneider, owner.

SUBJECT—Application April 15, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, auto washing, lubritorium, office, accessory sales, and minor repairs (hand tools only).

PREMISES AFFECTED—239-11 to 239-19 Jamaica avenue, northwest corner of 240th street, Block 8001, Lot 1, Bellerose, Borough of Queens.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site and Jamaica avenue are in a retail use, D area, class ½ height district; 240th street and 93rd road are in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 4, 1955 acting on N.B. Applic. 997-55, reads:

"1. Proposed use of gas service station, auto washing, lubrication, office & accessory sales, and minor repair with hand tools only in a retail district is contrary to Art. II Sec. 4A of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 101.98 ft. frontage by 97.99 ft. in depth, irregular, presently vacant, except for a billboard; that it is proposed to develop the site with a modern gasoline service station; that the accessory building will have a peaked roof and will be faced with face brick; that gasoline pumps will be installed only along the Jamaica avenue frontage; that a 5 ft. 6 in. high brick fence wall will be erected along the 93rd road building line and also along a portion of the 240th street building line; that a 4 ft. 6 in. high iron picket fence on a 12 in. high concrete base will be provided along the interior lot line, as per plan; that shrubbery and planting protected by a 6 in. high concrete curb will be provided along all of the above fencing; that the entire site, where not occupied by the accessory building or devoted to shrubbery and planting will be paved with concrete or bituminous paving; that two 30 ft. wide curb cuts will be installed along the Jamaica avenue frontage and only one 30 ft. wide curb cut will be installed along 240th street; that no entrances or exits to the site will be provided from 93rd road; that the entire site (and block) are located in a retail use district; and

WHEREAS, the applicant contends that the locality is presently developed with retail business along Jamaica avenue; that on the northeast corner of 240th street and Jamaica avenue there is a vegetable and fruit stand, further down the block is a beer depot, directly opposite on the south side of Jamaica avenue, there is a DeSoto Plymouth agency with a Sunoco gas station located at the southwest corner of 239th street and Jamaica avenue; that on the southeast corner of 240th street and Jamaica avenue there is a used car lot; that in view of the general character of the development on Jamaica avenue in this particular section, and due to the increased traffic along said thoroughfare, the owner feels that the site could be developed favorably with a gas station on the north side of Jamaica avenue at this point; and

WHEREAS, the applicant states that the property referred to is presently zoned as a retail use, ½ height, D area district; that as of July 25, 1916 the property in question was in a one times height district and the present height district designation became effective on June 30, 1952; that on January 21, 1947 the use district was changed from business to retail, it having been a business district since July 25, 1916; that on June 30, 1952 the area district was changed from C to D, it having been a C district since July 25, 1916; and

WHEREAS, the applicant states that the present owner has held title to the property since September 7, 1954 and that the assessed valuation of land is \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as proposed as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received April 15, 1955" 4 sheets, "December 14, 1955", 1 sheet, and "March 27, 1956", 1 sheet, *on condition* that all structures and uses on the premises shall be removed and the site leveled to the grade of the abutting streets and constructed and arranged as indicated on such plans, including revised plan marked "Received

March 27, 1956"; that the exterior of the accessory building shall be of face brick, shall have no cellar and shall be of the design and arrangement indicated on such plans but shall be moved southerly so as to be not nearer than 5 ft. to the street building line of 93d road or to the side lot line to the west; that there shall be no cellar under such building and in all other respects shall comply with the requirements of the Building Code; that toilet rooms in such building shall be re-arranged so that doors shall not be contiguous; that a fence shall be erected on the lot line to the west continuously from Jamaica avenue to 93rd road, with a masonry base not less than 2 ft. high and steel pickets above to a total height of 5 ft. 6 in. with substantial terminating posts; that planting areas shall be maintained as indicated along the westerly lot line, the northerly lot line along 93d road and the easterly lot line along 240th street; that such planting areas shall be protected with concrete curbing not less than 8 in. in height and 6 in. wide and maintained with suitable planting material; that a similar fence to that herein required on the lot line to the west shall be maintained along the lot lines of 240th street and 93d road; that curb cuts shall be solely to Jamaica avenue, consisting of two, each not over 30 ft. in width and with no portion of any curb cut nearer than 5 feet to a lot line as prolonged; that at the intersection of Jamaica avenue and 240th street there shall be erected a block of concrete 12 inches in height, extending for 5 feet along each street; that pumps shall be of a low approved type, erected not less than 15 feet from their base to the street building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the balance of the premises where not occupied by accessory building, planting and pumps shall be paved with concrete or asphaltic paving; that sidewalks and curbing abutting the premises on all streets shall be constructed, restored or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that under section 7i for a similar term there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs on the facade of the accessory building, and the illuminated globes of the pumps, excluding all roof signs and temporary signs and all signs on the rear and sides of the accessory building, but permitting the erection at the intersection of 93d road and Jamaica avenue of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and which sign may extend beyond the building line for a distance of not over 4 feet; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

421-55-BZ

APPLICANT—Robert Gottlieb, for David Berman, owner.

SUBJECT—Application May 25, 1955—re (decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business and unrestricted use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, office, sale of accessories and parts, motor vehicle repairs (hand tools only), parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—547 Westchester avenue and 618 Hegney place, northeast corner, Block 2358, Lots 1 and 5, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: Harry Fogel.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the

MINUTES

Bulletin; laid over to March 20, 1956, for inspection and decision; hearing closed; then to April 10, 1956, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Hegney place are in business and unrestricted use, B area, class 1½ height districts; Westchester avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 4, 1955 acting on N.B. Applic. 719-55, reads:

"1. On the business portion of the premises which is partly in business and partly in unrestricted area the proposed 'gasoline service station, lubritorium, car washing, office, sales of accessory parts, motor vehicle repair shop (hand tools only) & parking & storage of more than 5 motor vehicles' is contrary to Section 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 65.22 ft. frontage by 119 ft. in depth, presently vacant; that it is proposed to erect a modern service station to be used as a gas station, lubritorium, car wash, minor motor vehicle repairs with hand tools, used car sales, storage and parking of more than 5 motor vehicles; and

WHEREAS, the applicant contends that the owners recently bought this plot from the City of New York with the idea of improving it with a gas station as they feel the neighborhood needs a modern station to take care of the many factories and commercial buildings in the vicinity; that the character of the street is such that the erection of stores would not be feasible; that many of the buildings erected as stores are now used as factories, the I.R.T. elevated structure faces the property and to use the property solely as a parking lot will not be sufficient to obtain a fair return on the investment; that the proposed gas station would improve the appearance of the neighborhood as the site is below grade and enclosed by a rickety wood fence; that Westchester avenue at this location is a main auto highway and the proposed gas station is in keeping at this point as there are no gas stations in the immediate vicinity; that about 18% of the land is in an unrestricted zone and the tracks of the New York central are across the street to the west; that the proposed station would fill a genuine need in this locale; and

WHEREAS, the applicant states that the present owner has held title to the property since April 15, 1955 and that the assessed valuation of land is \$23,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years to permit the use of the premises in the business district as proposed to be extended into the unrestricted district as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received May 25, 1955" (3 sheets) and "January 10, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be filled and levelled substantially to the grade of Westchester Avenue and shall be constructed and arranged as indicated on such plans; that there shall be erected along the lot line of the premises to the north a masonry wall not less than 5 ft. 6 in. in height where walls of adjoining buildings do not occur and a similar wall shall be erected along the lot line to the east, where walls of buildings do not occur on the lot line; that curb cuts shall be restricted to two curb cuts to Westchester Avenue, located where shown, not over 20 ft. in width and two curb cuts to Hegney Place, one 26 ft. in width and one 30 ft. in width, where shown; that the accessory building shall be of a design and arrangement as proposed and located where

indicated; that there shall be no cellar under such accessory building; that there shall be no windows opening to the lot line to the east; that doors to the toilet rooms shall be rearranged so as to be not contiguous; that at the rear of the premises there may be parking and storage of motor vehicles, where shown; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line of Westchester Avenue; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that sidewalks and curbing abutting the premises shall be repaired or reconstructed to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of not more than 4 ft.; that at such intersection there shall be a block of concrete maintained extending for a distance of not less than 5 ft. along either building line and not less than 12 ins. in height; that under Section 7i, for a similar term, there may be minor repairing within the accessory building with hand tools only for adjustments; that under Section 7h, for a similar term, there may be parking and storage of cars on the premises provided such parking and storage does not interfere with the servicing of the station; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

561-55-BZ

APPLICANT—Herman E. Horwood, for Mary Francomano, owner.

SUBJECT—Application July 8, 1955—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E area district, the erection of a 2 family dwelling with less than the 10 ft. setback required on each street front.

PREMISES AFFECTED—2894 Roebling avenue, southwest corner of Edison avenue, Block 5388, Lot 27, Borough of The Bronx.

APPEARANCES—

For Applicant: H. E. Horwood.

For Opposition: Louis M. Fribourg.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 21, 1956 after due notice by publication in the Bulletin; laid over to April 3, 1956, for inspection and decision; hearing closed; then to April 10, 1956, for applicant to file revised plans showing compliance with the requirements for front yard; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Roebling avenue are in a residence use, E area, class 1 height district; Edison avenue is in residence and business use, E area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 9, 1955 acting on N.B. Applic. 1041-55, reads:

"1. In an E district, any portion of a building erected nearer than 10 ft. to any street is contrary to Art. IV Sect. 15(d) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 95 ft. in depth, now vacant; that it is proposed to erect a two family, class 3 dwelling and two car garage on the lot line of Edison avenue with 6 ft. setback on Roebling avenue; that the proposed dwelling

MINUTES

will not occupy more than 45% of the lot as permitted in an E zone; and

WHEREAS, the applicant further states that the property under appeal is a lot 20 ft. by 95 ft. at the southwest corner of Edison and Roebling avenues and was in a business use, C area and 1¼ height district until November 28, 1938 when it was rezoned to E area, residence use and 1 times height, and there is no petition pending for any change at this time; that the owner of this lot took title on September 25, 1945 and was not aware of any zone change; that he has lived on this block for many years and has seen the erection of most of the buildings and it did not ever occur to him that he could not legally erect a building on his lot similar to the others in the same neighborhood; that he has been saving for many years for the purpose of erecting a small two family house on this lot for himself in one apartment and his married daughter in the other; that the proposed dwelling will not occupy more than 45% of the lot as permitted in an E zone; and

WHEREAS, the applicant contends that most of the buildings on Roebling avenue are on or near the lot line and the premises immediately adjoining to the west extends out to the building line, but it is proposed to set this new dwelling back 6 ft. from the building line of Roebling avenue; that the building on the northwest corner of Roebling and Edison avenues directly opposite in block 5389, lot 31, and the building directly behind the premises under appeal on the northwest corner of Edison and Zulette avenues in block 5388, lot 35, are both close, if not directly on the lot line of Edison avenue; that under the setback requirements of an E zone calling for setback of 10 ft. on each street front, it would be practically impossible to erect any legal building, as its width would be limited to 10 ft. and this owner would lose his original investment plus the taxes he has paid for the last 10 years; that this request therefore is for permission to erect the proposed two family dwelling and two car garage on the lot line of Edison avenue with a 6 ft. setback on Roebling avenue, which is at least if not more than the adjoining buildings on this front; and

WHEREAS, the applicant states that the present owner has held title to the property since September 25, 1945 and that the assessed valuation of land is \$2,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and at the suggestion of the Board revised plans have been filed so as to show the building back in accordance with the requirements of the zoning resolution from Roebling Avenue even though the adjoining building is not so set back, and in the opinion of the committee there is hardship in requiring the side yard along Edison avenue as if such side yard was required the width remaining would be unusable for a residential building and the committee recommends that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to reduction of area to permit the building to occupy the portion of the lot as proposed and as indicated on plans filed with this application marked "Received July 8, 1955" (4 sheets) and "February 14, 1956" (one sheet) and "April 6, 1956" (3 sheets) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building may be located under this resolution where shown on such revised plans marked "Received April 6, 1956"; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

314-50-SM

APPLICANT—Timber Structures, Inc., owner-manufacturer (M. Matrisciani, agent).

SUBJECT—Glued Laminated Timbers (building material), approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 314-50-SM

Subject: Glued Laminated Timbers.

Timber Structures, Inc., New York filed April 20, 1950 an application with the Board of Standards and Appeals for approval of the material known as Glued Laminated Timbers under the provisions of C26-370.0, C26-370.1, C26-370.2, C26-370.3, C26-370.4, C26-370.5 and C26-370-6 Administrative Building Code.

Purpose

The material is to be used in timber construction.

Description

Glued laminated timbers, not solid as grown by nature, are assembled of laminations, glued up and put under pressure to form structural beams, columns and arches.

In the process manufacturing the lumber is examined for defects such as knots, checks, etc. and soundest pieces are set aside for using in the upper and lower faces of the beam. The lumber having knots etc. are placed at or near the neutral axis of the section. When necessary to form a long beam, smaller planks are glued together, using a scarf joint (1 to 15) to form a continuous plank of the length desired.

The planks, joined together by means of the scarfed joints, where necessary, are then ready for the laminating process.

The plank which is to be used in the extreme face of the section is glued on one side only and then placed in the pressure rig. Each succeeding plank is then glued on both faces and placed one on top of the other, above the first plank. The last plank used gives the desired depth to the section is glued on one face only and placed on its proper position. When the planks are correctly positioned, pressure is applied to the section by means of stay bolts; these bolts are tightened in a certain specified manner, periodically for the first three hours that the section is in the pressure rig; then removed and the section is allowed to cure for 1 week.

The glue used by the manufacturer in the process is known as Casein Type Monsanto 888-P and in the process of laminating, temperature and time are closely related so that it is necessary for the manufacturer to adhere to the time schedule specified for the temperature in the room or space where the beam is being laminated.

Inspection and Test

It was decided to test a beam, column and an arch.

The beam was of Douglas fir, 0'-8.85" wide, 2'-11¾" deep and 50'-0" long and was built up of 22 laminations.

The column was of Douglas fir 0'-6" by 0'-8" by 12'-0" feet and was built up of 5 laminations.

The arch was of Douglas fir, chord length 36'-0" offset 6'-0" and the cross section was 0'-7" by 1'-3".

MINUTES

The sections were tested at M.I.T. in the presence of Comm. E. W. Kleinert Committee on Test on January 19 to 21, 1955.

The load was applied so as to develop stresses of under the provisions of C26-370.0 Administrative Building Code.

The stress developed in the beam was 7550 psi at which load the beam failed in tension, there was no failures of the glue lines.

The column did not fail under axial load of 300,000 lbs. which was the capacity of the testing equipment.

The arch developed fiber stresses of 6560 psi at which load the arch failed, there was no failure of the glue lines.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant and the fact that the specimens were composite sections composed of Douglas fir coast region select structural and dense No. 1, the Committee on Tests recommends the approval of the materials known as Glued Laminated Timbers as manufactured by the Timber Structures Inc., for the use in beams, stringers, posts, joints and arched under the provisions of C26-370.1, 2, 3, 4, 5 and 6 Administrative Building Code under the following conditions: (1) that the two outer laminations shall be Douglas fir coast region select structural and the inner laminations may be either Douglas fir coast region selected structural or Douglas fir dense No. 1. (2) that the extreme fibre stress in bending shall be 1800 psi in beams and 1600 psi in bending arch design and that the stresses in horizontal shear and stresses perpendicular and parallel to the grain shall be as specified in the table under C26-370.3 Administrative Building Code. (3) that the glue used shall be as herein described and all glueing shall be done in accordance with the glue manufacturers' specification (4) that top and bottom laminations shall not have scarf joints located nearer to the center than $\frac{1}{4}$ of the beam length from the ends. (5) that the maximum size of the beams recommended for approval shall not exceed 3'-0" in depth by 50'-0" in clear span and that the center 50% of the laminations may be scarfed with finger joints.

The Committee further recommends that all invoices, bills of lading or bills of material shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 314-50-SM

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner
JOHN A. DARTS,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

34-51-SA

APPLICANT—The Thermodyne Corporation, owner.

SUBJECT—Application reopened February 15, 1956 as to amendment to resolution as to include the Model 26H Carrier Icemaker—re Carrier 26B5 Automatic Ice Cube Maker; previously approved.

APPEARANCES—

For Applicant: W. J. Linderman.

ACTION OF BOARD—Resolution amended, in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 34-51-SA

Subject: Amendment to resolution as to include the Model 26H Carrier Icemaker.

The Thermodyne Corp., New York requested by letter dated January 12, 1956 that the resolution adopted March 29, 1955 under Cal. No. 34-51-SA be amended to include the model 26H Carrier Icemaker. The application was reopened by a vote of the Board February 15, 1956.

Description

The model 26H Carrier Icemaker is identical to the Model 26B previously approved by the Board March 29, 1955 under Cal. No. 34-51-SA.

Recommendation

The Committee on Test recommends that the resolution adopted March 29, 1955 under Cal. No. 34-51-SA be amended so as to include the Model 26H Carrier Icemaker on condition that the requirements of the resolution adopted March 29, 1955 under Cal. No. 34-51-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 29, 1955 in accordance with the above report.

14-52-SM

APPLICANT—Mineral Mix Products Corp., owner.

SUBJECT—Fly Ash (admixture for concrete or mortar), approval of.

APPEARANCES—

For Applicant: T. R. Galloway and A. S. Pearson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 14-52-SM

Subject: Fly Ash (admixture for concrete).

Mineral Mix Corp., New York City filed January 2, 1952 an application with the Board of Standards and Appeals for approval of the material known as Fly Ash under the provisions of C26-73.1 and C26-315.0.d Administrative Building Co.

Purpose

The material is used in controlled concrete as an admixture to add greater workability.

Description

Fly Ash as defined under C26-73.1 Administrative Building Code is the residue from burning pulverized coal in suspension which is separated and collected from the gases of combustion after they leave the furnace.

The fly ash used by the Mineral Mix Corp. is obtained from the Sherman Creek, Waterside and East River Generating Stations of the Consolidated Edison Company of New York, Inc.

The following tabulations shows the chemical and physical properties of the fly ash as compared to the requirements of C26-315.0.d Administrative Building Code.

Chemical Properties % by Weight	C26-315.0.d Administrative Building Code	Waterside Plant	East River Plant	Sherman Creek Plant
Silicon Dioxide	35.0 Min.	40.5	38.1	38.7
Aluminum Oxide	15.0 Min.	35.9	25.7	27.9
Magnesium Oxide	3.0 Max.	0.9	0.7	0.7
Sulphur Trioxide	3.0 Max.	1.2	1.3	0.9
Carbon	12.0 Max.	4.2	4.7	5.7
Specific Surface	3000 Min.	3264	3646	4292

MINUTES

Inspection and Test

Samples of the material were tested at the New York Testing Laboratory, Inc., in the following manner in the presence of Asst. Engr. J. A. Darts Committee on Test.

The Chemical analysis of the Fly Ash used in the test showed as follows:

Silicon Dioxide	38.2%
Aluminum Oxide	23.04%
Magnesium Oxide	1.19%
Sulphur Trioxide	1.31%
Carbon	6.27%

Design mixes were made of various strength concretes ranging from 2000 to 45000 psi in 500 psi increments.

Control mixes were set in each design mix and companion mixes with 10% and 20% admixture of fly ash (% of weight of cement) was added. For example in the 2000 lbs. design mix the amount of cement in the control mix and the companion mix was 376 lbs. and in the companion mix was added 75 lbs. of fly ash.

The cylinders were tested in compression on the 2nd, 3rd, 4th, 5th, 7th, 10th, 14th and 28th days and curves were plotted so as to see if the addition of the fly ash to the concrete caused a weakening of the concrete in the early stages.

The full report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Fly Ash as described and as produced in the plants herein described for voluntary use in New York City as an admixture only and not as a replacement of either the cement or aggregate in concrete under the provisions of C26-315.0.d Administrative Building Code on condition that the weight of the fly ash added as an admixture shall not exceed 20% of the weight of the cement in the design mix and for example: If the design mix specifies 500 lbs. of cement, fly ash to the extent of 100 lbs. may be added without any reduction in cement and/or aggregate and such addition shall produce the allowable stresses as provided under Chapter 26, Article 8, Sub-article 4, Group 3 of the Administrative Building Code and further that each container or bag in which the material is marketed shall be stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 14-52-SM", and the additional wording, "Admixture Only".

(Sgd.) HARRIS H. MURDOCK,
Chairman
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

605-51-SA

APPLICANT—Prentiss Wabers Products Co., manufacturer.

SUBJECT—Preway Floor Furnace, Models 46810-B and 50810, approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 605-51-SA

Subject: Preway Floor Furnace, Models 46810-B and 50810.

Prentiss Wabers Products, Inc., Wisconsin Rapids, Wis., filed August 3, 1951 an application with the Board of Standards and Appeals for approval of the appliance known as Preway Floor Furnace, Models 46810-B and 50810 under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is an oil fired floor furnace for domestic and commercial installation.

Description

The appliance consists of a furnace equipped with a manually or automatically operated mechanical draft oil burner of the vaporizing pot type, operating with gravity oil feed supply fed to the burner from a constant level valve with anti-flooding device supplied as a part of each furnace. The furnace consists essentially of a casing, floor register, inner liner, combustion chamber, limit control, fire pot, constant level valve and draft regulator.

Inspection and Test

Details of construction and method of installation were examined by Asst. Engr. J. A. Darts Committee on Test. The appliance has been approved by the Underwriters Laboratory under Misc. Petroleum 1513.

Recommendation

The Committee on Test is of the opinion that as the installation of this appliance is of necessity contrary to the requirements C26-693.0 Administrative Building Code and accordingly recommends the application be either disapproved or withdrawn.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *disapprove* this appliance in accordance with the above report.

383-54-SM

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Ca. 668-54-SM

Subject: Gold Bond Holostud (prefabricated steel stud), approval of.

Sheldon H. Cady for National Gypsum Co., Buffalo, New York filed July 30, 1954 an application with the Board of Standards for approval of the material known as Gold Bond Holostuds (prefabricated steel studs) under the provisions of C26-88.0, C26-178, C26-191.0 and C26-460.0 of the Administrative Building Code.

Purpose

This material is an incombustible stud for attaching plaster bases for furring and hollow partitions. It may be used as a stud to which gypsum or insulation board may be screwed, clipped or tied.

Description

The stud is in the form of a truss. The flange consists of a 16 gauge angle; the web member consists of one No. 7 gauge wire (0.177" diameter) bent to form symmetrical diagonals with panel points 8" apart. The flange angles are contact welded to the diagonal struts with two welds at each junction. The stud depths are 2½", 3¼", 4" and 2.

Inspection and Test

Partitions constructed of Holostuds, lath and plaster were tested in accordance with the requirements of C26-591.0 and C26-592.0 Administrative Building Code, at Ohio State University in the presence of Asst. Engr. J. A. Darts Committee on Test and S. H. Cady and others representing the applicant.

Three partitions were fire tested for 1½ hour resistive ratings and one hour rating. The test specimens for the 1½ hour rating are designated as Panels 1, 2 and 3. Construction was basically the same. Perforated gypsum lath and ½" of plaster mixed in the proportions of 2 parts of sand to 1 part of gypsum cement plaster by weight.

Panel 1 2½" holostuds, spaced 16" o.c.; Lath attached with starter clips, WireTite Field Clips, finished clips and end joint connector clips.

Panel 2 Identical to Panel 1 except the studs were 3¼".

Panel 3 2½" Holostuds spaced 16" o.c. Lath attached with starter clips, HS-1 field clips, finished clips, and end joint connector clips.

Panel 4 The one hour partition was constructed of 2½" Holostuds, spaced 16" o.c.; plain gypsum lath attached

with starter clips, finished clips, HS-1 field clips and End Joint Connector clips; and ½" of Gypsolite mill-mixed gypsum-perlite plaster mixed in the proportions of 100 lbs. of gypsum to 2½ cu. ft. of perlite. The mixture of perlite and gypsum was verified by Pittsburgh Testing Laboratory who also certified that the perlite complied with ASTM Designation C-35.

Result of test as follows:

Panel 1 failed at 90 minutes and 18 seconds, Panel 2 failed at 96 minutes and 12 seconds, and Panel 3 failed at 91 minutes and 24 seconds. The three panels successfully passed the hose stream test.

In Panel 4, the one hour partitions failed at 80 minutes and 2 seconds and also successfully passed the hose stream test.

Impact tests were conducted on a partition constructed with Holostuds and the maximum deflection was 1.0156" and the set was .0937."

The complete reports are on file with and are a part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Gold Bond Holostud in depth of 2½" to 6" for use in New York City as an incombustible stud for furring and hollow partitions when used with its supplementary approved accessories, namely floor and ceiling runners, attachment shoes and clips, under the provisions of C26-636.0 for use under C26-239.0 and C26-460.0 Administrative Building Code on Condition that all plans submitted to the Department of Housing and Buildings showed the proposed use of this stud in a fireproof partition as herein described shall be stamped or marked as follows. "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 668-54-SM."

(Sgd.) HARRIS H. MURDOCK,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

145-55-SM

APPLICANT—Tacoa Tank Corporation of America, Inc., owner.

SUBJECT—February 14, 1955—Tacoa Tank Corporation of America, Inc., 275 Gallon Fuel Oil Storage Tank, Approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 145-55-SM

Subject: Tacoa Tank Corporation of America, Inc., 275 Gallon Fuel Oil Storage Tank.

The Tacoa Tank Corp. of America, Inc., filed February 14, 1955 an application with the Board of Standards and Appeals for approval of their 275 Gallon Fuel Oil Storage Tank under the provisions of the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

A 275 gallon fuel oil storage tank.

MINUTES

Description

The material throughout for both shell and heads is No. 10 gauge hot rolled open hearth steel. The heads are dished. The dimensions are 66" long, 44" high and 26" wide and weigh 375 lbs. with plugs and legs. The tanks are provided with four 2¼" diameter hole at top for 2" flanged steel forge threads to receive pipe connections and a ½" feed coupling welded into the head at the bottom. The tanks are also equipped with four steel pipe lugs tapped to receive the legs. The tanks can be set either vertical or horizontal.

Inspection and Test

A sample tank was inspected and tested by the Committee on Test at Willets Point Blvd., Corona, Queens. Present at the test were Chief Engr. L. V. Huber of the Committee on Test and representatives of the applicant. The tanks were subject to tests and successfully met the requirements of Rule 10.3.1 of the Oil Burner Rules.

Recommendation

On the basis of the inspection and test the Committee on Test recommends that the Tacoa Tank Corporation of America, Inc., 275 Gallon Fuel Oil Storage Tank be approved for use in Fuel Oil Installations in New York when constructed in conformity with the details of this report and drawings filed with this application but nothing herein shall be deemed to waive any requirements of the Oil Burner Rules of the Board. It is further recommended that all welding conform to the Fusion Welding and Gas Cutting Rules of the Board and that the permanent affixed plate required by Rule 5.3.2 of the Oil Burner Rules in addition to the wording, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 145-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

566-55-SA

APPLICANT—Florlift Co., Agent, for Essex Conveyors, Inc., owner.

SUBJECT—Application June 21, 1955—Florlift, Models A and B, approval of.

APPEARANCES—

For Applicant: A. J. Portugal.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 566-55-SA

Subject: Florlift Models A and B.

Florlift Company for Essex Conveyors, Inc., Nutley, New Jersey filed June 21, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as Florlift, Models A and B under provisions of C26-191.0 Administrative Building Code.

Purpose

The appliance is a one story lift used in funeral homes to raise and lower caskets from one floor level to another.

Description

The appliance is a telescoping, hydraulic lift that is designed exclusively for mortuary use and is so arranged that

the material is raised through a trap door that is automatically opened and closed by action of the florlift.

The lift is designed for a capacity of 750 lbs. and has an overload relief valve in the hydraulic circuit which prevents the operation of the lift in the event that the load is in excess of the rated capacity of 750 lbs. The lift also has mechanical stops that prevent the platform from rising above predetermined levels.

The hydraulic system is so interlocked that in the event of electrical power failure the platform will remain in the position it was in prior to the failure and will only move, on the resumption of power, when the up or down button is pushed to start operation.

The speed of the lift is 8'-0" per minute.

Inspection and Test

The appliance was inspected and tested by Asst. Engr. J. A. Darts Committee on Test at 243 Ridgewood Avenue, Brooklyn, New York. The appliance operated as designed and the controls functioned as required under simulated breakdown conditions.

Recommendation

On the basis of the inspection and test and the data filed by the applicant and the statement by the American Standard Safety Code for Elevatory that the "provisions of American Standard Elevator Safety Code does not apply to one story lifts exclusively operated in funeral homes," The Committee on Test recommends the approval of the appliance known as the Florlift for voluntary use in New York City on condition that the appliance shall be used exclusively in funeral homes for the lifting of caskets only from one floor level to another, that the lift shall not carry any personnel and shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 566-55-SA" and further that the lift shall not exceed 15'-0" and bear a label reading, "No passengers."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

612-55-SA

APPLICANT—J. B. Slattery & Brother, Inc., owner.

SUBJECT—Application reopened February 15, 1956 as to amendment to resolution as to additional model (44) gas range—re Slattery Gas (built-in type) Models 5556 and 22; previously approved.

APPEARANCES—

For Applicant: J. W. Slattery.

ACTION OF BOARD—Resolution amended, in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 612-55-SA

Subject: Amendment to resolution as to additional model (44) Gas Range.

J. B. Slattery & Bro. Inc., requested by letter dated January 18, 1956 that the resolution adopted December 20, 1955 under Cal. No. 612-55-SA be amended so as to include Model 44 Gas Range. The application was reopened by a vote of the board February 15, 1956.

MINUTES

Purpose

The appliance is a gas fired range used for cooking purposes.

Description

The model 44 consists of two model 22 (approved by the Board December 20, 1955 under Cal. No. 612-55-SA) joined together. The model 44 has been approved by the American Gas Association under Cert. No. 1-1069.001.

Recommendation

The Committee on Test recommends that the resolution adopted December 20, 1955 under Cal. No. 612-55-SA be amended so as to induce the model 44 Gas Range on condition that the requirements of the resolution adopted December 20, 1955 under Cal. No. 612-55-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 20, 1955 in accordance with the above report.

615-55-SA

APPLICANT—General Electric Appliance, Co. of New York, for General Electric Co., owner.

SUBJECT—Application July 14, 1955—General Electric Built-in Range Models 1J501W and 1J551W, approval of.

APPEARANCES—

For Applicant: William Hatters.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 615-55-SA

Subject: General Electric Built-In Range, Models 1J501W and 1J551W.

The General Electric Appliance Company, New York distributor, filed for General Electric Company, Louisville, Kentucky, manufacturer on July 14, 1955 an application with the Board of Standards and Appeals for approval of the General Electric Built-In Range, models 1J501W and 1J551W under the provisions of Article 12 of the Administrative Building Code.

Purpose

An electric oven and a surface range for domestic use.

Description

The model 1J501W is a cabinet type oven designed for installation in a suitable wall recess.

OVEN OPERATION—for baking 2500 watts bottom heat and 750 watts top heat are available. For broiling 3000 watts by top heat only. Enclosed calrod heating elements are used. For automatic operation a combination oven timer and electric minute timer are provided.

Maximum load is 3.3 kilowatts for 115/230, 120/240 volts, three wire 60 cycle, ac.

The model 1J551W is a four "burner" surface range designed for recessed installation in a counter top.

Calrod heating elements are used for the surface units.

Maximum load is 7 kilowatts from a 115/230, 120/240 volt or 120/208 volt, three wire 60 cycle ac current.

Inspection and Test

On the basis of the data submitted and Underwriters Laboratory report application 55C3197 dated October 4, 1955 ac-

cepting these appliances, the Committee on Test recommends the approval of the General Electric Built-In Range, Models 1J501W and 1J551W for use in New York City provided they will be installed in accordance with the Electrical Code of the City of New York and in accordance with Section C26-695.2 of the Administrative Building Code and provided further that they will bear a label, permanently affixed as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 615-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

616-55-SM

APPLICANT—Dennison Manufacturing Co., owner.

SUBJECT—Application July 15, 1955—Dennison Crepe Paper (flameproof), approval of.

APPEARANCES—

For Applicant: R. A. Maish, Jr.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 616-55-SM

Subject: Dennison Crepe Paper (flameproofed).

Dennison Manufacturing Company filed July 15, 1955 an application with the Board of Standards and Appeals for approval of the material known as Dennison Crepe Paper (flameproofed) under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is a flameproofed paper used in places of public assembly.

Description

The material is a crepe paper which is basically a tissue paper to which a uniform process of creping has been applied.

The paper is flameproofed with ammonium sulphate which is known as Dennison 88 and is then creped.

Inspection and Test

The material was tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts Committee on Test and R. K. Johnson and G. Gately representing the applicant. Various colors were tested and in all tests there was no flashing, flaming or glow. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test concludes that the material, Dennison Crepe Paper (flameproofed) possesses inherent flameproofing properties and accordingly recommends its approval.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a laboratory approved by him, in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that each container or carton in which this material is marketed shall be labeled or marked as follows: "Approved by the Board of Stand-

MINUTES

ards and Appeals for use in New York City under Cal. No. 616-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

684-55-SM

APPLICANT—Etna Pozzolana Corporation, owner.

SUBJECT—Application August 15, 1955—Etnalon (plasticizer in concrete), approval of.

APPEARANCES—

For Applicant: David Tiersten.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 684-55-SM

Subject: Etnalon (plasticizer in concrete).

Etna Pozzolana Corp., Oceanside, New York filed August 15, 1955 an application with the Board of Standards and Appeals for approval of the material known as Etnalon (plasticizer in concrete) under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is used as an admixture to concrete to act as a plasticizer.

Description

The material is a dispersal agent that is basically a montmorillinate puzzalan that is added to concrete. The addition is figured on the basis of 3 ozs. per sack of cement.

Inspection and Test

Comparative tests were conducted at the Pittsburgh Testing Laboratory in the presence of Asst. Engr. J. A. Darts Committee on Test.

A standard mix of 5 bags of cement was set up as a pilot mix and a comparative admixture of 3 ozs. of Etnalon per sack of cement was also made under the same conditions. Comparative compressions were made on the 3rd, 7th, 14th and 28th days.

Results were as follows:

	STANDARD	ETNALON
3rd day	1928 psi	2389 psi
7th day	2175 "	2600 "
14th day	2388 "	2896 "
28th day	2880 "	3537 "

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material Etnalon for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code on an admixture only in concrete on condition that the admixture Etnalon shall not exceed 3 ozs. per sack of cement and further that each bag or container in which the material is marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Stand-

ards and Appeals for use in New York City under Cal. No. 684-55-SM" and the additional wording, "Admixture Only."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

970-55-SM

APPLICANT—Lawrence Lavagetto, for Queens Tank and Boiler Corp., owner.

SUBJECT—Application November 29, 1955—Queens Tank and Boiler Corp., 275 Gallon Fuel Oil Storage Tank (with flanged and dished heads), approval of.

APPEARANCES—

For Applicant: Lawrence Lavagetto.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 970-55-SM

Subject: Queens Tank and Boiler Corp., 275 Gallon Storage Tank (with flanged and dished heads).

Lawrence Lavagetto, Pres., Queens Tank and Boiler Corp., filed November 29, 1955 an application with the Board of Standards and Appeals for approval of the Queens Tank and Boiler Corp., 275 Gallon Fuel Oil Storage Tank under the provisions of the Oil Burner Rules of the Board.

Purpose

A 275 Gallon Fuel Oil Storage Tank.

Description

These tanks are of welded construction throughout using 10" gauge (.134) commercial grade hot rolled steel. The tank has one lateral weld with 1" lap minimum. The heads are dished offset with 1½" flange. The dimensions are 63" long, 26" wide and 44" high. The tank will weight approximately 375 lbs. without lugs and 2" flanges.

The tank will be provided with 4-2" threaded forged flanges to receive 2" pipe connections with 4 leg lugs to accommodate 1¼" pipe legs. A ¾" coupling will be welded at the base for gravity feed or drainage.

The tank can be used either vertically or horizontally.

Inspection and Test

A sample tank was inspected and tested at the applicant's plant at 126-42 37th Avenue, Corona, L. I., New York. The tank was subjected to a hydrostatic test of 100 lbs. per square inch.

The tank successfully met the requirements of Rule 10.3.1 of the Oil Burner Rules. Details of construction, workmanship and protection of steel were found to comply with the Rules of the Board.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Queens Tank and Boiler Corp. 275 Gallon Fuel Oil Storage Tank for use in New York City, provided the tank has a label permanently affixed reading as

WHEREAS, the decision of the Borough Superintendent, dated November 15, 1955, on Alt. App. 3377/54 reads:

"1. Proposed additional rooms in the cellar and other changes are contrary to the terms of conditional variance granted under Cal. 382-43-A, Vol. V. granted by the Bd. of Standards and Appeals."

and

WHEREAS, the applicant states that the building is 2 and 3 stories, 22 and 35 ft. in height, 35 ft. front by 115 ft. in depth, of Class one and Class four construction, erected in 1902, and subsequently extended, located in a residence use, C area, Class one height district, and used and occupied as follows: existing front building: Cellar—boiler room, storage and mortuary; 1st floor—nursing home, office and lounge; 40 persons; 2nd floor—nursing home, 39 persons; 3rd floor—nursing home, 12 persons; existing rear fireproof building: Cellar—kitchen; 1st floor—nursing home, 40 persons; 2nd floor—nursing home, 39 persons; and

WHEREAS, Certificate of Occupancy No. 129295, issued April 24, 1951 permits the following use and occupancy; front building: Cellar—boiler room and storage; 1st floor—nursing home and office, 16 persons; 2nd floor—nursing

MINUTES

home, 15 persons; 3rd floor—nursing home, 12 persons; rear building; 1st floor—enclosed ramp, nurses quarters, kitchen and boiler room (nursing home); 2nd floor—nurses quarters and office, 7 persons; and

WHEREAS, the rear building covered by said Certificate of Occupancy has been demolished pursuant to a variance granted by the Board February 15, 1955, and a new fireproof 2 story extension erected as permitted under such variance; and

WHEREAS, the applicant now requests permission to remove the kitchen from the front frame building in the cellar to the cellar of the rear fireproof building, to add modern equipment, hood over ranges, metal ducts, fireproofed, and a rear flue for vent ducts, and to relocate dumbwaiter shaft, to add masonry enclosure from third floor to roof, and add a ramp and door to the fireproof building roof, with iron railings around the portion of the roof of the rear building used for sun and open air rest for the wheelchair patients; it is also proposed to relocate the mortuary in the front building cellar and rearrange the stairs of cellar to court, add new stair enclosure, that the rear fireproof building has been completed and is waiting approval and issuance of Certificate of Occupancy subject to the amendments herein proposed; and

WHEREAS, the applicant requests that the Board amend the resolution adopted by it February 15, 1955 so as to permit the rearrangement of the building as indicated on revised plans filed with this appeal; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 19, 1943, as thereafter amended by resolutions adopted through February 15, 1955, by adding thereto:

"that in the event the applicant requests amendment to the resolution as last adopted February 15, 1955, so as to permit rearrangement of the building, as indicated on revised plans marked 'Received April 6, 1956,' such changes may be permitted as shown on such plans provided the arrangement of beds meets the requirements of the Department of Hospitals as expressed in their letter of April 9, 1956, giving the total number of beds in both existing and new buildings as 75, arranged as now shown on such plans marked 'Received April 6, 1956,' (5 sheets), *on condition* that in all other respects where not inconsistent with this *amended* resolution, the resolutions above cited shall be complied with."

29-55-A

APPLICANT—Kahn and Jacobs, for The Mount Sinai Hospital, owner.

SUBJECT—Application January 12, 1955—re Appeal from a decision re an order of the fire commissioner—refrigeration system.

PREMISES AFFECTED—1190 5th avenue, southeast corner of East 100th street, Block 1604, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: D. D. Ehresman.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, Order #6488-4 issued by the Fire Commissioner November 3, 1954, and repeated in his decision of December 27, 1954, (Acct. No. 185744) reads:

"1. Discontinue the maintenance of refrigerating systems in the alcoves of the 1, 2, 3, 4, 5, 6, 7 and 8 floors. Rule 5 of Regulations relating to Freon Refrigerants.

NOTE: These units may only be maintained in rooms cut off from the rest of the building by tight-fitting,

self-closing doors and provided with a window or windows to the outside air."

and

WHEREAS, the applicant states the building is 7 stories and penthouse, 103 ft. 3 in. in height, 200 ft. 10 in. by 74 ft. 4 in. in area, of fireproof construction, erect in 1922 in a residential use, B area, Class 1½ height district; used and occupied since 1922: Subcellar—storage; Cellar—xray, kitchen, dining room, lockers, storage, 50 persons; mezzanine—locker rooms, 50 persons; 1st to 7th floors, inclusive, hospital, 37 persons per floor; penthouse—nurses' quarters and solarium 10 persons. The building is provided with approved standpipe and interior fire alarm systems; there are two 3 ft. 8 in. wide iron stairs, fireproof enclosed, equipped with kalamine self-closing doors, leading to roof bulkhead and to lobby and thence to street; and

WHEREAS, the applicant states the refrigerating system referred to consists of small ice cube making machines, model 26 D Carrier Corp. using 3¾ lb. of Freon-12 refrigerant in a hermetically sealed unit and 7 cu. ft. domestic refrigerators using 3 lbs. Freon 12 refrigerant in a hermetically sealed unit; that one ice cube maker and one refrigerator are located in an alcove on each floor, measuring 5 ft. 6 in. by 5 ft. 6 in. which opens on a lobby separated from the main corridor leading to the patients' room by self-closing metal doors glazed with wire glass; that the alcove on the 1st floor connected with a small ante room ventilating to the outer air; that the alcoves on the 2nd to 6th floors open at each floor on an open porch, which is provided with screens but no windows; the alcove on the 7th floor communicates with the fan room which is provided with a window; that the 8th floor is not provided with any ice-making machine; and

WHEREAS, the applicant contends that the hermetically sealed refrigerating units are not serviced or repaired on the premises; that the amount of refrigerant used will not exceed 3¾ lbs. per unit; that the denial of this appeal would constitute a hardship; and

WHEREAS, the applicant contends that the alcoves on the 1st and 7th floors are mechanically ventilated; and that no certificate of occupancy was issued for the building although it was signed off as completed on March 9, 1922, under N.B. 53/20.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #6488-4 be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the refrigerating devices as described and located as shown on plans filed with this appeal, marked "Received March 21, 1956", (3 sheets), *on condition* that every room in which a refrigerator occurs shall have either a window open to the outer air or shall be mechanically ventilated and equipped with closure doors so as to separate each such room from other parts of the building; that such refrigerating devices shall be maintained to the satisfaction of the Fire Commissioner; and that a certificate of occupancy shall be obtained.

277-54-A—Vol. III

APPLICANT—The Procter and Gamble Manufacturing Co., owner.

SUBJECT—Application reopened November 22, 1955 as Vol. II—re Appeal from a decision of the fire commissioner—hydrogen system.

PREMISES AFFECTED—Richmond terrace, south side, 1620 ft. east of Western avenue, Block 1338, Lot 1, Mariners Harbor, Borough of Richmond.

APPEARANCES—

For Applicant: S. W. Blackett.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated October 5, 1955, reads:

"This will acknowledge your letter of September 28, 1955, relative to the proposed extension to existing Hydrogen system.

Any changes in said Hydrogen system would have to conform to the resolutions of the Board of Standards and Appeals granted under various dates."

and

WHEREAS, the applicant states the premises consist of 135 acres located in an unrestricted use district, used for the manufacture of edible oil; and

WHEREAS, the applicant states that hydrogen gas has been manufactured and used on the premises since 1923 pursuant to a variance granted by the Board under Cal. No. 306-23-A; that there have been several changes in the process, the latest of which was an extension by the Board to the Hydrolyzer building under date of July 6, 1955, under Vol. II of Cal. No. 277-54-A; that the extension of the hydrogen system now proposed will be almost identical to the last extension permitted by the Board and no change is requested in the capacity of the hydrogen generating plant or in the storage capacity for hydrogen; and

WHEREAS, the applicant contends that the present process for hardening edible oils is the batch process, where hydrogen gas is bubbled through heated oil in the presence of metallic catalyst. It is now proposed for quality reasons to substitute a continuous hydrogen process for part of the existing batch process; that the hydrogen will be supplied over the existing hydrogen line and raised to the desired pressure by a new compressor to be located out doors. The compressor will be equipped with excess pressure protection devices and with an automatic shut down switch should be suction pressure fall below atmospheric; that all electric equipment used in the vicinity of the hydrogen equipment will be the explosion-proof type; that a nitrogen system will be provided for purging the hydrogen system prior to the introduction of hydrogen gas or when shutting down for maintenance or inspection; and

WHEREAS, the applicant contends that similar continuous hardening units have been designed and used at other plants and been in successful operation for a period of years; that the proposed installation is therefore in no way experimental or subject to unknown hazards but has been well standardized through continuous operation, and it is therefore requested that this appeal be granted to permit the extension of the existing hydrogen system as indicated on plans filed with this appeal; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 6, 1955, under Cal. No. 306-23-A, as *amended* by resolution adopted May 25, 1954, by adding thereto:

"that the changes now proposed enlarging the hydrogen system, as shown on plans filed with this appeal, marked 'Received October 27, 1955,' (6 sheets), and 'March 29, 1956,' (4 sheets), as proposed and shown thereon may be permitted *on condition* that in all other respects, where not inconsistent with this resolution, the resolutions above cited shall be complied with."

9-55-A

APPLICANT—Samuel Rosenblum, for 56 Realty Corp., owner.

SUBJECT—Application January 6, 1955—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—56 West 22nd street, south side, 95 ft. east of Avenue of the Americas (6th), Block 823, Lot 73, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Milton G. Haver.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 20, 1954, on Alt. App. 1927/54, reads:

"1. Provide two (2) legal means of egress for all tenants all floors including cellar and leading directly to the street as required under Sect. 271 L.L.

"Note: A fire escape is not acceptable as a legal means of egress for a factory over 5 stories high."

and

WHEREAS, the applicant states the building is 12 stories, 150 ft. in height, 47 ft. by 98 ft. 9 in. in area at street level, 47 ft. by 90 ft. in area at typical floor level, of fireproof construction, erected 1907, located on a lot 47 ft. front by 98 ft. 9 in. in depth, now in a manufacturing use district, B area, and Class 1½ height district and used and occupied since 1907 as follows:

Floor	Actual Present Use	Present No. of Occupants
Cellar	Storage & Boiler Room.....	2
1	Storage of cardboard.....	5
2	Letter Shop	17
3	Shoe manufacturing	12
4	Manufacturing clothing	10
5	" shoes	12
6	" coated paper products.....	5
7	Knitting Mills	15
8	Manufacturing clothing	68
9	" braid	2
10	Knitting & Mfg. clothing.....	41
11	Manufacturing aprons	61
12	" clothing	42

and proposed to be occupied throughout for factory use with 55 persons per floor. The building is equipped with an approved standpipe system, and an approved two-source sprinkler system throughout with central station connection; there is one interior 3 ft. 5 in wide fireproof stairs, fireproof enclosed, equipped with fireproof self-closing doors and extending from roof bulkhead direct to street, and one fire escape extending to roof by ladder and to yard by stair with egress to street through fireproof passageway at first floor level; doors and windows on the course of the fire escape are fireproof self-closing; and

WHEREAS, Violation #2859 was issued by the Borough Superintendent April 28, 1954 for violation of Section 271 of the Labor Law in that two exits do not exist on each floor, including cellar, as required by Section 271 of the Labor Law; and

WHEREAS, the applicant states the building was erected in 1907 as a 12 story fireproof building, occupied as a tenant-factory; that pursuant to a violation served relative to exits alteration application 1927 of 1954 was filed indicating the existing exits and the objection which is the subject of this appeal was issued by the Borough Superintendent; and

WHEREAS, the applicant contends that in addition to the existing interior fireproof enclosed stairway, there is an exterior stairway which is considered a fire escape by the Department of Buildings; that this fire escape is actually an outside stair 3 ft. wide with 8 in. treads and 8¾ in. risers, with fireproof openings on its course and access thereto is by fireproof doors at floor level; that it is also provided with fireproof passageway at the first story leading direct to the main entrance hall and the street; that the cellar is used for storage of cardboard, there is no one regularly employed in the cellar; that as occasion rises one or two employees may go to the cellar to obtain stock; that there is a fireproof stair at the rear enclosed in fireproof partitions at cellar level and an iron ladder from the machine room to the trap door in the hall above and an additional iron ladder from the boiler room to the trap door above; that inasmuch as the exterior exit has fireproof doors and is at floor level and was erected at the time of the erection of the building and

MINUTES

is substantially constructed and as there are only two employees in the cellar and as the building is protected throughout by a two-source automatic sprinkler system, it is requested that the Board accept the exits as they now exist; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1927/54, Objection No. 1, and that the appeal be and it hereby is *granted*, to permit the continuation of the means of exit as proposed and shown on plans filed with this appeal, marked "Received January 6, 1955", (4 sheets), *on condition* that such exits shall be maintained to the satisfaction of the administrative official and that there shall be not more than one tenant per floor, including the present use of the 10th floor, provided that on such floor there shall be an opening without closure, to permit free access to all parts of the building and access two means of exit for each tenant; that this variance as to said 10th floor shall continue only during the term of the present lease, expiring February 1, 1958, and *on condition* that the building shall not be increased in height or area and in all other respects shall comply with the requirements therefor; that the sprinkler system stated to be two-course and with connection to fire headquarters through an approved central station shall be maintained in accordance with the requirements therefor and to the satisfaction of the Fire Commissioner.

571-55-A

APPLICANT—Samuel Rosenblum, for Aldorn Garage, Inc., owner.

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Appeal from a decision of the borough superintendent—exits and fire wall; previously granted on condition.

PREMISES AFFECTED—43-35 39th street, east side, 200.02 ft. north of 47th avenue, Block 195, Lot 13, Long Island City, Borough of Queens.

WHEREAS, plans submitted as being in substantial compliance with the Board's resolution, were approved on July 19, 1955; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 29, 1955 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required shall be obtained and all work completed within the requirements of Section 22A

of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 503/54.)

992-54-BZ

APPLICANT—Samuel Rosenblum, for R and K Corp. and 1050 Sixth Avenue Corp., owners.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under sections 21 and 19A(j) of the zoning resolution, permitting in a retail use, B area, class 2 height district, the erection and maintenance of an extension to existing twenty-three story structure (lot 1) on adjoining portion of plot (lot 91), without the required setbacks and without the required off-street loading berths.

PREMISES AFFECTED—59-65 West 39th street and 1040-1052 Avenue of the Americas, northeast corner, Block 841, Lot 1 and 91, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 19, 1955, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 19, 1955, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings and permits have been issued and work is now in progress, and all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. 1453/54)

386-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Fire-O-Matic Corp., owner.

SUBJECT—Application for consideration—reopening as to amendment as to term—re Application (decision of the borough superintendent); previously granted on condition, under sections 7f, 7i and 7h of the zoning resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, car washing, minor vehicle repairs, oil burner repairs, storage, office and sales, showroom for oil burners.

PREMISES AFFECTED—925-931 McDonald avenue, east side, 139 ft. 10½ in. north of 18th avenue, Block 5408, Lots 55-58, inclusive, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 15, 1956, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 15, 1956,

MINUTES

only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... *granted* under Section 7, subdivision f for a term of 15 years from the date of this *amended* resolution, to permit.....; that other than as herein *amended* the resolution above cited shall be complied with in all respects." (N.B. 536/55)

324-25-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Roosevelt Corona Corporation, owner.

SUBJECT—Application for consideration—reopening as Vol. II to consider a new use, subject to regular procedure—re Application (decision of the borough superintendent); previously granted on condition, under 7b of the zoning resolution, permitting in a residence district extending from a business district, the erection and maintenance of a building to be used as a motion picture theatre.

PREMISES AFFECTED—95-45-A Roosevelt avenue, west side, 99 ft. 8½ in. north of 37-71 to 37-75 Warren street and 37-78 to 37-80 Junction boulevard, Block 1484, Lot 44, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dept. of Buildings.

ACTION OF BOARD—Application reopened as Vol. II subject to the regular procedure to consider a new use.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

688-45-BZ

APPLICANT—Carl H. Salminen, for Emil Krupprat, owner.

SUBJECT—Application for consideration—re opening as to extension of term of variance which expired March 26, 1956—re Application (decision of the borough superintendent); previously granted on condition, under section 21 of the zoning resolution, permitting in a business use district, the change of occupancy from office and marble storage

to permit cutting, polishing and lettering of stone and monuments in addition to office and marble storage.

PREMISES AFFECTED—162-34 Pidgeon Meadow road, west side, 289.54 ft. south of 46th avenue, Block 5461, Lot 40, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and set for hearing on May 15, 1956 subject to the regular procedure waiving all requirements except a new decision of the borough superintendent and notice by publication in two copies of the Bulletin and also by publication to the owners in the area by regular mail.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

Adjourned: 4:25 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

SPECIAL MEETING

FRIDAY MORNING, April 13, 1956, 10 A. M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

835-38-SR

SUBJECT—Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

APPEARANCES—George Samber, Dept. of Health, Division of Hospitals and Institutions Inspections; Morris Appelboom, Chief, Division of Water Control, Dept. of Health; George Hauser and James P. Finnerty, Dept. of Water Supply, Gas and Electricity; Irving L. Slater; and Harold J. Kearns, Plumbing Industry Board.

ACTION OF BOARD—Laid over May 4, 1956, at 10 A.M. for further consideration; hearing closed.

Adjourned: 10:50 A.M.

JOSEPH J. DOYLE, *Chief Clerk.*

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ARC AND GAS WELDING AND OXYGEN CUTTING, COVERING THE SPECIFICATIONS FOR DESIGN, FABRICATION AND INSPECTION OF ARC AND GAS WELDED STRUCTURES AND THE QUALIFICATIONS OF WELDERS AND SUPERVISORS

(CAL. NO. 1-38-SR—VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday morning, May 4 1956*, at 10 A.M. in Room 1013, Municipal Building, Manhattan, on the following Proposed amendments to the Rules for Arc and Gas Welding and Oxygen Cutting, Covering the Specifications for Design, Fabrication and Inspection of Arc and Gas Welded Structures and the Qualifications of Welders and Supervisors. ADOPTED BY THE BOARD OF STANDARDS AND APPEALS FEBRUARY 25, 1938.

EFFECTIVE MARCH 21, 1938. AMENDED MAY 17, 1940, EFFECTIVE JUNE 10, 1940; AND SEPTEMBER 17, 1954, EFFECTIVE OCTOBER 18, 1954.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter

of the City of New York and C26-514.0 of the Administrative Code (8.6.2.2).

These Proposed Amendments to the Rules for Arc and Gas Welding and Oxygen Cutting, as printed herein in *italics*, Rules 1.2, 9.1 and 11.1, are as suggested by the Allied Building Metal Industries, as to welding of light structural steel such as fire-escapes railings, gratings, door-bucks, etc., which are generally shop welded. Amendments to Rules 5.4.1 and 5.4.2 are requested by the City Administrator and concurred in by the American Welding Society.

Old matter, in brackets [], to be deleted; new matter in *italics*.

PUBLIC HEARING

Rule 1. Application for Permits.

1.2 [The commencement of any structural welding work is forbidden until an application for a permit to perform such work is filed with and approved by the Borough Superintendent. The Borough Superintendent shall be notified in writing at least 48 hours prior to the date when the structural welding work is to commence.]

Structural welding work shall be performed only by approved contractors employing certified welders.

Rule 5. Qualification Test for Welders.

5.4 QUALIFICATION REQUIREMENTS

5.4.1—For qualification to make groove welds in material up to and including $\frac{3}{4}$ inch thick, the welder shall be required to make a test weld in material $\frac{3}{8}$ inch thick as shown in Figure 1(a). (Figure 1(b) may be used for oxyacetylene welding). *A welder who has been qualified to make groove welds in all positions (horizontal, vertical and overhead) under this Rule 5.4.1. shall also be qualified to make fillet welds in all positions without further qualification tests. All primary stressed joints of any type shall be welded by welders who have been qualified under this Rule 5.4.1.*

Fig. 1(a)—Butt Joint for Plate $\frac{3}{8}$ In. Thick.

Fig. 1(b)—Alternate Butt Joint for Plate $\frac{3}{8}$ In. Thick (May be Used for the Oxyacetylene Process Only)

For qualification to make groove welds in material over $\frac{3}{4}$ inch thick, the welder shall be required to make a test weld in material 1 inch thick as shown in Figure 2(a). (Fig. 2(b) may be used for oxyacetylene welding.)

Fig. 2(a)—Butt Joint for Plate 1 in. Thick.

Fig. 2(b)—Alternate Butt Joint for Plate 1 In. Thick (May be Used for the Oxyacetylene Process Only)

If a test weld is made in the one inch thickness, no test need be made in the $\frac{3}{8}$ inch thickness. The prescribed test weld shall be made in the horizontal, vertical and overhead positions by all welders except those welders who are to be permitted to make groove welds only in the flat position in the shop; such welders shall be required to make a test weld in the flat position only.

5.4.2—For qualification to make fillet welds, a test weld as shown in Figure 3 shall be made in the vertical and overhead positions by each welder except those welders who are to be permitted to make fillet welds only in the flat and horizontal positions in the shop; such welders shall be required to make a test weld in the horizontal position only. *A welder who has been qualified under this Rule 5.4.2. shall be qualified to make fillet welds only.*

Fig. 3—Test Weld for Soundness Tests.

Rule 9. Supervision and Inspection.

9.1 [Any welding to be done on a structure or any part thereof shall be performed under the supervision of a representative of a standard testing agency or an inspection agency responsible to the owner or licensed architect or licensed engineer. Such agency shall be acceptable to the Borough Superintendent.]

Any welding to be done on a structure or any part thereof, in the field, excluding bar joists, shall be per-

PUBLIC HEARING

formed under the supervision of a representative of the Department of Buildings, or a representative of a standard testing agency or an inspection agency responsible to the owner or licensed architect, or licensed engineer. Such agency shall be acceptable to the Borough Superintendent. Shop welding on structural steel performed by approved contractors shall be the responsibility of the approved contractor, and shall not require supervision or inspection, except such parts as are designed to carry calculated stress under requirements of the Code.

Rule 11. Metal Chimneys, Tanks, Stairs and Fire-Escapes.

- 11.1 [Stairs and fire-escapes shall be considered as light structural steel and where shop welded, shall have attached thereto a tag or label, affixed by the standard Testing Agency, to the effect that these Rules have been complied with.]
Stairs, fire-escapes, railings, gratings, door-bucks and other miscellaneous and ornamental metal, whether ferrous or non-ferrous work, shall not be considered as structural steel and therefore when welded need not be inspected by a standard testing agency.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943.

Amended Oct. 14, 1955, Effective Nov. 10, 1955.

(Cal. No. 784-41-SR)

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, May 4, 1956, at 10 A.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

Proposed Amendments:

It is proposed to amend the Rules above cited by substituting a new Rule 7.8.1 for the present Rule 7.8.1. The present Rule 7.8.1 was based on the wording of a proposed Local Law, Introductory 439, introduced July 12, 1955 and still pending. The wording of Rule 7.8.1 herein submitted for public hearing follows the wording of proposed Local Law Introductory 498, print 604, now pending in the Council.

Note: New matter in *italics*; old matter in brackets [] to be omitted.

[7.8.1. Design of Forms:

7.8.1.1. Forms shall conform to the shape, lines and dimensions as called for on the plans.

7.8.1.2 All form work supported by shores and used for the construction of walls, floors, beams and girders shall be designed by a Registered Architect or a Licensed Professional Engineer, who shall furnish the Borough Superintendent with a complete set of design drawings and, before concrete is poured, file an affidavit with the Borough Superintendent that the form work was built in accordance with such plans.

7.8.1.3 It shall be unlawful for anyone to pour concrete in any portion of such form work before such portion has been duly inspected and certified to the Borough Superintendent by the designing Architect or Engineer who designed the form work as required in Rule 7.8.1.2.

7.8.1.4 Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly

braced or tied together so as to maintain position and shape and insure safety to workmen and passerby.

7.8.1.5 Temporary openings shall be provided where necessary, to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.6 Whenever in the opinion of the Borough Superintendent the scope of the work is of a minor nature and does not require strict compliance with these rules, he may waive the requirements hereof in an individual case under such conditions as he may prescribe or may require an alternate method.]

7.8.1 Design and Construction of Forms. The design and construction of forms shall conform to the following requirements:

7.8.1.1 Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3 The unbraced length of shores supporting forms shall not exceed fifty times the least dimension. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power

PUBLIC HEARING

buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the

forms have been constructed in conformance with the design which was checked and approved by the said engineer. The contractor shall certify that the formwork was constructed in accordance with the design within ten days after the structural concrete work has been completed on a building.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666, Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective December 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, May 4, 1956 at 10 A.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use, drain] *Drain* cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. *Vacuum breakers for outside hose bibs shall be placed 24 inches above the surface of the ground near the hose bib and at least 12 inches above the top of the highest submerged lawn sprinkler.*

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water

supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity

PUBLIC HEARING

shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus.

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description, the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight,

and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator-car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

Water Supply.

PETITION AND ORDER OF CERTIORARI
SERVED ON THE BOARD OF
STANDARDS AND APPEALS.

On April 5, 1956, the Board was served with a Copy of Petition
and Order of Certiorari by Mr. Manuel Tancer, attorney for Omaha
Estates, Inc., objecting property owner, seeking a review of the Board's
determination on February 28, 1956, granting a variance under Section
7, subdivisions e, h and i of the Zoning Resolution, permitting in a
residence use district the erection and maintenance of a gasoline service
station, lubritorium, car washing, office, motor repairs, storage and
parking of motor vehicles; Cal. No. 575-55-BZ; Premises Block bounded
by South Side of Gun Hill Road, from Tryon Avenue to Wayne Avenue,
Borough of The Bronx.

PUBLIC HEARINGS
Tuesdays at 10 a.m. to 2 p.m.
Special meetings as published in this Bulletin.
All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION
10 A.M. to 1 P.M.
Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS
No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.
Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.
Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.
At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.
Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.
Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.
HARRIS H. MURDOCK, *Chairman.*

CALENDAR

DOCKET

New Cases filed up to April 17, 1956

Cal. No. Dept. Premises Affected

226-56-SA—Stromes Systems Inc. Direct Gas-fired Forced Air Recirculating Oven, Models SFGD and SFGS, manufactured by Stromes Systems, Inc., Appliance.

227-56-SM—Cloud Ceramics Face Brick, manufactured by Cloud Ceramics, Material.

228-56-SM—Haslett Chute and Conveyor Co. Top-Kinged Discharge Doors for Aluminum Laundry Chutes, manufactured by Haslett Chute and Conveyor Co., Material.

229-56-SA—Webster Series R, Gas and Oil Burner, Model RD-19W-GOS Open Register Model, manufactured by The Webster Engineering Co., Appliance.

230-56-SA—Mueller Climatrol Gas-fired Forced Air Heater, Models 117-110E, 117-150, 119-110E and 119-150, manufactured by Mueller Climatrol, Appliance.

231-56-A—B.Q.—147-28 to 147-46 Jamaica avenue, south side, from 147th place to 148th street, Block 9995, Lot 1 and 7, Jamaica, Borough of Queens, Alt. 223-56—re non-fireproof construction; wood partitions; exits, width of stairs.

232-56-SM—All-Weather Crete Insulation (lightweight insulating concrete fill applied on structural bases), manufactured by Certified Industrial Products Inc., Material.

233-56-SM—Permalite Acoustical Plaster, manufactured by Certified Industrial Products, Inc., Material.

234-56-BZ—B.Q.—10-02 to 10-06 Clintonville street and 150-52 to 150-60 10th avenue, southwest corner, Block 4515, Lot 29, Whitestone, Borough of Queens, N.B. 642-56—re gasoline service station, auto washing, lubrication, minor repairs; entrances—business use district.

235-56-BZ—B.Bx.—3001-3047 White Plains road and 690-698 Lester street, southwest corner and 695-699 Adece avenue, Block 4545, Lot 14, Borough of The Bronx, N.B. 595-56—re gasoline service station, auto washing, lubrication, office, parking of cars, etc.—business and residence use district.

236-56-BZ—B.R.—455 Forest avenue and 489 Hoyt avenue, northeast corner, Block 135, Lot 1, West New Brighton, Borough of Richmond, N.B. 163-56—re gasoline service station, lubritorium, car washing, parking, etc.—retail use district.

237-56-A—F.D.—Transportation, storage and sale of combustible mixture known as "Vulcan Sa-Fuel" in sealed containers (containers not in accordance with Administrative Code requirements).

238-56-SM—Picone Colorama Soldier Block, manufactured by Picone Brothers of Suffolk, Inc., Material.

239-56-SM—Semco Stormtite Roof Flashing Assemblies, Models 1000, 1010, 1100, 1200 and 1210 with Dash 7 or 8 Cast Iron Counterflashing Sleeve with Vandal proof head,

manufactured by Stoneman Engineering and Manufacturing Co., Material.

240-56-SM—Semco Roof Flashing Assemblies, Models 1000, 1010, 1100, 1200 and 1210 with Dash 2 or 4 Counterflashing Sleeve, manufactured by Stoneman Engineering and Manufacturing Co., Material.

241-56-SM—Rins-O-Matic, Model F (for injecting rinse in dishwashing machines), manufactured my The DuBois Co., Inc., Material.

242-56-SM—Kreolite Flexible Strip End Grain Wood Block, size 1½ in. depth, and Kreolite (creosoted) End Grain Wood Block, Sizes 2, 2½ and 3 in. depth, manufactured by The Jennison-Wright Corp., Material.

243-56-A—B.M.—110 West 14th street, south side, 150 ft. west of Avenue of The Americas, Block 609, Lot 33, Borough of Manhattan, Alt. 1143-55—re egress.

244-56-BZ—B.Q.—113-14 Jamaica avenue, south side, 41.32 ft. west of 114th street and 87-14 114th street, Block 9303 (220), Lot 6, Jamaica, Borough of Queens, Alt. 1444-55—re storage warehouse in a residence use district.

245-56-SM—USG Sheetrock Trussteel, Stud Partition System, manufactured by United States Gypsum Co., Material.

Restored to Docket

319-44-BZ—B.B.—8664-8666 18th avenue, west side, 150 ft. north of Benson avenue, Block 6368, Lot 55, Borough of Brooklyn, Alt. 1173-50—re extension of term of variance—motor vehicle repair shop.

512-29-BZ—Vol. III

APPLICANT—Burke, Green and Groh, for Merry Twins, Inc., owner.

SUBJECT—Application reopened May 17, 1955 as Vol. III —re (decision of the borough superintendent) under sections 7c, 7f, 7h and 7A of the Zoning resolution, to permit in a business and residence use district the proposed extension of present gasoline service station and use of premises as gasoline service station, lubritorium, auto washing, office and sale of accessories, minor repairs (hand tools only) and parking and storage of more than 5 motor vehicles, with curb cuts and sign closer to the residence use district than permitted.

PREMISES AFFECTED—173-02 to 173-16 64th avenue, southeast corner of Fresh Meadow lane, Block 6902, Lot 26, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh, Bernard Sussman and William Sussman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 17, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 7, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; applicant to file additional information and engineer to check plan as to actual amount of land taken by the city; then to April 17, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 64th avenue and 174th street are in business and residence use, D area, class 1 height districts; Horace Harding boulevard and Fresh Meadow lane are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 22, 1955 acting on Alt. Applic. 402-55, reads:

"1. Proposed extension of present gasoline service station and use of premises as gasoline service station, lubritorium, auto washing, office & sales of auto accessories, minor repairs with hand tools only and parking & storage of more than 5 motor vehicles in a business and residence use district is contrary to Article II Sec. 4(a) (29) (46) and Sec. 3 of the Zoning Resolution.

2. Proposed curb cuts & sign on 64th Ave. is contrary to Sec. 7-A of Zoning Resolution.

Note: Proposal is contrary to conditional variance granted by B. of S. & A. under Cal. 512-29-BZ Vol. II and must be referred back to B. of S. & A.

and

WHEREAS, the applicant states that the premises consist of a plot, 81.93 ft. frontage by 86 ft. in depth, irregular, on which is located a gasoline service station, lubritorium and motor vehicle repair shop; that it is proposed to extend the area of the existing gas station on additional 60 ft. easterly along 64th avenue which is required due to the proposed street widening at the corner of the existing station; that

80.26 ft. will be eliminated from the 64th avenue frontage and 80.85 ft. from the Fresh Meadow lane frontage; that the existing building will remain unchanged, but it is proposed to remove 30 ft. of the present brick base and iron picket fence along the old easterly lot line (10 ft. of this fence will remain); that a 4 ft. 6 in. high woven wire fence on a 12 in. high concrete base (total 5 ft. 6 in.) will be provided along the new easterly lot line and return along the new southerly lot line; that shrubbery enclosed in a 6 in. by 6 in. concrete curb will be provided along the front half of the new easterly lot line; that twelve new 550 gallon gas tanks will be installed and 14 new gas pumps on 3 new concrete islands will also be installed; that one existing 25 ft. curb cut will remain on Fresh Meadow lane, one new 30 ft. curb cut will be installed on the curve and two new curb cuts will be installed along 64th avenue; that 2 new post standards and signs will be installed, one on each street; that the rear of the new 60 ft. portion will be used for parking and storage of more than five motor vehicles; that in order to maintain egress and ingress to the new portion of the gas station, it is necessary to install curb cuts along 64th avenue, thus the 7-A objection; that attention is called to the fact that the new 60 ft. portion extends into the residence use district and that the pump islands are only set back 10 ft. from the building lines; that if they were set back 15 ft. as the Board now normally requires, it can be seen that the station would be practically impossible to operate; and

WHEREAS, the applicant contends that this case was originally brought before the Board and granted under Cal. No. 512-29-BZ, Vol. II to permit the erection and construction of a gas station on the southerly side of 64th avenue and the easterly side of Fresh Meadow lane; that a gas station has now been in operation for four years; that due to the proposed widening of Horace Harding boulevard, 80.26 ft. along 64th avenue from the corner of Fresh Meadow lane and 80.85 ft. on the easterly side of Fresh Meadow lane, measured from the corner of 64th avenue will be eliminated for the proposed widening; that this would set the present tanks and pumps in the bed of the street and it is therefore necessary to re-align said pumps and tanks presently allowed by the Board to a position well within the proposed building line; that since the space to be eliminated by the condemnation proceeding would greatly diminish the gas station, it is proposed to extend the gas station 60 ft. to the east of the existing gas station to provide another set of pumps, new tanks, with the balance of the land used for the parking and storage of more than five motor vehicles; that the owners of the present gas station were originally in business in New York city, as reference to the prior hearing will conform; that their station there was condemned and they were forced out of business and then the Board granted the use of this parcel as their new place of business; that they are now losing a large portion of their present gas station through condemnation proceedings and in order to enable the owners to continue in business, it is requested that the Board grant this new proposition; and

WHEREAS, the applicant states that the present owner has held title to the property since August 25, 1952; that the assessed valuation of land is \$35,000 and of the building \$15,000 making a total of \$50,000; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the applicant has filed plans showing the condition of the property that is to be taken for the widening of 64th Avenue and Fresh Meadow Lane in connection with the widening of Horace Harding Boulevard; and the committee recommended that the application should be granted under appropriate conditions.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 21, 1950, as thereafter amended by resolutions adopted through May 18, 1954, by adding thereto:

"that in the event the owner desires to compensate for the area that will be taken in the widening of Fresh Meadow Lane and 64th Avenue, as shown on

MINUTES

plans marked "Received March 2, 1956" (2 sheets) and to add additional premises to the east, as shown on plans filed with this application marked "Received April 18, 1955" (2 sheets), "July 20, 1955" (one sheet) and "December 16, 1955" (one sheet), such extension may be permitted under Section 7e for the term as provided in resolution adopted March 21, 1950, to permit the rearrangement of the gasoline service station as indicated on revised plans marked "Received March 2, 1956" (2 sheets) and for the use as indicated on such plan, including the additional pumps which shall be not nearer than 15 feet from the street building line; that there shall be not over twelve 550 gallon approved gasoline storage tanks to take the place of the existing tanks; that there may be parking and storage under Section 7h; that such uses may be for the term as stated in the resolution adopted March 21, 1950 *on condition* that this additional portion of the premises shall be levelled substantially to the grade of 64th Avenue and shall be paved with concrete or bituminous paving; that any fencing existing between this additional premises, lot 31 and 32 and the present station may be removed; that there shall be maintained on the rear lot line to the south and on the lot line to the east a woven wire fence of the chain link type erected on a concrete base to a total height of 5 ft. 6 in. as proposed; that such fence may be reduced to a height of 4 ft. 6 in. within 10 ft. of the building line of 64th Avenue; that there shall be a suitable terminating post; that additional curb cuts may be arranged as shown on such plans, to consist of two curb cuts to 64th Avenue, where shown, one 30 ft. in width and one 25 ft. in width, not nearer than 15 ft. to the lot line to the east; that planting shall be maintained where indicated along the easterly lot line suitable protected with curbing, and with suitable planting; that signs shall be restricted to the post standard toward the easterly end, where shown, for supporting a sign which may be illuminated, advertising the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not over four feet and to the illuminated globes of the pumps; that the pumps shall be of a low approved type; that minor repairs may be permitted under Section 7i with hand tools only for adjustments, for a similar term, to be maintained within the accessory building only; that any curb cut closer to the residential district than permitted and as hereinbefore referred to where shown is hereby permitted for a similar term under Section 7A; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution; and that the resolutions above cited shall be complied with where not inconsistent with the terms of this amended resolution."

285-30-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Bukzin Realty Corp., owner.

SUBJECT—Application reopened November 22, 1955 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business use district, the proposed occupancy of a building for the manufacturing of steel partitions, shelving and steel metal specialties.

PREMISES AFFECTED—625-631 Bergen street, north side, 115 ft. west of Vanderbilt avenue, Block 1137, Lot 60, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Julius Selinger.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 22, 1955 subject to regular procedure, to consider new use; and

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bergen street and Vanderbilt avenue are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 21, 1955 acting on Alt. Applic. 3184-55, reads:

"2. The proposed change of occupancy, in a Business use district, with the equipment proposed to be used will violate Art. II, PP. 4b of the Zoning Resolution.

3. In a Business use district, the proposed occupancy for the manufacturing of steel partitions, shelving and sheet metal specialties is contrary to Art. II, PP. 4a, subsection 19 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 85 ft. frontage by 110 ft. in depth, on which is located a one-story building of class 3 construction, that it is proposed to secure a variance for a period of 15 years in order to occupy the premises as follows: cellar—boiler room; 1st floor—fabrication of steel partitions, shelving and sheet metal specialties, spray painting, painting by dipping, office, loading and unloading; and

WHEREAS, the applicant states that the premises are now developed with a one story in height building of class 3 construction having a frontage of 85 ft. and a depth of 110 ft., erected under N.B. 9518-1930 and conditional variance granted under Cal. No. 285-30-BZ for use as cellar—boiler room; 1st floor—storage garage for more than 5 cars; that certificate of occupancy No. 62804 was issued for said use; that the building was later altered under Alt. Applic. No. 3185-1943 for use as cellar—boiler room; 1st floor—reading magazine distribution; that certificate of occupancy No. 136297 was issued for said use; and

WHEREAS, the applicant contends that the site is adjoined at the rear by an unrestricted use district, so that the same use as proposed could be erected immediately adjoining the site and therefore this rear adjoining property could not be affected by the proposal; that the site is adjoined to the east and west by two story loft buildings and therefore these properties will not be affected; that as the site was originally approved by the Board as a public garage, the subject proposal will not affect the community to any greater degree than the original garage; that the building is fireproof with a fireproof ceiling and no openings occur in the side or rear lot lines except for a rear secondary means of egress, so that all operations are confined within the building; that all proposed presses used in the manufacturing operation will be mounted on wood stringers, which in turn will be mounted on concrete foundation, which construction will hold all vibration to a minimum; that the proposed non-conforming use is less hazardous to the community than the original non-conforming use of public garage as previously granted by the Board; and

WHEREAS, the applicant states that the present owner of the property has held title since June 18, 1951; that the assessed valuation of land is \$15,500 and of the building \$26,500 making a total of \$42,000; that the building was erected in 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 9, 1930 by adding thereto:

"that in the event the owner desires to occupy the building as a factory for the manufacturing of steel partitions and kindred material such change of use may be permitted *on condition* that the building shall not be increased in height or area and shall comply with the requirements of the resolution above cited in all other

MINUTES

respects where not inconsistent with the requirements of this amended resolution; that such fire fighting equipment shall be maintained as the Fire Commissioner shall direct; that the gasoline service system shall be removed from the building; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution; and that the arrangement of the building shall be as proposed and as indicated on plans filed with this application marked 'Received November 3, 1955' (5 sheets)."

73-49-BZ

APPLIANT—Ivan Pinsker, for John Hoey, owner.

SUBJECT—Application reopened March 13, 1956 for consideration as to extension of time to complete, expired May 17, 1950—re (decision of the borough superintendent) previously granted on condition, under section 7c of the zoning resolution, permitting in a retail use district, the extension of a accessory building and gasoline service station area to include auto laundry and lubritorium.

PREMISES AFFECTED—153-28 Rockaway boulevard and 153-36 134th avenue, southwest corner, Block 12135, Lot 23, South Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Ivan Pinsker.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, on May 17, 1949 this application was granted by the Board on certain conditions, under section 7c of the zoning resolution, to permit in a retail use district the extension of accessory building and gasoline service station area, to include auto laundry and lubritorium; and

WHEREAS, the resolution was amended on May 25, 1954; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation; and

WHEREAS, this application was reopened on March 13, 1956 and set for hearing on April 17, 1956 at 10 A.M., subject to the regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin and an affidavit of the owner setting forth when the work was completed; and

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated February 3, 1956 acting on B.N. Applic. 1253-55, reads:

"1. Application referred back to Board of Standards & Appeals as time limit imposed under Resolution 73-49-BZ has expired."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on May 17, 1949, as thereafter amended by resolution adopted May 25, 1954 insofar as it has reference to obtaining permits and completion of work so that as amended this portion of the resolution shall read:

"that in view of statement by applicant that the work has been completed that all permits shall be obtained and all work completed within one year from the date of this amended resolution . . ."

and to add thereto:

"that the curb cuts hereinbefore permitted may be increased so that as amended this portion of the resolution shall read: that curb cuts shall be restricted to

three curb cuts as proposed and as shown on revised plans marked 'Received April 10, 1956' (1 sheet), and February 29, 1956 (2 sheets), and as passed on by the borough superintendent under B.N. App. 1253/55, objection dated February 3, 1956, of the width as shown provided that no portion of any curb cut shall be nearer than 5 feet to a lot line as prolonged except as to one curb cut 15 ft. in width which incorporates the original 8 ft. curb cut and which may be located as shown."

416-54-BZ

APPLICANT—Siegel and Green, for Kollsman Instrument Corp., lessee (Leator Corp., owner).

SUBJECT—Application May 26, 1954—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the parking of motor vehicles for patrons and employees (no fee to be charged).

PREMISES AFFECTED—42-61 81st street, west side, 100 ft. north of 45th avenue, Block 1527, Lot 6, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Max Siegel and Admiral Clyde Smith.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 7, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; then to April 17, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area and class 1½ height district; 81st street is in a business and residence use, B area and class 1½ height districts; 45th Avenue is in a business and unrestricted use, B area and class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 25, 1954 acting on Alt. Applic. 2918-53, reads:

"1. Proposed use of a lot, located in a residence use district, for the parking of motor vehicles for employees and patrons is contrary to Art. 2, Sec. 3 of the Z. R." and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage, by 100 ft. in depth, presently vacant; that it is proposed to maintain a parking lot for the use of patrons and employees; and

WHEREAS, the applicant contends that subject premises is located on the east side of 81st street, between 45th Avenue and Broadway, Elmhurst, that the lot has a frontage of 80 ft. and a depth of 100 ft. and abuts lot 1 on the south, which lot 1 is now used as an employee's parking lot for the Kollsman Instrument Corp., the applicant herein; that lot 1 is under the same ownership as the subject lot 6; that the Kollsman Instrument Corp. plant is located on 45th Avenue, between 80th Street and 82nd Street opposite the existing parking lot on lot 1 in Block 1527; that this parking lot on lot 1 is one of five similar parking lots in the area now being used by the Kollsman Instrument Corp., that the corporation employs about 2500 persons on the day shift and 500 persons on the night shift; that the existing parking facilities they now operate are insufficient to accommodate the employees using cars; that the subject plot being vacant and adjoining the existing parking lot, all under one ownership, is the logical location for extending the much needed parking facilities; that the applicants recognize that this subject plot is adjacent to dwellings and is located in a residence use district, and offers to conduct this additional plotage in a manner that would not be objectionable or cause any nuisance to their neighbors; that

MINUTES

no curb cut will be installed in front of the subject plot; that access will be had through the adjacent parking lot on lot 1; that both the existing parking lot and the proposed addition are fenced in and are under constant guard by attendants, night and day, to insure quiet and proper parking; that the subject plot will be covered with cinders with suitable binder; that flood lights will be installed with lighting facing away from the adjacent dwellings; that the subject plot will be restricted to day parking only for five days a week with no parking of any kind on weekends and legal holidays; that such regulated off-street parking facility as is being proposed herein would not only be beneficial to the interests of the applicant corporation, but also to the neighborhood as it would tend to reduce parking on the streets in front of the existing dwellings; and

WHEREAS, the applicant states that the present owner has held title to the property since May 16, 1947; that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Board has taken account of a letter from the Kollsman Instrument Corp. dated February 9, 1956, and the Committee recommended that the application should be granted under appropriate conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit lot #6 to be occupied for parking and storage of motor vehicles belonging to patrons and employees of the Kollsman Instrument Corporation and to be operated in conjunction with lot #1, permit for which has been obtained from the Department of Buildings, *on condition* that the existing lot #6 shall be graded substantially to the grade of 81st Street and shall be leveled and graded with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected along the interior lot lines a wood picket and woven wire fence, as proposed; that there shall be no additional entrances to this additional lot 6 from 81st Street; that all access thereto shall be from the entrance to the existing lot 1, as shown; that in accordance with the proposal of the owners the existing lot 1 and lot 6 shall be used only for day parking between 7:30 a.m. and 10 p.m.; that after 10 p.m. the openings for entrance and exit shall have closed gates; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the premises shall be maintained as proposed and as indicated on plans filed with this application marked "Received December 22, 1955" (one sheet) and "February 1, 1956" (2 sheets); and that a certificate of occupancy shall be obtained to include both lots 1 and 6 and all permits obtained and all work completed within six months from the date of this resolution.

110-55-BZ

APPLICANT—Philip Freshman and Joseph Platzker, for Harry Field, owner.

SUBJECT—Application February 11, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—635-637 East 12th street, north side, 183 ft. west of Avenue C, Block 395, Lots 43 and 44, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Platzker and Philip Freshman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.... 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; then to April 17, 1956, to obtain information as to how parking was permitted on lots 46 and 47, adjoining; no variance having been granted for same by the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 12th street is in residence and local retail use, B area, class 1½ height district; Avenue C is in manufacturing and local retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 29, 1954 acting on Alt. Applic. 2000-54, reads:

1. A parking lot for more than 5 motor vehicles, located in a Residence Use District, is contrary to Art. II, Par. 3, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 103 ft. 3 in. in depth, presently vacant; that it is proposed to maintain premises for the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant contends that the property at this time cannot be used appropriately for residential purposes as the general character of the block does not warrant the erection of such type of buildings; that the buildings that now exist are very old, outmoded tenements, some of which contain factories, and stores which are used for storage purposes; that it is felt that eventually the area will be rebuilt, but in the meantime, in order to lighten the burden of carrying charges and taxes, some revenue can be realized by utilizing the plot for a parking lot; that such a use could in no way adversely affect adjoining properties but will in fact be an improvement as the plot has been used for a dumping ground for refuse, which is a menace to health besides being a fire hazard; that the plot would be improved with paving in the event that permission is granted for a parking lot, and that an attendant would be kept on the premises to regulate the parking of cars and also traffic going in and out of the plot, such permission to be limited to two years; and

WHEREAS, the applicant states that the zoning use was changed on November 29, 1945 from business to residence use; and

WHEREAS, the applicant states that the present owner has held title to the property since October 18, 1954 and that the assessed valuation of land is \$18,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, substantially as proposed and as indicated on plans filed with this application, marked "Received February 11, 1955", 2 sheets, "February 20, 1956", 1 sheet, *on condition* that the plot shall be leveled substantially to the grade of East 12th street and surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the lot lines continuously where walls of adjoining buildings do not occur, a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except that the existing wood fence, if in good condition, may be permitted to remain on the interior lot lines where indicated; that in such woven wire fence along the street building line the opening shall not exceed 10 feet and shall be fitted with gates and have a curb cut opposite not exceeding 12 feet in width; that the parking of motor vehicles shall be limited to pleasure cars and light delivery trucks; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be a building for the attendant, which shall not

MINUTES

exceed 100 sq. ft. in area and 10 ft. in height; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the fence near the entrance, not extending beyond the building line and not illuminated, advertising the parking and storage use, rates charged and such other information as may be required by the commissioner of licenses; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

513-55-BZ

APPLICANT—Irving P. Marks, for Frank and William A. Marx, owners, Joseph Skolnik, owner under contract.

SUBJECT—Application June 23, 1955—(decision of the borough superintendent) under section 7A of the zoning resolution to permit in an unrestricted use district, the change in occupancy from garage and factory for the manufacture of wooden station wagon bodies, dwelling and stores to gasoline service station, lubritorium, washing, repair shop, office, parking and storage of more than 5 motor vehicles, with curb cuts and signs less than 75 ft. from the residence use district.

PREMISES AFFECTED—163-171 Clifton place and 314 Franklin avenue, northwest corner, Block 1949, Lot 44, Borough of Brooklyn.

APPEARANCES—

For Applicant: Irving P. Marks and Michael R. Bellucci.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly.... 4

Negative: 0

THE RESOLUTION:

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Clifton place are in an unrestricted use, B area, class 1 height district; Franklin avenue and Lafayette avenue are in unrestricted and residence use, B area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 31, 1955 acting on Amendment Alt. Applic. 5113-54, reads:

"1. Proposed business entrance and signs within 75' of Residence Zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a 2-car garage, a factory, a 2-story frame building formerly used as a dwelling and stores, presently unoccupied; and

WHEREAS, the applicant states that fronting on Clifton place, there exists a one story brick building approximately 20 ft. by 50 ft. used as an auto repair shop, erected prior to 1921; that adjoining and fronting on Clifton place is a one story garage type building, erected in 1949 under N.B. 23-49 and a certificate of occupancy No. 142150 for factory-manufacturing wood station wagon bodies; that fronting on Franklin avenue is a one story metal building erected as a two car private garage under permit No. 3890-21, certificate of occupancy No. 10690 and extended after that date with a one story cement block building so as to provide a driveway from Franklin avenue to the interior of the property; that there also exists a two story frame building on the corner used as stores on the 1st floor and dwelling on the 2nd floor; that this frame building is unoccupied; and

WHEREAS, the applicant states that plans filed under Alt. Applic. 5113-54 and aproved on April 19, 1955 call for the demolition of the two story frame building, the one story metal and cement block building and the alteration of the remaining two buildings and cleared area into a gasoline service station,

lubritorium, washing, repair shop, office and parking and storage of more than 5 motor vehicles, limiting the ingress and egress from Franklin avenue to a 20 ft. curb cut, 5 ft. north of the northwest corner of Clifton place, and the providing of a 12 in. high curbing at the building line of Franklin avenue and 25 ft. north of Clifton place, to prevent ingress and egress within 75 ft. of the residence area; that an amendment was filed to eliminate the 12 in. curbing on Franklin avenue building line and provide two 15 ft. curb cuts, one being within 75 ft. of the residence area; that this was denied on May 31, 1955; and

WHEREAS, the applicant contends that Franklin avenue for its entire length is zoned as either business or unrestricted areas, except for the southwest and northwest corners of Lafayette avenue, which are residence areas; that the north and south side of Lafayette avenue, between Classon avenue and Franklin avenue, was changed from unrestricted area to residence area on July 1, 1924; that the buildings adjoining the site in question, block 1949, lots 43, 42, 41 and 40 were built prior to the change in zone and, according to the records in the building department, legally have business use on their 1st floors; that the entire street front, re, the west side of Franklin avenue between Clifton place and Lafayette avenue is used as business, and as Franklin avenue is the main thoroughfare with two way traffic, it is important to the operation of this proposed gas station to have adequate curb cuts on this street; that on the northerly sidewalk of Clifton place and approximately 10 ft. 3 in. west of the building line of the north-west corner of Franklin avenue there exists a fire hydrant, which will place the nearest curb cut on Clifton place 16 ft. west of this north-west corner and, as Clifton place is a one way street running in a westerly direction, curb cuts on Clifton place would be used more for egress than for ingress; that a limitation of curb cuts on Franklin avenue would require cars coming into the station from Franklin avenue to go out onto Clifton place, which would not be good business-wise, and cars coming in from Clifton place would be required to go out through the Franklin avenue exit, thereby creating a bottleneck at the corner; that the creation of curb cuts as proposed would provide proper circulation and the free movement of cars without creating a traffic problem; that the owner under contract intends to invest in the property and alteration about \$50,000 and that this investment would be worth while only if he can have use of the Franklin avenue frontage as proposed; that the proposed alteration and demolition would enhance the real estate value of the property and would remove run down buildings that have very little income value and are at present vacant because of their deplorable condition; that the limitation of curb cuts on Franklin avenue would create a greater hazard to pedestrian and vehicle traffic on Franklin avenue that if proper curb cuts are allowed; and

WHEREAS, the applicant states that the present owner has held title to the property since June 9, 1926; that the assessed valuation of land is \$9,500 and of the buildings \$10,500 making a total of \$20,000; that the buildings were erected in 1949 and prior to 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7A to permit the proposed business entrance, curb cut, as proposed and as shown on plans filed with this application marked "Received June 22, 1955" (4 sheets) and "March 5, 1956" (one sheet) *on condition* that such curb cut to Franklin Avenue shall not exceed 15 feet in width; and to permit one sign, as proposed, on a post standard within the premises extending over the building line for a distance of not more than four feet, as shown on such plans at the intersection of Clifton Place and Franklin Avenue, and excluding the additional sign where shown to the north; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable

MINUTES

thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

732-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Tiron Management Corp., owner.

SUBJECT—Application September 19, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—1829-1835 Caton avenue, north side, 105 ft. west of Ocean avenue, Block 5061, Lots 49 and 51, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Caton avenue and Ocean avenue are in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated September 12, 1955 acting on Alt. Applic. 2846-55, reads:

"1. Proposed parking and storage of more than five (5) motor vehicles in a residential use district is contrary to Art. II Sec. 3 of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 166 ft. 8 in. frontage on Caton avenue, 55 ft. 6½ in. on the northerly lot line, 250 ft. 7½ in. on the westerly lot line and 110 ft. ½ in. and 69 ft. 1¾ in. on the easterly lot lines; that it is proposed to demolish the two present dwellings and the rear stable and to secure a variance of the building zone resolution for a period of 5 years and to use the site for the parking and storage of more than 5 motor vehicles; and

WHEREAS, the applicant states that the premises are presently developed with a one family frame dwelling and a frame stable on lot 49 erected under N.B. 558/97 for the dwelling and N.B. 235/97 for the stable and no certificate of occupancy was issued for either use; that lot 51 is developed with a one family dwelling and no permits or certificate of occupancy is indicated in the department of buildings for said buildings; that it is proposed to demolish the two present dwellings and the rear stable and to secure a variance for a period of five years in order to use the site for the parking and storage of more than 5 motor vehicles; that the affected area is built up almost entirely with multi-story apartment houses and tenants have no place to park their cars inasmuch as said apartment houses do not have any garage or parking facilities for their tenants; that most of the apartment buildings within a 500 ft. radius of the site and not in the affected area do not have parking or garage facilities for their tenants; that if all of the said buildings were to be erected at this time they legally would have to provide parking space; and

WHEREAS, the applicant contends that the proposal of utilizing the site for parking and storage of motor vehicles will provide the convenience that the present building code would insist upon; that the parking problem is further aggravated by the fact that no parking is permitted from 8:00 A.M. to midnight; that the proposal to remove the two present old frame dwellings and the present non-conforming use of a stable will do much to improve conditions

in this area; that the rear of the site will be landscaped for a distance of 20 ft. to provide a buffer for the adjoining lot to the north; that the site is bounded on the west by the B.M.T. subway and cut, which does not render the site highly suitable for residence or apartment house use; that the lot to the east has part of its 9 story building directly on the lot line with a blank wall so that said building cannot be affected; and

WHEREAS, the applicant states that the present owner has held title to the property since July 18, 1955; that the assessed valuation of land is \$45,000 and of the building \$18,000 making a total of \$63,000; that the building was erected in 1897; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and recommended that the application should be granted under appropriate conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of five years to permit the premises, consisting of lots 49 and 51, to be occupied for the parking of motor vehicles, of the pleasure car type only, substantially as proposed and as indicated on plans filed with this application marked "Received September 19, 1955" (3 sheets) and "February 27, 1956" (one sheet) on condition that all buildings shall be removed and the premises shall be levelled substantially to the grade of Caton Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that along the lot lines where walls of adjoining buildings do not occur there shall be maintained, where needed, a fence of the chain link type and a similar fence not less than 5 ft. 6 in. in height shall be maintained along the street building line of Caton Avenue continuously except for one curb cut, where shown, not exceeding 15 feet in width; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the signs shall be restricted to a permanent sign attached to the fence near the entrance advertising the parking use and the rates charged and such other information as may be required by the Commissioner of Licences; that the sidewalks and curbing in front of the premises shall be repaired to the satisfaction of the Borough President; that all permits shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

777-55-BZ

APPLICANT—Charles M. Spindler, for Milber Realty Corp., owner.

SUBJECT—Application September 30, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, garage for more than 5 motor vehicles, motor vehicle repair shop, auto safety inspection station, office, sale of auto accessories, lubrication, auto washing.

PREMISES AFFECTED—858-870 Gates avenue, south side, 72 ft. 5 in. east of Reid avenue, Block 1637, Lot 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Gates avenue are in a retail use, C area, class 1 height district; Reid avenue is in retail and local retail use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 20, 1955 acting on Alt. Applic. 3133-55, reads:

"1. Proposed change of occupancy of building and premises to Gasoline service station, Garage for more than five (5) motor vehicles, motor vehicle repair shop, auto safety inspection station, office and sale of auto accessories, lubrication and auto washing, in a Retail district, is contrary to Article II, PP. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 127 ft. 7 in. frontage by 100 ft. in depth, presently occupied by a motion picture theatre, which is now vacant; that it is proposed to convert this vacant building to a public garage, motor vehicle repair shop and auto safety inspection station; that it is also proposed to install gasoline tanks and pumps on the unbuilt upon portion of the plot and to use this area as a gasoline service station; that the present theatre marquee will be removed, new show windows installed and the theatre lobby converted to office and accessory sales; that overhead doors and exit doors will be provided for ingress and egress from the present building; that the present theatre seats and stage will be removed and a level floor provided; that the area of the existing building will remain unchanged; that the open portion of the plot will be paved and a fence and landscaping will be provided along the side lot line; that gasoline pumps will be set 15 ft. back of the building line; and

WHEREAS, the applicant states that the site consists of an interior parcel having a frontage of 127 ft. 7 in. and a depth of 100 ft.; that the adjoining plot to the west (lot No. 1) extending to Reid avenue is under the same ownership as the site and was originally part of the same tax lot; that the site is at present developed with a one story masonry "L" shaped building formerly used as a motion picture theatre in accordance with certificate of occupancy No. 60447, which building is now vacant; that the portion of the site not occupied by the building was formerly occupied as an open air motion picture theatre established under Alt. Applic. No. 4798-10; that the existing building extends along the entire rear lot line with an unpierced masonry wall separating the site from the property to the rear; that this unpierced masonry wall also extends along the entire west lot line of the site and along approximately half of the east lot line; that the balance of the east lot line, on which fencing and landscaping is proposed, adjoins the side wall of a building on lot No. 11, which wall is unpierced except for a small court; that this adjoining building contains a carpenter shop on the 1st floor; that the affected area is generally run down in character and contains a number of factories and a bakery; that at the time of the filing of this application, there are 10 vacant stores within the affected area on the same block with the site; and

WHEREAS, the applicant contends that the owner has held title to this property for more than 10 years; that throughout this time the motion picture theatre business has been steadily declining; that after operating the theatre at a bare subsistence level for a number of years, the owner was recently forced to close the theatre due to lack of business; that due to the steadily deteriorating character of the neighborhood and the large number of vacant stores in the neighborhood, there is obviously no demand for conforming retail uses; that there is an urgent demand for garage space in this area, which is heavily built up with old tenements containing no garage facilities; that there is also a real demand for gasoline servicing facilities, which are also lacking in this area; and

WHEREAS, the applicant states that the site was changed from a business use district to its present retail use designation on March 17, 1953 and the height and area designations have remained unchanged since 1916; and

WHEREAS, the applicant states that the present owner has held title to the property since June 6, 1945; that the assessed valuation of land is \$35,000 and of the building \$25,000 making a total of \$60,000; that the building was erected before 1909; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under proper conditions to permit premises where vacant to be occupied as a gasoline service station and accessory uses and the building to be altered from a theatre to a garage, motor repair shop and inspection station and other accessory uses, including the use of the front portion of the building for offices and sales and for the removal of the marquee; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i, of the Zoning Resolution.

Resolved that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the unbuilt upon portion of the premises to be occupied as a gasoline service station, and the existing one story masonry building to be occupied for a garage, repair shop and inspection station, substantially as proposed and as indicated on plans filed with this application marked "Received September 30, 1955", 6 sheets, "February 27, 1956", 1 sheet, "March 5, 1956, 1 sheet, *on condition* that the building shall not be increased in height or area and shall be constructed and arranged as indicated on such plans; that there shall be no windows opening in the rear lot line or the lot lines to be east or west; that entrance to the building may be constructed where shown; that the front portion of the building formerly the lobby shall be reconstructed and arranged as thereon indicated; that the existing theatre marquee shall be removed; that the unbuilt upon space may be developed for a gasoline service station substantially as proposed; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line of Gates avenue; that curb cuts shall be limited to two, each 30 ft. in width, located where shown and with no portion nearer than 5 ft. to a lot line as prolonged; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that fencing and planting areas shall be maintained toward the west where indicated, planted with suitable material, properly protected with curbing not less than 8 in. in height and 6 in. in width; that the balance of the site proposed to be left unbuilt upon shall be paved with concrete or asphaltic paving; that signs shall be restricted to permanent signs attached to the facade of accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line toward the east, adjacent to the office, of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for not more than 4 feet; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that under section 7i for a similar term there may be repairing and inspection service as proposed, maintained within the accessory building; that in the office portion of the building there may be office and accessory sales, as proposed; that the sidewalks and curbing in front of the site shall be repaired, restored or reconstructed to the satisfaction of the Borough President; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

892-55-BZ

APPLICANT—Samuel Rosenblum, for Tak Realty Corp., owner.

MINUTES

SUBJECT—Application November 10, 1955—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use, B area district, the erection of a basement 15 story and penthouse, class A, multiple dwelling, stores and garage, with less than the required rear yard.

PREMISES AFFECTED—1227-1231 Madison avenue and 48 East 89th street, southeast corner, Block 1500, Lots 51, 52 and 53, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum, Leonard F. Rothkrug, M. Brody, Ralph W. Kesh and Harris Shapiro.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; laid over to April 3, 1956, for consideration by the Board and decision; hearing closed; then to April 17, 1956, for further study and the submission of revised plans for consideration by the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Madison avenue are in a retail use, B area, class 1½ height district; East 89th street is in retail and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1955 acting on N.B. Applic. 54-55, reads:

"1. Rear yard must comply with Art. IV, PP. 17(a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. 8½ in, frontage by 100 ft. in depth, on which are located three class A multiple dwellings, to be demolished; that the district was changed from business to retail September 25, 1936; that it is proposed to provide a rear yard in compliance with the multiple dwelling law, leaving a yard 10 ft. 10 in, for a distance of 59 ft. 6 in. to the south and then carry out the balance of the rear yard giving a depth of 39 ft. 2 in. running east and west for a distance of 41 ft. 2½ in. running south; that this proposed arrangement meets the requirements of the multiple dwelling law and provides a greater yard than called for by the easement with the owner to the east; and

WHEREAS, the applicant states that the proposed multiple dwelling is to comply with all the requirements of the multiple dwelling law and the plans filed herewith indicate the layout of yard and courts in conformance with the multiple dwelling; that the premises are in a retail district and a corner building and normally no rear yard would be required of this corner building except for the fact that the district to the east is in a residence district, which makes this plot a corner lot abutting a residence district; that this provision of the zoning resolution became effective December 2, 1944; that there is an agreement, however, entered into on November 1, 1954 and recorded November 4, 1954 between the owners of the plot to the east and the subject plot, as a result of which the owner of the premises under appeal creates an easement providing a strip 4 ft. wide and the length of the lot for the benefit of light and air and egress for the premises No. 50 East 89th street to the east, a copy of which covenant is filed with this application; that in effect this restriction makes the usable portion of the plot about a business district as it restricts 4 ft. from being built upon; and

WHEREAS, the applicant contends that directly to the south on lot No. 20 is a 16 story apartment house built in 1929 which was erected under the benefits of the old tenement house law and of course before the adoption of the amendment to the zoning resolution regarding corner buildings; that it therefore has a double advantage as compared with the proposed building, as it did not have to

comply with the new multiple dwelling law nor 17a of the zoning resolution; that a search of the records indicates that other buildings within the area of notification similarly did not have to comply with the requirements of the multiple dwelling law, as follows: 56 East 89th street, block 1500, lot 45, erected under N. B. 217-1926; 1088 Park avenue, block 1500, lot 40, N.B. 525-1924; 1238-42 Madison avenue, block 1501, lot 16, N.B. 536-1924; 1244-48 Madison avenue, block 1501, lot 56, N.B. 614-1928; that it would appear that the purpose of this restriction would be to protect the property directly adjoining in the residence district, but the physical fact remains that the property directly to the south, a 16 story structure extending 139 ft. into East 88th street, did not have to comply with this regulation nor even the multiple dwelling law, and the property directly to the east has a written covenant as to light and air and egress with which it is intended to comply and to increase the width at this point to 10 ft. 10 in. and to 39 ft. 2 in. at the southerly end; that inasmuch as its neighbors and similar structures within the area of notification are all exempt from this restriction of 17a and as the rear yards will comply fully with the requirements of the multiple dwelling law, it will impose an undue hardship to erect this building with different rear yard requirements, and a variation is therefore requested to permit the erection in compliance with the multiple dwelling law which will give rear yards greater than that permitted adjoining property to the south and the other buildings within the area of notification; and

WHEREAS, the applicant states that the present owner has held title to the property since December 30, 1954; that the assessed valuation of land is \$257,000 and of the buildings \$38,000 making a total of \$295,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which is of the opinion that the proposal will be a much better building than if built in accordance with the restrictive zoning requirements and afford more protection to the multiple dwelling to the south; that the rear yard to the east, which is to be used in part as an entrance to the garage will give protection to the adjoining building to the east; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 21, to permit the proposed arrangement of yard and court in substitution of the open space required by the Zoning Resolution, and to be in compliance with the requirements of the Multiple Dwelling Law, as indicated on plans filed with this application, marked "Received November 10, 1955", 5 sheets, "February 6, 1956", 2 sheets and "March 14, 1956", 2 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:20 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, APRIL 17, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

APPLICANT—Maurice R. Salo for United Lutheran Church in America, owner.

MINUTES

SUBJECT—Application reopened February 15, 1956 as Vol. II—re Appeal from a decision of the borough superintendent.—extension business use in residence use district.

PREMISES AFFECTED—229-231 Madison avenue and 24 East 37th street, southeast corner, Block 866, Lot 58, Borough of Manhattan.

APPEARANCES—

For Applicant: M. Skowron and M. Salo.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated January 16, 1956, on Alt. App. 1411/55 reads:

"1. Proposed extension of office use in a residence district should be referred back to the B of S & A." and

WHEREAS, the applicant states the building is 4 stories and basement, 59 ft. in height, 46 ft. 4¼ in front by 111 ft. 11¼ in. in depth, erected prior to 1883, located on a lot 98 ft. 9 in. front by 154 ft. in depth in a residence use, B area, Class 1½ height district, and proposed to be increased to 4 stories and basement, 46 ft. 4¼ in. front by 111 ft. 11¼ in. in depth, proposed to be used and occupied: Cellar—boilerroom; Basement—service-caretaker, & mailing, 28 persons; 1st floor—chapel and administration, 142 persons; 2nd 3d and 4th floors—Administration (religious, 42 persons per floor; 5th floor—same, 12 persons. The building is provided with two interior hardwood stairs, leading direct to street, equipped with wood doors; and

WHEREAS, the Board on February 4, 1944, under Cal. No. 45-44-A, Vol. I, modified a decision of the Borough Superintendent, dated January 12, 1944, under Alt. App. 22/44, Objection 1 as to construction and Objection 6, as to egress and reversed the decision of the Borough Superintendent as to Objection 3, identical with the objection now the subject of this appeal under Vol. II; and

WHEREAS, Certificate of Occupancy #30692 issued January 9, 1945, against Alt. App. 22/44, permitting the present use and occupancy of the existing front building as follows: Cellar—boiler room, 2 persons; Basement—Administration & caretaker, 10 persons; 1st floor—Administration & chapel, 128 persons; 2nd, 3d and 4th floors—Administration, 20 persons per floor; and

WHEREAS, the applicant states that due to the growth of the church the present facilities are inadequate to provide proper quarters for its administrative expansion and it is therefore proposed to erect additional office space to be used solely for office work in connection with the church program; that no space will be rented to any commercial interests; and

WHEREAS, in the previous appeal in 1944, under Volume 1, the Board made a finding to the effect that the use as then proposed was a permitted one within the residential district; and the Board now finds that the extension proposed and the use is a permitted use in the residential district.

Resolved, that the decision of the Borough Superintendent, dated January 16, 1956, acting on Alt. App. 1411/55, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit an extension of the building, as permitted to be used in the resolution adopted February 4, 1944, and as shown on plans filed with this appeal marked, "Received January 18, 1956", (18 sheets) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that a new Certificate of Occupancy for the enlarged building shall be obtained; that this variance may continue as long as the occupancy of the existing building and the proposed extension is as now proposed, but not for any other use; that such portable fire-fighting appliance shall be maintained as the Fire Commissioner shall direct.

746-44-A—Vol. II

APPLICANT—Joseph J. Furman, for Meyer and Esther Kruglin, Robert and Mildred Rudolph, Max and Frances Feinblum, owners.

SUBJECT—Application reopened March 20, 1956 as Vol. II—Appeal from a decision of the borough superintendent—re construction.

PREMISES AFFECTED—709-715 8th avenue and 300 West 45th street southwest corner, Block 1035, Lot 36, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph J. Furman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.... 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 23, 1956, on Alt. App. 176/56 reads:

"1. Building for Public use should be fireproof as it exceeds the height and area as required by Section C26-254.O A.C." and

WHEREAS, the applicant states the building is 3 stories, 39 ft. in height, 100 ft. 5 in. front by 100 ft. in depth, Class 3 construction, erected in 1928 on a lot 100 ft. 5 in. front by 100 ft. in depth in a retail use, B area, Class 2 height district, used and occupied since 1929 as follows: Cellar—restaurant, cabaret and boiler room, 298 persons; 1st floor—stores and restaurant, 110 persons; 2nd floor—club, meeting rooms and offices, 300 persons; 3d floor—meeting rooms, offices and school, 90 persons, for which Certificate of Occupancy #19250 was issued November 17, 1933, as an existing building with the following use: Cellar—restaurant and cabaret, 100 persons; 1st floor—stores, 90 persons; 2nd floor—office and factory, 90 persons; 3d story—offices and factory, 90 persons. This certificate was reissued May 17, 1945 to correct the classification of building from fireproof to non-fireproof construction. It is now proposed to use and occupy the building as follows: Cellar—restaurant, cabaret and boiler room, 298 persons; 1st floor—stores and restaurant, 110 persons; 2nd floor—union headquarters, meetings, ballroom and offices, 350 persons; 3d floor—offices, 90 persons. The building is provided with two interior fireproof stairs, 4 ft. and 5 ft. in width respectively; and

WHEREAS, the applicant contends it would be impractical and creates an undue hardship to be required to make the building fireproof; that the present certificate of occupancy classifies it as a public and business building; that there are two fireproof stairs, properly enclosed in fireproof materials, remotely located and leading directly to street; that the use of the building will be non-hazardous; that the owners have had the building on the market a long time and now have a chance to sell the property if the proposed occupancy can be permitted; that the proposed occupancy in part by the Retail Drug Workers Union, now located at 210 West 50th street, will not present any undue hazard; and

WHEREAS, the applicant states it is proposed to install a sprinkler system with central office connection throughout the cellar, 1st, 2nd and 3d floors; and

WHEREAS, on March 26, 1946, the Board under Cal. No. 746-44-A, Vol. I modified a decision of the Borough Superintendent, Objection 1, on Alt. App. 940/44 dated December 22, 1944, so as to permit the use of building for meeting rooms, on condition that there be installed throughout the building a complete sprinkler system covering all parts with exception of boiler room in the cellar, and that all combustible partitions and materials in the cellar be removed and any new partitions installed to be of incombustible materials; and

WHEREAS, Violation #3457 was issued by the Borough Superintendent May 21, 1953, for having wood stud and plywood and sheetrock partitions in the cellar cabaret to create dressingroom, kitchen and passageways without obtaining a permit therefor; and

MINUTES

WHEREAS, plans filed with this appeal indicate that all combustible partitions in the cellar will be removed and replaced with incombustible partitions and that on the 2nd floor all new partitions will be of one-hour construction and all doors on the corridor be one-hour self-closing.

Resolved, that the decision of the Borough Superintendent, dated February 23, 1956, acting on Alt. App. 176/56, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the occupancy of the building as proposed and as indicated on plans filed with this appeal, marked "Received February 23, 1956", (4 sheets), and "April 13, 1956", (4 sheets), *on condition* that the work proposed shall be complied with, including the installation of a complete one source sprinkler system covering all parts of the building except the boiler room in the cellar, as previously required by resolution adopted March 26, 1946, and that such sprinkler system shall be connected to fire headquarters through an approved central station; that no occupancy on the 3rd floor shall be of a type requiring approval by the Department of Buildings for public assembly occupancy; that in all other respects the building, which shall not be increased in height or area, shall comply with all laws and rules applicable to the building and occupancy.

918-54-A

APPLICANT—Joseph Lau, for 450 6th Avenue Realty Corp., owner.

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Appeal from a decision of the borough superintendent; previously granted on condition.

PREMISES AFFECTED—450-454 Avenue of The Americas (6) east side, 34.6 ft. south of West 11th street, Block 574, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Lau.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 20, 1955, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution; and

WHEREAS, the applicant finds that he was in error in stating that the building was equipped with a fire alarm system and that monthly fire drills were maintained.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 20, 1955, by omitting therefrom in the last clause:

"that there shall be an approved fire alarm system and regular monthly fire drills shall be maintained"

that otherwise, the resolution shall be the same as adopted by the Board on December 20, 1955. (Alt. 1105/54)

94-55-A

APPLICANT—Fred C. Dahlem, for Donato Scudieri, owner.

SUBJECT—Application February 9, 1955—Appeal from a decision of the borough superintendent—re interior stairs.

PREMISES AFFECTED—213-215 West 64th street, north side, 200 ft. west of Amsterdam avenue, Block 1156, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 9, 1955, acting on Alt. App. 2032/53, reads:

"1. Provide 2 interior stairs direct to street (Fire escape not acceptable). Sec. 270 Labor Law."

and

WHEREAS, the applicant states the building is 2 stories, 28 ft. in height, 50 ft. by 95 ft. in depth, of fireproof construction, erected in 1916 on a lot 50 ft. by 100 ft. in area, located in a manufacturing use, B area, Class 1½ height district; used and occupied: 1st floor—garage and motor vehicle repair shop, 12 persons; 2nd floor—factory, 10 persons. The building is provided with one fireproof, enclosed stairway 44 in. wide, leading direct to street and to roof bulkhead and one exterior stairs from 2nd floor to yard at rear; and

WHEREAS, Certificate of Occupancy #35970 was issued August 5, 1949, against Alt. App. 1246/47, permitting the following use and occupancy: Cellar—on ground—boiler room and storage; 1st story—garage for more than 5 motor vehicles and motor vehicle repair shop, 2 persons, mezzanine—office; 2nd floor—garage for more than 5 motor vehicles and repair shop, 2 persons; and

WHEREAS, the applicant states the building was erected under NB 118/16 as a fireproof garage for more than five motor vehicles and completed on June 18, 1918; that prior to erection of garage, the premises were used as a stable; that in 1947 an alteration was filed to change the use of the 1st and 2nd floors from garage to auto repair shop and office with a limitation of not more than five persons employed at repair work; this alteration application was approved July 14, 1949 and Certificate of Occupancy #35970 issued; and

WHEREAS, the applicant states the building has one fireproof enclosed stairway, complying fully with the Labor Law and an iron stairway from 2nd floor rear with egress through a 3 ft. fireproof door to rear yard and with permission of adjoining property owners both east and west, such adjoining premises are used as a means of egress; and

WHEREAS, the applicant contends he cannot put another stairway in the front as the elevator is located there; that the 2nd story was rented to a display manufacturer who employs ten persons; that the repair shop on 1st floor employs 12 persons; and

WHEREAS, the applicant requests the Board to grant permission to maintain the present factory use on 2nd floor with the existing means of egress, as the building is entirely fireproof and the steel is covered with 2 in. of concrete; that the floor loads for 2nd floor are 120 lbs. per square foot; the rear yard will be provided with artificial lights along and over the exit stair with directional signs leading to adjoining exits; and

WHEREAS, the applicant states Fire Department permits have been issued from July 7, 1941 through and including permit issued June 28, 1954, to expire July 7, 1955 for a motor vehicle repair shop.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 2032/53, Objection No. 1 and that the appeal be and it hereby is *granted on condition* that the second means of exit as shown on plans filed with this appeal, marked "Received February 9, 1955", (2 sheets), shall be maintained by iron stair to the rear yard, with exit through adjoining premises to West 64th street, permission for which is on file; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct.

158-55-A

APPLICANT—Morris Bernard Adler, for John DiGiorgio, owner (Linochine Products Corp., lessee).

SUBJECT—Application February 28, 1955—Appeal from a decision of the borough superintendent—re exits.

PREMISES AFFECTED—143-145 42nd street, north side, 300 ft. west of 2nd avenue, Block 716, Lot 56, Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Bernard Adler.

For administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 17, 1955, acting on Alt. App. 4643/54, reads:

"1. Sect. 270 of the Labor Law requires at least two exit stairs from the 2nd floor enclosed in 1 hr. fire resistive partitions and leading to the street and roof."

and

WHEREAS, the applicant states the building is 1 and 2 stories, 13 and 20 ft. in height, 50 ft. front by 100 ft. 2 in. in depth at street level, 29 ft. 7 in. front by 33 ft. deep at 2nd floor level, of Class 3 construction, erected in 1897 and 1929 located in an unrestricted use, A area, Class 2 height district, and now vacant; formerly used and occupied: Cellar—boiler room; 1st floor—storage garage and storage of stevedore equipment; 3 persons; 2nd floor—one family, for which certificate of occupancy No. 111862 was issued January 31, 1945, against Alt. App. 6354/29. The building is now proposed to be used and occupied as follows: Cellar—boiler room; 1st floor—machine shop, 25 persons; 2nd floor—offices, 5 persons. There is one 3 ft. wide wood interior stairs, enclosed in brick and fire-retarded materials, equipped with wood doors not self-closing. Stairhall leads direct to street and a ladder and scuttle to roof are proposed; and

WHEREAS, the applicant states building was erected on or before 1897 and used as a stable on the 1st and 2nd floors; that in 1929 a 1-story extension was erected and the building occupied under Certificate of Occupancy No. 111862 as a storage garage and storage of stevedore equipment on the 1st floor with 1 family above; and

WHEREAS, applicant contends the building has a 3 ft. wide stair from 1st to 2nd floor, enclosed with 8 in. brick wall on the 1st story and fire-retarded with ½ in. plaster boards and 26 gauge metal on soffit of exposed portion of stair on the 1st floor and leads directly to street; that the ceiling directly under 2nd story offices is now fire-retarded with ½ in. plaster board and 26 gauge metal; that access to 2nd floor offices from 1st floor factory area is through a fire-proof vestibule; and

WHEREAS, the applicant contends that for executive offices on the 2nd floor the 3 ft. stair leading to street is deemed adequate for the limited occupancy; that as to requirements for extension of stairway to the roof of the 2nd story portion, the applicant contends the adjoining building to east has a pitched roof sloping more than 1 in 6 and the requirements for a stairway to roof in subject building is not justified; that, however, it is proposed to install a scuttle and ladder leading thereto; and

WHEREAS, the applicant therefore requests that the existing 3 ft. wide wood stair to 2nd floor and new scuttle and iron ladder to the roof be accepted.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 4643/54, Objection No. 1 and that the appeal be and it hereby is granted on condition that there shall be a steel balcony at the front of the building leading from the portion to be occupied for offices with a drop ladder to the street; that all other means of egress as proposed and shown on plans filed with this appeal marked "Received February 28, 1955", (5 sheets), shall be maintained; and that

the building shall not be increased in height or area and shall comply with all laws, rules and regulations applicable thereto.

764-53-A

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ARC AND GAS WELDING AND OXYGEN CUTTING, COVERING THE SPECIFICATIONS FOR DESIGN, FABRICATION AND INSPECTION OF ARC AND GAS WELDED STRUCTURES AND THE QUALIFICATIONS OF WELDERS AND SUPERVISORS

(CAL. NO. 1-38-SR—VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday morning, May 4 1956*, at 10 A.M. in Room 1013, Municipal Building, Manhattan, on the following Proposed amendments to the Rules for Arc and Gas Welding and Oxygen Cutting, Covering the Specifications for Design, Fabrication and Inspection of Arc and Gas Welded Structures and the Qualifications of Welders and Supervisors.

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS FEBRUARY 25, 1938.

EFFECTIVE MARCH 21, 1938. AMENDED MAY 17, 1940, EFFECTIVE JUNE 10, 1940; AND SEPTEMBER 17, 1954, EFFECTIVE OCTOBER 18, 1954.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter of the City of New York and C26-514.0 of the Administrative Code (8.6.2.2).

These Proposed Amendments to the Rules for Arc and Gas Welding and Oxygen Cutting, as printed herein in *italics*, Rules 1.2, 9.1 and 11.1, are as suggested by the Allied Building Metal Industries, as to welding of light structural steel such as fire-escapes railings, gratings, door-bucks, etc., which are generally shop welded. Amendments to Rules 5.4.1 and 5.4.2 are requested by the City Administrator and concurred in by the American Welding Society.

Old matter, in brackets [], to be deleted; new matter in *italics*.

Rule 1. Application for Permits.

1.2 [The commencement of any structural welding work is forbidden until an application for a permit to perform such work is filed with and approved by the Borough Superintendent. The Borough Superintendent shall be notified in writing at least 48 hours prior to the date when the structural welding work is to commence.]

Structural welding work shall be performed only by approved contractors employing certified welders.

Rule 5. Qualification Test for Welders.

5.4 QUALIFICATION REQUIREMENTS

5.4.1—For qualification to make groove welds in material up to and including $\frac{3}{4}$ inch thick, the welder shall be required to make a test weld in material $\frac{3}{8}$ inch thick as shown in Figure 1(a). (Figure 1(b) may be used for oxy-acetylene welding). *A welder who has been qualified to make groove welds in all positions (horizontal, vertical and overhead) under this Rule 5.4.1. shall also be qualified to make fillet welds in all positions without further qualification tests. All primary stressed joints of any type shall be welded by welders who have been qualified under this Rule 5.4.1.*

PUBLIC HEARING

Fig. 1(a)—Butt Joint for Plate $\frac{3}{8}$ In. Thick.

Fig. 1(b)—Alternate Butt Joint for Plate $\frac{3}{8}$ In. Thick (May be Used for the Oxyacetylene Process Only)

For qualification to make groove welds in material over $\frac{3}{4}$ inch thick, the welder shall be required to make a test weld in material 1 inch thick as shown in Figure 2(a). (Fig. 2(b) may be used for oxyacetylene welding.)

Fig. 2(a)—Butt Joint for Plate 1 in. Thick.

Fig. 2(b)—Alternate Butt Joint for Plate 1 In. Thick (May be Used for the Oxyacetylene Process Only)

If a test weld is made in the one inch thickness, no test need be made in the $\frac{3}{8}$ inch thickness. The prescribed test weld shall be made in the horizontal, vertical and overhead positions by all welders except those welders who are to be permitted to make groove welds only in the flat position in the shop; such welders shall be required to make a test weld in the flat position only.

5.4.2—For qualification to make fillet welds, a test weld as shown in Figure 3 shall be made in the vertical and overhead positions by each welder except those welders who are to be permitted to make fillet welds only in the flat and horizontal positions in the shop; such welders shall be required to make a test weld in the horizontal position only. A welder who has been qualified under this Rule 5.4.2. shall be qualified to make fillet welds only.

Fig. 3—Test Weld for Soundness Tests.

Rule 9. Supervision and Inspection.

9.1 [Any welding to be done on a structure or any part thereof shall be performed under the supervision of a representative of a standard testing agency or an inspection agency responsible to the owner or licensed architect or licensed engineer. Such agency shall be acceptable to the Borough Superintendent.]

Any welding to be done on a structure or any part thereof, in the field, excluding bar joists, shall be performed under the supervision of a representative of the Department of Buildings, or a representative of a standard testing agency or an inspection agency responsible to the owner or licensed architect, or licensed engineer. Such agency shall be acceptable to the Borough Superintendent. Shop welding on structural steel performed by approved contractors shall be the responsibility of the approved contractor, and shall not require supervision or inspection, except such parts as are designed to carry calculated stress under requirements of the Code.

Rule 11. Metal Chimneys, Tanks, Stairs and Fire-Escapes.

11.1 [Stairs and fire-escapes shall be considered as light structural steel and where shop welded, shall have attached thereto a tag or label, affixed by the standard Testing Agency, to the effect that these Rules have been complied with.]

Stairs, fire-escapes, railings, gratings, door-bucks and other miscellaneous and ornamental metal, whether ferrous or non-ferrous work, shall not be considered as structural steel and therefore when welded need not be inspected by a standard testing agency.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943.
Amended Oct. 14, 1955, Effective Nov. 10, 1955.

(Cal. No. 784-41-SR)

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, May 4, 1956, at 10 A.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

Proposed Amendments:

It is proposed to amend the Rules above cited by substituting a new Rule 7.8.1 for the present Rule 7.8.1. The present Rule 7.8.1 was based on the wording of a proposed Local Law, Introductory 439, introduced July 12, 1955 and still pending. The wording of Rule 7.8.1 herein submitted for public hearing follows the wording of proposed Local Law Introductory 498, print 604, now pending in the Council.

Note: New matter in *italics*; old matter in brackets [] to be omitted.

[7.8.1. Design of Forms:

7.8.1.1. Forms shall conform to the shape, lines and dimensions as called for on the plans.

7.8.1.2 All form work supported by shores and used for the construction of walls, floors, beams and girders shall be designed by a Registered Architect or a Licensed Professional Engineer, who shall furnish the Borough Superintendent with a complete set of design drawings and, before concrete is poured, file an affidavit with the Borough Superintendent that the form work was built in accordance with such plans.

7.8.1.3 It shall be unlawful for anyone to pour concrete in any portion of such form work before such portion has been duly inspected and certified to the Borough Superintendent by the designing Architect or Engineer who designed the form work as required in Rule 7.8.1.2.

7.8.1.4 Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby.

7.8.1.5 Temporary openings shall be provided where necessary, to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.6 Whenever in the opinion of the Borough Superintendent the scope of the work is of a minor nature and does not require strict compliance with these rules, he may waive the requirements hereof in an individual case under such conditions as he may prescribe or may require an alternate method.]

7.8.1 Design and Construction of Forms. The design and construction of forms shall conform to the following requirements:

7.8.1.1 Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3 The unbraced length of shores supporting forms shall not exceed fifty times the least dimension. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer. The contractor shall certify that the formwork was constructed in accordance with the design within ten days after the structural concrete work has been completed on a building.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666,

Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective Decem-

PUBLIC HEARING

ber 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, May 4, 1956 at 10 A.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use, drain] *Drain cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. Vacuum breakers for outside hose bibs shall be placed 24 inches above the surface of the ground near the hose bib and at least 12 inches above the top of the highest submerged lawn sprinkler.*

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water

supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be

Urbana, Ill.

PUBLIC HEARING

located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus.

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of

food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

COURT DECISION

Matter of 255 West 125th Street Corporation vs. Board:—On
March 3, 1953, the Board denied application under Section 7, subdivi-
sion f, of the Zoning Resolution to permit in a business use district the
erection and maintenance of a gasoline service station, car washing,
lubratorium and office; Cal. No. 848-50-BZ; Premises 2449—2nd
Avenue and 255-259 East 125th Street, northwest corner, Borough of
Manhattan.

At Special Term, Supreme Court, Mr. Justice Levy sustained the
Board (N.Y.L.J. September 28, 1953).

Appellate Division on February 3, 1954, unanimously affirmed the
lower court—no opinion. (New York Law Journal, February 3, 1954).

* * *

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on June 7, 1955 subject to regular procedure, to consider additional uses, etc.; and

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bay parkway are in business and residence use, C area, class 1 height districts; 59th street is in residence, business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 3, 1955 acting on Alt. Applic. 1356-55, reads:

"3. Proposed change in occupancy from auto showroom, simonizing, greasing, washing and auto repairs for more than 5 cars (hand tools only) and office and dressing room to auto showroom, simonizing, greasing, washing and auto repairs for more than 5 cars and gasoline station; (note—minor repairs with hand tools only) and office and dressing room in premises partly in Residence and partly in Business zone is contrary to Article II, Section 3 and Article II, Section 4a, subsection 46 of the Zoning Resolution.

Note—Premises were subject of Bd. of Standards and Appeals variance under Cal. #594-29-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. 13/4 in. frontage by 56 ft. 11 in. and 141 ft. 10 in. in depth, on which is located an auto showroom, simonizing, greasing, washing, repairs (hand tools only) for more than 5 cars, office, dressing room; that it is proposed to remove the front wall on Bay parkway and replace it with a new wall, 22 ft. west of the building line, in order to provide room for a gasoline selling station; that it is also proposed to provide an office and necessary toilets and a 3-lift lubritorium; that it is further proposed to install 6 new gasoline tanks and 4 new pumps and remove existing gasoline tank and pump which were installed under F.D. permit D-518823, which is still in force; that it is also proposed to build a new cellar for a boiler room; and

WHEREAS, the applicant states that the premises consist of an irregularly shaped plot located at the northwest corner of Bay parkway and 59th street, having a frontage of 140 ft. on Bay parkway and 56 ft. 11 in. on 59th street; that the northerly lot line extends back 140 ft. 10 in. from Bay parkway, forming an "L" shaped plot; that the Bay parkway portion of the premises is in a business use district and a portion of the extension is in a residence use district; that the premises are improved with a one story and mezzanine non-fireproof building, occupied partly as an automobile showroom and sales agency and partly for simonizing, greasing, washing and minor auto repairs for more than 5 cars, in accordance with certificate of occupancy No. 122759; that the front of the building now sets back 10 ft. from the Bay parkway building line; and

WHEREAS, the applicant contends that there are now 2 curb cuts totalling 82 feet., and it is proposed to replace these curb cuts with 3 new 20 ft. curb cuts; that there will be no change to the part of the building on 59th street; that to the north of the subject property is section B of Washington cemetery, for the entire balance of the block, extending to McDonald avenue; that to the south, on the easterly side of Bay parkway, are dwellings to 60th street; that on the easterly side directly opposite the site, is a gas station, auto washing and motor vehicle repair shop; that on the easterly side of Bay parkway, extending from 59th street to 60th street there is a large auto showroom, sales agency and motor vehicle repair shop, with exits and entrances on 59th street and 60th street; that on 59th street, 100 ft. east of Bay parkway, in an unrestricted use district, it is developed with unrestricted uses; that on the southwest corner of Bay parkway and 60th street, there is a large open used car lot; that the west side of Bay parkway, from 59th street to 60th street, and 59th street westerly from Bay parkway is developed with dwellings; that the character of Bay parkway in this location has already been established by the existence of the many uses devoted to the sale, servicing and repairing of automobiles; that Bay parkway extends from Ocean parkway to New York Bay and has heavy automobile traffic in both directions; that permission is requested to create the proposed gas station and

MINUTES

maintain same for a period of 15 years; that the owner now operates an agency for the sale and servicing of automobiles and now he wishes to reduce the size of the structure used for this purpose and provide instead, room for a gasoline service station; and

WHEREAS, the applicant states that the present owner has held title to the property since 1933; that the assessed valuation of land is \$11,500 and of the building \$19,500 making a total of \$31,000; that the building was erected in 1933; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 29, 1948, by adding thereto:

"that in the event the owner desires to reconstruct the building permitted under the above resolution, reduce the sales portion of same and construct a gasoline selling alcove along Bay Parkway, substantially as proposed and as indicated on plans filed with this application, marked "Received May 18, 1955", 5 sheets, and "March 8, 1956", 1 sheet, such changes may be permitted as thereon proposed, under sections 7f and 7e for a term of fifteen years, and under section 7i for a similar term to permit motor vehicle repairing as proposed, with hand tools only, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building as altered shall be faced with face brick; that curb cuts shall not exceed three, 20 ft. in width each, to Bay parkway, as shown; that sidewalks and curbing abutting the site shall be repaired or reconstructed to the satisfaction of the Borough President; that pumps shall be of a low approved type, erected not nearer than 10 feet to the street building line; that the number of gasoline storage tanks shall not exceed those existing, which shall be tested by the Fire Department as to their safe condition and six new additional 550 gallon approved tanks; that the unbuilt upon space shall be paved with concrete; that no openings shall be constructed in the rear or side lot line walls of accessory building facing or adjoining properties; that on the northerly lot line, from the wall of building through to Bay parkway, there shall be a fence with a masonry base with picket fence thereon to a total height of 5 ft. 6 in.; that signs shall be restricted to permanent signs attached to the face of the existing building and the globes of the pumps, excluding all temporary and roof signs, but permitting the erection of a post standard on the northerly lot line as shown for supporting a sign advertising only the brand of gasoline sold, which sign may be illuminated and may extend beyond the building line for a distance of not over 4 feet; that all curb cuts now in existence and not expressly included in this resolution shall be closed up; and that all permits required shall be obtained, including a new certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

550-32-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Anita Albanese, owner.

SUBJECT—Application reopened June 28, 1955 as Vol. II —re (decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district, the proposed change of use from office, parking and storage lot for more than 5 motor vehicles and area 20 ft. x 65 ft. to be used for selling used motor vehicles, to gasoline service station, lubritorium, minor repairs, car washing, office and sales, storage parking, and storage of motor vehicles, with proposed show window and sign less than 75 ft. from residence use district.

PREMISES AFFECTED—9902-9912 4th avenue and 352-360 99th street, southwest corner, Block 6134, Lot 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy and Alfred A. Lama.

For Opposition: I. Cyruli.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 28, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 4th avenue are in a retail use, C area, class 1 height district; 99th street is in retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 27, 1955 acting on N. B. Applic. 901-55, reads:

"1. Proposed change of use from office, parking and storage lot for more than (5) five motor vehicles, and area 20' x 65' to be used for selling used motor vehicles to, gasoline service station, lubritorium, minor auto repairs, car washing, office & sales, storage, parking & storage of motor vehicles, in a retail use district is contrary to Art. II, PP. 4-A of the Zoning Resolution.

2. Proposed show window & sign on a street which is a transition from non-residential to residential use is contrary to Art. II, PP. 7-A of the Zoning Resolution.

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 87 ft. 95/8 in. in depth, now vacant; that it is proposed to secure a variance of the building zone resolution for a term of 15 years in order to erect and maintain a modern gasoline service station consisting of eight 550 gallon gasoline storage tanks and four dispensing pumps; that the proposed accessory building will have a frontage of 60 ft., a depth of 30 ft., one story in height, of class 3 construction and contain the conjunctive uses of lubritorium, minor auto repairs, car wash, office and sales and storage; that a part of the open area of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the use district maps show that the premises are located in a retail use district, class C area district and class 1 height district; that as of July 25, 1916 the site was in a business use district and received its present use designation on October 15, 1954; and

WHEREAS, the applicant further states that the premises were formerly used as a parking and storage lot for more than 5 motor vehicles and an area 20 ft. by 65 ft. within said plot was used for selling used motor vehicles; that the plot was also developed with an office; that these uses were installed under N.B. No. 1482-51 and certificate of occupancy No. 132334 was issued for these uses; and

WHEREAS, the applicant contends that the building will be modern in design; that 4th avenue is a main auto lane leading north and south across Brooklyn and also the many homes in the area make the proposal in keeping and a required service at this point; that there are sufficient stores on 3rd and 4th avenues for public requirements so that the erection of additional stores on the site would not only not be financially feasible, but would work a hardship upon the present owners in the area; that there are no other gas stations in the affected area, so that the proposal would be of distinct advantage to the area; that the proposal to park and store motor vehicles on the site will also help alleviate the critical parking problem in this area; that the store front and sign as proposed facing 99th street, set 40 ft. back of the 99th street building line does not come within the scope of section 7A of the zoning resolution and could not possibly affect the residential aspect of said street being set

MINUTES

so far back of the building line; that block 6130, lots 36 and 37 directly opposite the site is now developed with store fronts directly on 99th street building line and within 75 ft. of the residential zone on said street; and

WHEREAS, the applicant states that the present owner has held title to the property since April 20, 1951 and that the assessed valuation of land is \$17,000; and

WHEREAS, the prior record shows that under Calendar No. 550-32-BZ, erection and maintenance of a garage for more than five motor vehicles, and a gas station in a business district were denied, and

WHEREAS, the Board has given careful consideration to this application and the premises and area are familiar to the members of the Board, and the committee of the Board recommends that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, i, and A of the zoning resolution

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 901/55, Objection Nos. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

118-36-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Paul Keller, owner.

SUBJECT—Application reopened November 29, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, parking of cars waiting to be serviced, office and sales, storage.

PREMISES AFFECTED—2269-2281 8th avenue and 301 West 122nd street, northwest corner and 242-252 St. Nicholas avenue, Block 1949, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE:

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 29, 1955 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, St. Nicholas avenue and Eighth avenue are in a business use, B area, class 1½ height district; West 122nd street is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 5, 1955 acting on N.B. Applic. 173-55, reads:

"1. Proposed gasoline service station, lubritorium, minor auto repairs, car washing, parking of cars waiting to be serviced, office and sales, storage and toilets, located in a business use district, is contrary to Sections 4a(29) and (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. 11 in. frontage by 28 ft. 6 in. in depth, irregular, occupied by a one story store building, of class 3 construction, covering the entire lot, erected under N.B. NO. 94 of 1886, for which no certificate of occupancy was ever issued; that it is proposed to demolish the store building and a variance of the building zone resolution is requested for a period of 15 years in order to erect and maintain a modern gasoline service station consisting of

twelve 550 gallon gasoline storage tanks and eight dispensing pumps; that the proposed accessory building will have a frontage of 56 ft., a depth of 28 ft., one story in height, of class 3 construction and contain the conjunctive uses of car wash, lubritorium, minor auto repairs, office and sales and storage; that part of the site will be reserved for the parking and storage of motor vehicles awaiting service; and

WHEREAS, the applicant contends that the building will be highly modern in design; that Eighth avenue and St. Nicholas avenue are highly traversed auto lanes and main arteries leading north and south and as such the proposal is in keeping at this point; that the site is irregular in shape and in a small block which, in effect is isolated, thereby poor for shopping and the rentals received on the present stores are insufficient to warrant their retention as the income does not cover taxes, running expenses or render the owner a return on his investment; that the 4 story public garage in block 1948, lot 5, the 5 story garage on lot 33 and the 2 story garage on lot 30 are all non-conforming uses in the present business zone; that they are located directly opposite the subject site and render the site unfit for business use; that these garages also sell gasoline and it would be a hardship to deprive the owner of the site in question the same privilege as enjoyed by three other properties directly opposite and in the affected area; and

WHEREAS, the applicant states that the present owner has held title to the property since October 3, 1944; that the assessed valuation of land is \$33,000 and of the building \$19,000 making a total of \$52,000; that the building was erected in 1886; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially a proposed and indicated on plans filed with this application, marked "Received October 24, 1955", 4 sheets, and "February 16, 1956", 1 sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be reconstructed and arranged as indicated on such plans; that the accessory building shall be faced with face brick on the front and two ends, shall have no cellar and in all other respects shall comply with the requirements of the Building Code; that there shall be no windows in the rear lot line wall; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building lines of 8th avenue and St. Nicholas avenue, where shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that along the rear lot line to the north from accessory building to the street building lines there shall be erected masonry walls not less than 5 ft. 6 in. in height as a facing to existing walls of adjoining buildings; that curb cuts shall be restricted to three to St. Nicholas avenue, each 25 ft. in width and two on 8th avenue, each 30 ft. in width; that at the intersection of West 122nd street and St. Nicholas avenue there shall be erected a masonry wall not less than 2 feet in height; that signs shall be restricted to a permanent sign affixed to the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building lines where shown at each intersection of post standards for supporting signs, which may be illuminated, advertising only the brand of gasoline sold and permitting such signs to extend beyond the building lines of 8th avenue and St. Nicholas avenue for a distance of not more than 4 feet; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that where not occupied by accessory building and pumps, the premises shall be paved with concrete or asphaltic paving; that the sidewalks and curbing abutting the site shall be repaired or reconstructed to the satisfaction of the

MINUTES

Borough President; that under section 7i, for a similar term, there may be minor repairs maintained within the accessory building with hand tools only for minor adjustments; that under section 7e for a similar term there may be parking of cars on unbuilt upon spaces, but no parking shall interfere with the servicing of the station; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

94-47-BZ—Vol. II

APPLICANT—Siegal and Green, for Dolford Realty Corp., owner.

SUBJECT—Application reopened December 6, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7e, 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, accessory building for sales room, lubritorium, auto repairs and automatic auto laundry. PREMISES AFFECTED—2318-2332 Jerome avenue, east side, 197.03 ft. north of East 183rd street, Block 3187, Lot 9, Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 6, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for further inspection, if necessary, and for decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Jerome avenue, East 183rd street and North street are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated November 4, 1955 acting on Alt. Applic. 1029-55, reads:

"1. Proposed gasoline service and oil selling station, accessory building for salesroom, lubritorium and auto repairs to be located in a business district is contrary to Art. II Sect 4 (46) of the Z.R.

2. Proposed Hi-Speed car washing in a building to be located on a lot in a business use district is contrary to Art. II Sect. 4 (52) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 100 ft. in depth, now used as outdoor sales lot for motor vehicles, with accessory building for sales offices and attendant's shelter (to be removed); that it is proposed to discontinue the existing use on the site, demolish the existing accessory building and develop the plot with a modern gasoline service station with an underground gasoline storage system, dispensing pumps, accessory building for salesroom, lubritorium, minor auto repairs with hand tools only, together with a high speed automatic car washing unit at the rear of the accessory building; that the proposed building will be 70 ft. front, 53 ft. in depth, 16 ft. in height; and

WHEREAS, the applicant states that the subject premises is located on the east side of Jerome avenue, between East 183rd and East 184th streets, with a frontage of 125 ft. on Jerome avenue and a depth of 100 ft.; that it is now used as an outdoor sales lot for motor vehicles with an accessory building for a sales office and attendant's shelter; that there are two existing curb cuts for driveways; that this existing use was originally permitted under a zoning variance by

the Board under Cal. No. 94-47-BZ—Vol. I; that subsequently the zoning resolution was amended to permit outdoor parking and an outdoor sales lot as a matter of right in a business use district; that Jerome avenue in this area contains the elevated subway tracks of the Lexington avenue line; that Jerome avenue in the affected area is predominantly developed with commercial uses devoted to the automotive industry; that there now exists within the affected area several non-conforming uses as follows: block 3197, lot 29—public garage; block 3198, lot 105—public garage and auto service station; block 3198, lot 81—public garage and repair shop; that there likewise exists semi-industrial uses in this block as follows: block 3198, lot 102—factory; block 3187, lot 7—7 story warehouse adjacent to site; and

WHEREAS, the applicant contends that the east side of Jerome avenue, on which side the site is located, is comparatively a long block between East 183rd and East 184th streets, being about 693 ft. long; that the corners of this block are developed with stores which serve as the shopping facilities for the neighborhood east and west of Jerome avenue, together with the stores on the side streets; that there is no demand for store property in the middle of this block, nor would such store projects be successful if built in view of the better located existing store property aforementioned; that the present owner of the subject site, through an affiliate, controls the adjacent vacant plot to the north, lots 14 to 21 inclusive, in block 3187, which is used as a parking lot and outdoor sales lot; that this larger plot will be continued to be used for the purposes now existing on the subject site, should this variance be granted; that in the considered judgment of the owners, this site is desirable for a gas station as proposed; that no other permanent conforming project, in their opinion, would be economically warranted on this site due to the character of Jerome avenue as hereinbefore described; that the proposed development will in no way be detrimental to or adversely affect the other neighboring properties which are similar in most instances; and

WHEREAS, the applicant states that the present owner has held title to the property since June 16, 1947; that the assessed valuation of land is \$30,000 and of the building \$5,000 making a total of \$35,000; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 7i for a term of fifteen years to permit the premises to be occupied substantially as proposed for a gasoline service station, accessory uses and automatic auto laundry as indicated on plans filed with this application marked "Received November 14, 1955" (4 sheets) and "March 20, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of Jerome Avenue; that the premises shall be constructed and arranged as indicated on such plans; that the accessory building and the high speed car wash shall be located on the plot where shown; that there shall be no cellar under such buildings; that such buildings shall in all other respects comply with the requirements of the Building Code; that doors to the toilet rooms shall be rearranged so as not to be adjacent; that the building shall be constructed with face brick on the exterior walls and of a design and arrangement as indicated; that along the rear line the adjoining retaining wall supporting abutting premises shall be maintained with the existing fence thereon; that on the side lot lines where walls of adjoining buildings do not occur there shall be erected a woven wire fence of the chain link type on a masonry base to

MINUTES

a total height of not less than five feet six inches, with no openings therein to adjoining premises; that where un-built upon, the plot shall be paved with concrete or asphaltic paving; that the sidewalks and curbing in front of the premises shall be restored or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to not more than three, one existing at 17 ft. to be enlarged to 30 ft. in width, and one center curb cut existing at 16 feet and a new curb cut of 30 ft. in width, with no portion of any such curb cut nearer than 5 ft. to the north side lot line as prolonged; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that such sign may be toward the northerly or the southerly lot line; that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line; that the number of gasoline storage tanks shall not exceed eight 550 gallon approved tanks; that under Section 7i for a similar term there may be minor repairing for adjustment with hand tools only maintained within the accessory building; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

304-52-BZ—Vol. II

APPLICANT—Henry Nordheim, for Pappy's Motors, Inc., owner.

SUBJECT—Application reopened March 20, 1956 for consideration as to extension of time to complete—re (decision of the borough superintendent) previously granted on condition under sections 7i and 7h of the zoning resolution, permitting in the retail use district portion of plot, the erection and maintenance of a motor repair shop in conjunction with used car lot (previously granted by the Board—never built), and in the residence use district portion the parking and storage of motor vehicles, with curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—1489 Bruckner boulevard and 1000 Evergreen avenue, northeast corner, Block 3712. Lot 7, Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim and Seymour Schneider.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, on July 12, 1955 this application (Vol. II) was granted by the Board on certain conditions under sections 7h and 7i of the zoning resolution, to permit in the retail use district portion of the plot, the erection and maintenance of a motor vehicle repair shop in conjunction with used car lot (previously granted by the Board—never built), and in the residence use portion the parking and storage of motor vehicles, with curb cuts nearer the residence use district than is permitted, for a term of 5 years, and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which has expired by time limitation on January 12, 1956; and

WHEREAS, this application was reopened on March 20, 1956 and set for hearing on April 24, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated April 2, 1956 acting on N.B. Applic. 1325-54, reads:

"4. Board of Standards and Appeals Cal. 304-52-BZ—Vol. II specified that all permits shall be obtained and all work completed within 6 months from the date of the Resolution, July 12, 1955.

5. The proposed curb cut on Evergreen Ave. is contrary to the above resolution."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 24, 1953, as thereafter amended by resolutions adopted through July 12, 1955 only so far as it refers to obtaining permits and completion of work so that as amended this portion of the resolution shall read:

"That all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

162-53-BZ

APPLICANT—The Horn and Hardart Co., owner.

SUBJECT—Application February 10, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use district, the maintenance of 2 existing electric signs at right angle to building projecting more than the permitted distance.

PREMISES AFFECTED—451-457 Lexington avenue and 124-130 East 45th street, southeast corner (Block 1299, Lot 51), Borough of Manhattan.

APPEARANCES—

For Applicant: Robert A. Kennedy.

For Opposition: A. L. Seiden.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Kleinert 1

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Lexington avenue and East 45th street are in a business use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated January 7, 1953 acting on amendment to E.S. Applic. 269-51, reads:

"1. Right angle sign projecting more than 18 inches from a building in a Business zone is contrary to section 4a 49a of Building Zone Resolution."

and

WHEREAS, the decision of the borough superintendent, dated January 7, 1953 acting on amendment to E.S. Applic. 270-51, reads:

"1. Right angle sign projecting more than 18 inches from a building in a Business zone is contrary to 4a 49a of Building Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 70 ft. frontage by 75 ft. in depth, on which is located a building covering entire lot, one story and penthouse, 19.9 ft. in height, of class 2 construction, for which temporary certificate of occupancy No. 40585-52 has been filed; that it is proposed to permit the two signs erected at right angles to the building to remain; and

WHEREAS, the applicant states that it is engaged in the business of owning, operating and maintaining a series of "Automat" restaurants at various locations throughout the City of New York; that it acquired title to the premises in question on September 12, 1927 for a purchase price of

MINUTES

\$1,000,000 and at that time became the landlord of a number of tenants who occupied the premises for business purposes; that on or about December 28, 1945 plans were filed for a new building to be erected on the premises, which were approved by the building department, but it was not until March 2, 1950 that applicant itself took possession of the premises; that beginning on March 2, 1950 the existing buildings were demolished and a new building was erected in accordance with plans on file in the building department, being completed during the month of February, 1951; that applicant now occupies the premises and operates therein an automat cafeteria, under temporary certificate of occupancy No. 40585; that upon completion of the new building, permission was sought from the building department to maintain on the premises two projecting illuminated business signs advertising the business transacted on the premises; that this permission was refused by a decision dated April 16, 1951 which has since been confirmed by decision dated January 7, 1953; that the two signs which are the subject of this application are identical; that one is located at the southern extremity of the Lexington avenue front of the premises, approximately 63 ft. south of the East 45th street building line and projects at right angles from the Lexington avenue front; that the other is located on the East 45th street front approximately 1 ft. east of the corner formed by the intersection of the Lexington avenue and East 45th street building lines and projects at right angles from the East 45th street front; that each sign is 7 ft. 3 in. in length and 3 ft. 3 in. in depth, having an area of $23\frac{1}{4}$ sq. ft. and each sign projects exactly 7 ft. 3 in. beyond the building line; that the lettering of each, formed of non-flashing orange-red neon tubing on an overall cream or ivory-colored surface, reads as follows:

HORN & HARDART AUTOMAT

that each sign is supported by interior metal bracing, amply sufficient to bear its weight; and

WHEREAS, the applicant contends that the premises now operated as an automat cafeteria is a handsome, modern structure, the building of which involved considerable expense and which has effected a noticeable improvement in the general appearance and tone of the entire district; that it replaces a number of buildings which because of their age and the various uses to which they were put had become unattractive and contributed to a lowering of the quality of the district; that furthermore, on the former buildings there were maintained a number of projecting illuminated business signs, of a variety of sizes and shapes and materials; that the two projecting illuminated non-flashing business signs are neatly and attractively made, are in harmony with the supporting structure and are in no way offensive to good taste and by reason of their manner of construction, they offer no threat of danger to users of the sidewalks over which they project; that in addition, the Board is requested to take into consideration the fact that applicant is engaged in a business which is highly competitive and in which it is of the greatest importance that there be means of identifying oneself to the public; that applicant's restaurant is, literally, surrounded by businesses of a similar nature, each of which has availed itself of the use of signs for the purpose of identifying itself; that applicant does not seek any special advantage or privilege; that the signs which it here seeks permission to maintain are the minimum required for the proper operation of its business and to enable it to identify itself sufficiently to the public; and

WHEREAS, the applicant states that the present owner has held title to the property since September 12, 1927; that the assessed valuation of land is \$565,000 and of the building \$260,000 making a total of \$825,000; that the building was erected September 12, 1927; and

WHEREAS, the Department of Buildings record is as follows: Viol. 44-51 issued Mar. 21, 1951—projecting signs (2) erected without permit and measuring approximately 2 ft. high by 6 ft. deep. 90-day temporary C.O. 40585 issued Dec. 17, 1952 under N.B. 181-45-use—cellar kitchen, toilet

room and storage; 1st story—restaurant; bulkhead—air conditioning and machinery room; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, under Calendar numbers 301-51-A and 304-51-A, appeals to determine right to signs were denied; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decisions of the borough superintendent, acting on amendment to E.S. App. 269/51, Objection No. 1 and E.S. App. 270/51, Objection No. 1 be and they hereby are *affirmed* and that the application be and it hereby is *denied*.

300-54-BZ

APPLICANT—Enzo Gaspari, for Consiglia Aufiero, owner.
SUBJECT—Application April 16, 1954—(decision of the borough superintendent) under sections 7a, and 21 of the zoning resolution, to permit in a residence use, C area district, the extension of existing commercial building, using more than the area permitted, without the required rear yard.

PREMISES AFFECTED—3222 Ely avenue, east side, 170 ft. north of Burke avenue (Block 4757, Lot 50), Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Ely avenue is in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 24, 1954 acting on Alt. Applic. 104-54, reads:

"1. In a Residence use district the proposed extension of a commercial building is contrary to Sect. 3 of the Zoning Resolution.

2. The ground coverage exceeds limits specified in Sect. 13 of the Zoning Resolution.

3. A rear yard is required as per Sect. 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 95 ft. in depth, on which is located a building 73.9 ft. front, 69 ft. in depth, 24 ft. in height (one story), of class 3 construction, for which certificate of occupancy No. 444 was issued November 10, 1937 under N.B. Applic. 190-37; that it is proposed to extend existing commercial building using more than the area permitted, without the required rear yard; and

WHEREAS, the applicant states that in 1937 a certificate of occupancy was obtained for a one story building on a portion of the subject property; that in 1945 and later in 1949 additional buildings were constructed on the property, plans approved and certificate of occupancy obtained; that as far back as 17 years ago the owner utilized the remaining portion of unused ground as a storage place for equipment, and bales of collected rags and paper and in order to protect this matter from the elements, the unused portion was surrounded with concrete blocks, wooden fences and walls and boards were placed so as to form a roof over the entire area; that in this way the property has been used for 17 years and during that entire period and even before that

MINUTES

the entire family, father, mother and three sons, have been earning a living and during that entire period they have, of course, been paying the required real estate taxes; and

WHEREAS, the applicant states that the first objection issued by the borough superintendent indicates that the proposed extension of a commercial building is contrary to section 3 of the zoning resolution; that in answer to this the applicant states that the area was not always a restricted area but that for many years, during which time the owners conducted the business which is still being conducted on that location, the area was classified as unrestricted; that the proposed construction is to replace an existing structure which has been on the lot for more than 17 years; that the existing structure is wooden and the new structure will be concrete block walls, brick piers, steel columns and girders and will not only enhance the appearance of the neighborhood but will be a safer place; that the owner should not be penalized and be prohibited from erecting a better and safer structure in an area in which there is now an existing building; that the zoning laws obviously was to prevent the erection of new buildings and the establishment of new businesses and should not apply to this case where the owner wishes to erect a better building in an area in which there is now existing a wooden structure; that the owner does not request any greater variance on the use of this lot than there now exists and which has existed for the last 17 years and which when first started, was an unrestricted area; and

WHEREAS, the applicant states that the area was changed from C to E-1 on August 26, 1954; that the height was changed from 1 to 1/2 on August 26, 1954 and that the use was changed from unrestricted to residence on October 18, 1949; and

WHEREAS, the applicant states that the present owner has held title to the property since April 2, 1937; that the assessed valuation of land is \$4,000 and of the building \$10,000 making a total of \$14,000; that the building was erected in 1937; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 7a and 21 for a term of fifteen years, to permit the extension of use and area of the building, substantially as proposed and indicated on plans filed with this application, marked "Received April 16, 1954", 4 sheets, and "April 13, 1955", 2 sheets, *on condition* that this variance shall continue only so long as the premises are occupied for the use herein proposed and no other use; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; that all buildings proposed to be removed shall be removed; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

250-55-BZ
